## Frank Wingard, of Coburn, Cut to Pieces by Circular Saw.

Frank Wingard, a well known resident of Coburn and a member of the lumbering firm of Staggett and Wingard Bros., was literally cut to pieces on his own saw mill about 7:30 o'clock on Tuesday morning. The firm was operating on what is known as the Allen tract, some distance from Potters Mills, and Wingard was the sawyer on the job. The mill had been in operation only about twenty minutes on Tuesday morning when the accident happened. Wingard had gotten down to the last cut on a log, which is always the hardest one to make, and while none of the workmen are in a position to state definitely how the accident happened it is presumed that in some way Wingard lost his footing and fell onto the swiftly revolving saw. One leg was completely severed from the body, an arm was cut off and the body was cut in two just below the heart. Among the workmen on the mill was the unfortunate man's brother, George Wingard, who was offbearing, and he almost collapsed at the horrible sight.

The remains were gathered up by fellow workmen and others hastily summoned to the scene of the tragedy and Squire Frank A. Carson, of Potters Mills, notified. He went to the mill as quickly as possible, but after learning all the facts possible in connection with the accident deemed it unnecessary to hold an inquest.

Mr. Wingard was forty-six years old and was a son of Mr. and Mrs. Linderman Wingard. He had been a resident of Penn township most of his life. He married Miss Arabella Gates who survives with one son, Coleman Wingard. He also leaves his mother, one brother and two sisters, namely: George Wingard, of Coburn; Mrs. George Hosterman, of Aaronsburg; and Mrs. George Kerstetter, of Coburn. He was a member of the Evangelical church and Rev. T. B. Snyder had charge of the funeral services which were held at two o'clock on Thursday afternoon, burial being made at Coburn.

## Deer Hunting Season Drawing Near.

The deer hunting season will open one week from tomorrow and several days before that date the general exodus to the mountains will begin. While Centre county has many square miles of deer territory the Seven mountains has afforded the best hunting for some years past and it is to that vast wooded section that the majority of hunters will go, though a few hunting parties are still inclined to try their luck on the Alleghenies. Sugar valley offers good sport for both deer and bear, as a number of both kinds of animals have been seen in that section by small game hunters during the past month. One section of the county that attracts few hunters are the Barrens, notwithstanding they are within easy reach and afford a splendid field for day hunters. Many deer are to be found in this wooded section but it is no place for bear hunters, as there are no rocky fastnesses in which they can hide or den. But it is quite probable that the majority of hunting parties have their camp sites picked out and already making arrangements for their trip next week.

## Benton D. Tate Injured in Auto Wreck.

Benton D. Tate, the oldest employee, in point of service, at the Bellefonte exchange of the Bell Telephone company, had several ribs in his right side fractured and suffered other injuries in an auto wreck near Dale's Summit, about twelve o'clock on Sunday. Mr. Tate had taken his young niece, a daughter of Mr. and Mrs. Kirk Tate, of Lock Haven, for a ride and his car was run into by a car from State College coming towards Bellefonte. Both Mr. Tate and his niece were thrown out but the girl escaped with several bruises, and was able to go to her home on the Sunday afternoon train. The driver of the car that caused the wreck stopped and brought Mr. Tate and his niece to Bellefonte. While the veteran line-man's injuries are not serious, they are sufficient to lay him up for a few days, at least.

Hon. Cyrus Woods, American Ambassador to Japan, with Mrs. Woods, arrived in San Francisco on Wednesday of last week on his way to Washington and eventually his home in Greensburg. While in Washington Mr. Woods will probably make a first hand report on the earthquake in Japan.

## Centre County Man Dies in Western Penitentiary.

B. Paul Swartz, serving a term in the western penitentiary at Pittsburgh for threats and attempted extortion, died in that institution last Friday as the result of chronic myocarditis. Several years ago he was injured in the uprising at the penitentiary and had been compelled to use crutches ever since. According to the records at the penitentiary Mr. Swartz was a well-mannered prisoner and had a clear record.

The remains were brought to Centre county on Sunday and taken to Howard, his old home, where they were conveyed to the undertaking establishment of Lot Neff. Funeral services were held on Monday afternoon by Rev. Mayer, of the Evangelical church, and burial made in the Schenck cemetery.

Mr. Swartz was sixty-eight years old and spent most of his life at Howard. In January, 1916, he and a young man by the name of Charles Columbine were arrested on the charge of attempted extortion and threats preferred by W. H. Thompson, a liveryman, at Howard. The charges were based on written notices tacked on Mr. Thompson's barn demanding a sum of money as protection against having his barn set on fire. Swartz and Columbine were arrested and the latter made a confession, implicating Mr. Swartz as the instigator of the plot to extract money from Mr. Thompson. Both men were tried at the February term of court that year and convicted. A motion for a new trial was overruled at the May term of court and Mr. Swartz was sentenced to not less than ten nor more than fifteen years in the western penitentiary, while Columbine had jumped his bail and disappeared. An appeal in the Swartz case was taken to the Superior court but on January 2nd, 1917, that body handed down a decision affirming the findings of the lower court and the next day Swartz was taken to the western penitentiary to begin his long sentence.

In the meantime Columbine was caught in New York State and on being brought back was sentenced to from eighteen months to three years in the penitentiary.

RIDER.—Miss Amy Rider, a native of west Ferguson township, died at the Blair county hospital early on Monday morning as the result of a complication of diseases. She was a daughter of John and Sarah Rider and was born at Gatesburg, Centre county, on November 29th, 1844, hence was almost seventy-nine years old. Surviving her are three brothers and three sisters, namely: William Rider, of Washington, D. C.; George and Mrs. Susan A. Smith, of Marengo; James, of Stormstown; Mrs. Emma J. Kinsel and Mrs. Benjamin Boyer, of Bellwood. The remains were taken to Gatesburg on Wednesday morning, where funeral services were held and burial made in the Lutheran cemetery.

GLOSSNER.—Mrs. Mary Glossner, widow of Samuel Glossner, died on Sunday morning at the home of her daughter, Mrs. Peter Robb, in Lock Haven, following an illness of two weeks. She was past eighty years of age and most of her life had been spent at Howard and Romola. In addition to the daughter mentioned above she leaves one son, G. D. Glossner, of New Castle, two brothers and one sister, David and William Wensel, of Howard, and Mrs. Margaret Gunsallus, of Centre Hall. Burial was made at Romola on Tuesday afternoon.

JOHNSTON.—Thomas David Johnston, sheriff of Clinton county since the first Monday in January, 1920, died at his home in Lock Haven Saturday, following a year's illness. He was sixty-four years old and prior to being elected sheriff was superintendent of the Hayes Run Fire Brick company, at Orviston. During his illness the work of the sheriff's office had been handled by his son and deputy, Harrison Johnston, who will continue until the recently elected sheriff is sworn in the first Monday in January.

BLAIR.—Samuel Howard Blair, yardmaster for the Pennsylvania railroad company, at Tyrone, died at the Altoona hospital on Saturday afternoon following an operation. He was taken ill on Thursday night and taken to the hospital Saturday morning. He was a son of the late S. S. Blair, for many years superintendent of the Tyrone division, and was fifty-one years old. His wife and one daughter survive. Burial was made in the Eastlawn cemetery, Tyrone, on Tuesday afternoon.

FULMER.—Injured in an automobile accident eight years ago Frank J. Fulmer, of South Philipsburg, died as the result thereof on Tuesday morning of last week. He was seventy-six years old and a native of Milesburg. He is survived by his wife, ten children and two brothers. The remains were taken to Drifting where burial was made last Thursday morning.

Early this week the Public Service Commission at Harrisburg handed down a decision in favor of the Keystone Power corporation, granting it the right to go through the properties of Sinie H. Hoy and Clement Dale with its high power service line to connect with the Penn Public Service corporation.

Col. J. L. Spangler is a surgical patient in the Presbyterian hospital, Philadelphia, slowly recovering from a recent serious operation.

## What Borough Council Did in Thirty Minutes.

Bellefonte borough council was in session but thirty minutes, on Monday evening, during which time they disposed of about the usual routine business.

Secretary Kelly presented a permit issued by the State Highway Department to the Hagan Paige-Jewett garage, of south Thomas street, for the putting down of a gasoline tank. The tank had already been placed, as the proprietors of the garage did not know they were expected to get a permit from the borough.

Secretary Kelly also reported that treasurer Ginter, of the Pruner Orphanage association, has acquiesced in the demand of council that he give a bond commensurate with the amount of securities in his possession.

The Street committee reported digging the ditch for a sewer line on Church alley, and returned \$6.00 for the sale of stone.

The Water committee reported the receipt of \$12.00 from Mrs. Betty Orvis Harvey for filling swimming pool at the ex-Judge Orvis residence on Curtin street. The committee also recommended that the uncollected portion of the 1922 water duplicate and meter bills amounting to \$3789.16 be turned over to the borough manager for collection, and it was so ordered.

The Fire and Police committee reported that the charge of aiding, abetting and refereeing a fight, instead of suppressing it, preferred against policeman W. H. Geissinger, at the last meeting of borough council, was substantially correct, and a motion was passed suspending the officer for a period of thirty days without pay for "conduct unbecoming a police officer."

The Finance committee asked for the renewal of two notes aggregating \$25,000, for four months, which was authorized. The committee also presented a check for \$53.20 received from the license and fees division of the State Highway Department, but were unable to state what the check was for, and the secretary was instructed to ascertain by communicating with the Department.

Mr. Cunningham reported that recently severed horses and rigs had gone over the bank on south Potter street just beyond the curve at the borough line and he suggested moving the light near his residence out to that point and the placing of a new light at the intersection of the road leading into Shope's planing mill. The matter was referred to the Street committee with power.

A report was made that the proprietors of the Hagan garage had complained about an electric light pole which stands in the entrance way to their garage, and the matter was referred to the Street committee for amicable adjustment of the trouble.

Mr. Cunningham called the attention of council to the fact that there are a half dozen big gasoline tanks on south Thomas street entirely unprotected by an enclosure of any kind, and are really at the mercy of any evil disposed person who might take a sudden notion to tamper with them. The matter was referred to the Fire and Police committee.

Bills to the amount of \$2447.09 were approved for payment and council adjourned.

## Young Hunter Dies from Gunshot Wound.

Daniel Kulp, fifteen year old son of Mr. and Mrs. Richard Kulp, of Pleasant Hill, near Philipsburg, died in the Cottage State hospital, Philipsburg, last Thursday morning as the result of a gunshot wound sustained while hunting rabbits the Monday previous. Accompanied by Harry and William Fenton young Kulp was hunting in the Black Moshannon region and holed a rabbit. They all stood their guns against a tree while making efforts to scare the rabbit from the hole. The gun belonging to William Fenton fell down and was discharged, the load entering the upper portion of Kulp's left thigh, inflicting a bad wound. He was hurried to the hospital, in Philipsburg, where he lingered until Thursday morning. In addition to his parents he is survived by seven brothers and sisters. Funeral services were held on Saturday, burial being made in the Philipsburg cemetery.

## Two Buildings Burned at Rock Springs.

Following closely upon the burning of the barn on the W. Miles Walker farm at Fairbrook, on Tuesday morning of last week, the Grange hall and residence of Mrs. Ella Gardner, at Rock Springs, were both burned to the ground on Thursday. One of the Tyrone fire companies responded to a call for assistance and kept the fire from spreading. Just how the fire originated is not definitely known. The loss is upwards of five thousand dollars, partially insured.

For a while it looked as if the home of Mr. and Mrs. Ralph Musser, close to the destroyed buildings, would become a prey to the flames, but by hard work on the part of neighbors it was saved, for which Mr. and Mrs. Musser are duly thankful.

While Lloyd Samsel, of Pleasant Gap, was at work removing wires from a telephone pole at the White-rock quarries, one day last week, the pole collapsed and he fell to the ground. Fortunately Mr. Samsel was on top when it struck the ground and aside from a few bruises and a good shaking up he escaped serious injury.

## Penn State Victorious Over U. of P.

The Nittany lion was a vicious brute on Saturday when he invaded Franklin field, at the University of Pennsylvania, Philadelphia. He ragged and ranted almost at will and almost a continuous trail of Penn huskies sprawled in his wake. It was another Harry Wilson day, as that brawny half-back on the Penn State football team went across the goal line for three touchdowns, and Dick Shuster's toe added the other three points which made up the 21 to 0 score of the game. Only once during the entire contest did the Penn team get close enough to State's goal line to try for a field goal and the attempt went wide of its mark. A fourth touchdown made by Johnston, for State, was disallowed because the referee detected a State player in the act of holding a Penn player. But State had enough as it was and didn't mind a little thing like that.

## ACADEMY DEFEATED CARNEGIE TECH.

All in all it was a great week for Centre county football teams. The Bellefonte Academy eleven journeyed to Pittsburgh and on Friday afternoon defeated the Carnegie Tech freshmen by the score of 40 to 0. The game was easy for Coach Snaveley's team and the Pittsburgh papers explained the Tech's defeat by putting the Academy in the College class.

## BELLEFONTE HIGH ALSO WINS.

Not to be outdone by the above two victories the Bellefonte High school team went over to Philipsburg and won their second game from the Philipsburg High by the score of 27 to 7. The local High school kickers have lost but one game this season, the one in Tyrone, and if all reports are correct they ought to have been the victors there.

## Bellefonte Y. Notes.

The basket ball season is about to open and a number of the young men of the town are attending the gym. classes on Monday and Friday evenings, getting themselves into trim for a busy season of games.

The building will be closed on Thanksgiving day, as most of the members will be patronizing the last football game of the season.

Bowling remains the leading sport and a record month proves its popularity. The Leagues are well along on the first series and no team has a walk-away. The alleys are full every night and it is advisable to reserve alleys if a special practice is needed.

Doc Williams held the high score for open bowling, 249.

## Y. W. Gym Class Next Tuesday.

On account of the absence of Mrs. Robert Walker, director of the women's gymnasium classes at the Y, there will be no class this week. Next week, on account of Thanksgiving day, the classes will meet Tuesday afternoon and evening. The registration for the girls afternoon class has been closed, as the number has reached forty and new members retard the progress of the exercise and games. The evening classes are well attended and are still open for new memberships. The members are enthusiastic over the program of exercises and games and the class is going to be a boom for the Y. W. C. A.

Thus far, in the Red Cross membership enrollment \$895.70 have been collected but what percentage of this will be sent to national headquarters cannot be determined until the enrollment is completed. Although the roll call closes this week, any one desiring to contribute will please give the money to Hardman P. Harris or leave it with Charles McCurdy, at the First National bank.

## A New Ford Production.

The Ford Motor company has announced an addition to its line of cars—the Tudor Sedan, which brings to the public an entirely new style of Ford enclosed body.

It is a distinctive type designed to carry five passengers in complete comfort. The roof line is low and straight which, with the larger radiator, now standard on all Ford cars, gave Ford designers an opportunity of effecting most graceful lines and at the same time a most sturdy construction.

Besides its general appeal and high quality aspect, the Tudor Sedan has several new features which promise to win immediate favor.

The two doors are unusually wide, 28 1/2 inches to be exact, and are set at the front of the car, hung in exceptionally heavy frames and swing open forward on either side in line with the driver's seat.

Side windows running back from the doors are oblong in shape and thirty-two inches in length, affording unusual vision to the occupants, while a large rear window adds to the visibility. All window glasses are lowered flush with the framing, affording clear vision and the maximum in ventilation.

Exterior appearance is enhanced by a windshield visor, cowl ventilator and secure rear fenders of new design.

Interior arrangements of the Tudor Sedan meets all comfort requirements both for driver and passengers. The driver's seat is of the "bucket" design, with easy cushion and back, assuring restful posture. There is a noticeable roominess in front with plenty of foot room. The tilting seat opposite the driver folds compactly out of the way so that entrance and exit through the large and roomy door is easily and conveniently effected by those occupying the rear seat which is amply large for three persons.

Because of the location of the door, the driver has convenient access to his seat without folding up the extra seat along side. The gasoline tank is located under the driver's seat making it unnecessary for him to disturb any other passengers when filling the tank.

Interior fittings are attractive. The upholstery is in special Ford fabric of dark brown with floor rug to match. Both the doors and side windows have been equipped with revolving type window regulators of the same design as those used in cars of much higher prices.

The Tudor Sedan, which is now in production, is priced at \$590 at Detroit.

## Safe and Sane.

Their boat was drifting idly, the sun shone above, and the sea was serene; while she was sitting snugly.

Then he proposed.

From the opposite end of the craft she gazed at him calmly. Then she said:

"As a matter of common sense, realizing that we are in this boat, on water more than fifty feet deep, and if you were going to act as you should act if I accepted you we would be capsize, I will decline your proposal at this moment—but, George, row as fast as you can to the shore and ask me again."

That girl will make a good wife.—Houston Post.

## Wants Record of Game Killed.

The State Game Commissioner is asking all hunters to keep a record of the number of each species of game they may kill during the season and to forward the blanks attached to hunting licenses, filled out, at the close of the season as soon as possible so a record of game killed may be made all over the State. The more game killed in any county the more will be issued for restocking the following year. If one hunter in each locality will gather the blanks from all the others possible and send them in he will be doing a good turn for all hunters.

## Red Has-Beens.

Representative Bok, of Texas, said at a banquet in Washington.

"Our reds find their audiences less and less sympathetic as Russia totters more and more."

"A red was orating on a soap-box the other day."

"Yes," he snarled, "you're afraid to revolt. You're like the Prodigal Son. All you get to eat is the husks the swine won't touch. But pretty soon the husks will be gone. What'll you do then?"

"Why, eat the swine, o' course!" said a young man in blue overalls."

## Speed.

Tender—Pat, I bet that I was on a faster train than you.

Second—I bet you weren't.

Tender—The train I was on went so fast that the telegraph poles looked like a board fence.

Second—That's nothing. I was on a train going through the country one time when we passed a field of beets, then we passed a field of corn, then a field of onions, then a pond of water, and we were going so fast that it looked like vegetable soup.—Boy's Life.

## Tobacco Sure Death to Fish.

Tobacco is sure poison to fish. Fishermen who carry a bait kettle are careful not to drop any particles of tobacco into the kettle, as only a little floating on the water will kill the small fish.

## All Too True.

Customer—It's tough to pay fifty cents a pound for meat.

Butcher—Yes, but it's tougher when you pay twenty-five.

## He Knew.

Fresh—I don't know what to do with my week-end.

Soph—Put your hat on it.
