BUY EAGLE SHIRTS BY THE FABRIC NAME IN THE LABEL

THE sixth button, the last added to the front of an Eagle Shirt, is the makers' pet. It enables them to space the other five more closely. It closes the lower part of the skirt-long center-plait, keeping the waist-line from gapping. It helps prevent the skirt from riding up. Like the other five, it is sewn on to stay by 50% more stitches than most good manufacturers use.

One of the many reasons why Eagle Shirts are preferred.

### For Congress, Elisha K. Kane.

The Volstead Act

Is simply the 18th amendment made into law. The amendment was the most nearly unanimous will of a whole people that ever took place. Forty-five States out of forty-eight ratified it within the first six months—ten times faster than the original constitution. Its limit of one-half of one per cent. was the rate fixed of old in the revenue laws. No increase would be constitutional. The organized enemies of prohibition cannot change the constitution. One branch of each of thirteen Legislatures is enough to prevent. Light wines or beer cannot be made lawful. All the liquorites can hope to do is to lighten the punishment of boot-leggers and unlawful saloons. They are now trying to scare Congressmen by fighting those who voted dry. They strive to defeat Volstead himself; and, at the primary, did defeat our Congressman Jones although they had to use a thoroughly dry man for the purpose. Vital as is the issue in many places, our district is safe. Swoope, Snyder and I have given our word to support the Volstead act.

"And behind the dim unknown,  
Standeth God within the shadow  
Keeping watch above His own!"

Enforcement is not costly. Seizures and fines bring the government far more than it pays out.

There will be less sea-sickness and fewer wrecks when American ships with sober sailors carry decent, loyal, dry Americans; and the wine-soaked crews of French liners take gamblers, fast women and drinking men to the cabarets and hospitals of Paris, or sink them in the pure Atlantic. Health will improve when doctors cease to prescribe booze. Fewer snakes would be seen, if olive oil were the only cure for snake bite!

Next Congress will be dryer than ever. It need spend little time to drive body-snatchers away from the foul corpse of John Barleycorn. Living issues call me. Our fair land, from the deserts of Nevada to the brook-sides of Pennsylvania, must be filled with healthy, happy, bright and virtuous families and the voices of children be heard singing in the streets.

### Dental X-Rays Can be Taken at the Bellefonte Hospital.

The impression is prevalent that X-rays of the teeth may not be taken in the laboratory of the Bellefonte hospital. It has grown out of an act passed by the last General Assembly prohibiting any but a certificated dentist from taking such X-ray pictures. The legislation has been inquired into by the staff of the Bellefonte hospital with the result that Dr. Alexander H. Reynolds, secretary of the department of public instruction of the State Board of Dental Examiners, has advised that such a law was passed but inasmuch as it has since been declared unconstitutional hospitals equipped for such service to the public, may continue making X-rays as usual.
