Kepler, of Ferguson township, had the third best yield of potatoes in the entire State this year, 404 bushels per acre. The highest yield reported was 417 bushels by J. L. On Saturday evening Dan O'Leary stopped his Ford car in the vicinity of the Centre county bank building and decided to take a smoke. Frank M. Crawford left on Sunday afternoon to attend the convention of the United Lutheran church in America in a ten day's session at Buffalo. The heavy bronze doors were put in place at the main entrance to the First National bank this week which will enable the workmen to finish the interior of the entrance lobby. The main banking room is finished and most of the furniture in place. The entire exterior of the bank has been washed and scrubbed until it looks like a different building. In fact the work is now so far completed that the finish is almost in sight and the bank will probably be back in its old quarters before cold weather sets in.

A defective or broken brake rigging came very near causing a serious wreck of the Lehigh-Pennsylvania train on Sunday afternoon. The train ran up above Milesburg station to the switch to back into Bellefonte. Part of the train took the switch all right but another part of it picked the switch and ran down the main track. Two cars were somewhat mixed up but as the train was moving slowly the engineer was able to stop before any great damage was done, and nobody was injured. The accident, however, resulted in considerable delay and Bellefonte passengers were transferred on the Lewisburg train.

BIG DEMOCRATIC GATHERING. State and Local Candidates Discuss Issues Last Friday Evening.

One of the biggest political gatherings that has been held in Bellefonte since the days of political clubs and red lights was that last Friday evening, held in the court house to hear the Democratic candidates, both State and local, discuss the issues of the pending campaign. While the meeting was held in the court house many people were unable to get in and were compelled to go away disappointed because of their inability to get within hearing distance of the speakers. While it was a Democratic meeting, pure and simple, many prominent Republicans occupied front seats in the audience.

Col. J. L. Spangler presided and in his always clever and versatile manner introduced the speakers, the first in order being William I. Betts, candidate for State Senator. Right here it might be stated that it was generally known that Hon. John A. McSparran, the candidate for Governor, and one whom all present wanted to hear, could not reach the meeting much before ten o'clock, but the other candidates were all so interesting and discussed the issues in such an entertaining manner that not a man or woman left until the last speaker was heard.

While Mr. Betts is well known by many Bellefonte people this was the first opportunity the public had of hearing him talk and everybody was impressed with the fact that he would make a very able representative in the State Senate.

Mr. Betts was followed by J. Frank Snyder, of Clearfield county, candidate for Congress, who discussed the issues from a congressional standpoint.

The third speaker was Judge Samuel E. Shull, of Monroe county, candidate for United States Senator. He is a man of commanding figure and winning personality and made a most favorable impression upon all who heard him.

The fourth speaker was A. M. Thompson, of Pittsburgh, candidate for Secretary of Internal Affairs, who spoke in a most convincing manner of the need of a change in Harrisburg and the folly of supposing that the election of Pinchot would bring the desired change. Mr. Thompson's talk was brought to a rather abrupt end with the arrival of Mr. McSparran at ten o'clock.

The gubernatorial candidate, naturally, was the man everybody wanted to hear, and no one was disappointed in waiting for him. In a calm and dispassionate manner he told of the "mess" at Harrisburg, running through every branch of the administration, and showed how a thorough housecleaning was necessary if the people are to be relieved of their present burden of taxes and the State treasury put in a position to meet all obligations. Mr. McSparran displayed none of the braggadocio so noticeable in all of Pinchot's speeches but presented facts and arguments that carried conviction to all who heard him. His talk was brief, not over half an hour, but he said enough in that time to convince the average voter that the time was about ripe for a change in the administration at Harrisburg.

Following Mr. McSparran Miss Zoe Meek, candidate for the Legislature, was introduced. She talked only a few minutes but impressed every one with the fact that she would make an able and dependable representative for Centre county.

Col. Fred Kerr, candidate for United States Senator, was introduced as the last speaker but as the hour was late he excused himself from making a speech and merely extended greetings to the audience.

Exhibition of Chinese Pheasants.

Early in the summer game warden Mosher, of Bellefonte, received a consignment of Chinese pheasant eggs for hatching purposes which he distributed among bird lovers in this vicinity. Among those who volunteered to try a hatching was E. L. Hollibaugh, of Coleville. He took twelve eggs and put them under a hen and eleven pheasants hatched out, being the best record made by any one. The little pheasants were left with the hen for a period of six weeks then put in a pen by themselves and given the most natural food possible. Four of them died but Mr. Hollibaugh succeeded in raising seven of them. Two or three of them have been given away to pair with other hatchings while Mr. Hollibaugh has the others still in his possession.

In order to show bird lovers what a beautiful specimen the Chinese pheasant is he will put a pair of them in the window of Miller's hardware store on Allegheny street for two days only, Thursday and Friday, October 26th and 27th. Mr. Hollibaugh will hold the birds in captivity until the close of the hunting season, and then if there are prospects of a hard winter may decide to keep them until next spring and liberate them in time for the nesting season.

American Legion Drive.

According to the bulletin in the Diamond just \$2776 have been pledged in the drive of the Brooks-Doll Post of the American Legion to raise a fund sufficient to enable them to purchase a permanent home. As the property they have in view will cost \$15,000 in cash all persons who took out pledge cards are requested to return them as promptly as possible.

Almost eight hundred people attended the concert given by the I. O. O. F. band on the top of Nittany mountain last Sunday afternoon. Secretary S. S. Aplin made a strong appeal for support of the Bellefonte Y. M. C. A.

The Bellefonte High school football team showed improvement in its game with Philipsburg last Saturday. Though defeated by the score of 6 to 0 they put up a plucky fight, considering the fact that the team is composed of boys who never played the game.

The Port Matilda plant of the Superior Silica Brick company is now running full time with a force of seventy-five men and want more brick-makers. They have orders on hand sufficient to keep the plant in operation until after the first of the year, and have prospects for continuous operation through the winter.

A report is in circulation that the road between Howard and Blanchard is being repaired, and that twenty-six carloads of stone have been shipped there for that purpose. Up to the time the "Watchman" went to press last night no stone had reached there and no work was being done, according to the word from that section.

On Wednesday evening Ed Hess, of the Branch, drove to Pine Grove Mills in his new Ford runabout to call on some friends. When he was ready to return home, about nine o'clock, he made the startling discovery that some person unknown had taken his car. Up to noontime yesterday no trace had been discovered of the car or the man who took it.

An especially good program of motion pictures is offered for the scenic next week. Read the list as published in another column of this paper and you cannot fail to be impressed with the quality of the pictures. The evenings may be cool out of doors but the scenic is comfortably warm and a pleasant place to pass away a few hours. If you are not a regular and time hangs heavy on your hands, get the movie habit.

Bellefonte people who have heard the voice of one of America's favorite entertainers, Byron G. Harlan, on the phonograph will have an opportunity to see and hear him in person at Garman's opera house on Friday evening, November 3rd, when he will appear in an entertainment under the auspices of the Woman's Auxiliary of the American Legion. Mr. Harlan will be accompanied by his own company of high class artists and during the evening an opportunity will be given local singers to sing for a record which will then be reproduced for the entertainment of the audience. This, in itself, should prove a big drawing card.

Somewhere!

Somewhere within the travel distance of the "Watchman" is a lonely, middle-aged woman looking for a home where services will be appreciated and amply rewarded. This is not a servant girl proposition. A suitable companion and helper in the home is what we want and will pay for. We are Pennsylvanians and the woman acceptable to us will consider this home her home and conform accordingly. Address FRANK H. FIELDING, New Dorp, Staten Island, N. Y. 21 Seaview Ave. 67-41

The football management of the Bellefonte Academy has decided to have all home games, so far as possible, on Fridays hereafter, instead of Saturdays, as it will give the merchants and everybody employed in stores and business places a better opportunity to attend. Saturday afternoons are almost unavoidably busy ones in the stores and it is impossible for any one to get away long enough to attend a game. Friday afternoons, however, the stores are not so busy and a portion of the working force can get off for a football contest. The first Friday game will be on October 27th, when St. Francis college, of Loretto, will be the Academy's opponents. Keep this date in mind and arrange to be there.

M. F. McCoy, service man for the Beatty Motor company, left on Sunday for Pittsburgh, where he will take a two weeks' Lincoln service course at the Pittsburgh branch of the Ford Motor Co. This course is being taught by an expert mechanic from the Detroit factory, and consists of the entire disassembling and reassembling of the Lincoln car. Since the Lincoln factory has been taken over by the Ford Motor Co. many changes have been made in regard to the servicing of this car. Within a short period of time it will be possible for owners to stop at any of the 9000 authorized Ford service stations throughout the country and receive expert Lincoln service at standardized prices. Lincoln owners in this vicinity will be pleased to learn of the arrangements being made by the Beatty Motor Co. to give them necessary advice and service for the efficient and economical operation of their cars.

American Lime & Stone Co. Employees Stage a 'Coon Hunt.'

The new men with the American Lime & Stone company—the men who came here from Wilmington, Del., and other eastern points when the A. L. & S. Co. was amalgamated with the Charles Warner Co., are rapidly becoming assimilated. In fact there are some of them who already believe that they have an actual acquaintance with Centre county woodlands and mountains.

Consequently a few of them in the persons of George Purcell, Harry Taylor, George Bingham and Ed. Markley, with John Hoy and George Stine, of Waddle, staged a 'coon hunt' for last Saturday night, with the Bald Eagle mountain as the foundation of the hunt. The gentlemen from the east were probably thinking of 'coons in the melon patch and figured that hunting Centre county 'coons would be something similar.

The four men first mentioned above motored to Waddle where they were joined by Messrs. Hoy and Stine with a full equipment of firearms, lanterns and an old bull dog represented to be a helluva dog on 'coons.

The party went into the mountains in the neighborhood of the old Julian pike and followed the dog. Twice the big canine showed terrific symptoms of having treed something but after one of the men climbed the tree without finding anything they concluded the dog had barked up the wrong tree.

After wandering around an hour or two without any show of coons the men became discouraged and began to discuss the advisability of returning home but all of them had lost the sense of direction and they did not know which way to go. The result was they wandered around on the mountain until the gray streak of dawn on Sunday morning before they got their bearings, and by the time they got off the mountain and back to Bellefonte it was 6:30 o'clock, and they hadn't even smelled 'coon.

Who Will be the Harvest Queen?

The race is now on for the election of a Harvest Queen for the Elks Halloween' carnival, which will be held on Tuesday evening, October 31st. The contest last year proved very exciting and there is every reason to believe it will be just as interesting this year.

But the Queen will only be one feature of the big carnival. Every effort will be made to have the parade this year the biggest and best of any previous carnival. Last year the rain interfered to a great extent with the parade, but rain don't fall every Halloween'.

In order to make the gathering a success, however, it will be necessary for the public to take an active interest in the affair. The carnival is not designed for Bellefonte people only, but for Centre county residents generally. Surrounding towns are invited to send delegations. Many valuable prizes will be awarded for the best costumes in various lines, the best and most characteristic floats, etc. If you have not already started your costume begin now, as only eleven more days intervene in which to get ready.

As an extra inducement to get into the Mummer's parade it might be mentioned that fifty-seven merchants and business men of Bellefonte have put up prizes and all of them will be worth going after. They will include most everything imaginable including a ton of coal, a barrel of flour, 25 pounds of sugar, electric iron, wearing apparel, candy, etc. Watch for complete list next week.

An Artistic Treat.

The concert given in the Presbyterian chapel, last Friday evening, was indeed an artistic treat—and it was gratifying to see how appropriate was the setting; the chapel had been very attractively decorated with autumn leaves, and the Steinway grand piano elicited words of warm praise from the musicians.

The performance of the two young artists in their program of original composition was not only very enjoyable as "concord of sweet sound" but most interesting as an example of what the western part of our State is doing in music; and enlightening, in giving us an idea of what the federated clubs in our State and country are working towards, namely: The development of young American talent and the building up through it of an American school of music.

Dancing and Cards.

A committee of ladies has secured the use of the Elks' home for the purpose of giving a benefit for the Bellefonte hospital. The time will be Thursday evening, November 9th. The attractions will be cards, including progressive five hundred, bridge and flinch, with prizes. The Bellefonte Academy orchestra will furnish music for dancing. Price of tickets, 50 cents. The public is cordially invited.

On Sunday, October 29th, the Pennsylvania railroad will run an excursion train from Williamsport to Altoona, with the privilege of stopping at any of the intervening towns. The fare for the round trip from Bellefonte to Tyrone will be \$1.25 and to Altoona \$1.75. Train will leave Bellefonte at 8:47 a. m. and returning will arrive at 8:47 p. m. This will enable any one in this vicinity who has friends in either Tyrone or Altoona to go up and spend the day with them.
