PLEASANT GAP.

William Barnes, of Johnstown, is visiting here among his old acquaintances.

Farmer John Shuey and wife visited the home of L. A. Miller on Sunday last.

Mrs. Raymond Melroy left for Harrisburg Monday morning, for a brief visit among friends.

Harry Grove and family, of Bellefonte, spent Sunday at the home of Mrs. John Herman.

Mrs. J. C. Grenoble, of Lock Haven, is circulating among her many friends and former associates in this place.

Mr. and Mrs. William Rossman motored to Michigan on Monday and will be absent from home until June first.

There are many grades of lawyers, both in point of ability and character, that there need be no difficulty in finding one for any kind of a job that will insure a fee.

The old poets wrote so much about the fury of women that one is almost driven to the conclusion that the sex was disposed to be vixenish in those times—and very little change up to date.

We had several light frosts recently, but no injury has resulted up to this time, to the fruit. If the frosts holds off for several weeks longer a most prolific crop can be counted on. Cherries and plums were never known to blossom as they did this season.

Our Lodge of the P. O. S. of A. very kindly volunteered to look after all the details of the Memorial ceremonies which is a very commendable act, as our old veterans have all passed away; only two survivors left and they have passed their 80th milestone.

The following names constitute the officers of the Pleasant Gap Sportsmen's club, Camp 776: Ray S. Melroy, president; W. D. Herman, vice president; Freeman S. Hile, secretary; Harry Bilger, treasurer. The club is in a flourishing condition and up to date in every respect.

H. F. Albee, penitentiary electrician, purchased a new large sized Oakland automobile last week. He had a fairly good machine, but inasmuch as he is an up-to-date individual, he thought it wise to invest in a new machine. Both Mr. and Mrs. Albee are expert machine operators.

The Pleasant Gap High school class of 1923 will hold a festival Saturday, May 26th. The Odd Fellows band has been secured to furnish the music. A roaring good time, and an abundance of choice eats will be the order of the day. The High school and their numerous friends respectfully solicit the patronage of the generous public.

George Tate, one of the old-time workmen of Whiterock, was obliged to abandon his work at the quarries last fall on account of a severe attack of rheumatism and other troublesome complications. He has recovered sufficiently to tackle his old job again and went to work on Monday last. George says he will continue working, providing he can earn the money paid him.

We are promised a rare treat on Friday, May 25th, at 8 p. m., at Grange hall. A comedy in one act entitled the "Old Maids Club" will be presented by the woman's Bible class, 4th Reformed church, State College. Some excellent talent will be in evidence; the kind they produce at State. Our people should render a most creditable patronage, since the position is a most commendable one and appeals to all good charitable people. Remember, the everlasting hills will crumble to dust but a charitable act will never be forgotten.

On Wednesday next Fred Roush, of Altoona, and his new wife, formerly Miss Anna Rimmer, accompanied by Miss Bertha Rimmer and Miss Marion Gettig, a jolly good bunch, will motor to Philadelphia; object enjoyment. They expect to spend their time while in Philadelphia with the Centre county delegation. After seeing what they can in the city of Brotherly Love they will go to Atlantic City for a brief stay; thence to Harrisburg, after which they will return to their respective homes. From the make-up of the aggregation, a most enjoyable time is a moral certainty.

The idea of all famous preachers seems to be that christianity is broad

enough to suit the great variety of mankind, and that he is the most successful preacher who succeeds in attracting men to the light, rather than scaring them out of the dark labyrinth into which they have wandered. Simplicity in style, earnestness in manner and honesty in purpose, are the winning points.

The Pleasant Gap baseball club is being reorganized and will no doubt be a howling success since some of our leading citizens have taken up the proposition; among the number are superintendent Blain Mabus, C. K. Stitzer, Squire J. D. Herman, Noll Bros., and others. The Noll Bros. have donated three acres of ground in the rear of and adjacent to the High school. It looks like an assured fact that we will have a baseball club, and a good one. State College and Bellefonte Academy had better guard their laurels now, as competition is the life of trade in the baseball proposition.

Few people attach the importance due to a state road passing through a community; few realize that real estate adjacent to a state public highway increases the valuation of real estate at least 25 per cent. We are favored with one of the best equipped roads in the State; now what does such an improvement prove? The real estate transfers at Pleasant Gap this spring were greater than all the sales combined here for the past ten years. As an illustration: Some years ago a prolific oil field was opened between Pittsburgh and Butler; all available territory was leased by the operatives giving 8 per cent. royalty. Financially, the people along the line improved at a rapid pace; when the yield had run its course and wells dried up a slump ensued. Fine houses had been erected during the days of prosperity, but activity ceased, and it was impossible to realize one third the cost of improvement. About the time the lowest ebb of the market was reached a corporation started to build a brick highway from Pittsburgh to Butler; it was amazing how suddenly conditions changed. Today no real estate goes begging along that line; the real estate men are very busy now transferring homes at fabulous prices. Our state road here today, with a well equipped bus line is a blessing to all along the line.
