The men and boys occasionally gather around the camp grounds and watch the soldiers Methodist church and a good, christian but make no demonstration of any kind.

Of course the grounds are patrolled and no one is allowed inside the lines unless he has a pass. In this connection a rather amusing incident happened recently. Colonel Stackpole is the commanding officer of all the troops in that section. He has his headquarters at Johnstown and motors to the various camps. Naturally most of the soldiers know him and when he appears at a camp the guard passes him without question. One night recently young Jimmie Bower was on guard when the Col. drove up. The young soldier halted him and demanded his pass. The Col. naturally said he didn't have any but that he was the commanding officer. Jimmie, however, was firm. He statone within the lines who did not have a pass, but he finally compromised by offering to call the corporal of the guard. This was done and as soon as the corporal approached and saw Col. Stackpole he instructed the young guard to pass him, and with a salute Jimmie stepped aside and allowed the commanding officer to pass, though he probably smiled afterwards.

MUFFLY.-Mary Baker Muffly was born in Howard, Centre county, Pa., January 13th, 1842, and died June 6th, 1922, in Los Angeles, Cal., while on a visit to her daughter, Mrs. Mary Morehead, aged 80 years, 4 months and 23 days. At the close of the Civil war, early in the year 1866, she went to Des Moines, Iowa, with her husband, the late Capt. J. W. Muffly, to whom she was united in marriage, February 14th, 1864, having a continuous residence in that city during the past fifty-six years. She was the mother of five children, and is survived by two daughters, one son, and a num-

ber of other near relatives. In the fall of the year 1855, at the age of thirteen years, at an old-time Methodist camp-meeting held on a mountainside of her native State, she was soundly converted and united with the church, and after living a conscientious christian life, practicing her religious profession, covering a period of sixty-seven years, her transition was triumphant.

On going to Des Moines she transferred her church relations to the then newly established, Centenary M. E. church, which later consolidated with the First Methodist church, this being her church home at the time of her
