Her many friends here will be pleased to know that she is a recognized authority in public library work.

DEFENSE DAY CELEBRATION.

Upwards of One Thousand Men Paraded in Bellefonte.

National Defense day, last Friday, invoked considerable patriotism and enthusiasm in Bellefonte. Men volunteered "for a day only" who couldn't get in the ranks for real service if they wanted to, but it showed that their spirit was in the right place.

The day was ushered in promptly at twelve o'clock with the blowing of whistles and ringing of bells. This was the signal for every business place in town to close tight for the day. The big feature of the day's program was the parade in the afternoon. Forming on Linn street it was almost half an hour late in moving. Major H. Laird Curtin was chief marshal and in the line were the Civil war veterans in automobiles, Wetzler's band of Milesburg, Troop B, the P. O. S. of A., the Elks Lodge, and units made up of the match factory employees and Bellefonte Academy students, the Titan Metal company employees, the American Lime & Stone company employees, the Odd Fellows band, Red Cross ladies in an automobile, and the Logan and Undine fire company pumps and paraphernalia.

The parade massed in the Diamond where a brief meeting was held. Burgess W. Harrison Walker presided and the address of the day was delivered by Col. H. S. Taylor.

Later in the afternoon a large crowd attended the free baseball game on Hughes field between Milesburg and Snow Shoe, the former winning by the score of 8 to 2. Probably one of the reasons why the Milesburg team won was because the Wetzler band was at the game and stirred up their team with some of their inspiring music.

In the evening a free dance was held in the armory, Wetzler's orchestra furnishing the music. The dance was well attended and a most orderly and successful affair.

THE DAY AT BOALSBURG.

More than two thousand people attended the Defense day exercises at Boalsburg. During the forenoon members of the Boal troop were kept busy enrolling the 386 volunteers and 96 Red Cross women who came from all parts of the South Side. At noon-time all partook of a good basket dinner and at two o'clock there was a baseball game between Centre Hall and a picked nine, the game being called when the score stood 3 to 3.

The big parade formed at four o'clock. It was made up of Boal troop, the volunteers for a day only, Red Cross, various civic organizations, the Pine Grove Mills, State College and Lemont bands. Hon. Ellis L. Orvis was master of ceremonies. Chaplain Metzger, of State College, led in devotional exercises while the address of the day was delivered by Col. Jennings Wise, of Washington, D. C., a world war veteran. The meeting was dismissed with the benediction by Rev. J. Max Kirkpatrick.

Ten Thousand Children Turned Out to Starve.

The workers in the American organization for Near East Relief went through a terrible ordeal in July. The committee had been embarrassed for some time by the fact that, on the strength of receiving large contributions, starving children, with absolutely no one to support them, were taken into the orphanages. Trusting to a continuation of the generosity of the American people, the logical hope was that these children would be kept in the orphanages, where each one was taught a productive trade, until the time for undertaking their own support. This trust was misplaced; large contributions have not been continued. Children must be fed every day of the year and the food must be paid for. This meant that when the support was discontinued the men and women in charge were compelled to turn out some of the children. The fact is that in July of this year 10,000 children, not yet capable of self care were sent away from the only shelter possible for them. Try to imagine, please, the feelings of the workers who did the turning out!

September and October are the most difficult months. Funds are very low, the fall campaigns have not begun to produce. This simply means that the tragedy of July will have to be repeated at no distant time if America is not aroused to the rescue. Any money sent to Charles M. McCurdy, Bellefonte, treasurer for Centre county Near East relief, will be forwarded to headquarters where it will be much appreciated at this crucial time.

Woman to be Electrocutted.

Governor Pinchot on Monday signed the death warrant of Louise Thomas, a colored woman of Philadelphia, and fixed the week of October 29th as the date for her electrocution at the Rockview penitentiary. Mrs. Thomas killed a colored policeman on April 8th, and although she claimed that she did it in self-defense a jury convicted her of first degree murder. Unless the board of pardons or the courts intervene she will be the first woman electrocuted in Pennsylvania.

The last execution of a woman in this State was on June 25th, 1889, when Sara J. Whiting was hanged in Philadelphia. In 1905 Kate Edwards, of Reading, was convicted of first degree murder but three successive Governors refused to sign her death warrant and after spending more than twelve years in the Berks county jail she was finally pardoned.

—John Willard's mystery play, "The Cat and the Canary" played to a fair house here Tuesday evening. The intricacy of the story, combined with very unusual and complete staging and capable action made it a production far above the average.

—Word was received in Bellefonte of the marriage, last Saturday evening, of Miss Frances M. Bell and Raymond Adams Tucker, at the Bell home in Beaver, Pa. Miss Bell is a daughter of D. Bates Bell, who spent a portion of his early life in Bellefonte, during his residence here being the book-keeper at the old Ardell Lumber company, now the Bellefonte Lumber company, and those who knew him at that time will be interested in this announcement.

New Head of National Electric Light Association.

At a convention held at Bedford Springs, last week, Mr. G. M. Gadsby, vice president of the Keystone Power Corporation, became president of the Pennsylvania section of the National Electric Light association. At this convention a large number of papers were read and discussed by members present dealing with the latest developments in the electrical world. Several interesting exhibits were given by the larger electrical manufacturing companies.

Big Crowd at the Ku Klux Meeting at Grange Park on Saturday.

From three to four thousand people attended the big Ku Klux Klan demonstration at Grange park, Centre Hall, last Saturday afternoon and evening. This estimate is based on the fact that the admission fees at 25 cents totalled over \$400, while all members of the Klan were admitted free. The Altoona band of forty pieces furnished music during the afternoon and evening. Refreshments were sold on the grounds. In the evening initiation exercises were held and later there was a brilliant display of fireworks. While the crowd was quite large, many were doubtless kept away by the threatening weather of the morning.

Penn State Will Open Next Week.

The Pennsylvania State College will open for the ensuing school year on Wednesday of next week, which will be the seventieth year of its existence. Registration of students will start next Monday and from advance reports a capacity enrollment is anticipated. In fact more than 3300 students are expected, including a Freshman class of fully 1000. A new dormitory on the campus, Varsity Hall, and the erection of fifty or more new houses in the town during the spring and summer will assure living accommodations for all students. The usual number of changes have taken place on the faculty, so that a number of new faces will be seen in the administrative staff.

Mr. and Mrs. James Rider Celebrate 39th Wedding Anniversary.

Mr. and Mrs. James Rider, of Stormstown, celebrated their thirty-ninth wedding anniversary last Saturday, which was also the 65th anniversary of the birth of Mr. Rider. All their children and families were home for the gathering so that the reunion proved a very happy family affair. Mr. and Mrs. Rider received many beautiful as well as useful gifts while the big dinner was a "delicious" feature to all present. Rev. G. M. Remley, pastor of the Methodist church, made a very pleasing little talk while the remainder of the day was taken up with music, reading and games. Guests present included the following:

Mr. and Mrs. James Rider, Mr. and Mrs. Ellis Ardery and children, Ethel, Paul, Isabel, Ellis, Albert and Alice, all of Bellefonte; Mrs. Edgar Way and son Gerald, of Altoona; Mr. and Mrs. C. C. D. Nidigh, of State College, and Mrs. Ruth Woerner, of Tyrone.

Y. M. C. A. Membership Canvas.

Mr. C. F. Fought, one of the secretaries of the State Y. M. C. A., will be in Bellefonte next week to direct the membership canvas which has been planned for some time past, but held off on account of other drives. The board feels that they have right of way now and as the fall work is opening up, with the new physical director in charge of the gymnasium classes and the recreative games, this is the time to seek new memberships. The committees appointed by the president of the board are working energetically to make this season the best ever in the history of the Y. M. C. A.

The bowling league will have two divisions, running a National and an American league, using the familiar titles associated with the same. The physical director is lining up teams for an industrial basket ball league. The floor will be reserved three evenings in the week, from 8 o'clock, for basket ball and this will be one of the attractive sports around the Y this year.

The board of directors will meet this week and will have some interesting announcements relative to the membership and privileges offered to those who secure their membership now.

\$100,000 FOR FARMERS.

Bellefonte Trust Co. Offers Help in Improving Centre County Dairy Herds.

In another column of this issue of the "Watchman" the Bellefonte Trust Co. makes an offer of \$100,000 to the farmers of Centre county to assist in establishing pure-bred dairy herds. While we are not informed as to the plans of the Trust company, or anything in connection with their offer, it is one that should attract the attention of every farmer and dairyman in the county.

Prior to taking over the plant of the Western Maryland Dairy in Bellefonte by the Sheffield Farms company, a route agent of the latter concern visited every farmer in the county who was supplying milk for the plant and explained just what he would have to do to meet the sanitary requirements of the Sheffield company. To the credit of practically all of the farmers, he it said, that they met the agent in the proper spirit and many of them have already put their dairy barns and milk houses in the condition specified while others have the work under way. In fact, so heartily did they enter into the spirit of co-operation with the new company that there was little, if any, decrease in the supply of milk.

With their dairy barns improved the only thing remaining for the farmers to do is to bring their dairy herds up to the highest standard possible, and this can only be done through pure-bred stock. It will mean greater returns at a reduced upkeep, and naturally an increase in size of the monthly milk check.

It hasn't been so many years ago that about the only time in the year that the farmer handled any actual cash was in the fall and winter when he sold his crops and any surplus stock. In fact it used to be the established custom for farmers to borrow money at harvest time to pay the men who helped them harvest their crops. But the monthly milk check is a steady source of income and furnishes a good part of the actual cash from one year's end to the other. The size of the check, of course, depends entirely on the farmer himself, but any business at all, whether it is in town or on the farm, that is worth doing should be done right in order to make the most out of it. And for this reason the pure-bred dairy herd is a thing worth considering very seriously.

"Meet the Wife," a New Comedy.

Mark Byron, Inc., will present the pricelessly funny comedy "Meet the Wife," at the Moose Temple theatre for one night only, Tuesday, September 23rd, with Augusta Boylston as the centre character and a supporting cast which includes Donald Campbell, Messenger Bellis; Marvin Oreck, Lynne Berry and Helen West.

Lynn Starling wrote "Meet the Wife." Bert French directed it and Sheldon K. Viole designed the admirable artistic setting of "Liberty Hall" wherein it is presented.

Augusta Boylston, who is excruciatingly funny as the wife, Helen West as her daughter, Donald Campbell, her husband, and Messenger Bellis, as an ex-husband as well as Marvin Oreck and Lynne Berry, have the advantage of having played together for thirty-three weeks. Their scenes are beautifully balanced and subtly developed in a game of cross purposes, and all six are at their best in airy passages of give and take designed for the revelation of incidents and states of mind which keep the audience roaring with laughter or rippling with merriment as the whimsical story is unfolded.

"Meet the Wife" is the type of comedy which all people enjoy—clean, wholesome, in plot and dialogue, prettily mounted, fast moving, with witty lines and laugh provoking situations which are remembered with pleasure. It is safe to say that Augusta Boylston has never done more beautiful work than in this sprightly comedy part of Gertrude Lennox.

Child Scalded to Death.

On Monday afternoon Marlin Emenhizer, three year old son of Mr. and Mrs. Forest Emenhizer, of Flemington, fell into a kettle of boiling water and was so badly scalded that he died the same evening. The family had only recently moved to Flemington from Orviston and the remains were taken there for burial on Wednesday.

—In connection with Col. Henry W. Shoemaker's effort to have a Centre county mountain named for the late Count Trzczyulny, the Polish patriot, we last week stated that the Count was buried in the cemetery bearing his name near Milesburg. We knew better, but the error slipped our proof reader. Count Trzczyulny and his wife are both buried in the Union cemetery in this place. Henry P. Trzczyulny, their son, who was a surveyor, is the one who is buried in the Trzczyulny cemetery and not the Count.

—A truck driven by Charles Corman and occupied by himself and Nelson Edwards, was struck by the passenger train on the Bald Eagle Valley railroad at the fair grounds crossing on Sunday afternoon. Both men escaped with superficial cuts and bruises but their truck was smashed to pieces.

—We had quite a little surprise, on Monday morning when a friend we hadn't seen for years and years dropped in for a little chat. It was W. A. Nidigh, of Tyrone.

The last distinct recollection we have of seeing Billy carried us back to the days, from 1886 to 1888, when the Nidighs were one of the little group of families that comprised the village of State College. He left there in '88 and for a number of years has been living in Tyrone where, until recently, he has been employed in the paper mill. He was in town with his son-in-law, Z. W.
