NEWS ABOUT TOWN AND COUNTY.

-The regular monthly meeting of the auxiliary of the American Legion will meet in the Legion rooms, Tuesday, August 19th, at 8 o'clock.

-The condition of Oliver Witmer, who has been very seriously ill for some time, at his home on north Spring street, remains unchanged.

-Mrs. John W. Conley is critically ill at her home in Sioux Falls, South Dakota. Mrs. Conley left Centre Hall four years ago to make her home in the west.

-Rev. M. C. Drumm has resigned his pastorate of the Centre Hall charge of the Lutheran church to accept a call to Middleburg, the change to take place September first.

-The Williams family reunion will be held in the Miles grove, at Martha Furnace, on Saturday, August 23rd. This is one of the biggest reunions in Centre county and always attracts a large crowd.

-The many friends of Hon. A. G. Morris will learn with regret that there is no improvement in his condition. In fact he is steadily growing weaker as the result of exhaustion due to his long and most active life and there is little or no hope of any restoration of his old-time health and

-Among promotions in the foreign diplomatic service under the Rogers reorganization bill is recorded Pierre deLagarde Boal from Class 6, salary \$4,500, to Class 5, salary \$5,-000. AUTO THIEVES BUSY IN TOWN. No New Developments in Musser Daring Attempts to Steal Cars on Monday Night Failed, but One Taken Tuesday Night.

Some unknown person or persons made at least four daring and unsuccessful attempts to steal Bellefonte automobiles on Monday night. The cars of W. D. Zerby Esq., and Col. James G. Taylor were removed from in front of their respective homes but whoever took them were evidently unable to get them started for both cars were abandoned at the Lutheran church. The car of Hugh Wagner, the High street confectioner, was taken from the rear of his home on Thomas street and found down near Frank M. Mayer's mill. The car of James Furst Esq., was removed from in front of his home on west Linn street and found in front of Frank Sasserman's home on north Water street, and the person who took it and was compelled to abandon it because he could not get the motor started took a bicycle belonging to one of Mr. Sasserman's younger daughters. No trace of it has been found.

Bellefonte police are of the opinion that the attempts to steal the cars were made by one or more of the prisoners who escaped from the Rockview penitentiary on Sunday night, but this is mere speculation. It is hardly possible that any one of that gang would be loitering in or around Bellefonte for a period of thirty-six hours. It is more likely that the attempts were made by somebody who was anxious to take a car ride, regardless of the consequences

About half-past four o'clock on Tuesday morning Frank P. Hoag, manager of the Western Maryland Dairy, was awakened by a noise on the street in front of his home on north Thomas street and hurrying down stairs went out on the front porch to see what was wrong. As he did so a man jumped from his car and ran north on Thomas street. While from appearance Mr. Hoag was not able to identify the man as one of the escaped prisoners from the Rockview penitentiary, he yet feels certain that such was the case because, he argues, no Bellefonte man would attempt to steal a car at that hour in the morning. And the only reason he didn't get his was because it was locked and he couldn't start it.

Such was not the case, however, with Frank Crawford's car, as auto thieves got away with it on Tuesday night and at this writing no trace of the car has been discovered. With a tank full of gas when Mr. Crawford drove to his home on east Curtin street on Tuesday evening he left the car stand on the driveway in the rear of the house instead of running it into the garage. On Wednesday morning the car was gone without leaving a old block," is out in the western part crace of its disappearance of the sleeping porch, horn. Roy Chambers Injured in Mine.

Roy Chambers, son of David Chambers, of Clarence, is in the Bellefonte hospital with a broken leg, body cuts and bruises and internal injuries as the result of a fall of rock in mine No. 26, near Clarence, last Friday morning. He had put off a shot and after waiting a reasonable length of not interfere to any extent with the time went in to see whether it was successful or not, and just as he entered the chamber there was a delayed fall of rock which almost buried him beneath it. He was removed as quickly as possible and after being given first aid treatment was brought tract awarded it will mean at least a to the Bellefonte hospital. There it was found he had sustained a broken started. leg, numerous cuts and bruises on the head and body and internal injuries. It was impossible to determine the extent of the latter for several days but as he is now resting easier it is not believed they will prove as sericus as at first feared.

Murder Case.

No new developments of a startling nature have occurred in the Musser murder case. The three men now in the Centre county jail, namely, Harry Musser, Herbert Heaton and Seymore Stover, all believed to be implicated in one way or another with the killing of William Musser in Little Sugar valley on the night of July 19th, are maintaining complete silence in regard to what took place on Saturday evening and night of the above date. While district attorney Arthur C. Dale and sheriff E. R. Taylor feel entirely confident that they have the right men, the exact motive for the killing has not been cleared up unless it is in connection with the transfer of William Musser's property.

As told in the "Watchman" at the

time of the murder William Musser, when he was arrested for bootlegging almost a year ago, deeded his property to his nephew, Harry Musser. Said property had been purchased by William Musser some two or three years previous for approximately \$900. Following his release from the county jail on July 12th, he naturally decided he would like the property returned to him, but Harry Musser, during the months his uncle was in jail, had sold the property to a man named Smith for \$1500, and Smith and his family were then and are now occupying the same. It is also rumored that William Musser came to Bellefonte and consulted an attorney in regard to bringing action against his nephew to compel the return of the property. This was only a few days before he was brutally murdered in Little Sugar valley, and this may have

been the motive of the tragedy. Harry Musser, naturally, is the man most deeply interested and he so far has maintained a somewhat indifferent attitude as to the outcome. No preliminary hearing has been held up to this time and it is just possible none will be held, as the September term of court is only about a month away and it is quite likely the men will be brought to trial at that time. In the meantime the attorneys interested in the case are hard at work preparing for the legal tilt that seems inevitable.

Milesburg the Amusement Mecca Tomorrow, Afternoon and Evening.

Thousands of Centre countians were probably disappointed at not getting the car given away at the business men's picnic on Thursday, but another opportunity is offered to get a car for nothing by attending the big doin's of the Wetzler band at Milesburg tomorrow. The car to be given away there will be taken right out of the sales room and has not been run all over the county for advertising

Of course the festival in the evening will be the great attraction. Wetzler's band will be in full regalia and will furnish the music. And we all know the reputation this band has ways a prize winner wherever it appears and they will render some of their best and latest selections tomorrow evening.

Milesburg is easy of access, and motoring parties from most any section of the county can reach it over state highways. Preparations have been made to entertain a large crowd, so you need have no hesitation in going.

EIGHT PRISONERS ESCAPE.

Seven Took French Leave on Sunday, One on Monday. Two of Them

Recaptured. Seven more prisoners escaped from the Rockview penitentiary on Sunday, but one was recaptured on Monday, leaving six unaccounted for at this writing. The first man to make his escape was William Rapolsky, of Luzerne county, who got away some time during the afternoon by scaling the stockade. His absence was not discovered until supper time when his place at the table was vacant. Guards were promptly sent out on the hunt of him and while thus engaged six more men got away by cutting their way to liberty through the wire stockade. The six men were John Kelly, of Westmoreland county; John Kelley, of Philadelphia; John L. Corman, of Erie; J. T. Johnston, of Allegheny; Fred Lutz, of Clearfield, and Frank Pace, of Allegheny. John Kelly, of Westmoreland, was captured near Unionville on Monday morning by William Stanley, of Milesburg, and returned to the Centre county jail.

Several weeks ago four men made their escape from Rockview and last week another prisoner got away, none of whom have been recaptured. Verily it is beginning to look as if "sympathy for the unfortunates" is being vasted on the prisoners at Rockview.

The second of the escaped prisoners was rounded up on Tuesday morning below Smith's mills, in Little Nittany valley, by two penitentiary guards. He proved to be John Kelley, of Philadelphia, one of the men who escaped by cutting through the wire stockade. He was landed in the Centre county jail without offering any resistance.

When prison officials made a ing they discovered another man missing, George Brantley, of Crawford county. He worked in the new nursery on the side of the mountain above Peru and failed to return to the prison for supper. Brantley, however, was due for his discharge on August 20th and prison officials do not believe he made a get away but rather that he is lost on the mountain.

The third one of the escaped prisoners was recaptured at Harrisburg on Tuesday night. He was Frank Pace. of Allegheny, who was arrested while trying to beg a ride east. He was brought to the Centre county jail on Wednesday. A squad of State police under command of Capt. Stout, was sent to the penitentiary on Tuesday to keep watch for a few days and see that no more escapes occur.
