Elevator to Success is Not Running.

Take the Stairs.

It is surprising how often we take the hardest way to do a thing when we are looking for the easiest. Draughtsmen, stenographers, bookkeepers, attorneys and bankers are usually confined to near work which is very fatiguing.

They would be surprised how much better they would feel when the day's work is finished if they would wear a pair of rest glasses fitted by me.

Consultation free. Prices moderate.

Our New Vaults

The reinforced concrete work on our new Vaults is completed. The next step will be wiring for the Burglar Alarm and the putting in of the Steel Lining

While for many years we have furnished Individual Safe Deposit Boxes to our depositors, our supply has, for a year or more, been inadequate, because we had our improvements in mind and did not want to buy until we had more vault space.

We now intend to install a large number of additional boxes sufficient to meet all demands.
