Bellefonte, Pa., July 21, 1922.

NEWS ABOUT TOWN AND COUNTY.

The borough auditors are now at work auditing the school accounts for the year 1921-'22.

Showers Monday night and Tuesday broke the dry spell which had prevailed since the day before the Fourth.

At public sale on Saturday afternoon barber Harry Ruhl purchased the J. S. McCargar home on Pine street for \$7,100.

A meeting was held at the Dr. Fletcher home, at State College, on Sunday for the purpose of organizing a Baptist church in that place.

Preparations have been started for an annual reunion of the old Boal machine gun troop, to be held at Boalsburg the last week in August.

Thirty new steel fire observation towers are to be erected on state forests this year, one of which will be located near Boalsburg, Centre county.

The committee of arrangements for the Williams family reunion have begun preparations for that annual event, which will be held on Saturday, August 19th.

The United Brethren Sunday school picnic at Hecla park on Tuesday. The attendance was not large and the pleasure of the young people was not marred by the hard rain storm of the afternoon.

Huckleberries are said to be scarce on some sections of the Allegheny mountains, but they must be quite plentiful on the mountains in lower Pennsylvania from the number of crates shipped through Bellefonte daily to Johnstown and Altoona.

Tax collector Herbert Auman has opened an office in the Garman opera house building with Miss Mary Martin in charge. He has already received his school duplicate for the coming year, but will not receive the borough and county duplicates until some time next month.

The Ladies Aid of the Evangelical church will have a social and sale of ice cream, cake and candies, on the church lawn, tomorrow (Saturday) evening, July 22nd. The sale of whole and parts of cakes for use on Sunday, will be a specialty. A liberal patronage of the public is asked.

The big maple tree which has stood for many years directly in front of the main entrance to the Elks home was cut down on Tuesday and the other trees in front of the property will be trimmed so as to afford a better view from the second deck of the big porch recently erected on the front of the building.

The Reformed Sunday school and congregation will unite in their annual basket picnic to be held at Hecla park on Thursday, July 27th. The Methodist and Reformed baseball teams will play their regularly scheduled game at that gathering. The public is invited as a good social time is assured all.

In just ten days the Bellefonte Chautauqua will pitch its tents on the High school grounds and for one week the people of Bellefonte and vicinity will have a feast of good things—literary and musical. The program contains a number of interesting features and by purchasing a course ticket you can hear and see all of them.

Prof. H. C. Rothrock, of Port Matilda, has been appointed assistant superintendent of public schools of Centre county as successor to E. Millford Fletcher, of Howard. Mr. Rothrock is a graduate of State College, class of 1885, and ever since has been engaged in teaching, all of his educational work being in Centre county with the exception of four years. He has been principal of the schools at Port Matilda the past eleven years.

Mr. James R. Hughes, having become aware during recent days that certain parties are violating the hour regulations of his swimming pool by entering the pool after the closing hours at night, has succeeded in securing the appointment by sheriff Dukeman of William McCabe and William Ashbaugh, as deputy sheriffs. It will be their duty to see that all regulations regarding the pool shall be strictly enforced. A word to the wise ought to be sufficient.

Announcement of the death of Mrs. E. F. Cooper, who died in Washington a month or more ago, may be of interest to her many business acquaintances in this locality. Mrs. Cooper was district manager of Central Pennsylvania for the Viavi treatment, and while so successfully introducing her work in Centre county made her home at the Bush house; the last few months of her stay being spent at State College. Mrs. Cooper left here to return to her home in Washington about Christmas time.

Capt. W. H. Fry, of Pine Grove Mills, had a birthday anniversary on Tuesday but he was too busy giving of his services to those who needed them to celebrate the day. The interesting part of this announcement, however, is the fact that the captain was seventy-nine years old that day. Just one year of being four-score years old and there's not a man of his age in all of Centre county who bears his years as well and is capable of knocking around the way he does every day in the week. We are very sure that all his friends will join the "Watchman" in wishing Mr. Fry many more years of an active life.

Centre County Students Endorse University Plan.

Students from Centre county attending The Pennsylvania State College summer session, at a meeting held this week at the college endorsed the plan for development into the Pennsylvania State University and pledged their aid in raising \$2,000,000 building fund. The young men and women, coming from all parts of the county, have formed a close attachment for the college in the few weeks that they have been enrolled as students; and after forming a county organization, they passed a resolution favoring the expansion designed to care for a future enrollment of 10,000 students.

The students voted to conduct a campus campaign for about two weeks and to call upon all former students from the county to assist them. They decided that subscriptions to be made by them to the fund might be covered by payments extending over a period of three years.

The resolution of the students, after enumerating purposes of the campaign and citing necessity of turning away college applicants each year for want of accommodations as a further reason for their support, stated that they "unqualifiedly endorse the plan for expansion, * * * urge that every proper means be exercised to achieve the change of the College to the State University, * * * and pledge their fullest loyalty and support to the \$2,000,000 building fund campaign."

Hospital Picnic Abandoned.

Last week the "Watchman" as well as other Centre county papers, contributed considerable space in announcing a big benefit picnic for the Bellefonte hospital to be held at Hecla park on July 27th. Since then various questions have arisen which make it inadvisable to hold a picnic at his time and the project has been abandoned. The efforts of the committee and many other volunteers will be concentrated on a county-wide drive to be made in October in an effort to raise sufficient money to pay off all the indebtedness of the hospital and put it in better shape than ever to meet the heavy demands made upon it at all times. Keep this drive in mind and at the same time don't overlook the fact that there will be no picnic. But the big business men's picnic will be held as scheduled on August 17th.

Soldiers Going to Camp.

Bellefonte's mounted machine gun troop, Capt. W. Frederick Reynolds commanding, will leave Bellefonte at 5:45 o'clock tomorrow (Saturday) morning for the ten days' camp of the Pennsylvania National Guard at Mount Gretna. The troop train will proceed over the Lewisburg railroad, picking up the Boal troop at Oak Hall, and the troop at Lewisburg and Sunbury enroute. They will not arrive at Mount Gretna until Saturday evening. A detail of the troop left on Wednesday to get the camp grounds in shape for the pitching of tents, etc., immediately upon the arrival of the troop. The Bellefonte troop will go to camp at maximum peace time strength, with horses and all equipment in fine shape, and Capt. Reynolds has every reason to believe that the men in his command will make a good showing at the annual inspection of the Governor, Adjutant General and the Major General in command of the Guard.

Henderson Family Reunion.

A reunion of the Henderson family will be held at Stevens' park, Tyrone, on Thursday, July 27th. The branch of the family who are active in holding this reunion trace their ancestors back to one, Robert Henderson, who was born in County Derry, Ireland, and emigrated to Chester county, Pa., during the Revolutionary war, from which place he removed to Bald Eagle ridge about the year 1800. He left a family of nine sons and one daughter. The descendants of this family of Hendersons are diffused over Pennsylvania and a number of other States. A general invitation is extended to all persons of the Henderson name with the idea of tracing the family connection between all. Information in regard to the reunion will be gladly given by Robert A. Henderson, attorney at law, Altoona, Pa.

Monthly Report of Red Cross Nurse.

The report of V. Pearl Meeker, Red Cross nurse, for the month of June is:

Nursing visits	40
Infant Welfare visits	3
Prenatal visits	3
Tuberculosis visits	17
Visits to schools	2
Home visits to school children	33
Office treatments	18
Attendance at clinics	4
Sanitary inspection visits	7
Other visits	69
Total	200

During this month Miss Meeker made three trips to the State tuberculosis dispensary at Lock Haven with patients; made two trips to Crescon sanatorium, in which she placed three patients, and took thirteen patients to Dr. Rugh's orthopedic clinic at State College.

An organization of parents, characterized "The Pops," was organized at State College last week, Mrs. Elizabeth Olewine, of Bellefonte, being selected as a member of the executive committee.

A movement is on foot to consolidate the First National bank, of State College, and the Farmers Trust company into one banking institution.

The Cottage State hospital, at Philipsburg, is in need of funds and the management have secured Irwin's orchestra for a big benefit dance at Fairview park, Osceola Mills, on Monday, July 31st. An admission of two dollars will be charged and the proceeds will go to the building and betterment fund.

With Freshman applications coming in rapidly, Prof. A. H. Espenshade, registrar of The Pennsylvania State College, has started to grant admissions to the 1000 men and women who will enter in the fall in the largest class ever to be admitted. The method of basing admission on scholastic record rather than on priority of application makes the registrar's task a huge one.

C. F. Tate has started work on repairing his property on High street in which his plumbing shop is located. The entire east wall of the building is bulged out of plumb and will have to be taken down and rebuilt. The floors will be underpinned and a false side be put up while the wall is being built, so that his business can go on as usual and the family continue to occupy the upper floors.

Why sit at home and swelter with the heat these hot evenings when you can go to the scenic and be perfectly comfortable while watching the motion pictures. The half dozen big fans recently installed by manager T. Clayton Brown keep the room well ventilated. The pictures will be always and interesting and worth seeing, so that you are assured of a good evening's entertainment.

Many Lutherans of Bellefonte and Centre county are planning to attend the annual Lutheran day exercises at Lakemont park, Altoona, next Thursday. The principal speakers for the day will be Rev. Charles J. Smith D. D., president of Roanoke College, Salem, Va., and Dr. F. K. Knobel, president of the united Lutheran churches in America. The boys band of the Loysville orphans' home will be present and give concerts throughout the day.

C. D. Casebeer was summoned to Somerset last week owing to the death of his mother, Mrs. A. J. Casebeer, who died on Tuesday. She was the oldest resident of that locality, being ninety years old on March 4th. Her remains were laid to rest in the Casebeer cemetery at six o'clock on Thursday evening. Mrs. Casebeer had visited in Bellefonte on several occasions and those who had the pleasure of meeting her recall her many fine and ennobling traits of character.

The interior of Harry Ruhl's barber shop under the First National bank is fast nearing completion and there is no gainsaying the fact that it will be just a little bit the nicest shop in town. The wainscoting is of white tile and the floor of white with black inlaid. The furnishings of the cigar store on the Allegheny side of the building are practically all new, with built in shelves, drawers, etc. At the rate the work is now progressing the rooms will probably be ready for occupancy by August first.

The new catalogue of the Bellefonte Academy contains an airplane picture of Hughes field and the Bellefonte aviation field as well as a number of pictures of the new swimming pool on Hughes field which add greatly to the attractiveness of the book. While fresh water is being pumped in to the pool every day the flow of the artesian well is not as great as was anticipated and Mr. Hughes has made arrangements with the man who drilled the well to return in the near future and go down deeper. How much deeper the well will be put depends entirely upon the flow of water secured.

Twenty-five years ago when Hecla park was but newly opened the old business men's association of Bellefonte had a balloon ascension as one of the attractions at their annual picnic. The Associated Business Men of Bellefonte are not offering balloon ascensions as an inducement to attend their big picnic on Thursday, August 17th, but they will give a full day's program of sports, band concerts and other entertainment that will keep the crowd occupied all the time. Those who love dancing will be afforded that pleasure afternoon and evening, while there will be a ball game in the morning and one in the afternoon. Keep the date in mind and help swell the crowd.

Just ten more days and the trout fishing season for 1922 will be at an end and the speckled beauties will have another eight and a half months of undisturbed peace. But the trout were pretty well protected during most of the season because of the numerous hard rain storms, cold weather and high and muddy waters. The result is that the catch so far has been considerably below normal, notwithstanding the fact that most of the streams seem to have about the usual number of trout in them. With the closing of the trout season the last day of July some fishermen will devote their attention to bass, but the majority will fold up their rod and tackle until next April.

Elks Kiddies Day Picnic.

The Bellefonte Lodge of Elks will hold its "kiddies day picnic" at Hecla park Thursday, August 10th, where all children of Bellefonte and vicinity, between the ages of 6 and 14 years, will be entertained from 9 o'clock in the morning until 5 o'clock in the afternoon.

Transportation has been arranged for and buses will leave the Diamond at 9 a. m., returning from the park at 5 p. m. Ample facilities will be provided for the care and entertainment of the children, and parents need not hesitate in allowing their children to take advantage of this day's outing under the supervision of "the big brothers." So that there may be no lack of sufficient provision for transportation and entertainment of the kiddies, the committee requests that all children who expect to attend this picnic, register their names at the Elks club on Monday, Tuesday and Wednesday, July 31st, August 1st and 2nd. Mr. G. W. Rees will be in charge of the registration, and if not convenient to call in person, names may be sent by mail to Mr. Rees.

The famous I. O. O. F. band will be at the park all day and all kinds of amusement will be furnished the children, including an up-to-date vaudeville show, boating, swimming and athletic contests.

In conjunction with kiddies' day will be held a basket picnic for Elks and their friends.

The Johnnie Jones black and white orchestra will furnish music for dancing during the afternoon and evening.

Date Set for Start of New Penn State Hospital.

Plans are almost completed for the gathering of potato growers from every section of the State to attend the ground-breaking ceremonies for the new hospital at The Pennsylvania State College—to be erected entirely from funds subscribed by Pennsylvania growers of the lowly "spud." The date has been set for August 25th, and it is expected that even before that day, the entire fund of \$150,000 will have been raised.

Delegations of potato growers from every county in the State are planning to go to State College for the breaking of the ground, and it is expected that more than 5000 will be on hand for the occasion. A leading place among those who are expected to attend will be reserved for the 230 Butler county boys who have pledged \$10,000 as their share in the movement, and for the five boys of the Hopewell Potato club of Cumberland county, who dug deep into their pockets to contribute \$100 each and then sent word that "there was more if needed."

The visiting growers will not only attend the ground-breaking, but many of them will also have their first opportunity to inspect the college of the State, in which, as citizens of Pennsylvania, they are part owners.

Two Men Electrocutted.

Jonas Ebersole, of Bedford county, and Joseph Dreher, of Philadelphia, were electrocuted at the Rockview penitentiary on Monday morning. Both men were brought to the penitentiary by automobile on Saturday, Ebersole being brought the entire distance from Bedford while Dreher was brought as far as Lock Haven by train and taken from there to Rockview by auto.

Ebersole was the first to be sent to the chair while Dreher followed eleven minutes later. Neither man showed any noticeable concern as to his fate. The crime for which Ebersole paid the penalty was committed last September when he killed his wife's half-brother, thirteen year old Kenneth Brandt, then trussed up the body with rope and threw it down an abandoned well. His only excuse for the murder was that the boy had told tales about him to his wife. Ebersole's body was claimed and taken back to Bedford county for burial.

Dreher was convicted of killing Edith Warren in September, 1921, by cutting her throat with a razor because she spurned his attentions. His body was unclaimed and was buried in the penitentiary cemetery.

Cutting Timber in Logan Forest.

District forester Morton, of Petersburg, has notified the Department of Forestry that three chestnut timber operations are being carried on in the Logan state forest in the Seven mountains. Keg staves and mine props are being manufactured from trees that have been attacked by chestnut blight. In order to replace the diseased chestnut trees with another crop of more valuable trees, the lumbermen are careful not to damage the young growth under the trees they are felling. All revenue received by the Department of Forestry from the sale of this material is paid into the State's school fund.

That good, old Methodist, 'Squire H. C. Warfel, of Philipsburg, must have been woefully shocked last week when he read an item in a Bellefonte paper which put him in the same class with the bootleggers. Of course, the 'Squire's intimate friends would probably know he was not guilty even before an explanation from the publisher of the paper assured Mr. Warfel that the item in question was one of those unfortunate "slips" that sometimes get into a newspaper notwithstanding the utmost care and vigilance of the publishers.

NEWS PURELY PERSONAL.
