Both fire companies responded, the Undines stopping at the Walker barn and the Logans going to Crider's. As Mr. and Mrs. Clemson, Mrs. Clemson's the buildings were too far gone to save efforts of the firemen were concentrated on saving adjoining properties. A Distressing Accident.

A distressing accident happened at State College on Saturday afternoon when Betty Freeman, three year old daughter of Mrs. Eliza Freeman, was knocked down and run over by a car driven by Miss Grace Watts, daughter of Dean R. L. Watts. The young lady, however, has been exonerated of all blame for the accident. A number of children, according to report, were playing in the public square of the town and when Miss Watts approached she not only slowed down her car put applied the emergency brake. The child evidently did not notice the car and ran right into it, being knocked down by the fender and falling in such a way that the car ran over her right leg, fracturing the bone in three places and inflicting a laceration between the knee and ankle three inches in length.

The child was brought to the Bellefonte hospital where every effort is being made to save her leg.

When discovered about the only portion of the cat remaining was one leg, and the fox had that in its mouth.
