John F. Marks was discharged from the Bellefonte hospital last week following six weeks' medical treatment. Although not fully recovered he is much improved, but will go to Pittsburgh today or tomorrow and enter a hospital in that city for further observation and treatment.

The experience of a traveling man at one of Bellefonte's leading hotels, on Saturday night, proves that it doesn't pay for strangers to make derogatory remarks about girls or women passing along the street. In the first place gentlemen wouldn't do it, and in the second, there might be somebody nearby who would resent it, as in the above mentioned instance.

A request has been made for victrola records for the prisoners at Rockview. In possession of a good victrola the records are inadequate for the demand; so that persons in this locality, or any where, are asked to donate records of which they have tired, or are slightly scratched. If taken to the Potter-Hoy hardware store they will be promptly delivered to Rockview.

Among the marriage licenses granted at Cumberland, Md., early this week was one to Harold Russell Zimmerman, of Bellefonte, and Miss Tessie Jean Watson, of Snow Shoe. Mr. Zimmerman is a son of Mr. and Mrs. Edward Zimmerman, and is an industrious young man. Another license granted was to Claude Daniel Heaton, of Milesburg, and Mary Naomi Fisher, of Bellefonte.

In giving the list of teachers elected by the Ferguson township school board for the coming winter season the "Watchman's" Pine Grove Mills correspondent last week stated that "no effort would be made to reopen the Kepler school." Mr. H. S. Illingworth, secretary of the board, writes this paper that at the request of many citizens the directors have been making every effort in their power to have the school reopened.

A terrific hail storm passed over State College and that section of the county about five o'clock on Wednesday evening which did considerable damage to the gardens and corn. In some fields the corn was virtually cut into ribbons while all kinds of garden vegetables were hammered almost flat to the ground. A high wind accompanied the storm and the roof was blown off John Everhart's barn while big limbs were broken from trees and scattered helter skelter.

Charles C. Keichline has installed a new ice cream refrigerating plant in his store near the railroad which does away with all the trouble of handling ice. While the plant is located right in the front store room it operates so smoothly that the hum of the motor is not much louder than the hum of a bumble bee. While the primary object of the plant is to keep the ice cream in a well frozen condition it has also a cooling influence on the temperature of the room and makes it much more comfortable for the jitney club.

Mid-summer is here and the popularity of the Scenic as an every evening in the week place of entertainment continues at high tide. Through the years that manager T. Clayton Brown has had charge of the Scenic he has so consistently demanded only the best in the motion picture line that he has v on the confidence of his hundreds of patrons and established a wide reputation for good programs at every show. Other entertainments come and go but the Scenic is always with us. Be a regular and see all the good pictures.

In another column of this paper is an advertisement for an apartment to rent in Centre Hall and the advertiser states it as being suitable for a professional man. Her reason for so doing is that Centre Hall is short on doctors and dentists and she hopes that some one of either profession may be induced to locate there. And this brings up the fact that many of the small towns throughout the county are without a doctor and in the case of sudden illness it is sometimes hours before a physician can be secured. Of course most every doctor now-a-days has his own automobile and the condition is not as bad as it would be if horses were the only means of travel. Years ago most every physician had in the country had its own physician but of late the drift has been toward the larger towns as offering a better opportunity for specialization.

ANOTHER ARREST IN MUSSER TRAGEDY.

The Revolver in the Case Found and Now in Possession of Authorities.

With the arrest last Thursday of seventeen year old Seymore Stover, a farm hand in the employ of Harry Musser, and the finding of the revolver with which it is presumed William Musser was killed, the authorities feel confident they have a clear case against the men now under arrest, especially against Harry Musser as being the principal in the crime, Herbert Heaton as an accessory and young Stover as an accessory after the fact.

Following the arrest of Harry Musser on Monday afternoon of last week officers searched every nook and corner of his premises for a gun. They also completely combed the ground surrounding the scene of the tragedy on the possibility that the revolver might have been thrown away, but all to no purpose. Finally, on Wednesday, district attorney Arthur C. Dale and officer Robert Mingle, of State College, went to the Musser home and accused Stover of having knowledge as to the whereabouts of the revolver. He at first denied all knowledge of any gun and maintained his innocence as well as ignorance of any facts relating to the murder. Before the officers left, however, they felt convinced that Stover was not as innocent nor ignorant as he pretended to be and also, that he knew where the gun was.

Consequently on Thursday Sheriff Taylor again went to the Musser home and found Stover in the feed entry in a friendly way and extended his hand to shake hands, and as Stover put out his hand the sheriff snapped the handcuffs on him, promptly demanding to know where the gun was hidden. Very badly scared Stover, in a rather hesitating way, declared he didn't know but the sheriff told him that he knew that he did know and unless he delivered up the gun it would be the worse for him.

Stover finally yielded and taking the sheriff to the rear part of the entry dug up the gun. From its appearance it had evidently been buried outside in the ground for a few days then dug up and hidden in the entry. It is a thirty-two calibre revolver, and shoots the kind of cartridges that caused William Musser's death. With the gun in his possession Sheriff Taylor brought Stover to Bellefonte and put him in the county jail, making the third arrest in connection with the tragedy.

As stated above the officers now believe they have a complete chain of circumstantial evidence implicating the men under arrest and every effort will be made to have the case brought to trial at the September term of court. Up to this writing none of the men under arrest have demanded a habeas corpus hearing, and it is just possible they may await the regular court trial.

Kiwanians Hear Talk on Meat.

Prof. William H. Tomhave, the man who is responsible for all the prize cattle grown at The Pennsylvania State College, was the principal speaker at the Tuesday noon luncheon of the Kiwanis club, at the Bush house on Tuesday noon. His subject was "Meat, Its Production and Use in the United States." While most of the Kiwanians present know what to do with a chunk of savory meat when placed on a plate in front of them Mr. Tomhave was able to tell them many facts that they did not know.

A pleasing incident was the presentation by Kiwanian John Love of a small purse of money, the gift of the club, to Miss Berenice Crouse, who is about to leave on her annual vacation, in appreciation of her services as musician for the club. Miss Crouse is the talented young pianist at the Scenic theatre.

The musical hit of the hour was a new and catchy song composed by R. Russell Blair. An invitation was received from Hershey to attend the annual Kiwanian picnic which was held there yesterday, and twenty or more members decided to attend.

The next meeting of the club will be quarterly ladies night and will be held at the Brockerhoff house next Tuesday evening at 6:30 o'clock. Arrangements will be made for one hundred and twenty-five covers.

The Odd Fellows Band Has a Calliophone.

Lovers of music enjoy the band concerts held every Wednesday evening on the lawn at the rear of the court house. The Associated Business Men of Bellefonte have spent a large sum in erecting a fine band stand there and providing seats for ladies and children.

The local L. O. F. band, under the management of Willis E. Wion, has purchased a beautiful Calliophone to be used in making the concerts a greater success than ever before. Singing, dancing, solos, and other interpolations help to vary the programs and make the concerts more pleasing. Something new and different every night. If you miss one night you have lost a lot of enjoyment. Go, with your friends, and enjoy yourself. Everything is just as free as the air you breathe.

The annual Reese family reunion will be held at the park near Martha Furnace on Saturday, August 9th. The Sandy Ridge band will furnish the music and there will be a ball game and other sports. Refreshments will be served on the grounds to those not wishing to take a basket.

The Hon. A. G. Morris is confined to bed at his home on Linn street. He is not suffering from any special malady. About ten days ago the remarkable physique that seemed never to fag and always kept him young in mind and body and spirit, even into his ninetieth year, became utterly exhausted. He is wholly conscious, but so weak that his children have been called home through fear that he may not rally. Charles A. Morris is here from Macon, Ga., and Robert returned from Kennebunk Port, Me., on Wednesday morning.

A reunion of the Richards family was held at the home of Mrs. Belle Richards Gisewhite, at Clearfield, Pa., on Sunday, July 20th. Those present included P. S. Richards and family, of Fowler; Mrs. Jennie Richards Walters, of Banian; Mrs. Abbie Richards Fighter, of Phillipsburg; W. F. Richards and family, of Curwensville; Mrs. Anna Richards Burgoyne, of Akron, Ohio; Mrs. Belle Gisewhite and family, of Clearfield, as well as nieces and nephews to the total number of forty, all descendants of Mr. and Mrs. A. P. Richards, of Flat Rock, Worth township.

One evening last week while Reynolds Maurer was on the way out to the pasture field to bring in the cows on his brother Harry's farm in Nittany valley, he saw a dark form silhouetted in the branches of a cherry tree. Thinking it a man stealing cherries he quietly made his way to the tree, but when he got there was amazed to discover a huge bear sitting on a limb, stripping off the fruit with his paw and devouring it with apparent satisfaction. The bear completed his feast, slid down the tree, took a good look at Maurer then shambled off toward the mountains.

Miss Margaret Lois Rishel, daughter of Rev. and Mrs. Charles W. Rishel, of Pleasant Gap, gave a recital at the western penitentiary at Rockview, on Tuesday evening, for the entertainment of the five hundred or more inmates. Miss Rishel studied elocution and music in Boston, Mass., and has appeared upon the platform under the direction of the Lyceum bureau. She is a delightful and charming entertainer and her recital at the penitentiary on Tuesday evening was greatly appreciated by her audience of inmates. Miss Rishel will also go to the penitentiary on Sunday and sing at the religious services. Between the first and second parts of her entertainment on Tuesday evening the prison orchestra furnished music and two of the inmates gave impromptu renditions which were very clever.

200 rag rugs, size 25x50 inches, August sale price 69c.—W. R. Brachbill's Furniture Store. No more than two to a customer. 30-1t

This seems to be the time of year for bear stories and bruin is coming to the front in various sections of the State, but one which has not yet been told had its foundation out at the Rockview penitentiary. One night recently the dogs belonging to the family of warden C. J. Stutzman made such an unusual fuss that members of the family went out to investigate and found the source of the trouble to be a big black bear sitting at the top of the concrete steps leading to the upper terrace in the rear of the warden's residence. The animal held his point of vantage against the dogs and did not yield an inch until he saw human beings approaching when he turned tail and made off toward Nittany mountain. The bear was probably one of the three transported to Old Nittany from Monroe county by members of the State Game Commission.

Junior Polycrome floor lamps, piped stems, weighted bases, two light, double lined silk shades, regular price \$19.00, August sale price \$13.75. Bridge lamps to match \$10.50.—W. R. Brachbill. 30-1t

Beavers Sent to Harrisburg.

Three young beavers, captured from a colony near Mifflinburg, Union county, were shipped through Bellefonte on Saturday morning consigned to the State Game Commission, at Harrisburg. They will be placed in some other wooded section of the State for propagation purposes. For many years the beaver was practically extinct in Pennsylvania but a few years ago the Game Commission imported a number from northwestern States and now colonies are to be found in various sections, and if allowed to thrive and propagate it will not be many years until the mountains and woodlands will be well stocked with them.

Younger Boys to go to Camp Kanestake.

Five hundred young people and adults of the State have enjoyed the privileges of camping for two weeks at Camp Kanestake, attending the sessions of the Sunday school training camp. From August 5th to 26th the camp will be opened to the younger boys of Blair, Centre and Huntingdon counties, who are members of Sunday schools or Y. M. C. A.'s, between ten and sixteen years of age. A recreational and woodcraft program will be conducted and an able staff of leaders will assist the director, Stephen S. Aplin, who has conducted fourteen camps for Y. M. C. A. and Scout boys. He will also be assisted by J. Fred Pandel, of Burnham, who has been appointed physical director of the Bellefonte Y. M. C. A., and who will have the athletic activities under his direction. Fourteen cabins are available for the boys. Each cabin is arranged to accommodate ten, including the group counsellor, who will be in charge of his group of boys.

The camp, comprising 306 acres, is beautifully situated about one mile off the State road between Spruce Creek and Franklinville. The cabins are on the camp hill, the water supply pumped from the spring below, and grounds and buildings electrically lighted. The dining hall accommodates 250, and makes an excellent place for evening programs when wet weather prevents the holding of nightly campfires. The boys will be taught the art of camping and taking care of themselves on over-night hikes. Baseball and volleyball teams will be organized and schedules for competitive teams arranged. The honor system will be established and the group securing the highest points each day will be awarded the honor flag. An excellent cook, with years of experience, prepares menus which tickle the palates of the boys.

The camp is limited to 100 boys. Groups have been registered from Bellefonte, Alexandria, Williamsburg, Tyrone and Altoona districts, and there are vacancies for about twenty-five more. The cost of camping, including board and lodging, is \$6.00 per week. Iron cots with mattresses are provided, the boys to supply necessary clothing, which should include woolen blankets or comforters.

Campers may sign up for two or three weeks. Applications should be made to the director, S. S. Aplin, Franklinville P. O., Huntingdon county, Pa., at least one week before arrival and one week's board enclosed with application. Further information will be sent upon application to the director.

Centre County League News.

Bellefonte 8, Centre Hall 1. Bellefonte 5, State College 1. The above tells the story of the past week so far as Bellefonte's winning streak in the Centre county baseball league is concerned, while the other teams divided honors, Millheim defeating State by the score of 10 to 8 and Centre Hall putting one over on Millheim 5 to 3.

Bellefonte has been hitting on all six cylinders lately. Their winning streak has lasted for eight straight games, the last defeat being at the hands of Millheim on June 28th. Lose hit one which was headed for a four bat on Saturday. The clout was good for four bases and Keller robbed him of another in the sixth which ought to have been good for four more.

Martin showed the natives how second base should be played on Thursday, handling eight chances without a slip. He handled two balls which were labeled for sure hits and drew much applause from the fans. Drew Smith has returned to form in batting. In the past four games he has batted in ten runs and hit for an average of .571. Following is the standing of the teams:

Table with 4 columns: Team, W, L, P.C. Bellefonte 15 3 .833, Millheim 10 8 .555, Centre Hall 7 11 .389, State College 4 14 .222

Saturday's games will be Bellefonte at Centre Hall and Millheim at State College, while next Thursday Bellefonte will play at State and Centre Hall at Millheim.

Big Boxing Bouts for Business Men's Picnic.

Never before in the annual picnic history of the Associated Business Men of Bellefonte was there offered such big attractions as will appear at the picnic to be held on Thursday, August 14th. In addition to two games of baseball and various other sports a big boxing and wrestling program will be put on.

In the boxing there will be two preliminary events of more than ordinary merit to be followed by two principal bouts between Kid Bailey and Tom Burns, and Kid Louchran and Jack Dugan. In addition there will be a blindfolded battle royal between seven colored gentlemen.

A wrestling bout will also be a feature, the principals in which will be Bull Montana, formerly of Philadelphia, and W. J. Oberly, the champion Pennsylvania railroad wrestler.

A Ford car and a fine radio outfit will be given away the evening of the picnic. While any one who sees fit to do so can take their basket along, there will be plenty of good eats and other refreshment stands on the grounds. Keep the date in mind and make your plans to be one of the big crowd that is sure to throng the park that day. A good orchestra will furnish music for dancing in the pavilion day and night.
