The explosion of an oil stove in the kitchen of the Charles Segner home at Boalsburg, on Friday, caused a fire which destroyed the kitchen and rear porch. The State College fire company responded to an appeal for assistance and it was their prompt response that undoubtedly saved Boalsburg from a disastrous conflagration, as the Segner home, itself a frame building, is located on a street built up almost entirely of woodwork homes.

The picnic season is now at an end, all the family reunions have been held and people generally will have to turn to some other form of amusement. In Bellefonte the one reliable place is the motion pictures at the Scene. It is open every evening in the week and offers a line of entertainment that cannot be found anywhere else in this section. And just to add to the joy of life the Highway Department has listed a lot of automobile head-light lenses as unpermissible and motor owners must buy new ones or be picked up and fined. All you Ford owners who have head lights with the upper part of the lens painted green, the kind that were standard Ford equipment two years ago, should beware. They are in the list that is banned now and you're liable to a fine if caught driving with them at night.

WHAT THE NATIONAL DEFENSE DAY REALLY MEANS.

Plans for Its Proper Observance in Centre County.

Last week we published an account of the public meeting that had been held at the Boal troop camp, at Boalsburg, for the purpose of perfecting plans for a proper observance of Defense day in Centre county.

Since that time Bellefonte and Philipsburg have taken up the movement so that for the purpose of this peaceful mobilization the county will be divided into three units: All of Pennsylvania mobilizing at Boalsburg, all of Nittany, Buffalo Run and parts of Bald Eagle at Bellefonte and the remaining parts of the county at Philipsburg.

MOBILIZATION OF CITIZENRY.

In order that the object and purpose of Defense day may be fully understood it should be stated that the date, September 12th, is the sixth anniversary of the battle of St. Mihiel. In lieu of extensive field exercises which for economic reasons can not be held during the present calendar year, the Secretary of War has decided to initiate a mobilization demonstration which will serve as an occasion for assemblages and ceremonies involving public manifestations of loyalty and practical patriotism.

There are two main objectives of the mobilization demonstration, namely, patriotic demonstrations and a test mobilization.

The object of the demonstration is to depict the progress of mobilization, the dependency of units on the community to which allocated and the contribution in personnel that would be expected from each community in the event of a national emergency.

ENLISTMENT OF THE CITIZENRY.

In a general way enlistment forms are being distributed to all males of military age—16 to 45 years—who are being asked to enroll for the One-Day National Defense. The most extreme pacifist can find no excuse for not signing an enrollment card. By so doing, every good citizen is but renewing his fealty toward his country, the Stars and Stripes. Those who put in a physical appearance at Boalsburg on September 12th will be given a certificate suitable for framing. All the secret organizations in the community are invited and the churches have been asked to make announcements from the pulpit, so that the widest publicity possible may be given the affair and contribute toward its greatest success.

Nothing can be better termed 100 per cent. Americanism than this mobilization demonstration, and those who have charge of the arrangements for the demonstration want to see it go over big, with every man and young man a loyal booster for his country and his flag.

The demonstration is purely a citizens' matter, with the military forces of the country occupying a rear position. Nothing savoring of militarism will be exhibited; it is a peaceful program, depicting the contribution in personnel that would be expected from each community in the event of a national emergency.

THE PROGRAM AT BOALSBURG.

At Boalsburg the demonstration will take the form of a basket picnic on the Troop grounds. Col. Boal has volunteered to provide sandwiches and coffee for 3500 people. The State College and Lemont bands will be there and two baseball games will be among the diversions offered. Of course there will be speeches appropriate to the occasion by men of eminence.

BELLEFONTE'S CELEBRATION.

At a meeting held last Thursday night an organization was perfected for the celebration of the day here by electing Capt. Herbert Miller, of Troop B, chairman, and appointing various committees to carry out the work in detail. Every able bodied man between the ages mentioned above is asked to volunteer for the one day only. Members of Troop B will be at the armory at 9 o'clock on the morning of September 12th to enroll all volunteers and assign them to the various divisions.

A big parade in the afternoon will be the leading feature. All volunteers are requested to meet at the armory promptly at one o'clock. The parade will form on Linn street and will include the two detachments of the National Guard located here, the Brooks-Doll post and the American Legion, Red Cross, P. O. S. of A., the volunteers for a day only, and all civic organizations that will volunteer to turn out. Wetzler's band, of Milesburg, the I. O. F. band, of Bellefonte, and the P. O. S. of A. drum corps will furnish the music. The chief marshal will be Major H. Laird Curtin.

From the armory the parade will march to Allegheny street, Allegheny to Bishop, Bishop to Spring, Spring to High, High to the depot, then counter-march to the Diamond where a short address will be made by Col. H. S. Taylor.

It is Now The Lauderbach-Griest Co.

Years of faithful and capable service have identified a well known Centre county name with that of the corporation doing the largest business with retail grocers in Pennsylvania.

Last week the stockholders of the Lauderbach-Zerby Co., met and made application to have the firm name changed to that of The Lauderbach-Griest Co. Mr. Zerby died about two years ago and the stock holders were of the opinion that the trade name should embody that of the partner who has done so much, in the twenty-four years he has been associated with it, in the way of making it the great corporation it is. Accordingly Edward M. Griest, its vice president and general manager, becomes publicly identified as one of the important factors of the concern.

The Lauderbach-Griest Co. is capitalized at \$1,250,000. It has distributing houses in Philipsburg, Bellefonte, Clearfield, DuBois, Punxsutawney, Spangler and Indiana. As we have said above it is the largest wholesale distributor of groceries to retailers in the State and does a business running into the millions annually.

Mr. Griest was born at Unionville, this county, and is the eldest son of the late A. J. Griest, well known merchant of his day and remembered for his brilliant service to Centre county as a County Commissioner. In his father's store Edward received his training in the mercantile business. It was practical and thorough, with fair and square dealing with every one as the motto, so that when the young man went into the larger field of merchandising with the old firm of Platt-Barber and Co., in Philipsburg, he carried with him a certain experience and a name that became a great asset to his new employers.

The incorporation of the Griest name in that of the firm that has grown colossal in the thirty-five years it has been in business is a fitting honor to the man who has been so largely instrumental in its success. Mr. Griest is so well known to the trade all over Central Pennsylvania that the change will be pleasing to its patrons and add to the confidence of the public in an already splendidly established business concern.

Car Turns Over on Snow Shoe Mountain.

Mr. and Mrs. Charles Wagner and Miss Hartle and Samuel Rhinesmith were coming down the mountain from Snow Shoe at an early hour yesterday morning, and when just above the Dim Lantern tea room they met a car going up.

Blinded by the lights of the approaching car they drove their own too far up onto the embankment on their side. The result was that a Ford coupe, turned over. None of the occupants were hurt and the car suffered practically no damage from the accident. It took fire, however, the wires burning off before the flame could be extinguished. In the effort to put them out Mr. Wagner burned his hands considerably.

Dental Hygienist Begins Work This Week.

Miss MacDonald, of Downingtown, graduate of the dental hygiene school of the University of Pennsylvania, will be dental hygienist in the schools of Bellefonte for four and a half months, having begun her work here this week. The past two years the dental hygienist was employed by the tuberculosis committee of the Women's club but Miss MacDonald is engaged by the board of education. At the close of her work in Bellefonte, she will spend the remainder of the school year in the rural schools of such communities as are sufficiently interested to finance her work.

Miss Hazel Hurley has resigned her position as stenographer and book-keeper in the office of the Emerick Motor Bus Co., intending to go to New York and enter a hospital as a nurse in training. She has been succeeded by Miss Anna Badger.

HENRY WOOMER KILLED.

Victim of Auto Accident at Lamar on Sunday Morning.

Becoming confused at the sight of an approaching car while crossing the road at Lamar, on Sunday morning, Henry Woomer, the well known stone mason of State College, stopped almost in the middle of the road and right in front of the car with the result that he was knocked down, dragged twenty or more feet and so badly injured that he died while being brought to the Bellefonte hospital.

Mr. Woomer, accompanied by two of his daughters, Mrs. Robert Edmiston, of State College, and Mrs. D. W. Showalter, of Bellefonte, and his nephew, Charles Kerns, as driver of the car were on their way to Lock Haven. Near Lamar they stopped at the home of a relative and Mr. Woomer crossed the street to a refreshment stand and got two bottles of pop for the ladies. After they drank the refreshment he went back across the road and returned the empty bottles and as he started to return to his car he evidently saw an automobile approaching as he hurriedly took a few steps then turned back a few steps, but again started forward and finally stopped in his tracks facing the approaching car as it struck him. As stated above he was knocked down and dragged about twenty feet, sustaining a crushed skull.

The driver of the car, which was a heavy Cadillac, was J. T. Foulke, of Houtzdale, who spent Saturday night at the Brockerhoff house and left Bellefonte about ten o'clock on Sunday morning for a run to Jersey Shore. The accident happened about 10:30 o'clock and Mr. Foulke did everything possible to avoid it. The Woomer car was parked on the right side of the road and the easting stand on the left left no place in which he could ditch his car, and the seaway of Mr. Woomer back and forth gave him no chance to get around him. And after the accident he did everything possible for the injured man. Assisted in rendering the first aid and in his own car brought him to the Bellefonte hospital but he passed away shortly before reaching that institution.

He was taken in, however, and an inquest held by justice of the peace J. M. Keichline in the afternoon. The coroner's jury included J. R. Hogen-togler, W. J. Daley, P. H. Keichline, Joseph B. Wagner, Harry Dukeman and W. B. Houser, and after hearing all the evidence obtainable regarding the accident Mr. Foulke was absolved from all blame.

Mr. Woomer was a son of Jacob and Hannah Weaver Woomer and was born at Tylersville, Clinton county, on December 4th, 1848, hence was aged 75 years, 8 months and 27 days. Most of his life was spent in Centre county, having lived in the vicinity of Rock Forge many years previous to moving to State College about twenty years ago. He was a stone mason by occupation and an artist in his line, many of the stone houses at the College standing as mementoes of his skill.

Mr. Woomer died in 1903 but surviving him are the following children: Mrs. D. W. Showalter, of Bellefonte; Mrs. James Duff, of Sunbury; Mrs. Robert Edmiston, of State College; Lloyd A., of Axe Mann; Wallace W., Harry C., and Carrie, of State College; Percy E., of Cleveland, Ohio, and Ruth, of State College.

Funeral services were held at the home of his son Harry, at State College, at 9 o'clock Wednesday morning, by the pastor of the Methodist church, after which burial was made in the Meyers cemetery.

MINOR AUTO ACCIDENTS.

On Sunday morning Frederick Williams, son of Mr. and Mrs. C. B. Williams, of Westfield, N. J., took a drive to Snow Shoe Intersection in his father's new Flint car. As he was turning around to return to Bellefonte a Clearfield car driven by a young girl ran into him, smashing the left front wheel, jamming the fender and bending the axle. The girl admitted she was driving so fast she was unable to stop her car. As there is no Flint agency in Bellefonte Mr. Williams was compelled to get parts from Mount Union to fix his car.

On Sunday an auto party from New York State were motoring up Nittany valley in a Jewett car. The party was composed of a man, his wife and three small children. In the vicinity of Hecla park one of the children almost fell out of the car. The mother screamed and the father reached back to grab the child. In so doing he lost control of the steering wheel, ran into a telephone pole with such force as to break it off at the ground, completely wrecked his car but miraculously as it may seem, not one of the party was hurt.

The Beveridge Coupe Wrecked.

Last Friday afternoon Mrs. David R. Beveridge, of Bishop street, was driving up High street in her coupe. When she reached the intersection of Spring street a car going down High with the intention of turning into south Spring struck the right front of the Beveridge coupe knocking the wheel to pieces, buckled up the fender and bent the lamp.

Harold Wion made the band concert for us Wednesday night. His trombone solo confirmed what we have so often said that the organization has a lot of really good musicians, but they won't let themselves out. He stood up and played like he wasn't afraid of his audience and didn't intend to apologize for his execution. And he doesn't have to, for it was fine.
