COAL GAS EXPLOSION CAUSED Hooded Klan Attend Church at Borough Council Hesitates on Purchasing Mill Property.

Every member was present at the regular meeting of borough council on Monday evening but no decisive action was taken regarding the purchase of the Ulsh & Bashoar mill property. There were no verbal nor written communications and hauling snow off the streets was the only work the Street committee had to report.

The Water committee reported the collection of \$22.00 on the 1922 water duplicate and that repairs had been made on the twelve inch water main at High and Spring streets, which had

sprung a leak at a joint in the pipe. The Fire and Police committee reported a fire at Decker Bros, garage on March first.

The Finance committee asked for the renewal of notes totalling \$28,630, which was authorized.

Mr. Emerick submitted in writing the proposition of Ulsh & Bashoar to sell the borough their mill property for the sum of \$50,000, payable at the rate of \$5,000 a year with interest. He also submitted a written proposition from Frank Mayer to lease the mill from the borough at a yearly rental of \$2,000, he to have the use of the water power from seven o'clock a. m. till seven o'clock p. m. President Walker stated that during the week previous two efficiency engineers of the West Penn Public Service company, which he understood was about to absorb the Keystone Power corporation, had been in Bellefonte making a survey of the town and, in conversation with himself and various councilmen, had stated that the survey was being made for the purpose of ascertaining if it wouldn't be possible to materially reduce the cost to ter and lighting the streets. They expect to return and have their proposition in writing ready to report to council before the next meeting night. iting his father, Capt. W. H. Fry, who is Until this proposition has been received president Walker thought it would be unwise to take final action toward the purchase of the mill property.

Mr. Cunningham, as chairman of the Water committee, presented a organizations present, and the spirit statement compiled from the finanthe services the hooded men were the estimated income from that source would not exceed \$16,000 a year without an increase in taxes, or \$160,000 for a period of ten years. That the expenses of purchasing the mill prop-Miss McClure was making up for de- from Bellefonte and surrounding erty, interest on deferred payments, installation of water wheel, pump, pipe line, etc., and regular running expenses of the department would aggregate not less than \$208,000 in the same ten year period, which would leave the borough in debt approxi-

burden of purchasing the property.

Mr. Emerick stated that he was informed that another party was considering the purchase of the mill and ing. Borough manager J. D. Seibert niece in Washington, which she will probstrongly advocated the purchase of ably do at this time. the property and maintained that council would make a big mistake by not closing the deal promptly.

President Walker, however, cautioned against hasty action, owing to the condition of the borough finances, and the result was that the proposition was held under further consideration.

Mr. Emerick presented the bonds of the borough treasurer in the sum of \$16,000, and the borough solicitor and borough manager for \$500 each, which were approved by council.

Mr. Emerick also recommended that the \$10,000 worth of Liberty bonds owned by the borough be registered, and council so ordered.

Report was made that the garbage dumps on the Linn property on north Allegheny street and the Bush estate property in Bush's Addition are still burning, and the matter was referred fifty men attending the noonday to the Sanitary and Fire and Police
