To Correspondents .- No communications published unless accompanied by the real time above stated. same of the writer.

Terms of Subscription.-Until further actice this paper will be furnished to subcribers at the following rates:

Paid strictly in advance -Paid before expiration of year 1.75 Paid after expiration of year -2.00 Published weekly, every Friday morning.

Entered at the postoffice Bellefonte, Pa., as second class mail matter.

In ordering change of address always give the old as well as the new address. It is important that the publisher be notified when a subscriber wishes the paper discontinued. In all such cases the subscription must be paid up to date of cancellation.

A sample copy of the "Watchman" will be sent without cost to applicants.

Official Vote on Congress and State Senator.

The Clearfield Progress last week had considerable fun at the expense of Centre county officials because the Congressional and State Senatorial return judge failed to turn up in that place on Tuesday to compute the official vote cast in the districts. Section 1 Article XXVIII of the election laws of Pennsylvania provides that the "return judges for each Congressional and Senatorial district shall meet on the Tuesday following the election to compute the vote in the district," but Centre county officials evidently overlooked that fact and the man appointed by the court, John G. Love Esq., did not go over until Wednesday. The other return judges were Lester M. Hackett, of Cameron county; Harry R. Evans, of Clearfield county, and E. A. Studholm, of Mc-Kean county. The official vote in the district on Congress was as follows:

	Swoope		Snyder	Kan
Cameron	-	836	468	19
Centre	-	5231	5205	58
Clearfield	-	7044	6391	130
McKean	3 (- 1) 1	3817	2228	195

*16928 14292 4041 *In Mr. Swoope's vote are included those he received on the Socialist ticket, 9 in Cameron county, 65 in Centre, 305 in Clear-field and 116 in McKean, a total of 495 votes votes

The State Senatorial count was as follows:

Scott Betts Centre Clearfield $5298 \\ 6272$

*Mr. Betts received 39 Prohibition votes in Clearfield county which are included in his total. EIGHT WOMEN IN LEGISLATURE.

The official count throughout the than a week. State shows that eight women, all Republicans, will have seats in the lower house at Harrisburg at the next session of the Legislature. They are as follows:

Alegheny county-Miss Helen Grimes. Butler o

Nine six-inch holes were drilled from the top of the cliff to a depth of ninety-five feet. These holes were located back some distance from the face of the cliff and loaded with the nections were used in putting off the blast, and instead of a thundering noise and a shower of flying rocks a noticeable vibration of the earth and the whole face of the cliff in the quarry was shoved out and shattered to pieces.

Dental Hygienist Goes to Philipsburg.

Miss Henrietta Waters, graduate of the Rochester Dental Hygiene school, who has been doing dental hygiene work in the public and parochial schools, left Wednesday for Philipsburg, where she will continue the same work in the schools there.

It is a matter for regret that Miss Waters could not have remained longer in our schools as her services were muchly needed but the tuberculosis committee had funds to support the work only two months and Miss Waters engagement had to terminate this week. From Philipsburg she will go to State College.

The writer is a tax payer and knows full well the constant appeal for money through the various drives, etc., but, glancing over the list, is there one investment quite so good as promoting health and preventing disease? The Red Cross nurse and health-education work of the Tuberculosis committee bring a bigger return to the community for the money invested than any other agency and yet how very small the amount needed to finance this work as compared with that needed to support the hospital. Bear in mind that the more money spent in preventing disease, the less there will be needed to support hospitals, asylums and other similar institutions.

The only single contributor to the dental hygiene fund was Miss Lyde Thomas, who, after hearing an appeal for several different causes, decided the most worthy to be dental hygiene work in our own schools and, unsolicited, sent a contribution for its maintenance. May the day be hastened when a school nurse, visiting community nurse, dental clinic and whatever contributes to the physical welfare of our community will be supported as part of the town budget rather than by reluctantly-asked-for contributions in Red Cross and tuberculosis Christmas seal drives!
