On October 17th M. J. Tidd and of the Rockview penitentiary, left the prison farm on which they were working, stole an automobile and made their escape. Several weeks ago two men were arrested for vagrancy at Key West, Fla. They gave as their names James De Floris and M. O. Keffe, and were given a twenty day sentence. Later the authorities suspected that the men were the two prisoners who escaped from the Rockview penitentiary and after considerable quizzing they finally admitted the fact. The penitentiary officials were notified and the parole officer and two guards went to Key West last week and on Saturday evening reached Bellefonte with their prisoners.

The men had almost completed their five year sentences for larceny; in fact their time would have been up May 1st, 1923. Now they face an additional five year sentence as well as another trial for larceny.

When Amos R. Wells wrote the bit of verse above, when he was thinking of man's love to man as crimson bright he was expressing our thoughts as we open the Christmas letters that come into this office.

They don't forget. Bellefonte leaves an impression all its own on those who it would seem could find little of lasting interest here. On July 19th, 1919, Lieut. His brother John came here from St. aviator. He knew no one in Bellefonte, had nothing in common with any of us-other than the sorrow that makes all the world akin. But the three years and more that have elapsed have not dulled the memories of John Lambourn and he writes to ask the "Watchman" to tell "All the people of Bellefonte that the Lambourns blessed Christmas season than ware put on a Christmas card."

"For me to be without the "Watch-Meek took charge of it and a copy of its first issue is still in our family possession." We know that the Dannleys are an old Ferguson township family and we are wondering whether they were among the subscribers whom the ing list for the paper that was trying to make bricks without straw.

And down from the scenes of Mr. old Democrat, the old friend, who at the age of 76 had just returned from the hunt on "which he had not missed a meal or roll call for fifteen days," to send a word of Christmas greeting to the workers in the "Watchman" office. The season of good will and peace on earth is not without its measure of sad reflections, however, H.
