

NEWS ABOUT TOWN AND COUNTY.

—More than half of the school children's summer vacation is over and the school bells will be ringing before they realize it.

—The condition of Mr. Jared Harper, who was taken to the Bellefonte hospital on Tuesday for an operation, was reported as fairly comfortable yesterday.

—Henry Noll's aeroplane is proving quite a diversion for residents of Pleasant Gap and vicinity, and every evening can be seen sailing through the air over the town.

—Leonard Hollabaugh, of Philipsburg, was brought to the Centre county jail on Tuesday to answer to the charge of desertion and non-support preferred by his wife.

—George Harpster is suffering from a partially crushed foot, the result of dropping a large piece of iron on it while at work Wednesday, at the American Lime and Stone plant.

—The Albright Brotherhood of the Evangelical church will hold a festival and cake walk on the match factory lawn, on Phoenix avenue, Friday evening, July 27th. The public is invited. Music by the Odd Fellows band.

—Troop B, of the 52nd Machine gun squadron, will arrive home tomorrow morning from its two week's camp at Mt. Gretna. While in camp Herbert S. Miller was appointed captain of the troop and Harry E. Sager first lieutenant.

—Joseph Katz, who several weeks ago sustained a broken leg while playing baseball, has so far recovered that he left the hospital last week and is able to entertain his young friends at the home of his parents, Mr. and Mrs. W. S. Katz, on High street.

—The next meeting of the Susquehanna trap shooters' league will be held at Northumberland on Wednesday, July 25th. The State College team, which won the championship in 1915 and 1916, is Centre county's only representative in the league.

—The Odd Fellows band is in great demand this summer for picnics and festivals and every week has two or more engagements to fill. Bellefonte people, however, miss their weekly concerts which were so gratifying the past two or three years.

—The old burglar alarm on the Centre county bank building became quite active on Tuesday afternoon and sent out its clamorous tones for almost an hour. It is the only real article that has been manifest to the public since that institution closed its doors over fourteen months ago.

—Next Wednesday afternoon the Red Cross Well-Baby clinic will be for children of the African M. E. church. All the church denominations have had an afternoon and, while the quota was far below what it should have been, quite a number of new patients were thus added to the regular list of clinic patients.

—The Spencer shows which held forth on the old fair grounds all of last week were not as well patronized as the carnival held here a few weeks ago under the auspices of the American Legion, but it probably had the effect of keeping out of the town the much larger carnival company originally scheduled to show here this week. The Spencer shows left on Sunday for Renovo.

—The members of the Woman's Auxiliary of the clerks and letter carrier's union, of Bellefonte, entertained all the employees of the Bellefonte postoffice at a chicken and waffle dinner at the G. E. Haupt place, last Thursday evening. The honor guest was postmaster John L. Knisely. The dinner was a success in every particular and every one present had a most enjoyable time.

—Prof. J. Orvis Keller, head of the department of industrial engineering at The Pennsylvania State College, is preparing to give a short course in industrial organization and administration at that institution from August 27th to September 8th. It is designed especially for executive heads of industrial enterprises and will be part of the usual summer course training.

—Bricklayers are now at work on the walls for the new Heverly building on the northwest corner of the Diamond, while a force of men are still digging out the foundation for the Dr. Parrish building. The work on the entire block, however, is not progressing very fast and unless greater speed is made within the next few months the snow flakes will fall before the buildings are enclosed.

—The Hazel-Schaeffer reunion will this year be held at Grange park, Centre Hall, on Thursday, August 23rd. The reunion was originally scheduled to be held at Madisonburg in June but on the date set it was impossible to get into the grove where the gatherings have always been held, consequently it had to be postponed, and the committee of arrangements has now decided to hold it at Grange park.

—Wetzler's band of Milesburg is planning to hold a big festival on Saturday, August 25th, at which time they will give away a Ford touring car. The band is in need of additional equipment and has taken this means of securing money with which to get it. A big ball game will be held at Milesburg the same afternoon under the auspices of the band, and in the evening there will be a festival and cake walk.

ANOTHER BIG REAL ESTATE DEAL.

Decker Bros. Buy Garman Property, Corner High and Spring Streets.

The Decker Bros., agents for the Chevrolet automobile, closed a deal on Monday for the purchase of the Garman property on High and Spring streets, the sale price being \$22,500. They will be given possession on August first and as soon thereafter as possible will start work on the erection of a two story fireproof garage, on the vacant lot extending from Spring street back to the rear of the McClain block.

While only tentative plans for the garage have been made it is impossible to give details of the building, but it will be constructed of concrete and brick and made as absolutely fireproof as possible. The main entrance to the garage will, of course, be on Spring street, but a rear entrance will also be provided in the rear of the Holz property.

Inasmuch as the present tenants in the Garman building hold yearly leases the purchasers will not interfere with their possession until next spring. At that time the building will be remodeled, the lower floor to be converted into a show room and office space while the second and third floors will probably be continued as apartments. A big elevator will be installed in the garage proper and the second story used for the storage of new cars.

The Decker Bros. only a year ago purchased their present garage on South Water street but their business has outgrown the capacity of that building and they were compelled to look for another location. For a time they had the Valentine property on the northeast corner of High and Spring streets in view but finally decided on the Garman property as the more advantageous and better suited to their purposes.

They have sold many cars since locating in Bellefonte and on Monday and Tuesday unloaded four carloads of Chevrolet coupes and sedans which will enable them to make delivery of some of their orders which now total between thirty and forty cars.

Potato Growers to Make Auto Tour of Inspection.

Potato growers of Centre county are planning to "strike" on Thursday, July 26th, and join with the farmers of ten other counties in an auto tour and potato field day. The trip will include stops at representative fields of spuds in Blair, Centre and Huntingdon counties, a basket lunch in a shady nook, and will wind up with an inspection of the potato fields at The Pennsylvania State College.

The delegation will gather at the John B. Campbell farm, two miles east of Tyrone, at nine o'clock. There a potato and alfalfa rotation will be viewed. Pleasant View farm is the next stop where the results of using acid phosphate fertilizer will be seen. The famous "hog and potato" two year rotation will claim the attention of the group at the Milo Campbell farm, near Baileyville. Mr. Campbell uses the rotation scheme of ten acres of "spuds," followed by ten acres of "porkers."

LUNCH IN SHADY GROVE. By noon the string of autos are expected to arrive at the farm of A. C. Kepler, near Pine Grove Mills. Thirty acres of potatoes, the largest acreage in Central Pennsylvania, will be the attraction. Basket lunch, with plenty of shade and spring water, will halt the tourists for a short time in the Kepler grove.

The tour will wind up at the College farms where seed source tests, variety tests and other experimental work of interest to every potato grower will be inspected and explained by E. L. Nixon, the "potato wizard" of Pennsylvania. Reports indicate that large delegations will come from Mifflin, Union and Bedford counties, and auto loads are expected from Fayette, Jefferson and Clinton.

Every member of the Centre county potato club is planning for this opportunity to learn something about potato growing and to get better acquainted with the boys.

Two Injured in Auto Wreck.

On Sunday afternoon Mr. and Mrs. Sheldon Haines and two little children, and Lee Burkland, of Ridgway, were victims of an auto wreck near Pine Grove Mills when their Ford coupe skidded on the wet highway and collided with another car. Mrs. Haines had both collar bones broken and Mr. Burkland was injured internally, while Mr. Haines and two children escaped injury.

Mr. Haines and Mr. Burkland are agents for the Fuller Brush company and had been in Altoona attending a meeting of the district agents held there the latter part of the week. Leaving Altoona on Sunday it was their intention to motor to Wilkes-Barre and were on their way when they met with the disastrous accident. Their car was completely wrecked but all were brought to Bellefonte and the injured taken to the Bellefonte hospital. Mrs. Haines was able to leave that institution on Tuesday and took company Mr. Haines and their two children to her home in Nanticoke. Mr. Burkland's injuries, however, are of such a character that he is still under treatment at the hospital, though his condition is not regarded as critical.

The Haines family formerly lived in Bellefonte, Mr. Haines being the manager of the Western Union telegraph office prior to accepting an agency for the Fuller Brush company.

—One hundred and sixty school teachers taking the summer course at State College took a trip to Philipsburg and Morrisdale, last Saturday, in motor busses and cars. At the latter place they went down the slope of the Cunard coal mine and took first hand lessons in mining. The party was composed of young men and women, and the latter showed no hesitation in going down the mine slope.

—The next big gathering will be the annual picnic of the Associated Business Men of Bellefonte, which will be held at Hecla park on Thursday, August 16th. Ordinarily this is one of the largest gatherings of the picnic season and the committee in charge is arranging a very attractive program for the day, which will include baseball, swimming, boating and other sports. Keep the date in mind and help swell the crowd when the day arrives.

—On Friday afternoon Louise Peron, four year old daughter of Mr. and Mrs. Louis Peron, and Harry Gano, six year old son of Mr. and Mrs. Frank Gano, both of Houtzdale, were coasting down a hill in their little express wagon. At a street crossing they ran into an automobile and the little girl died within an hour of the injuries sustained while the boy is in the Philipsburg hospital, seriously, though not fatally, injured. The driver of the car was held blameless for the accident.

—Several weeks ago the "Watchman" told of an old bear and two cubs that were frequently seen in the neighborhood of Runville, but it seems that these are not all the denizens of the forest that are domiciled in that locality. Within the past week or ten days a huge bobcat was seen prowling around in the edge of the forest while rabbits are unusually plentiful and almost as tame as house cats. A good sized flock of young wild turkeys has also been seen and quite a number of pheasants.

—In these days when most young people spend a large portion of their time planning vacations, picnics and about everything else but work it is real refreshing to hear that there are a few old-timers left who are not afraid of work, and among this number can be mentioned our life-long friend, Capt. W. H. Fry, the "Watchman's" eloquent Pine Grove Mills correspondent. The captain was 81 years old on Wednesday and spent the day in the wheat field helping to garner his crop of golden grain. More than that, he has made a full hand in the haying every day and at night responded to calls for his services as a veterinarian. Of course, nine out of ten people in Centre county know Capt. Fry almost as well as we do, but it is worthy of more than passing mention that at his age he is able to make "a hand" in the harvest field and at anything else that comes his way. Truly, despite his years, he is still as young in body as he is in spirit.

—The announcement last Saturday that Ohio stockholders had petitioned the court at Columbus for the appointment of a receiver for the R. L. Dollings Co., stockbrokers of Ohio and Pennsylvania, has been cause for considerable speculation among the thousands of stockholders all over the country. The company has a branch office in Altoona, and has been represented in Centre county by Edward B. Felty. Just how much stock was placed among Centre county people is not known but it is rumored quite a number of people have investments with the company. July 15th was regular dividend day but instead of dividend checks investors received a letter setting forth in brief the nature of the action taken against the company in the Ohio courts and that under the circumstances payment of dividends had been deferred until the court acted upon the petition for the appointment of a receiver. A hearing on the petition will be held in Columbus today.

—The three seventeen ton transformers of the Keystone Power corporation have been safely landed on their concrete foundations at the big transforming station being erected along the road between Bellefonte and Roonsburg. Their transfer from the railroad to their permanent location was slow and laborious work, owing to their extreme weight and unusual size but was accomplished without an accident or mishap of any kind. While the transformers compose the integral part of the new station there is an abundance of other attachments to install before the wires can be connected which will give Bellefonte and outlying sections the additional advantage of a current supply direct from the Warrior Ridge plant of the Penn Central Electric company. When this is accomplished, however, electric users will be safeguarded against any accident at the Milesburg plant of the Keystone Power corporation which might result in the shutting off of the current.

Bellefonte Chautauqua Will Open Its Sessions Tomorrow.

Chautauqua will open its regular summer engagement in Bellefonte tomorrow (Saturday) with the two o'clock session, and a splendid program of worth while events is in store for those who attend. Chautauqua is a great institution covering thousands of cities and towns throughout the United States and Canada, and is one of the most potent influences for civic betterment and community improvement existing today. The Bellefonte engagement of five days should have the support of every man, woman and child who has the best interests of the town and community at heart, and who is vitally concerned in all agencies that uplift and tend toward progress.

The program this season will bring to our town some of the very best musical, dramatic, and platform talent in the lyceum world. The entertainment features will be bright and clean and cheerful, while any one of the lectures will be worth the price of the whole season ticket. The show, "Crossed Wires," is billed as a dramatic triumph, and the parts will be carried by seasoned players. In this varied program the people of the town and county will have the opportunity of hearing and seeing talent that otherwise they likely would never have the privilege of enjoying.

The sale of season tickets will positively close at two o'clock Saturday, and there will be no tickets sold at cut prices. If you buy a season ticket you will be helping meet the guarantee, but if you do not and there is a deficit then that amount will have to be paid equally by the seventy-five public spirited citizens who obligated themselves for the whole amount of the guarantee so as to make Chautauqua possible in Bellefonte this year. Single admissions paid at the gate do not help make up the guarantee. Play fair with your town and buy some tickets. The little town of Picture Rocks, Lycoming county, has supported an \$1800 Chautauqua for many years, and the village has only 600 inhabitants. Why can't Bellefonte, the town that boasts of its culture and traditions, also support this same project to the extent of \$1300?

The following persons have been canvassing the town and will be glad to see that you are supplied with the tickets you need: E. F. Young, J. D. Gonsallus, Earle Teaman, William Osmann, Linette Billett, Elizabeth Hartman, Ruth Teaman, Eleanor Gettig, Edith Houser, Nell Gehret, Mrs. Ward Fisher, Mrs. M. C. Hansen, Mrs. Hornbaker, Mrs. William Hurley, Mrs. W. P. Ard, Mrs. Horace Hartman, Lois Foreman, Verna Ardery, Mrs. Donald Gettig, Mrs. Harry Williams, Mrs. Reed Steely, Mrs. LeRoy Keeler, Miss Katherine Allison, Mrs. Louise Schrad, Mrs. John Stein, Blanche McGarvey, Margaret Dunlap, Mary Shelton, Mrs. Max Gamble, Alice Crawford, Mrs. Harry Garbrick, Mrs. Crowfoot, Coleville; Mrs. J. R. Barlett, Pleasant Gap; Mrs. Fox, Unionville; Kenneth Noll, Zion.

At a meeting of the guarantors and ticket sellers on Wednesday evening the reports showed tickets sold to the amount of \$624.00. As this is not half the guarantee a strenuous campaign for the sale of tickets will have to be carried on if the entire guarantee is to be raised by noon time tomorrow.

A CALL FOR JUNIORS.

The junior Chautauqua superintendent has issued a call for all children who wish to be enrolled with the juniors to assemble at the High school building this (Friday) evening at 6:45 o'clock for the junior parade. As many children as can conveniently do so are asked to appear in costume. The Odd Fellows band will lead the parade.

Good Football Material Assured for Bellefonte Academy.

The athletic committee of the Bellefonte Academy will soon have the football schedule for the coming season completed. The opening game will be on Hughes field and will be with either the Altoona Indians or the Bellwood eleven.

Coach Carl G. Snively has already secured the bulk of his squad from which the first team will be chosen. The boys rank among the best athletes in New York State, Ohio and Pennsylvania, among the number being Blackburn, O'Neill, Breen, Mosko, O'Brien and Archibald, veteran players who will be the nucleus around which the team will be built. The list of new boys will include some widely known High school athletes and young players from several of the best independent teams in western Pennsylvania.

The opening game will be plenty hard enough to test the metal of the new candidates and will determine the lineup for the second game which will be with the Penn Freshmen, at Philadelphia. The latter team has always been considered as the hardest freshman team in the country to beat. A victory over them, which is a possibility, would mean a great deal for the Bellefonte Academy, probably more than any other game to be played.

The regular movie fans, who never miss a night at the Scenic, see all the high-class motion pictures shown at that popular place of entertainment. If you are not a regular you would most appreciate. Only the best films obtainable are shown at the Scenic, and every evening's program is worth seeing.
