### Reforesting the Waste Lands.

John W. Keller, chief of the bureau of silviculture in the Department of Forestry reports that 1,600 pounds of evergreen tree seeds, 1,200 pounds of hardwood seeds and 430 bushels of nuts and acorns were planted in the State nurseries last fall and this spring. This is the largest amount of seeds that has ever been planted in one season in the nurseries operated by the Department of Forestry. Most of this tree seed was sown in the nurseries of the Department of Forestry at Mont Alto, Clearfield, Huntingdon and Greenwood Furnace.

The leading evergreen tree seed sown included white pine, pitch pine, Scotch pine, Norway spruce and white spruce. White ash, hard maple, tulip poplar, black locust, wild black cherry, black walnut and shell-bark were among the principal hardwood seeds that were planted.

### To Speed Up Building at Rockview Penitentiary.

Harrisburg, May 22.—Under an agreement reached by legislation heads speedy construction of the Rockview penitentiary will be urged to relieve congested conditions in the eastern penitentiary. The Welfare Department has favored use of the farm purchased several years ago by the State near New Cumberland for a home for inebriates, for a new prison site and the construction of temporary barracks, but this plan is not considered feasible and Commissioner Potter is said to be satisfied to accept any plan which will solve the problem.

In the budget lump sum item for institutions approximately \$450,000 is allotted for the construction of a tier of 500 cells at Rockview. This tier will be pushed forward to completion and more than \$100,000 appropriated and available for the abandoned inebriate home project is expected to be transferred to aid the Rockview construction work.

The penitentiary conditions were aired today in the House when several members arose on points of personal privilege and expressed their sentiments. Representative McCraig made the declaration that completion of Rockview was the only solution. The House Appropriations Subcommittee on Penal Institutions, of which Representative Heffernan, of Philadelphia, is chairman, visited the New Cumberland site today.
