

**WISHING.**

Do you wish the world were better?  
Let me tell you what to do:  
Set a watch upon your actions,  
Keep them always straight and true,  
Rid your mind of selfish motives,  
Let your thoughts be keen and high,  
You can make a little Eden  
Of the sphere you occupy.

Do you wish the world were wiser?  
Well, suppose you make a start,  
By accumulating wisdom  
In the scrap-book of your heart,  
Do not waste one page on folly;  
Live to learn and learn to live.  
If you want to give men knowledge  
You must get it ere you give.

Do you wish the world were happy?  
Then remember day by day  
Just to scatter seeds of kindness  
As you pass along the way;  
For the pleasures of the many  
May be oftimes traced to one  
As the hand that plants an acorn  
Shelters armies from the sun.

**AARONSBURG.**

Joseph Johnson came up from Philadelphia and is spending the Easter vacation with his family here.

Mr. and Mrs. E. G. Mingle spent the week-end in Bellefonte, guests of Mr. Mingle's brother, A. C. Mingle and family.

Mrs. Harper, Mr. and Mrs. Guisewite and Mrs. Rachau attended the funeral of Miss Gertrude Russell, of Lewisburg, Friday.

Mrs. Ed Swann and daughter Mary, of Olean, N. Y., are guests of Mrs. Swann's aged mother, Mrs. Elizabeth Lambert, at her home on Front street.

The Misses Martha, Carrabelle and Grace Stover came down from State College and are spending their Easter vacation with their parents, Mr. and Mrs. Ammon Stover.

Mrs. Mabel Mothersbaugh and son Daniel, of State College, came down to spend the Easter-tide with Mrs. Mothersbaugh's mother, Mrs. Harriet Koch, on Main street.

A goodly number of town people attended the Easter service at St. Paul Sunday evening. Those who were instrumental in arranging the program are to be commended. The service was good and well rendered.

Monday night the Death angel entered the home of H. D. Kramer and wafted with it the spirit of the wife and mother. Mrs. Kramer, for a number of years, has been in feeble health but some few months ago her condition became worse until finally death came to relieve her of her suffering. She was a consistent member of the Lutheran church, always at the church service, prayer meeting and Sunday school when her health permitted. She will be missed there as well as in her home. Her husband, four sons and four daughters and only one brother of whom the writer knows, J. P. Sylvis, of Avis, Pa., survive. Funeral services, Friday, in charge of her pastor, Rev. Daubenspeck.

Tuesday morning, the 18th inst., Clyde Z. Stover was called hence to the spirit world. Mr. Stover has been ill for several weeks but was apparently recovering, as he was about the house and even ventured out doors, but there was a sudden change for the worse with the above mentioned result. Mr. Stover was young in years and seemingly had much of life ahead but God in His infinite wisdom saw fit to remove him from this life into the life beyond. He was a member of St. Peter's Reformed church of this place. He is survived by his wife and two small children, Mahlon and Gladys; two brothers, Wilmer and Ernest, and one sister, Miss Tammie Stover, all of this place. Funeral services will be held Saturday forenoon, and will likely be in charge of the Rev. John I. Hollenbach.

Mr. and Mrs. John F. Krape entertained the Senior class of Aaronburg High school, April 4th. Those present were as follows: Mae Guiser, Edna Hosterman, Andrew Stover, Carl Stover, Lester Beaver, Paul Krape, Orin Keister, Franklin Haines, Harry Burd, Ward Hosterman, William Winkleblech. This list comprises the Senior class. Guests: Misses Mae Stover, Ruth Winkleblech, Pauline Daubenspeck, Mabel Lambert, Margaret Cunningham, Mr. and Mrs. Ebon Stover, H. D. Krape. Games were indulged in after which choice refreshments were served, and all went home greatly pleased with the evening's enjoyment. One week later Rev. and Mrs. Daubenspeck also entertained the Senior class and their friends at the parsonage. Refreshments were served and a very pleasant evening spent. The writer was unable to learn the names of those entertained; therefore is not able to give a full account.

**STRENGTH—VITALITY—HAPPINESS**

A Message to People in Poor Health Who Want to be Well.

If you are in poor health merely from a general run-down condition, get some Gude's Pepto-Mangan of your druggist and take it with your meals for a few weeks, or until you feel right again. Pepto-Mangan is a wonderful tonic and blood-builder and is very pleasant to take. It does not act like a miracle. Its effects are gradual, but real and sure. It contains iron in a form easily digested and absorbed by the system. For thirty years Gude's Pepto-Mangan has been used by physicians as a tonic for run-down people. Don't continue to be weak, nervous, and headachy—take Gude's Pepto-Mangan and restore your good health. Thousands have been helped back to health by it—you can be benefitted if you will accept this truth and act now. Sold in both liquid and tablet form.—Adv.

**POTATOES NEED FERTILIZER.**

There is no field crop grown in Pennsylvania which responds with greater profits to liberal applications of commercial fertilizers than do potatoes. In fact liberal applications of fertilizers, manure, or both, are as essential as good culture, good disease free seed, or spraying. The potato is a weak feeder and for best results a ready available plant food must be supplied in abundance. For that reason potatoes should never be planted on poor soil. They come nearer reaching perfection in both quality and yield on well drained, fertile, shaley or loam soils, having a good clover sod with a coat of manure plowed down in late fall or early spring.

Under such conditions 400 to 800 pounds of acid phosphate per acre should be applied, says county agent J. N. Robinson. Where potatoes follow a well manured timothy sod, or well manured corn ground, 800 to 1200 pounds per acre of a 3-12 mixture should be applied. If a clover sod, not manured, is turned down, then it becomes necessary to use potash and 800 to 1200 pounds of a 3-12-4 mixture should be used. If the soil is not naturally fertile, the percentage of ammonia may be increased up to four per cent. Potatoes following timothy sod should receive at least 1000 to 1500 pounds of a 4-10-4 or 6 mixture.

When the effect on the potato crop only is considered it makes little difference whether the fertilizer is all applied in the row or half put in the row and the other half broadcast. When the crop following potatoes is considered it is better to put half in the row and broadcast the other half. The broadcasting may be done either before or after the potatoes are planted.

When planting by hand the best plan is to broadcast all either before or after planting. Experiments have not shown any advantage in making light applications at frequent intervals during the growing season.

**RUNVILLE.**

Claude Lucas, of Snow Shoe, spent Wednesday with his mother, Mrs. Annie Lucas.

Mrs. Dora Rine, of Bellefonte, spent Sunday at the home of her brother, Charles Snyder.

Mrs. Ida Witmer came home last Monday evening, after spending three weeks at Sunbury.

Miss Laura McAuley, of Bellwood, visited over Sunday with her niece, Mrs. Austin Walker.

Mrs. John Hite and Mrs. E. R. Lucas, of Altoona, spent last Thursday at the home of L. J. Heaton.

Burtus H. Witherite, of Osceola Mills, spent last week with his parents, Mr. and Mrs. Michael Witherite.

Boyd Johnson and Frank Lucas, who are employed at Snow Shoe, spent Sunday at their home in this place.

Lawrence Poorman, of Williamsport, spent Easter Sunday at the home of his parents, Mr. and Mrs. Thomas Poorman.

Harris and Lem Watson, of Snow Shoe, autoed to this place on Sunday and spent the day with their sister, Mrs. Lloyd Walker.

Mr. and Mrs. Willis Poorman, of State College, and Mr. and Mrs. Claude Poorman, of Bellefonte, spent Sunday at the home of Mr. and Mrs. D. F. Poorman.

**MEDICAL.**

**A Talk With a Bellefonte Man**

Mr. James H. Rine, of 239 High St., Tells His Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Bellefonte man: "My back was in such a weak condition I couldn't put my shoes on and could hardly drag myself around," says Mr. Rine. "I had very severe pains all through my back and limbs. I used Doan's Kidney Pills for these troubles and they cured me. Others to whom I recommended Doan's Kidney Pills were cured of backache by this remedy."

Over three years later Mr. Rine added: "It was ten years ago I first used Doan's and I haven't been troubled since. I recommend Doan's whenever I hear any one complaining of backache or kidney weakness."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rine had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**ATLAS PORTLAND CEMENT**

FROM many points of view, construction in the country is more important than city construction. Property is apt to be under the same ownership for a lifetime instead of a few years. Fire protection is not efficient at long distances. These and other angles argue for building well and permanently.

Your local dealer can help in your building plans. He has, or will get for you, accurate information on any work you have in mind. You can afford to rely on his experience and judgment.

Most permanent construction today is of concrete. For twenty-five years concrete has been tested on all types of building and has made good. For twenty-five years Atlas Portland Cement has been known as "the Standard by which all other makes are measured."

THE ATLAS PORTLAND CEMENT COMPANY

Sales Offices: New York-Boston-Philadelphia  
Mills: Northampton, Pa.-Hudson, N.Y.-Leeds, Ala.

**"The Standard by which all other Makes are measured"**

**Columbia Dry Batteries**  
are universally used because—

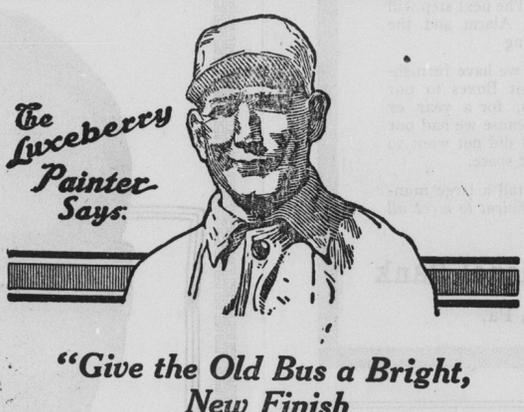

They cost so little, are so easy to obtain, are so powerful, and last so long. That's why they are used everywhere for every battery need. It's why dealers all around you carry Columbias to meet your demands—electricians, hardware stores, general stores, auto supply shops, garages, implement dealers.

For doorbells, buzzers, heat regulators, alarms, etc.; for gas engine and tractor ignition; for quick starting ignition on non-self-starting Fords; for every purpose, always—insist upon Columbia.

**Columbia Dry Batteries**  
—they last longer

The world's most famous dry battery. Used where group of individual cells is needed. Famous for Spring Clip Binding Posts at no extra charge. Columbia Dry Batteries work better and last longer.

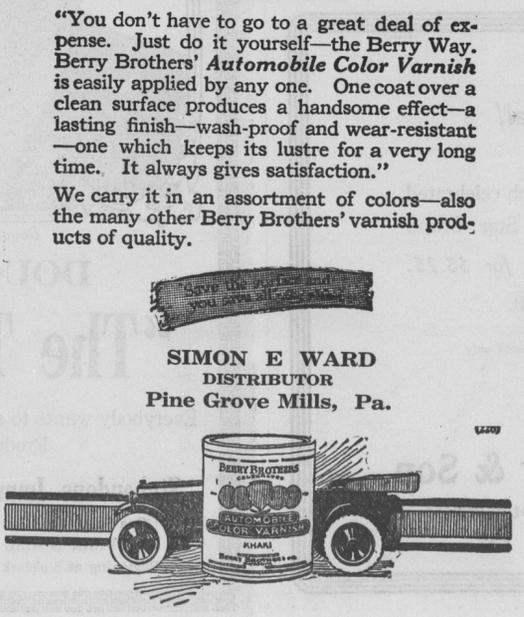

- for bells and buzzers
- for thermostats
- for gas engines
- for ignition on the Ford while starting
- for dry battery lighting in closet, cellar, garage, barn, etc.

**Give the Old Bus a Bright, New Finish**

"You don't have to go to a great deal of expense. Just do it yourself—the Berry Way. Berry Brothers' Automobile Color Varnish is easily applied by any one. One coat over a clean surface produces a handsome effect—a lasting finish—wash-proof and wear-resistant—one which keeps its lustre for a very long time. It always gives satisfaction."

We carry it in an assortment of colors—also the many other Berry Brothers' varnish products of quality.

BELLEFONTE, PA.

**Does Your Budget Balance?**

You read in the newspapers about the various European governments trying to make their budgets balance. A government cannot long expend more money than it receives, any more than an individual can. It is important to balance the household budget, and included in this budget should be a proper provision for saving.

The finances of the family must be placed on a business basis if proper provision is to be made for the time when earning power diminishes. Nine times out of ten the women are the money savers of the family. They have the real knack of saving. They know, too, how to make one dollar do the work of two in buying.

This bank welcomes the savings accounts of thrifty women and will be glad to assist them in business matters.
