A Basketful of Eyes are Ruined Yearly by Carelessness.

Some people would take a chance at cutting their own hair if they thought their friends wouldn't get next. This may cause you to smile, but the fact remains that many eyes are ruined yearly by people trying to be their own optometrist, thinking to save money. Service is entirely overlooked by these people, who are willing to save a little now and lose much later on.

I practice Optometry, the drugless science of fitting glasses. Dr. Eva B. Roan, Optometrist. Licensed by the State Board. Bellefonte every Wednesday afternoon, and Saturday 9 a.m. to 4:30 p.m. Rooms 14 and 15 Temple Court building. State College every day except Saturday. Both phones. 68-1
