Bellefonte, Pa., September 21, 1923.

NEWS ABOUT TOWN AND COUNTY.

A freight wreck at Port Matilda, last Friday, made it necessary to divert both the east and west Pennsylvania-Lehigh trains by way of Lewistown and Sunbury.

A benefit food sale will be held in Olevine's hardware store, all day Saturday, September 29th. The proceeds to go to the Episcopal church school service league.

The American Legion auxiliary will hold a card party in the Legion rooms in the Centre County bank building Tuesday evening, September 25th. Admission, 25 cents. Everybody welcome.

The regular monthly meeting of the mother's assistance committee of the county, was held at the home of Mrs. Frank, at Millheim, Wednesday. Bellefonte was represented by Mrs. John S. Walker, Mrs. W. F. Reynolds and Miss Mary H. Linn: State College, by Mrs. Frank Gardner, and Phillipsburg, by Mrs. McGirk and Mrs. L. J. Nuttal.

The Colonial restaurant in the McClain block has again changed hands, Donald Gettig selling out to John F. Marks, who took charge on Saturday. Mr. Marks for a number of years had been purchasing agent at the western penitentiary at Rockview and his experience in that line should enable him to make a success of his new venture.

Bellefonte people have had a real taste of fall weather the past week, the mercury dropping most every night to below forty degrees while on Monday morning it was down to thirty-three. While there have been frosts a number of mornings they were invariably followed by dense fogs so that comparatively little damage has been done.

Toner A. Hugg is accumulating quite a zoo at his kennels in Milesburg. He now has a pair of foxes, a pair of wolves and fourteen snow white Eskimo dogs. The aggregation attracts considerable attention, especially from touring motor parties who frequently stop to look at the animals. The kennels are nicely laid out and kept in splendid condition.

An instance of how the airplane has annihilated space was demonstrated last Saturday. The Dempsey-Firpo fight was held at the polo grounds in New York city at nine o'clock Friday night. An airplane with pictures of the fight passed over Bellefonte at 1:30 o'clock Saturday morning, reaching Cleveland, Ohio, at four o'clock. At nine o'clock the regular mail plane east brought to Bellefonte Cleveland papers containing pictures of the fight pulled off in New York just twelve hours previous.

Both fire companies with all their equipment were called out on Monday afternoon in response to an alarm of fire at the Beezer garage. Their services, however, were not needed as the fire was in a pile of refuse outside the boiler house and the men at the garage had it under control when the fire companies arrived on the scene. Just how the fire originated is not definitely known but as the pile of refuse contained a considerable quantity of old oily waste it was possibly the result of spontaneous combustion.

The 93rd annual meeting of the Centre Baptist association will be held in the Baptist church, at Milesburg, September 25th, 26th and 27th. The sessions will begin on Tuesday afternoon with the 43rd anniversary of the Woman's Missionary society, with a praise service in the evening. Association meetings will be held all day on Wednesday. An interesting feature of the Wednesday afternoon session will be a historical paper on the Milesburg Baptist church, by Miss Ella Levy. The sessions will close on Thursday evening with a meeting in the interest of the Young People's society.

Miss Helen Stover, daughter of Mr. and Mrs. Charles Stover, of Phillipsburg, is being acclaimed a heroine because of her alertness and presence of mind in rescuing Mrs. James McTigue, of Rush township, from a perilous situation and possible death. The two women had gone out after choke cherries and Mrs. McTigue was in the act of walking across a railroad bridge when she heard the approach of a passenger train. The whistle of the train so unnerved her that she fainted and dropped to the track. Miss Stover rushed to the middle of the bridge, grabbed the prostrate woman by the shoulders and dragged her out of danger just as the train rushed by.

The rehearsals for "The Coming of Ruth," the dramatic cantata to be given for the benefit of the Bellefonte hospital are progressing splendidly. The music is of such charm and beauty as to arouse much enthusiasm on the part of the participants. By some inquiry we have obtained a little information concerning the author of this beautiful work. Dr. W. T. Noss is a native of this State, a graduate of Shippensburg Normal and of Allegheny College, having the degrees of M. A. and L. L. D. For several years he was professor of mathematics at Palmer College, Albany, Missouri. One of his teachers was the great Hugh A. Clark, of Philadelphia, known to all music lovers. Dr. Noss is author of "The Glory of Israel," "The Great Evangel" and several other musical numbers, in addition to "The Coming of Ruth." Rehearsals in the Y. M. C. A. Monday and Tuesday of next week.

TUESDAY'S PRIMARIES.

Democrats Nominate a Splendidly Strong Ticket.

Tuesday marked the close of the preliminary skirmish for county and district offices in Centre county.

On the Democratic side there were only four contests and fewer aspirants than the Republicans had so that there was little if any interest taken in the fight. Every one felt that any one of the aspirants would have made a candidate behind whom the party could have hopefully rallied. Taylor for sheriff defeated Breon by 990 votes. The result was not discreditable to Mr. Breon. He is a young man who had never figured in county politics before and had to combat the feeling that Taylor was entitled to a chance to redeem his defeat of four years ago and that the public has realized that it has an obligation to the soldiers of the world war that it wants to discharge.

The contest between Smith and Carson for Treasurer, resulted in a victory for Smith of 715. Mr. Carson received a very complimentary vote when it is considered that he came into the field months after Mr. Smith had announced and too late to make a thorough canvass of the county.

The really surprising contest was that between Hoy and Geiss for Recorder. Almost at the eleventh hour Mr. Geiss decided to enter the race and the fact that he lost by only 61 votes is evidence that he has many friends among the Democrats of the county.

For Commissioner Swabb and Searly won. They ran very close in the county there being only 67 votes difference in the totals. Both defeated Mr. Yearick, the present minority Commissioner by over 300 and Burdine Butler by nearly a thousand.

WHERE THERE WERE REAL FIGHTS.

While the Democrats developed nothing more than a friendly contest the Republicans, for every office but one for which there was no contest, showed the effects of being in power too long by fighting like cats and dogs. Double-crossing, ingratitude, treachery and jockeying for supremacy in control of the party machinery was in evidence in every contest, with the result that several candidates who deserved a better fate at the hands of the party they have so loyally served were chucked into the discard—thrown away like an old shoe and the favors given to those who have never done more than vote the ticket and some of them have only recently done that.

In Bellefonte borough there were no contests of any account except for the office of overseer of the poor, Alexander Morrison and Thomas Fleming being the Republican nominees and Miss Anne Badger and Wm. Rider the Democratic. Borough council nominations include John S. Walker, in the North ward; Harry Walker, Republican, and Harry Badger, Democrat in the South Ward. As there are two to elect in the South both are assured of a seat at the council table. John L. Dunlap was the only candidate in the West ward. Dr. M. J. Locke was renominated for school director on both tickets and M. T. Eisenhauer for borough auditor.

The county ticket as they will appear on the ballot at the election in November are as follows:

DEMOCRATIC.
Sheriff—E. R. Taylor, of Bellefonte.
Prothonotary—S. Claude Herr, of Bellefonte.
County Treasurer—Lyman L. Smith, of Centre Hall.
Register—Forrest S. Ocker, of Miles township.
Recorder—Sime H. Hoy, of Benner township.
County Commissioner—John S. Searly, of Benner township, and James W. Swabb, of Harris township.
District Attorney—Arthur C. Dale, of Bellefonte.
County Auditors—Jonathan S. Condo, of Marion township, and Herbert H. Stover, of Miles township.
County Surveyor—H. B. Shattuck, of State College.

REPUBLICAN.
Sheriff—William H. Brown, of Bellefonte.
Prothonotary—Roy Wilkinson, of Bellefonte.
County Treasurer—James O. Heverly, of Bellefonte.
Register—Harry A. Rossman, of Spring township.
Recorder—Lloyd A. Stover, of Spring township.
County Commissioners—Harry P. Austin, of Milesburg, and George H. Yarnell, of Walker township.
District Attorney—John G. Love, of Bellefonte.
County Auditors—Samuel B. Holter, of Howard, and Robert D. Musser, of Gregg township.
County Surveyor—H. B. Shattuck, of State College.

A detailed report of the vote cast in each district in the county will be found elsewhere.

A Splendid Testimonial.

The vote in Benner township shows what the people of that district thought of their home candidate for County Commissioner.

John Searly has lived among them practically all his life. For fifteen years he has been the township tax collector. He has been treasurer of the road fund, secretary of the school board and assessor; all positions that only a fair and capable man can fill without making enemies somewhere.

That Mr. Searly is regarded as not only a good citizen and neighbor but a most satisfactory township official was shown on Tuesday when he received every vote but three in the two precincts of his home township.

School teachers should make their reservations at the Brockerhoff house now for teachers' institute. 37-2t

Meeting of Woman's Club.

The first meeting of the year of the Woman's Club will be held Monday evening, September 24th, at 7:30, in the auditorium of the High school. The president desires a full attendance.

Football at the Academy.

Training of the Bellefonte Academy football squad is becoming more strenuous every day in anticipation of the opening game with the Potts College team, of Williamsport, on Saturday, September 29th. This team is composed of all college players and as it will doubtless be a grueling contest coach Carl G. Snavelly is leaving nothing undone to get his men in shape.

The Academy squad at present numbers about thirty men and every one of them is doing his best to make the team. If the heavy men win out the team will average 180 pounds, but coach Snavelly is placing most of his emphasis on speed so that the lighter men may be picked, in which event the team may not average over 170 pounds to the man. Among those who are showing up good are Grim, of Beaver; Buyny, of Vandergrift; Stoops and Di Meole, of Coraopolis; Walsh, of Trenton. Breon, Blackburn and Whitman are promising line men, while Cutler, Guarino and Welch are showing up well in the backfield.

Decker Bros. Break Ground for New Garage.

The Decker Bros., agents for the Chevrolet car in Centre county, broke ground on Monday for their new garage on Spring street, on the property purchased from the Garman estate. The building to be erected at present will be located between the old Daniel Garman residence on the corner of High and Spring streets and the Holz property on Spring street, and will extend back to the corner of the McClain block. The building will be two stories high with a basement.

The property purchased by the Decker Bros. from the Garman estate includes the ground on which the store of Joseph Thal stands but that gentleman, unable to find another desirable location, last week purchased the site he has occupied for so many years. In fact his purchase includes a strip of ground fifteen feet in width and a little over sixty feet in depth which will enable him, at any time he desires to do so, to erect a more commodious room thereon.

Where Mr. and Mrs. North Will be Located.

The "Watchman" has repeatedly told of Mr. and Mrs. W. R. North going to China to engage in educational missionary work for a period of five years. Mr. and Mrs. North started from San Francisco on Tuesday on the steamship Tenyo Maru and because of the fact that Mrs. North, before her marriage, was Miss Sara Shuey, of Bellefonte, most anything in connection with the place where they are going will be of interest.

They will be located at Chengtu, fifteen hundred miles up the Yangtze river from Shanghai. The west Chinese are a virile race, with a cosmopolitan spirit of progressiveness. The soil is as rich as the people vigorous, seven crops being raised in one season. Transportation, however, is lacking to put the wonderful products of the country on the market. The only road in the province is the "Big Road," connecting Chungking, the port, with Chengtu, the capital, and it is only a paved footpath, over which a coolie carries the traveler in a chair, or over which one rides on the back of a pony. There is no wagon road and no wagon.

Presbyterian Congregation Elects Committee to Select Pastor.

Dr. Samuel Martin, of State College, officiated as moderator over a congregational meeting in the Presbyterian church on Sunday morning for the purpose of electing a committee to select a new pastor to succeed Rev. David R. Evans, who recently resigned to accept the pastorate of the Knox Presbyterian church at Kearny, N. J.

The committee selected includes two elders, William B. Rankin and Charles Gilmour; two trustees, Arthur H. Sloop and Charles F. Mensch, and four from the congregation at large, Misses Anne Hoy and Olive Mitchell, Col. J. L. Spangler and Charles M. McCurdy.

Following the selection of the committee Miss Hoy made a rather appealing little talk in which she pleaded for unity in the selection of a new pastor as well as unity in the support of the man who is finally called as leader. She had no hesitation in stating that the Presbyterian congregation is composed of two distinct factions, conservatives and progressives, and instead of harmonizing their differences in opinions they antagonize each other with the result that the pastor is not given the united moral and spiritual support of the entire congregation. Because of these well known differences in the past Miss Hoy urged entire unanimity in the selection of a new pastor and united support after he is chosen.

It is understood that the clerk of the sessions has received a number of applications from ministers who would like to come to Bellefonte and all will be invited to preach trial sermons in due time.

Miscellaneous Business Transacted by Borough Council.

For some time past the Finance committee of Bellefonte borough council has had under consideration the question of requiring the treasurer of the Pruner orphanage fund to give a bond, inasmuch as he has in his possession upwards of \$25,000 in cash and government bonds. The matter was taken up with the Tyone borough council and according to a communication received from the secretary of the Tyone council and read at Monday night's meeting of the Bellefonte council, they consider it a matter for the trustees of the orphanage to look after. The matter was referred to the Finance committee and borough solicitor to determine who is responsible for the safe keeping of the fund, and report at next meeting.

The Street committee reported various repairs on streets, a number of pavements grades given, several culverts opened and turned in \$2.25 for the sale of terra cotta pipe.

The Water committee reported that the water line to Coleville is now being laid under the supervision of the borough manager.

Mr. Flack, of the Fire and Police committee, stated that the time of year is here for firing the boilers at the two hose houses, and recommended that the police be required to fire them as in past seasons. The recommendation was approved by council.

The Finance committee asked for the renewal of notes totalling \$20,400, and also reported the borough duplicate completed and turned over to the tax collector. The tax for 1923 includes \$9,659.74 for borough purposes; \$9,659.74 for interest and \$19,305.45 for streets, or a total of \$38,624.93.

Regarding the hitching posts along the Potter-Hoy hardware store on north Water street, about which complaint was made at a previous meeting of council and which have been condemned as dangerous because of the narrow street, the Fire and Police committee was instructed to have them removed.

Mr. Cunningham inquired as to what is being done toward the opening of north Water street and the borough manager stated that an experienced contractor had been on the ground within a week and gave it as his opinion that the street as originally surveyed would be too steep a grade. The matter was taken up with John McCoy and there is a probability of his agreeing to a change in location which would reduce the grade considerably. The Street committee was instructed to hasten negotiations so that if the change is permitted the work of opening the street can be done this fall.

Charles F. Cook, A. C. Mingle and Mrs. M. E. Brouse, members of the Bellefonte school board, appeared before council to back up the borough manager in his statement that a new underground culvert is badly needed along the High school grounds on Lamb street to take care of the surface water from Lamb, east Linn and north Allegheny streets. The old stone culvert put down many years ago is clogged up a good part of the way and in very bad condition. The borough manager stated that it would probably require a twenty-four inch pipe to carry off the water during hard rains. That size terra cotta pipe will cost \$2.25 per foot while George E. Rhoades & Son have offered to furnish the same size concrete pipe and lay it for \$3.50 a foot, the borough, however, to dig the ditch and cover the pipe. The distance is 364 feet and the cost for the terra cotta pipe, exclusive of laying, would be \$819, while the concrete pipe laid, but not counting the expense of digging the ditch and covering the pipe, would cost \$1274. In addition to the underground culvert it will also be necessary to put down an open gutter to take care of the surface water on Lamb street and the school grounds. The school board is of the opinion that council should bear the entire expense of both culvert and ditch but members of council are otherwise inclined and the matter was finally referred to the Street committee and borough manager for further investigation and report at next meeting.

Mr. Brouse reported that the old town horse is not what it used to be and stated that he is of the opinion that it would be a wise investment to purchase a truck for the use of the borough. Mr. Seibert stated that a Ford truck with a dump body can be bought for \$950, and after some discussion the matter was referred to the Street committee with power.

Bills were approved to the amount of \$4240.85, after which council adjourned.

School Teachers Invited to Lunch at Brockerhoff House.

The Bellefonte Trust company has sent out one hundred invitations to school teachers in Bellefonte, Milesburg and Unionville boroughs, Boggs, Benner, Huston, Marion, Patton, Spring, Union and Walker townships, to be the guests of the company at a luncheon at the Brockerhoff house at twelve o'clock tomorrow.

The meeting will be held for the purpose of explaining the value of teaching thrift to the pupils and to establish banking in all of said schools where the banking system has not already been installed.

The Harding memorial postage stamp has been on sale at the Bellefonte postoffice for almost two weeks, this being one of the first offices in this part of the State to receive them.

They came up with Mr. Johnston, who is judge of election and brought the returns for Howard township. Mrs. Johnston is a daughter of George W. Capt. John R. Lemon and Dave Wertz drove to Bellefonte from their home in Gettysburg on Saturday morning, and had a day's business transacted before noon so that they had some leisure for calling on friends. The Captain is looking mighty well, showing none of the effects of his serious illness of last year. They motored here from their home in Chestertown, Maryland, where Harry has been very successful in the jewelry business. When a boy he started to learn the printing game and was a most pleasing little "devil" in this office up to the time he went in for horology, and we can't say that he made a mistake for had he stuck he might have been a poor printer, like the rest of us, whereas he is now rolling around in a limousine enjoying the fruits of a business that has something more than glory for its reward.

Daggett. Outside parties had been in Bellefonte during the past week negotiating for the purchase of Mrs. Daggett's interest but Mr. Daggett decided to take over the property for himself.
