While a large number of the school teachers attending county institute this week motored to Bellefonte in the morning and returned home for the night those who spent the nights here found the scenic a splendid place of entertainment. The big programs of motion pictures appealed to them as they do to the general public, because they are always up to date and the best that can be obtained.

Only four members reported for the regular meeting of borough council, on Monday evening, and as that number was not sufficient to constitute a quorum no session was held. Four men were present to ask permission to put down extra gasoline tanks at various service stations in Bellefonte, but as this matter is always left to the Street committee and borough manager their work will probably not be delayed because of no meeting of council.

Herbert Sheffer, who has been superintendent of several of the Tyrona operations of the American Lime and Stone Co., has been temporarily transferred to Bellefonte to take the place of general superintendent here soon to be vacated by Elliott Lyon Morris. Because the transfer is only temporary Mr. Sheffer's family will not move from their home in Tyrona. The home of Mr. and Mrs. Harry Rhoads, on east Logan street, was badly damaged by fire and water just before noon last Friday. The property is probably better known as the former home of the late Cheney T. Hicklen, and was one of the nicest in that neighborhood. The fire originated on the roof of the rear portion of the house, the entire top of which was burned away. Considerable damage was also done to the main portion of the house by smoke and water. Mr. Rhoads carried some insurance.

The Bellefonte High school football team defeated the Catholic High, of Altoona, on Hughes field last Saturday, by the score of 83 to 0. The visitors came to Bellefonte in motor cars and on the way one of the cars carrying some of the first team broke down and they had to start the game with substitutes. They claim this as one of the reasons for their overwhelming defeat, but with all their good players in the game in the second half Bellefonte scored 36 points, which was only eleven less than in the first half.

Every Indication for Monster Parade and Many New and Fancy Costumes.

Unless all signs fail the annual Halloween carnival of the Bellefonte Lodge of Elks will this year surpass any former event. The prizes, including cash and fancy and useful articles, will total five hundred dollars in value and are big enough to justify going to considerable trouble to win. Already there are whisperings of many new and unique costumes for the Mummers' division of the big parade, which should make it the leading feature of the evening.

As in former years the parade will move north on Allegheny street to the Diamond, west on High to the railroad and counter march to Spring street; Spring to Howard; Howard to Allegheny; Allegheny to Linn and counter march on Allegheny to the Diamond, thence down High street to Spring and disband. Three Prisoners Escape, Recaptured Within an Hour.

Three colored prisoners escaped from the Rockview penitentiary about eight o'clock last Thursday evening, were recaptured in the vicinity of Axe Mann by prison guards and landed in the Centre county jail by nine o'clock or a few minutes later; were sentenced by Judge Quigley on Monday afternoon and taken back to Pittsburgh on Tuesday by sheriff E. R. Taylor.

The men were David L. Stevens, of Allegheny county, serving five to seven years for voluntary manslaughter; John M. Jones, of Allegheny county, serving five to eight years for breaking and entering, larceny and receiving stolen goods, and James Rudy Proctor, of Lawrence county, serving two to four years for breaking and entering.

The men belonged to the class of inmates under instruction of State College professors and escaped by cutting out the screen of a second story window in the building used for school purposes, climbing down the outside and heading for Bellefonte.

When taken before Judge Quigley for sentence, on Monday, Stevens gave as his excuse for escaping the death of his mother, but according to a letter he showed the court she had been buried before he attempted escape. He was given from 3 1/2 to 7 years in addition to his old sentence.

Jones, who is 36 years old, has a record of sixteen years or more behind prison bars, all for robbery. He gave as his reason for escaping that he didn't like it at Rockview because he objected to men standing over him and watching him while he was working. He also said that he never wanted to come out to the farm but was compelled to come. He drew an additional 4 to 8 years.

Proctor, of Lawrence county, was sent back to Pittsburgh for from two to four years to date from the completion of his original sentence.

His wife, prior to her marriage, was Miss Edith Patton, a daughter of Mr. and Mrs. John T. Patton, of Warriors-mark, who were also prominently identified with the history of Huntingdon county. The evening was one of special enjoyment to all those fortunate in being present. Delicious refreshments were served by Mr. and Mrs. Campbell's daughter, Miss Mildred. Four Bellefonte Excursionists in Wreck at Tonawanda, N. Y.

Four Bellefonte men, members of the excursion which went from here to Niagara Falls on Saturday night, were in the wreck at Tonawanda, N. Y., on Sunday, in which two Philadelphia people were killed outright and four score or more injured. The men were Joe Barletta, wire chief for the Penn State Telephone company; L. E. Smith, J. J. Curto and C. E. Hill, all employees of the State Highway Department. They all suffered minor injuries but not sufficient to prevent them doing good work in helping to rescue the more seriously injured in the wreck.

Before the injured were all removed a claim agent of the International Railway, on which the accident took place, was on the spot and settled every claim possible.

County Conference of Women's Clubs Well Attended.

The annual conference of the Women's clubs of Centre county was held in the High school building in Bellefonte last Saturday, with representatives of fifteen organizations present.

The conference was presided over by Miss Helen E. C. Overton, county president, and Miss Isabella Hill, president of the Woman's club of Bellefonte made the address of welcome, to which response was made by Mrs. Haller, of State College.

The roll call revealed that representatives from the following organizations were present: Bellefonte Women's club, D. A. R., Y. M. C. A. auxiliary, Centre County hospital auxiliary, Children's Aid society, Red Cross and W. C. T. U. State College, American Association of Women, Alumnae Association, Woman's club, Red Cross, Howard, Civic club and Sewing Circle. Unionville, Civic club and W. C. T. U. Mothers Assistance Fund board.

After several violin numbers by Mrs. Louis Schad, accompanied by Mrs. R. Russell Blair, Mrs. Haller, of State College, made her report as a delegate to the State Federation. This was followed by an appeal for the Near East relief cause by Miss Mary H. Linn, county chairman.

At the conclusion of the morning session the delegates enjoyed a box luncheon and the opportunity to renew acquaintanceships formed when the women's organizations first began functioning.

The principal speaker at the afternoon session was Dr. A. E. Martin, of State College. He spoke on the "Inconsistencies in Our Relations with Japan." It was a very intimate and instructive discussion of phases of the Japanese question that are not often seen in print and went far toward giving his hearers a clearer understanding of the many factors entering into one of the most serious diplomatic problems our government has to solve.

After Dr. Martin had concluded Miss Doris Cobb played several piano selections, and then Rev. Maude Seymour, vice president of the W. C. T. U. of Pennsylvania, was introduced and gave a comprehensive talk on the work in the State of the organization she represents.

The conference adjourned to meet next year at State College.

Arrested for Swindling State College Merchants.

A young man who gave his name as Herman M. Guthrie and his home Pasadena, Cal., was brought to the Centre county jail on Saturday night by officer Robert Mingle, of State College, on the charge of swindling State College merchants through the medium of worthless checks. According to the story the young man appeared at the College about a week previous and enrolled as a student in a special course. During the week he deposited a check for \$50 in one of the College banks. He then visited several stores and made small purchases, tendering in payment a check for a larger sum so that he always got cash in change. Saturday morning he disappeared and it was then discovered that his check deposited at the bank was forged paper and all the checks he had issued worthless. The total amount of his operation were about sixty dollars.

Learning that Guthrie had gone away on the Tyrona bus officer Mingle telephoned the police of that town to nab him, which they did, and he went up and brought him to the Centre county jail. Guthrie gives his age as eighteen but he looks considerably older. He claims to have served six months in the navy during the world war. When searched at the jail a number of class cards and entrance data of various other colleges were found in his possession.

Fire Destroys Farm Home in Georges Valley.

The house on the Evans farm in Georges valley, near Penn Hall, was entirely destroyed by fire on Monday. The farm, which was formerly the property of the late Prof. D. M. Wolf, for a number of years county superintendent of public schools, is now owned by James Evans and occupied by himself and two sisters. During the past summer they remodeled and improved the house throughout, making it into one of the most comfortable homes in that section of the county. How the fire originated is not definitely known but when discovered an appeal was sent broadcast for help and a large number of people responded, most of them with buckets for use in a bucket brigade, but unfortunately there was not enough water on the place to make an impression on the flames and every energy was directed toward saving as much as possible of the contents of the house. Only a portion of the furniture was saved, and unfortunately some of it was considerably damaged by rough handling. Among other things burned were forty bushels of potatoes and some valuable rugs. Mr. Evans carried some insurance but not sufficient to cover his loss.
