After admiring them for a while Alf. began tootin' his horn to see what they would do but they paid no attention to Henry Ford's noise-maker, whatever.

Sunday, October 4th, has been designated as a church rally day in all interdenominational churches in the county, the object being to get as many members as possible to attend church on that day and have them induce non-church members to be present. PENITENTIARY GUARD HELD FOR SHOOTING.

E. E. Davis, Assistant Deputy Warden, at Rockview, Killed Man at Lewistown.

Elmer E. (Red) Davis, assistant deputy warden at the Rockview penitentiary, is being held by Mifflin county authorities at Lewistown on the charge of murder for shooting and killing John Mullen, a crippled hobo, of Jersey Shore, early last Friday morning. While various reports have been circulated in regard to the shooting the facts in the case, so far as the "Watchman" has been able to learn, are as follows:

Davis, with guards Joseph Boyer and William Musser were in Lewistown on the hunt for Harry Brubaker, a Mifflin county inmate who escaped from the Rockview penitentiary September 21st. The three men spent Thursday night at a Lewistown hotel, all occupying one room. A little after six o'clock on Friday morning Davis got up, dressed and left the room, stating that he had received a tip the night before that he wanted to look into. Some two hours later Boyer and Musser were informed that Davis had been arrested for shooting a man at a hobo's camp on a small creek on the outskirts of Lewistown.

The only three men at the camp at the time were Davis, Harry M. McCoy, of Altoona, whom Davis had known in his old baseball days when he was a member of the Altoona Tri-State club, and John Mullen, the man shot. According to printed reports of the affair McCoy and Mullen were camping on the little creek and it was to their camp Davis went when he left the hotel. Failing to get any trace of Brubaker, it is alleged that Davis joined the two men. The latter had evidently been drinking, as quite a number of empty cologne bottles were found at the camp.

McCoy alleges that Davis joined them in drinking but denies any knowledge of the shooting. Stories differ as to the condition of the men when found, some alleging that both McCoy and Davis were in a dazed condition when found, while other reports aver that Davis was not drunk. At the coroner's inquest, on Monday evening, one woman, who claimed to have been an eye witness of the shooting, testified that the men were all drinking when they began to quarrel and Davis pulled his gun and shot Mullen in the neck, the bullet severing the jugular vein. Principally on the strength of her testimony and the fact that Davis was the only man in the crowd who had a revolver, he has been held by the Mifflin county authorities on a charge of murder.

Davis, who is an old Tri-State baseball player, began his services as a guard at the western penitentiary in Pittsburgh about ten years ago. He was transferred to Rockview in 1916 and because of his dependability was made assistant deputy warden in 1917.

At a habeas corpus hearing on Wednesday Davis was released from custody under \$5,000 bail, and district attorney Wilson stated that he was undecided as yet as to whether he would try for a first degree murder charge.

Tag Day for Destitute Children.

The Volunteers of America, founded by General Ballington and Mrs. Maude Booth, have been granted permission to hold a "children's heart" tag day in Bellefonte tomorrow for the benefit of destitute families of prisoners in care of the organization in this State.

The local sponsors for the affair are Rev. E. E. McKelvey, Miss Elizabeth Meek, Mrs. Robert Mills Beach, Rev. Reed O. Steely, Mrs. M. H. Brouse and Rev. Malcolm DePui Maynard. Headquarters will be in the Red Cross room in Petrikin hall, with Mrs. Hilda Leathers in charge.

One of the most needed branches of the work of the organization appeals to all hearts alike. Unprotected and neglected children are taken from the squalor and poverty of homes where vicious surroundings exist and are placed in clean, comfortable, bright homes, where they are properly fed, clothed and cared for.

In speaking over the radio recently of the work of the organization, Mrs. Booth states that "over 70,000 children in America have, during the past three years, been helped to good citizenship through this organization, and nearly 12,000 discharged or paroled prisoners received aid through our Hope Halls while waiting for a chance to make good."

Local merchants and theatre owners have co-operated in offering prizes for those securing the largest amounts for their tags. The first prize will be a manicure set, given by the Mott Drug Co.; the second a handbag, given by Wm. S. Katz; the third will be a silver Eversharp pencil, given by C. D. Casebeer, and the fourth a box of chocolates, given by the Bon Mot. Those securing at least \$3.00 for their tags will receive a pass to the Scenic theatre.

Invitations to help sell the tags have been mailed to a number of boys and girls. Those desiring to help in the work are requested to go to headquarters at nine o'clock tomorrow (Saturday) morning for instructions and tags.

The committee hopes every one will "Have a Heart and Help an Unfortunate," for that is the tag day slogan.

Always glad to have you come in and look around at West Company.

Gate to the Big Spring to be Locked.

Recent advice to council from the Health Department of the State will probably result in locking the gate of the fence surrounding the Big Spring in this place and the exclusion of all but employees of the borough who may have business within the enclosure.

In anticipation of possible compliance with the order council is considering the erection of a drinking fountain for public convenience just outside the fence.

The order is the result of analysis of samples of the water taken from faucets at several places in town. The State sanitary engineer advises that they were found to be "unsatisfactory" and suggests that the Spring be closed to the public and "chlorinated," as well. Wherein the samples showed "unsatisfactory" analysis was not stated in the letter. At the same time they were sent other samples were submitted for test in the laboratories of The Pennsylvania State College. The latter showed no contamination, whatever.

For more than one hundred years the water from the Big Spring has been the sole source of supply for Bellefonte. In all of that time there has not been a case of sickness of record that has been directly traceable to any impurity in it. If we were in council we would be from Missouri. We might vote to close the gate and erect the fountain suggested, but we'd compel the Health Department to show us before we'd assent to chlorinating a water supply that nature seems to have kept perfectly pure.

Home Lighting Contest Inaugurated in Bellefonte.

Some weeks ago the National Light association launched a better home lighting educational contest in which prizes ranging from a \$15,000 home down to \$300 are offered for successful contestants. This contest is being extended to every part of the United States and within the past week the Bellefonte Educational Lighting association was formed with E. C. Musser as chairman of the committee.

An advertisement on the fifth page of today's "Watchman" tells of the offer made by the National Light association but that is but a part of the story. As a stimulant to interest the school children of Centre county in the better home lighting contest \$125 have been appropriated for local prizes to be distributed by the Bellefonte Educational committee among successful contestants. In addition to these prizes the winners will be certified to the National Light association as contestants for the national prizes which include a \$15,000 model electrical home and scholarship prizes in various colleges running from \$1200 down to \$300.

The plan is strictly educational in its purpose and nature. The work as outlined contemplates reaching ten million homes where electricity is used. It is hoped to reach them through educational competitions designed to interest school children, operated locally and nationally with the sanction and approval of school authorities. Competition will be limited to school children of High school age or less, regularly enrolled in the public, parochial and private schools of the community.

The first step will be the distribution through the schools of an attractive announcement folder which will display both the local prizes and the national awards. With this folder will be given a registration card, to be signed by the child and returned to the local committee. Then every child who registers will be given a Home Lighting Primer. It will contain the rules of the contest, a series of brief, simple rules on home lighting, and the material necessary for the competitive features. More detailed announcements will be made in this paper from week to week.

To conduct the contest in the Bellefonte district the following committees have been chosen:

Publicity: Charles Mensch, J. B. De Haas, A. H. Sloop.

Prizes: Ward Fisher, Mrs. Merrill Hagan, a member of the Woman's club yet to be chosen.

In addition to the opportunity to compete for the grand prizes mentioned above there will be three groups of cash prizes exclusively for local contestants. The seniors and juniors will constitute a group to compete for \$20 in gold. The sophomores and freshmen will constitute another to compete for \$15 in gold. The children from the seventh and eighth grades will constitute another to compete for \$7.50 in gold. Those below the seventh grade will be offered a prize of \$5 in gold.
