

NEWS ABOUT TOWN AND COUNTY.

A little son, George Jr., was born to Mr. and Mrs. George Reiter, at the Bellefonte hospital, on Wednesday morning.

The Catholic Daughters of America will hold a dance in the armory on Friday, April 13th. Benefit of St. John's orphanage.

Everybody welcome to the St. Patrick's day social to be held in the basement of the Lutheran church, on Friday evening, March 16th.

The Bellefonte Woman's club will hold a food sale at the Variety shop, in Crider's Exchange, on Saturday afternoon, March 17th, beginning at 2 o'clock.

The Central Pennsylvania conference of the Methodist Episcopal church will open its sessions in Grace church, Harrisburg, on Tuesday evening of next week.

Members of the Woman's club will meet at the home of Mrs. Robert Mills Beach, on Linn street, this evening, at 7:30, for a reading of another of the plays of George Bernard Shaw.

The Rev. M. DeP. Maynard is arranging to leave the Bush house, expecting to occupy two rooms in the rectory, which has been leased by Mr. and Mrs. F. H. Thomas. The Thomases will move from the Brockerhoff house as soon as the rectory is vacated by Mr. Beatty and his family.

Capt. C. T. Fryberger was last week elected a member and secretary of the board of education of Phillipsburg as successor to A. W. Marks, deceased. The duties of the office will not be new to him as he had previously served as a member from 1908 to 1913, during which time he had been president one year and secretary four years.

Any person in need of Early Rose seed potatoes should not fail to attend the farm sale of Dr. M. A. Kirk, south of Bellefonte, next Tuesday afternoon. Several good graded Jersey cows and heifers will also be sold as well as a large number of chickens and the usual line of farm implements. The sale will begin at one o'clock p. m.

V. J. Bauer, of this place, is now at Greer, W. Va., where he is manager of the company store of the Greer Limestone company. Greer is the town that Dave Kelly is captain general of. He's postmaster, superintendent of the big store and general manager of the one industry of the town, that is, the limestone quarries. In the latter capacity he is now in charge of the erection of a quarter-million power house at Cascade, W. Va.

Bellefonte friends of John Tonner Harris will be interested in learning that he has just been appointed general superintendent of traffic for the Bell Telephone company of Pennsylvania, with headquarters in Philadelphia. Mr. Harris had his initial training in telephone work in the Bellefonte exchange and has advanced a step at a time until now he is up among the "big ones," with every chance of reaching the "top" before many years.

Keep in mind the 17th of April, on which date the Bellefonte Choral society will give a concert, assisted by the glee club and varsity quartette, of State College. The concert is being given for the benefit of the Bellefonte hospital, under the direction of Mrs. Russell Blair, and each person participating in any way is donating his or her services for this worthy cause. May we ask the support of every citizen of Bellefonte to the extent of buying one ticket at least.

Owing to the fact that the attorneys for Andrew Letchius, convicted in court last week and sentenced to pay a fine of \$500 and serve six months in jail for illegally manufacturing whiskey, have filed an application for a new trial, execution of the sentence was suspended the latter part of the week and Letchius was admitted to bail pending the outcome of the proceedings. Letchius is back at his home in Phillipsburg and will probably walk the straight and narrow path for the present.

Carl Snavelly, the athletic coach who has been turning out such wonderful teams at Kiski, has announced his decision to come to the Bellefonte Academy next year as coach not only of the football team but of all athletic events. Snavelly is a graduate of Lebanon Valley college where he was one of the star performers and his coaching experience at Kiski is evidence that he has the ability to turn out winning teams. The Academy has been fortunate in securing the services of such an able coach.

The thousands of firemen throughout the State are up in arms against a bill introduced recently in the State Senate by Senator George Woodward providing for the repeal of the act which gives to Firemen's Relief associations two per cent. of the revenue derived from foreign fire insurance companies. While the total amount thus involved is less than a million dollars, the "mess" at Harrisburg is in such a condition that the organization is planning to grab every dollar possible to help out, and if the firemen want to save their appropriation they should lose no time in demonstrating where they stand on the repealer bill.

AUTO SHOW A BIG SUCCESS.

Thirty-eight Cars and Two Trucks Feature Annual Exhibition in Armory.

Thirty-eight cars representing twenty-one of the standard makes and two trucks feature the second annual auto show now being held in the Bellefonte armory under the auspices of the Centre County Automobile Dealers' association. And the list represents cars of all degrees of excellence, from the moderate priced Ford and Star to the high-priced Cadillac town car equipped with everything necessary to make it a car of luxury as well as one of beauty and utility.

The armory never looked more genteel and "dressed up" than it does on this occasion. Every crossbeam is heavily festooned with spruce, which also contributes largely to the wall decorations giving the entire interior the appearance of a bower of green foliage. Green runners on the floor carry out the color scheme and large bouquets of flowers at various points add a home-like effect which is very pleasing. The orchestra platform in the center of the room is also very appropriately decorated.

The big room is divided into fourteen exhibitors' blocks or spaces and every one is solidly filled with cars, allowing room enough for one aisle around the building. The show opened promptly at two o'clock on Wednesday afternoon and notwithstanding the snow and rather inclement weather the attendance was very good both in the afternoon and evening. Kennedy's Novelty orchestra, a musical aggregation of State College students, was in attendance Wednesday evening and delighted everybody with their splendid renditions.

To specialize more particularly, the first exhibit to catch the eye upon entering the armory is that of the Chevrolet and Oldsmobile cars, by the Decker Bros., of Bellefonte and Spring Mills, and Decker & Harper, State College. They have two Chevrolets and one Olds, and Kearny Decker is the man in charge.

Next in line is the splendid exhibit of the Detrick-Dunlap Cadillac Co., of Bellefonte, with Mr. Detrick in charge. Their exhibit includes a Cadillac touring car which sells for \$3200, a Cadillac town car priced at \$4200, and a sports model Buick worth \$1800, the entire exhibit representing a valuation in excess of \$9000. The Detrick-Dunlap Co. started business in Bellefonte only a few weeks ago but the members of the firm are both energetic salesmen and are sure to succeed.

The Beatty Motor Co., of Bellefonte, display includes three Ford cars and a 1 1/2 ton truck. T. C. Shoemaker is in charge but as everybody knows the Ford he isn't overworked trying to emphasize the good points of the car. Four cars constitute the display of Dodges. This exhibit is credited to C. E. Snyder, of State College, a direct dealer; and the Bellefonte Motor Co., Booser & Smith, of Centre Hall; John A. Confer & Son, of Snow Shoe; A. E. List, of Tyrone, and the Lewistown Motor Co., associate dealers. J. Harris Holmes, of State College, is the floor man but Mr. Snyder is also on hand explaining the good points of the car he represents.

George A. Beezer, of Bellefonte, has three Studebakers on the floor and John Porter Lyon is constantly on the go showing visitors the latest improvements in this popular car.

The display of Willis E. Wion, of Bellefonte, includes three Nash cars, priced from a little over a thousand dollars up to better than two thousand. Both the Nash Four and Nash Six are winning favor with the public daily and Mr. Wion has good prospects for the spring season. He also sells the Franklin car but was unable to get a late model here in time for the show.

Weaver & Breon, of Millheim, have two Reo's on exhibition. They also sell as associate dealers the Nash, Overland and Willys-Knight.

Jodon & Sommers, of Pleasant Gap, are sponsors for the exhibit of two New Oakland Six's. Ed. Sommers is in charge and has a line of talk on his car that attracts attention from would-be purchasers.

One Chandler represents the exhibit of the Poorman garage, of Bellefonte, but Mr. Poorman is confident that while his exhibit may be lacking in quantity it is well stocked with quality.

John Musser, of State College, is showing the Earl and Gray cars, two makes comparatively new in this section but both looking as good as any of the other standard cars.

Henry Meyer, of State College, has an exhibit of one Star, the car built as a rival to the Ford, a Durant, one Columbia and a Haynes. The three last named are all standard makes and always give satisfaction.

The Krader Motor Co., of Bellefonte, have three Maxwells and one Chalmers on the floor, both well known cars.

Two Overlands and two Willys-Knights are included in the exhibit of R. N. Van Ingen & Co., of Bellefonte. Both cars have long been standardized and are quite well known in this section.

One big White truck constitutes the exhibit of the Emerick Motor Bus company. While as an exhibit it does not have the same attraction as the finely finished cars, as an implement of dependability it is in a class by itself. In fact White trucks have an established reputation everywhere.

With the above list to select from prospective purchasers of automobiles should make it a point to visit the show today and tomorrow. Every exhibitor will take pleasure in showing you the fine points of his car and you will be agreeably entertained.

While cars and trucks are naturally the chief attraction members of the Women's Auxiliary of the Y. M. C. A. are established in one of the small rooms where they serve meals to those desiring the same. The Woman's Auxiliary of the Bellefonte hospital is represented with a stand in one corner of the main room, where they sell home-made candy and confections. Their receipts for the first day were \$30.00.

In closing we want to say that much of the success of the show is due to the hard work of show manager W. C. Rowe. He worked out the details, prepared the program, superintended the decorations, placed the exhibits, was here, there and everywhere, and always cool and collected, pleasant and agreeable to all.

While it is quite possible that some of the exhibitors, at least, will book sales before the show is over, that is not the big thing by any means. The great object is to advertise the cars and become acquainted with car owners and prospective buyers, and this in itself will more than repay the expense of the show.

A man by the name of Moyer, who lives along the back road going up Buffalo Run, died in his buggy on Wednesday afternoon, while on his way home from Bellefonte. Mr. Moyer was accompanied by his daughter.

Awnings and Tents of all kinds. The Potter-Hoy Hardware Co. 10-11

Dinner for Men Tuesday Evening.

Great interest is being manifested in the get-together dinner and meeting for men to be held in the Y. M. C. A., Tuesday evening of next week. Dinner will be served by the Ladies' Auxiliary at 6:45 o'clock, followed by a special program of fun and fellowship that will be interesting to all.

There will be music and a few short speeches, and the chief address of the evening will be delivered by Dr. A. B. Van Ormer, of Huntingdon, on the subject of "A Challenge to Manly Men." Dr. Van Ormer is an orator of extraordinary ability and has been on the lecture platform for a number of years. He is a man of magnetic personality, charming manner and great eloquence, and his message will be a gripping appeal of exceptional merit. This will be an unusual opportunity to hear him in one of his worth while addresses. The date is Tuesday evening, March 13th, and the time is 6:45.

It Sounds Incredible, But It's True.

Of all the bargains we have ever heard of this one sounds like the greatest. We know a 95 acre farm within four miles of Bellefonte that can be bought today for the proverbial song. On it are 25 acres of standing timber the value of which two competent woodsmen have placed at more than the price the entire property can be bought for. It has a good barn and house, spring water at both barn and house, rural mail delivery, telephone installed, barn equipped with modern hay carrier, new hog house, granary, new garage, blacksmith shop with full set of tools, stone ice house and other necessary out-buildings.

On this great bargain counter are placed two good horses, one registered, two cows, two heifers, a large flock of white leghorn chickens, gasoline engine, wagon, bob-sled, sleigh, mower, drill, hay-rake, corn-planter, harrow, cultivators, corn sheller, harness, general farm equipment and enough hay, straw, fodder, corn and oats in the barn to keep the stock until the next crops are harvested.

Land, timber, stock, equipment and all can be bought for \$4200.00. Did you ever hear the like of it? If you are really interested drop in and we'll tell you where the bargain is.

Held in \$1000 Bail for Trial in Federal Court.

The hearing of Arnot Woodson, of Bellefonte, before Commissioner Crocker, in Williamsport, last Friday, on the charge of illegal possession and transportation of liquor, not only resulted in his being held under one thousand dollars bail for his appearance for trial before the federal court in Williamsport, in June, but also resulted in charges being preferred against Gordon Montgomery and he was held in a like amount of bail for his appearance before the same court for trial, on the same charge. The particulars of this case were fully covered in last week's "Watchman."

Regarding Mr. Montgomery's car, which was confiscated by the enforcement officers, that gentleman was given assurance that he could secure the release of the car by filing a bond in a sum double the value of the car. The bond was fixed up and sent to Commissioner Crocker, in Williamsport, but was returned on Tuesday because it was not drawn up according to requirements. Another bond was executed on Wednesday and sent to the commissioner and as soon as he approves and returns the same Mr. Montgomery will be able to secure the release of his car pending the outcome of the case.

The Bellefonte Hospital—A Problem.

The board of managers of the Bellefonte hospital met last Friday evening to consider specially the matter of the proposed drive for the enlargement and improvement of the institution.

It was generally known that a drive was in contemplation last fall. For cause sufficient the undertaking was deferred until February. Again reasons why that time was unpropitious presented themselves and it was postponed, with May as a tentative date.

Most every one will agree that the hospital needs improvement in the way of building and equipment. There has been no general public movement to this end for some years, all of the effort in behalf of the institution having been made by very faithful and loyal women's auxiliaries for maintenance deficits and repairs and replacements.

Ordinarily in considering a drive there are two factors that should be uppermost in the public mind: First, what is proposed to be done? Second, how much will it cost to do it?

The hospital is a public institution, the public will have to support it and for that reason the Board is desirous that the public should be fully informed as to conditions at present and those likely to arise.

As we have said above a tentative date for a drive in May was set some time ago. In anticipation of carrying out the project plans were made for a thorough organization and a hospital architect of national reputation was approached with a view of having him make a survey of the property. This for the purpose of ascertaining just what alterations, etc., would be necessary to bring a poorly designed building as nearly as possible to one that could be more efficiently and economically maintained. It has been the intention of the board to publish any plan under consideration in detail, so that all may see and know just what is proposed. At the same time the estimated cost will be announced and it will be the maximum amount aimed for in the drive.

Lately another factor has appeared in the problem. If Governor Pinchot's new method of rendering State aid to hospitals becomes operative it might develop that our institution will receive far less from the State than it is now getting. At present we have an annual allowance of \$9,000.00. The new system, if adopted, would afford aid from the State in proportion to the per diem cost of only such patients as are treated free at the institution. While it is impossible to accurately analyze what effect this would have; from figures available from the hospital records and from information from the Department head at Harrisburg as to the probable allowance thereon the Bellefonte institution will receive something approximating \$6,000 a year. This, of course, is only conjectural, but it presents a problem that the Board thought the public should know of before a final determination to conduct a drive be made.

If the present allowance from the State should be reduced \$2,000 or \$3,000 under what it now is will (not can) this community make up such a deficit in maintenance?

It must be kept in mind that the hospital is now losing about \$1,000 annually. So that it would appear that there is a possibility of our having to do \$3,000 or \$4,000 more every year in the way of maintaining the hospital than we have ever done before.

With such a contingency confronting us it is the community wish to go ahead with a drive for \$40,000 or \$50,000 for changes that would effect efficiency and economies very much to be desired, but at the same time superimpose increased maintenance costs.

This is the crux of the whole situation. We need the hospital more than ever. It is rendering splendid service and the community can support it, but, as we have intimated parenthetically above, it is not a question of can. It is a question of will the community support to the extent of carrying a possible very much heavier load than it has ever done before.

Members of the Board would be glad to have your opinion on the question. They want to serve you, but they are averse to leading you into something blindly. For that reason the matter of a drive has been postponed, pending developments at Harrisburg.

Woodmen to Hold Fraternal Meeting.

The Modern Woodmen of America, the strongest fraternal insurance society in the world, which has gained a strong foothold in Bellefonte, will hold an open meeting in their hall, in the Crider stone building on High street, Wednesday, March 14th, at eight o'clock p. m.

The purpose of this open meeting will be to advertise to laymen their plan of handling the protection of dear ones and all men are invited to attend, whether Woodmen or not. The Mack-Murray company, high class vaudeville artists, have been engaged to furnish a big free program, consisting of up-to-date singing, talking and dancing acts; also farce comedy, insuring an evening of unalloyed amusement.

The Woodmen are also featuring a big free banquet after the show. If you have a friend who is a Woodman be sure and get an invitation and enjoy this big free evening of happiness.

Cut green beans, 3 cans 25c., at Weaver's. 10-11

NEWS PURELY PERSONAL.

Dr. and Mrs. R. L. Capers have as a house guest this week, Mrs. T. C. Capers, of Hollidaysburg.

Mr. and Mrs. Harry Badger are entertaining Mrs. Badger's sister, Mrs. Williams, of Coshocton, Ohio.

The Rev. and Mrs. Wilson P. Ard are on a short visit to Norfolk, Va., to which place Mr. Ard has been considering a call for a month or more.

Mrs. Ralph Teaman went to Akron last week to join her husband, who has secured employment with the Firestone Tire and Rubber company, of that city.

Rev. Reed O. Steely, pastor of the United Evangelical church, of Bellefonte, has been at York this week attending the annual conference of that denomination.

Mrs. Hamada Sechler and her daughter, Miss Anna, have returned home from a two month's stay with Mrs. Kirby, in Baltimore, and opened their home on Linn street for the summer.

Mrs. E. B. Callaway will return to Bellefonte tomorrow, after an absence of two months. Her time was spent with her daughter, Mrs. Garber, on Long Island, and with relatives in Philadelphia and Atlantic City.

Mrs. A. Clyde Smith, of Centre Hall, passed through Bellefonte on Monday on her way to Bakerton, Cambria county, to attend the funeral of her uncle, Edwin G. Henderson, who was buried at that place on Tuesday.

When returning home from her recent buying trip to New York, Miss Elizabeth Cooney was accompanied by her small niece, the elder child of Mr. and Mrs. Ray Stauffer, of Hazleton, with whom she spent a part of the time while away.

Dr. Joseph Brockerhoff returned home Friday, leaving Mr. Pierpont, his fellow traveler, ill in a Philadelphia hospital. Mr. Pierpont was taken sick very shortly after their arrival in Bermuda, necessitating an immediate return to the States.

Mrs. H. F. McClirk left Bellefonte the early part of the week, having been called to Boalsburg Monday, by the illness of her mother, Mrs. Henry Dale. On account of Mrs. Dale's age, of eighty-four years, her condition was regarded as serious.

Miss Elizabeth Parker, who had been with Mrs. Wetzel, on Thomas street, since the Parker house was closed, left Wednesday to join her sisters in Tyrone, to go with them to Atlantic City for the month of March. The Misses Annie and Emily Parker had been visiting with friends in Canton, Ohio, during February.

J. Ross Apina, accompanied by his father, S. S. Apina, left Bellefonte on Monday for Philadelphia, having been appointed a delegate to attend the district agents convention of the Curtis Publishing Co. The appointment came as a reward of merit for his good work as agent for the Curtis publications in Bellefonte.

Mrs. George P. Bible, at present visiting with friends near Boston, is expected to return home at Easter time, very much improved in health. Mrs. Bible has been away for the greater part of the winter on the advice of her physicians, her time being spent principally at Hempstead, L. I., from where she went to Boston two weeks ago.

Mrs. Lucius Hoge, of Wheeling, W. Va., spent last Thursday night in Bellefonte, as a guest of Miss Mary Hunter Linn. Mrs. Hoge had been visiting relatives in Mifflinburg and stopped here on her way home. She is a sister of the late W. P. Duncan, well remembered in Bellefonte and Phillipsburg. Henry S. Linn accompanied her to Wheeling expecting, on his return, to stop off for a few days' visit in Pittsburgh.

Darius Waite and his sister, Miss Ella, had as guests this week their sister and her husband and their sister-in-law, Mrs. Annie Waite Farcey and Mr. Farcey, of Clearfield county, and Mrs. Wilbur Waite, of Halfmoon township. Mrs. Farcey made a short visit with friends at State College during their stay, it being her first visit back since her graduation in 1888. Immediately after leaving the College she started teaching in Clearfield county, married there, raised seven children, has five grandchildren, and three years ago was prevailed upon by the school board to resume her teaching, continuing until a month ago, when she resigned to return to her home duties.

Among the visitors to Bellefonte for Academy minstrel week, during the month of May, will be Mr. and Mrs. A. B. Parish, of Coshocton, Ohio, who will have with them as motor guests, Mr. Parish's aunt, the Duchess Marie, of Mac Maribough, her niece, Countess Anne Von Lang, and her daughter Mademoiselle Louise Von Lang. The Duchess and her traveling companions arrived in America two weeks ago, expecting to spend the summer here visiting and motoring in the States. During their stay in Bellefonte they will be guests of James Parrish, an Academy student and a nephew of the Duchess, upon whose estates in Scotland he was born and where he lived with his parents for the first nine years of his life.

William J. Long, of Duluth, Minn., was in Bellefonte Monday, having come east for the funeral of his mother, Mrs. Ida Long, whose death the "Watchman" noted last week. We hadn't seen Will for years. In fact the last recollection we have of him is as the devil in the Republican office on week days and a very saintly little chap in the Methodist Sunday school on Sundays. He didn't like the printing game and went to Pittsburgh some years ago where he got to helping in the steel mills and soon discovered that there was a worth while place waiting for every worth while worker. Today he is foreman of one of the big U. S. Steel Co. subsidiaries in Duluth and getting on fine. He's married, has a boy seventeen and a girl eleven and his wife is a daughter of Robert Askey, of Pine Glenn.

On Sunday afternoon John Barnes, of Pleasant Gap, with a car load of friends, drove to Mill Hall to see the high water and returning got mixed up in a collision with two other cars near Salona. The one side of Mr. Barnes' car, a new Oakland, was considerably damaged but the other cars were more fortunate. One woman was slightly injured by being thrown from one of the cars.

Peter Adominef, of Munson, was brought to the Centre county jail last Thursday to await trial on the charge of larceny. 10-11

A Taste of Springtime.

Balmy weather, the chirp of robins, wasps crawling on the pavements and water running in rivulets down every gutter last Friday and Saturday was the first taste of spring we have enjoyed this year, and it was a welcome change from the winter weather which has lasted since early last December.

The several days of warm weather took away most of the deep bed of snow with the possible exception of that lying on the north side of the mountains and the natural result was high water. Spring creek, however, was not high enough to do any damage, as it did not rise more than two feet above the normal water mark. Bald Eagle creek was bank full and at some places throughout the valley overflowed onto the lowlands.

An ice jam in the Susquehanna river backed water until the lower portions of Lock Haven were flooded. Many cellars were filled and trains were blocked on Sunday. The water subsided on Sunday night and Monday morning but an appeal was sent to Bellefonte for assistance in pumping the water out of the cellars, and the Fire and Police committee gave the Undine fire company permission to take their engine down to help with the work, a heavy truck being used to haul it to Lock Haven.

The high water from Beech Creek and the Bald Eagle overflowed at Mill Hall and caused some inconvenience there, but did not cause a great amount of damage. Clearfield reported a twelve foot flood but not much damage. The cooler weather of the earlier part of the week prevented any further rise in the streams and it is possible that the greatest danger of high water is now a thing of the past.

Oyster and soda crackers, fresh and crisp, pound 12c.—Weaver Grocery Co. 10-11

Booming the Horseshoe Trail.

A. P. Zimmerman, editor of the State College Times, and Don Cresswell, publicity expert at State College, have been appointed publicity representatives for the Horseshoe trail, the automobile route from Williamsport to Cumberland that is now being boomed by the Central Pennsylvania Hotel Men's association and enthusiastic motorists all along the line.

Another meeting was held at Bedford last Friday and additional committees appointed. E. K. Hishman, of State College, was present and spoke at length upon the possibilities which the trail project holds for the display of spots of historic and scenic interest in the central part of Pennsylvania.

At that meeting eight large display signs, 15x25 feet in size were chosen, to be placed at the larger cities and towns along the route while fifty smaller signs of the same nature will be placed at the less important places. It was decided to mark the poles along the route in the ratio of ten poles to the mile, with appropriate stencils. All markers and signs will be of the type and design already selected by the association and will be placed where they will give the greatest service to the motoring public and incidentally to the towns along the route.

Wynn—Altenderfer.—The principals in a quiet wedding which took place at one o'clock on Wednesday afternoon, at the Presbyterian manse in Bellefonte, were Charles R. Wynn, of Sunbury, and Miss Margaret Altenderfer, of Milesburg, but most of whose life was spent in Bellefonte. The ceremony was performed by the pastor, Rev. David R. Evans, and the only witnesses were Mr. and Mrs. Gerard Altenderfer, Mrs. W. R. Gainfort and Mr. and Mrs. Clark Carson. Immediately after the ceremony Mr. and Mrs. Wynn left on a wedding trip to eastern cities before taking up their residence in Sunbury.

The bride is a daughter of Martin L. Altenderfer and since the death of her mother a number of years ago and up until last spring had been housekeeper for her father. She is a very efficient young woman and Mr. Wynn is to be congratulated upon his choice of a life companion. The bridegroom is employed as a freight conductor on the Williamsport division of the P. and E. railroad, and is a steady and industrious young man.

Mr. and Mrs. C. D. Casebeer have leased the Funk bungalow on Curtin street, expecting to move there from the Brockerhoff house the first of June.
