

ELISHA KENT KANE

For Congress 23rd District.

Intending to run for Congress this fall, I make this preliminary greeting. I hope you will inquire about me and find that I am qualified to serve. I am not a lawyer nor a minister, but I know law and gospel. I am not a laborer; but, living among them I know their problems. My success in forty active years as engineer, producer, lumberman, merchant, manufacturer and railroader has been due to that knowledge.

My party is small; but in Pennsylvania it has grown five times as fast as the others. 375 per cent. in 10 years. It has no newspaper; and I must economize hired space. By agitation it secured its first two issues, Prohibition and Woman's Rights. Its program now includes international and industrial Peace based on Justice, and protection for Home, Mother and Children. I FAVOR

The Volstead Act. Peace with all the world. Less armies, navies and taxes.
Working people's rights protected,
by law and by elected courts. Aid for mothers and children at

Government work for hard times. Mining made a public utility in In-

terstate Commerce. Send self-addressed envelope with inquiry as to my position on any of these issues. Reply will be prompt,

clear and trustworthy.

If elected, I shall be free to act independent of any caucus, party or boss. No special interest will control me. I hope thus to be more influential interesting moderate progressive me. I nope thus to be more influential in securing moderate, progressive and permanent legislation than if I belonged to either of the contending parties. I aim to work harmoniously with both Republicans and Democrats. I'm tired of having our public business held up by their perpetual scrapping.

Aren't you? ELISHA K. KANE, Kushequa, Pa.
