Y. M. C. A. Learn to Swim.

It is a strange fact that many who are daily exposed to danger from drowning do not know how to swim. This is true of lumbermen, of men in the navy, of many who are members of crews on ships and boats. It is not undervaluing the facts to say that fully twenty-five per cent of all the young men and boys in the United States over twelve years of age do not know how to swim, and the percentage is, of course, much larger when applied to both sexes and all ages.

Every one should know how to swim, for at least three reasons: It is a splendid form of exercise, judged from the standpoint of physiology, resulting in improved health, accompanied by ease and grace of carriage; it imparts self reliance and courage, which become elements in one's character, increasing one's power both for good and against evil; and finally it may prove the means of saving life.

Realizing from these facts the necessity for action, the Young Men's Christian Associations have undertaken to teach swimming upon a very comprehensive basis, their slogan being "Every Man and Boy in America a Swimmer."

As a means of stimulating interest the physical committee of the Y. M. C. A., of Bellefonte, has appointed H. I. Mentzer, physical director of the Y, to give part of his time this summer to this instruction. Groups will be arranged according to age and sex. Classes will open on Monday, June 12th. Enrollment can be made at the Y. M. C. A. Special arrangements have been made with Mr. James R. Hughes for the use of his fine swimming pool for this instruction. A small fee will be charged which will include admission to the pool. Swimming instruction classes are open to members or non-members.

Coppings Shows Drawing Big Crowds.

The Harry Coppings shows, exhibiting on the old fair grounds all of this week for the benefit of the Brooks-Doll post of the American Legion, are drawing big crowds every evening. The shows reached Bellefonte early Sunday afternoon in eight cars and were quickly unloaded and put up on the fair grounds. Sunday evening the band of eleven pieces gave a sacred concert in the Diamond and on Monday afternoon they gave a parade. A large crowd attended the carnival Monday night and the Legion's share of the receipts the first night was sufficient to meet their expenses for the week.

On Tuesday the band went down Pennsylvan, playing along the way and Wednesday morning it went down Nittany valley. Yesterday they took a trip up Bald Eagle. There are eight separate shows in the Copping combination with a number of concessions and all who have attended say they are worth the price of admission. If you have not been down don't fail to go either tonight or tomorrow night, as that will be your last opportunity.

Remember you will be helping the American Legion by going. The soldier boys are endeavoring to accumulate a fund to purchase a home for themselves. They have several properties in view and are hoping to have enough money by fall to come to some decision.

Why walk a mile for an evening's entertainment when you can go to the scenic and see a wonderful program of motion pictures. Every arrangement has been made to assure the utmost comfort of scenic patrons and the big programs offer an evening of interest and amusement. Special features two and three evenings each week.

She is survived by her husband and little baby, also her parents living at Pleasant Gap and the following brothers and sisters: Mrs. William Shreckengast, in Texas; Walter, Mrs. Lee Sampsell and Gomer, all of Pleasant Gap; Kyle, in Illinois; Curtin, of Bellefonte; Mrs. Blair Rice and Mrs. Carl Dean, of Rockview, and Mrs. Lee Wolford, of Pleasant Gap.

Rev. M. C. Piper, of the Methodist church, had charge of the funeral services which were held at 2:30 o'clock on Wednesday afternoon, burial being made in the Pleasant Gap cemetery.

Law Violators Sentenced.

At a session of court last Thursday Steve Starry, of Philipsburg, was sentenced by Judge Quigley for three years in the western penitentiary. A month or more ago Starry was arrested in Philipsburg for disorderly conduct and placed in the borough lock-up. During the night he set fire to his cell and tried to burn the place down. He was brought to the Centre county jail and at the May term of court was convicted of malicious mischief and sent to jail for three months. Two weeks ago he broke into the cell where the contraband liquor was stored and helped the prisoners to a goodly supply of the wet goods. For this act he was arraigned for larceny, plead guilty and was sent to the pen for three years.

On Saturday Starry's sweetheart, Anna Vidunsky, of Wilkes-Barre, plead with Judge Quigley for her lover's release and he finally withdrew the penitentiary sentence and released Starry. The young people at once went to the register's office, secured a license and were married forthwith.

Garfield Boalich, also of Philipsburg, was paroled at a special session of court a few weeks ago after pleading guilty to the charge of bootlegging. He also promised to be good but a week later drank to excess and was again arrested. The court sent him to jail for six months and imposed a fine of five hundred dollars.

For stealing a watch from a fellow employee at the Bellefonte silk mill, Harry McCullough, of Spring township, was sent to the Glen Mills school.

Malcolm J. Lane, of Osceola Mills, was brought before the court on the charge of forging checks. He pleaded guilty to the charge but informed the court that he had made good all money secured on the checks and paid all the costs. He asked that any sentence that he imposed would be in the county jail, as he is taking a correspondence course in expert accounting and would like to continue the work. The court decided to investigate his case before imposing sentence.

Fly Casting Contest.

In connection with the meeting of the Centre County Conservation Association to be held at Boalsburg on June 22nd, there will be held a county fly casting contest.

The contest will be open to all residents of Centre county. If over eighteen years of age contestants for prizes must be members of the Centre County Conservation Association. Dr. W. R. Ham, of Boalsburg, will have charge of the contests which will be held on the grounds of the Boal machine gun troop. He will appoint the necessary captains and assistants. Any one wishing to enter the contest can secure all necessary information from Dr. Ham.

Many old soldiers of Centre county attended the fifty-fourth annual encampment of the G. A. R., Department of Pennsylvania, held in Altoona this week. Thirty-eight years ago, or in 1884, the encampment was held in Bellefonte and many of the older residents of the town will recall the wonderful gathering of old soldiers here at that time. They numbered up in the thousands and special trains were run to Bellefonte to carry the crowds of visitors. Now, only a few hundred can be gotten together at the annual encampment and the old soldiers have lost the wonderful enthusiasm that characterized their gatherings of many years ago.

The fifth annual reunion of the Peters family will be held in Kohlbecker's woods, west of Milesburg, on Saturday, June 17th. It will be a basket picnic and all members of the family and their friends are cordially invited to attend.

Miscellaneous Business Transacted by Borough Council.

Eight members were present at the regular meeting of borough council on Monday evening. Thomas Hazel, who lives on Ridge street, appeared in person and informed council that he is the man who owns the bees complained of by George Weaver at the last meeting of borough council, explaining that Mr. Weaver is mistaken as to the bees being a nuisance. That he had plowed his lot right close up to the bees and they never disturbed the horses. He also offered to plow the Weaver lot free of charge. He also stated that the bees are located within three feet of his house and they never disturb any one.

The Street committee reported various repairs on the streets and also the collection by the borough manager of \$459.37, which included payments by property owners on the Bishop street highway, sewer permits, etc.

The Water committee reported that a force of men are at work repairing the reservoir and putting it in good shape. Also, that property owners are now putting down the new water line out to the neighborhood of the Jewish cemetery and that water has been turned on at two properties. This line is being put down at the expense of the property owners and a shut-off will be placed on each individual line, so that the borough will have the right and power to control the supply of water. The committee also reported the collection of \$12.50 on the 1920 water duplicate and \$5.00 for water from the Sparks Bros. show.

Mr. Fauble, of the Finance committee, reported that the balance of the borough treasurer in the Bellefonte Trust company is \$2531.16. He also asked for the renewal of notes for \$2000, \$2000, \$1500, \$1100, \$1000 and \$2000, all of which were authorized with orders to pay interest on same.

The Fire and Police committee presented the burgess' check for \$171.78 for licenses collected.

Mr. Waite, of the Sanitary committee, reported that he had visited the Thomas Hazel home and inspected the bees in controversy but so far as he was able to judge they are perfectly domesticated bees. He also stated that he had visited various places where nuisances had been complained of and found several that should be abated and so notified property owners.

John J. Bower appeared before council and asked permission to take the Logan pumper to Hecla park for two or three hours on July 4th, on the occasion of the Logan picnic. Mr. Cunningham stated that the Fourth of July would be a bad day to take the fire apparatus out of town but he made a motion that the matter be referred to the Fire and Police committee, which was done.

Mr. Bower's request brought up a discussion as to the right of the firemen to respond to out-of-town alarms, and it was the universal sentiment of all that no response should be made when it is known that there is no water in the vicinity of the fire with which to fight the flames. The Fire and Police committee was instructed to see that the sentiment of council is observed.

Mr. Fauble stated that at the time of the sale of the mountain lands of the Pruner estate for the benefit of the Pruner orphanage council had passed a resolution requesting the treasurer of the orphanage commission to invest the money received from the sale and also any surplus he might have in his possession in Liberty bonds, but he had been informed by the trustee that no such investment had as yet been made. The matter was referred to the Finance committee for investigation.

Mr. Emerick presented the request of the board of directors of the Y. M. C. A. for exoneration of water tax amounting to \$32.50. The matter was referred to the Water committee with instructions.

Borough manager James D. Seibert stated that he had about cleaned up the 1920 water duplicate with the exception of the Titan Metal company and asked council's wishes in regard to the collection of the bill in question. The matter was referred to the Water committee.

Members W. J. Emerick and Darius Waite were elected delegates to attend the annual meeting of the Association of Boroughs to be held at Stroudsburg June 20th to 22nd, inclusive.

Bills to the amount of \$2180.32 were approved for payment after which council adjourned.

Centre County Wool Clip Sold.

The sales committee of the Centre county sheep and wool grower's association met on Saturday evening for the purpose of considering sealed bids on this year's wool clip. Horkheimer Brothers, of Wheeling, W. Va., submitted the best bid. The wool will be collected at the three local associations, Bellefonte, Spring Mills and Pine Grove Mills, on Monday forenoon, June 12th.

Every farmer in the county who has wool to sell should take it to one of these three places Monday morning. Take in your wool whether you are a member of the association or not. Further details may be secured from your local officers or the Farm Bureau office.

The sixty-two young women who graduate have selected ten different lines of work, according to the vocational preference lists prepared by Miss Margaret A. Knight, dean of women. Each year during their undergraduate days all women students have advisory interviews with Dean Knight and go over their qualifications.

Three girls have given farming as their preference and will be graduated from agricultural courses. Three will take up chemical laboratory work and two will follow interior decorating as a trade. Two others will go in for dramatics and four have selected social service. There is a quartet of dietitians, three will take up graduate studies, two in Y. W. C. A. work and one will tackle the business field. The others will become school teachers, seventeen in home economics and two in physical education, with nineteen in miscellaneous teaching branches.

Advanced registration for the many courses offered to school teachers in the Summer session at the College is far greater than for any other previous year. Inquiries from teachers have been so numerous that a third edition of the Summer session catalogue has been exhausted. Last year's enrollment of 1905 is expected to jump to the 3000 mark by the time of the opening on Monday, June 26th. More than a thousand have already registered in advance.

J. A. Decker, of Bellefonte, was elected a member of the student council of the Sophomore class at its annual election of officers last week.

The Bellefonte Scouts.

At our meeting last Friday night we had scout drill. Dr. Dale showed us how to make certain bandages. We were sorry we could not take our early morning hike on Saturday. For work done by the hour we charge twenty-five cents. Since school is over members of the Troop will be pleased to have odd jobs. We are trying to earn money to go camping at Camp Kline, the big Williamsport camp along Pine creek above Jersey Shore. On July 10th we expect to leave. Some boys would like to have jobs at which they could work regularly, being paid weekly.

We are going to try to be on the track meet at Boalsburg on June 22nd, which is for all the Boy Scouts and Girl Scouts of Centre county.

Spring Township High School Commencement.

(Contributed).

The annual commencement of the Spring township High school at Pleasant Gap, on Wednesday evening, was a great success. Every feature was well arranged and well-nigh faultless. The audience was surprisingly large, which condition was not anticipated owing to confliction with the High school commencement in Bellefonte. Every one of the Seniors acquitted him or herself admirably. The members of the class were, Jean Noll, Raymond Ishler, Mildred Zettle, Leonard Peters, Beatrice Noll and Vera Hile. No hesitancy was noticeable throughout the entire program. The subjects were appropriate to existing conditions. The class song was a delightful affair. The class poem was a model of expression, and the class will abound in generosity. The prophecy was unique, evoking a generous share of the applause, which was frequent during the exercises.

The array of the participants evoked numberless praises; every arrangement accorded with the ideal evening. The music, furnished by the Milesburg orchestra, was of a high order, and its effect was emulating; the personnel of the performers met with many encomiums.

The address, delivered by Professor Gramley, a former teacher, was rife with joyous sentiments, sound wisdom and advice, that will be sure to be verified in life's activities in and about Pleasant Gap. In tone and facial features the audience would have reflected credit to any city or community.

The individuals composing the audience evinced a taste for literary events. The interest depicted upon the faces of the pupils of the other classes of the school was gratifying. Former graduates of Pleasant Gap school are intensely loyal to their town, showing an eagerness to assist making success certain; which tendency had a beneficial bearing. The number of intelligent visitors from a distance was surprising, all of whom manifested an interest akin to that of the most deeply interested kinsmen of the pupils. The members of the board of directors of Spring township are true as steel; it is seldom that directors more readily support school measures as do the members of our board.

Rev. Piper and Rev. Kepler demonstrated their regard for education by their presence, their interest and their participation. These are two worthies indeed. Rev. Wagner portrayed his ideas most effectively in his sermon to the class on Sunday evening.

Death of Lillian Russell Moore.

Pittsburgh, June 6.—Mrs. Lillian Russell Moore, wife of Alexander P. Moore, publisher of the Pittsburgh Leader and noted stage beauty of a score and more years past, died at her home at 2:20 o'clock this morning after an illness of several days.

At the bedside at the end were her daughter, Mrs. Dorothy Calbit; Mr. Moore, her niece, Mildred A. Martin, and Dr. C. B. Schill Decker.

Following a crisis in Mrs. Moore's condition Saturday night her physicians had expressed belief that she would rally, but late today it became evident that she had suffered a relapse. While it was recognized that the situation was grave, members of the household nevertheless made known late in the evening that no alarm was felt.
