Monday's eclipse of the sun, total in southern California and Mexico, but only a small partial eclipse here, was plainly visible to those who were interested enough to watch it, between the hours of four and five o'clock. Such a small portion of the sun was covered by the moon's shadow that its light was not obscured to any appreciable extent.

Several weeks ago the "Watchman" told of the robbery of Rufus Corman's home at Zion; when a watch, a gold ring and a check for \$48 were stolen; the check being cashed the same evening at Schaeffer's hardware store. Miss Zoe Meek, who will be pleasantly remembered by many Centre cautions through her county-wide canvass last fall when she was a candidate for the Legislature on the Democratic ticket, is again located in Phillipsburg as an instructor in the South Phillipsburg schools. Miss Meek taught in that place prior to becoming postmistress of Clarence and it was because of her efficiency at that time that her services were again sought by the board of directors.

The burglar alarms on the Bellefonte banks aren't in it with the electric gong at the High school building when something goes wrong with the mechanism. Any person who doubts this statement can have it verified by asking most any person living within two or three blocks of the school building, who got a very good idea of the bell's tenacity on Monday night. The bell started ringing on or before ten o'clock on Monday night and kept it up at about five minute intervals all night and up until eight o'clock on Tuesday morning. Electricians were working on the bell on Monday evening and must have gotten some wires badly twisted or improperly connected and the result was the bell just kept on ringing, establishing a wonderful record as a sleep disturber.

JAPANESE RELIEF FUND.

Bellefonte Chapter Red Cross Has \$964.00 in Paid Subscriptions.

A meeting was held in the court house on Tuesday evening in response to an appeal of the Bellefonte Chapter of the Red Cross in an effort to raise the town's quota of \$1500 for the Japanese relief fund. The meeting was not as largely attended as it should have been and the result was Bellefonte's quota has not yet been met. The Red Cross, however, has received the sum of \$964.00 paid up subscriptions and hope the people of Bellefonte will respond quickly in making up the balance of the quota. The contributors to date are as follows:

Table listing donors and amounts for the Japanese Relief Fund. Includes names like A. Blanche Underwood, Charles Schlow, and various churches and individuals.

The above list represents the actual amount of cash in the hands of the treasurer, Mr. McCurdy. Enough pledges have been made to almost cover the town's quota, but credit has been given above for only the actual amount of cash paid in.

A. on Monday and Tuesday evenings of each week and all who can and will take part are requested to report at the Y. M. C. A. next Monday evening at 7:30 o'clock.

Mr. Noss had charge of the same production which was given in Bellefonte sixteen years ago, and which will be remembered as one of the best musical numbers ever given in this community.

Attacked by Blacksnake.

One day last week as T. Collins Shoemaker was motoring along the road in the vicinity of Oak Hall, contemplating the sale of a Ford car, his attention was attracted to a large blacksnake alongside the road. He stopped his car, got out and threw a stone at the snake in an effort to kill it. The stone just grazed the reptile and quick as a flash it started for Mr. Shoemaker. Fortunately he was able to get hold of a big stick lying nearby and gave the snake a blow that put him out of the running. He then killed the reptile, which measured five and a half feet. Collins brought the dead snake with him to Bellefonte as proof of his story.

Bellefonte Lutherans Will Greatly Improve Church.

At a congregational meeting held in the Lutheran church last Sunday the members voted to expend five thousand dollars on improving the exterior of their church by the application of stucco work. Just what shape, or what kind of material will be used has not yet been decided. In fact a committee headed by Rev. W. P. Ard went out to Johnstown yesterday to look at one or two churches there which are finished in stucco work. Brick and native limestone are among two of the materials being considered and a decision will likely be made in the near future, as it is the wish of the congregation to have the work completed this fall.

In addition to the work to be done on the exterior of the church about one thousand dollars will be spent on improving the basement of the church, especially as to the ventilation.

Schools and Colleges Opened.

While the Bellefonte public schools opened on Tuesday of last week the registration was not completed until Friday, when it was revealed that the attendance this year exceeds that of last year by fifty-five pupils, there being a total of 958 against 903 last year. Of the above number 272 are in attendance at the Brick school building; 356 in the grades at the Allegheny street building and 340 in the High school. Registration in the High school last year was 326.

The Bellefonte Academy opened on Wednesday of this week and while the registration is not yet complete indications point to the fact that the school will be filled up, probably to capacity. Among the new boys are many promising athletes, and there is every likelihood that athletic director Carl Snavely will not lack for material for his various athletic teams.

Change of Time of Red Cross Clinic.

The Red Cross nurse, Mrs. Merrill Hagan, after a month's vacation, returned to duty September first and spent a week at the Grange picnic with Mrs. Maude Jones, Red Cross nurse of State College. All the activities of the Red Cross health center will be continued as usual, except a change in hours for the Well Baby clinic. This will hereafter be conducted from 3 to 4 p. m., with a physician in attendance from 3 to 3:30. Dr. LeRoy Locke will have charge of the clinic during the month of September.

There are now seventy-five babies under observation and mothers who have not had their babies to the clinic should take them to be weighed, measured and looked over. Not only babies but children under school age are welcome. A class in home hygiene and care of the sick will be started at an early date and will be open to any one desiring the course.

The diphtheria clinic will be continued for several weeks longer that an opportunity may be given to parents wishing the toxin-antitoxin inoculations for their children. There were six new patients this week and permit blanks may still be secured from Miss Daise Keichline, east Bishop street, Bell phone 198-J.

Four State College Students Injured in Auto Accident.

On Saturday evening six State College students were on their way to Bellefonte in a big Cadillac car and in the neighborhood of the Daniel Grove farm they attempted to turn out to pass another car when their own car skidded and overturned into the ditch by the side of the road. Two of the young men escaped with only a bad shaking up but the other four were injured and were picked up by passing motorists and brought to the Bellefonte hospital. They are Theodore Cunningham, who sustained lacerations of the scalp. Raymond Acheson, lacerations of the scalp and bruises. Frederick Artois, lacerations of the scalp, contusions of the elbow, with an X-ray examination necessary to determine extent of injury. The young man has also been spitting blood. The fourth student is Elias Hawkins, who sustained a fracture of the left leg above the knee. The accident happened about 8:15 o'clock.

A Ford car driven by a Mr. Shuey, of Houserville, and a Chevrolet car crashed together on the state road between Bellefonte and Milesburg, on Saturday evening, both cars being pretty badly damaged. None of the occupants of the cars, however, were seriously injured.

Offenders Plead Guilty and Sentenced.

At a special session of court on Monday morning H. Garfinkle, brought to the Centre county jail from Phillipsburg last week, plead guilty to having sold intoxicating liquor and was sentenced to pay a fine of \$500 and undergo imprisonment in the county jail for a period of one year.

Tony Luke, also of Phillipsburg, plead guilty to the charge of driving a car while intoxicated, running into another automobile and not stopping to ascertain whether anybody was hurt. He was sentenced to pay the costs of prosecution and undergo imprisonment in the county jail for a period of three months to date from the time he was brought to the county jail, about three weeks ago.

Emory Hugh, who lives near Morrisdale, plead guilty to the charge of driving a motor car in Phillipsburg while intoxicated. Inasmuch as it was his first offense the court suspended sentence on his promise to pay the costs and abstain from drink in the future.

Early in August Mr. and Mrs. John Radzynski, of Rush township, were arrested for making and selling liquor. The man plead guilty to the charge on August 7th and was sent to jail for three months. On Monday Mrs. Radzynski was called before the court and questioned in regard to her conduct since her husband was sent to jail. She declared that she had stopped making whiskey and was trying to support her children, but it was a hard job. The court in discharging her stated that the overseers of Rush township should assist the woman so she can send her children to school. He also intimated that her husband might be paroled before the expiration of his sentence, so as to support his family.

Cattle Dying on the Mountain.

For many years it has been the custom of farmers in Bald Eagle valley to turn their young cattle out to pasture on the Allegheny mountains during the summer season. During the past four or five years cattle owners in the lower end of the valley, especially in Curtin, Howard and Liberty townships, have lost many head through some unknown disease, and this season is again bringing in toll of death. According to a statement from a well known resident of that locality twenty or more head of cattle have already died.

The disease seems to be extremely fatal as the animal generally dies in less than twenty-four hours from the time it shows signs of ailing. In past years veterinarians have endeavored to locate the disease without avail and the only means of saving the cattle was in taking them out of the woods. This course will likely be followed this year.

Edward Fiddell Will Face Court.

One of the quarter sessions cases which will come up for trial at the regular term of court week after next will be that of Edward Fiddell, for escaping from the western penitentiary and complicity in the attempted escape from the Centre county jail early in August. It will be rather interesting to hear the prisoner's defense in the matter of breaking and escaping from the western penitentiary. He left that institution in company with several other prisoners and was captured a week later in Chicago, Ill., his old home city. After being brought back and incarcerated in the Centre county jail he became extremely abusive and was rather extravagant in making threats against everybody who had anything to do with his arrest and detention.

In the attempted jail delivery on August 2nd Fiddell played a very minor part, but it is the general opinion that his was the master mind that planned the affair, which failed of success principally through the bravery of the sheriff's wife and daughter. If Fiddell persists in his determination to stand a jury trial, there is little doubt of his conviction, and such being the case he will likely be given the limit the law allows.

Dr. Clarence Adams will preach in the Baptist church at Milesburg at the regular services Sunday evening, at 7:30 o'clock. The public is invited to turn out and hear him.
