## Milton High Defeated by Bellefonte High on Saturday Afternoon.

Before a large Saturday afternoon crowd of noisy rooters Bellefonte High turned a possible defeat into a runaway victory in a fierce game with Milton High school on Hughes field. The game itself was hard fought and spectacular, with several long runs and neatly completed forward passes as features. At times the play was rough and drew instant and drastic penalties from the referee, Rand Miller, who inflicted them without prejudice or regard for remarks from the sidelines. Had the game been left to the care of the officials, players, and responsible representatives of the two schools it would have ended without serious trouble or ill feeling. But due to the entire lack of a sense of sportsmanship and regard for the fair name of the school and town, a group of self-styled school "supporters," by agitation and direct aggression, precipitated a fight following the game which was as disgraceful as it was unwarranted and as regrettable as it was unnecessary.

The trouble started early in the game when repeated rough tactics on the part of one certain Milton player drew a fistic reply from two Bellefonte players. The referee, not being omniscient, had missed the first offense but saw the flying fists in answer, and promptly ejected the two local boys from the game. The referee's prompt and fearless action had such an effect that for the rest of the game, hard fought as it was, there was no further penalty against either team, other than for off-side play and crawling.

Immediately following the game the group referred to above started a fight which resulted in one Milton player being knocked out and in bad condition for some time. That High school players were involved in the fight is not to be denied; that they were responsible for its beginning is far from true. Throughout the game this same small group of poor sports agitated Bellefonte players to "get" certain Milton players. At the close of the game they were the direct inciters of the fight. Prominent men of town who were witnesses to the affair gave their testimony that the High school team and pupils were not the responsible parties. It is unfortunate that the town and school must suffer. The pupils started Monday to live down the stigma as fast as possible by resolving to go out of their way to show visiting teams the best of sportsmanship and courtesy and to foster the same feeling among their followers in the town.

The game itself was replete with thrills, scares, and all kinds of football. Bellefonte scored on the second play of the game when Capt. Waite took a forward pass and raced for a touchdown. Emel failed at goal. Milton came back with a strong attack and during the greater part of the first half out-played the local boys. In the second period by strong line plunging and occasional end runs mixed with one successful pass the visitors tied the score but the attempt at goal was blocked. During the second period Emel was forced to the side lines with a back injury and one minute later Waite and Furey were ejected as described above. To the rooters this seemed to spell certain and complete defeat, but to the team it reacted as a spur. They came back at the beginning of the second half and lost little time in working their way to the Milton 12 yard line where they were temporarily stopped, but a neat pass, McCullough to Bower, took the oval across. McCullough kicked the goal. A few minutes later two successive Milton punts were blocked and the second resulted in a safety, scoring 2 points for Bellefonte. Before the third period ended McCullough picked up a rolling punt on his own fifteen yard line and ran it back for another score. He was aided by some fine interference, Dean Johnston in particular clearing the way. During the 4th period Heverly carried the ball across on two occasions after fine runs. The Bellefonte line from end to end was the big factor in the overwhelming victory. Defensively they became impregnable as the game advanced and resorted to the practice of throwing opponents for heavy losses or blocking enemy punts as opportunity offered. Further strengthened by Bower's superior kicking, the backs, notably McCullough and Heverly, were enabled to score readily in piling up a 35 to 6 victory.

It makes no difference to Andy Mellon whether it is a pot or a kettle if it is made of aluminum.

GOODHART.—Mrs. Mary Goodhart, widow of William Goodhart, died at four o'clock last Saturday morning at the home of her son, Frank V. Goodhart, at Centre Hall, as the result of general debility.

She was a daughter of William and Rosanna McKinney and was born in Potter township on May 23rd, 1842, hence had reached the age of 82 years, 5 months and 9 days. Most of her married life was spent on the farm, near Spring Mills, but since the death of her husband in 1904 she had made her home in Centre Hall. She was a life-long member of the Presbyterian church and a woman whose whole life was one of Christian fellowship for all with whom she came in contact.

Surviving her are the following children: William Goodhart, of Louisville, Ky.; Mrs. W. R. Winegardner, of Milroy; Mrs. Mary Foreman, of Canfield, Ohio; Mrs. Edward L. Glenn, of State College; Mrs. James Glenn, of Carlisle; Mrs. John E. Reareck, of Centre Hall; Samuel, of Johnstown, and Frank V., of Centre Hall. She also leaves one sister, Mrs. Hannah Meyer, of Sunbury.

Funeral services were held at the Goodhart home in Centre Hall at 2:30 o'clock on Monday afternoon by Rev. J. Max Kirkpatrick, after which burial was made at Spring Mills.

ROCKEY.—Miss Sophia S. Rocky, one of the best known women of Nittany valley, passed away very unexpectedly at her home in Hubersburg, on Wednesday morning of last week as the result of an attack of neuralgia of the heart.

She was a daughter of Jacob and Rebecca Stover Rocky and was born near the place of her death seventy-seven years ago. Living for more than three-quarters of a century in the same neighborhood and within the same environment she had not only a personal knowledge but an intimate relationship with several generations of the old-established families of that community, all of whom loved and revered her for her many estimable and Christian qualifications. A lifelong member of the Evangelical church, of Hubersburg, she was exceptionally active in all church affairs up until the end of her long life. She was the last member of her family to pass away but her death is deeply mourned by a large circle of friends.

Funeral services were held at her late home at Hubersburg, last Friday, by her pastor, Rev. Zang, assisted by Rev. Harry E. Hartman, of the Reformed church, after which burial was made in the Zion cemetery.

MARTIN.—John Hutchinson Martin, for seventeen years a well known resident of Bellefonte, died at his home in Bush's Addition last Saturday as the result of cerebral hemorrhages, although he had been a sufferer for several months with arteriosclerosis.

He was a son of John and Mary G. Martin and was born in Clinton county on September 11th, 1854, hence was 70 years and 20 days old. Since coming to Bellefonte he had lived a retired life. Surviving him are his wife and the following children: Mrs. W. N. Beck, of Butler; Mrs. Willis Struble, of Camden, N. J.; and W. H. Martin, of Bellefonte. He also leaves three sisters, Mrs. Mary Crust, of Centre Hall; Mrs. Sarah Lutz, of Bellefonte; and Mrs. Elizabeth Guyer, of Port Matilda.

Funeral services were held at his late home on Tuesday by Rev. E. E. McKelvey, and burial made in the Union cemetery.

STOVER.—Mrs. Mary Ann Stover died at her home in Haines township on Tuesday of last week as the result of an attack of pneumonia, following an illness of some months, aged 73 years and 22 days. She is survived by her husband, Benjamin F. Stover, and four children, Mrs. Durbin Musser, of Aaronburg; Frank Stover, of Brush valley; Mrs. W. C. Haffley and Mrs. Verna Walters, of Aaronburg. She also leaves four step-children, Forest Stover, of Aaronburg; Mrs. William Musser, of Coburn; Clarence Stover, of Spring Mills, and Fred, of Aaronburg. Funeral services were held in the Reformed church on Monday afternoon by Rev. John S. Holenbach and burial made in the Reformed cemetery.

MITCHELL.—Mrs. Lillie E. Mitchell, wife of Linn Mitchell, of Tyrone, died on Monday following a prolonged illness with Bright's disease. She was a daughter of Thomas B. and Phoebe Sensor, and was born at Unionville fifty-six years ago. In addition to her husband she is survived by four sons and one sister. Burial was made in the Eastlawn cemetery, Tyrone, on Wednesday afternoon.

The I. O. O. F. band, of Bellefonte, and the Cadet band, of State College, went to Williamsport on Monday and took part in the big Halloween parade held there that night. Their services were requisitioned because of a strike of Williamsport musicians. There are eight bands in the Lumber city and all belong to a musicians union, which also includes the N. Y. C. band, of Jersey Shore. South Williamsport also has a band which does not belong to the union and because it had been engaged to march in the parade on Monday evening the other bands struck. The music committee of the parade promptly got busy and engaged out of town bands to furnish the music, which accounted for the presence of the I. O. O. F. and Cadet bands. The Odd Fellows, by the way, led the parade which was a mile in length.

## Centre County to Have Home Economics Worker.

Miss Mary Reynolds, home economics extension specialist of The Pennsylvania State College, has been assigned to work entirely in Centre, Clearfield and Clinton counties, according to the announcement of R. C. Blaney, farm agent of Centre county.

Since graduating from the home economics course of the Michigan Agricultural college in 1923, Miss Reynolds has been doing special clothing work in the State. In her new position, however, she will do general home economics extension work, for which she has excellent training.

Her work will not only be with the women of the county but also with the girls' clubs. With the former, lectures, demonstrations and discussions will be given on nutrition and health problems, clothing and household management plans. Hot school lunch projects will also be one of the phases of the women's work.

In her work with the girls Miss Reynolds will lay special emphasis on canning clubs, bread clubs, food values, principles of cookery and meal planning and preparation. The girls will be given practical demonstrations in the principles of making and repairing clothing and discussions of clothing from various standpoints.

Miss Reynolds can be reached through the main Home Economics Extension office at State College, or through the Farm Bureau office at Bellefonte, by any women's organizations or local group that may desire her services. The work will be conducted similar to the county agent's plan, and personal visits made where her services are requested.

## Academy Tied in Hard Game.

The Bellefonte Academy football team, undefeated and not scored against this season, battled to a draw with the Pitt Freshmen before a ten thousand crowd of fans, at Greensburg last Saturday. The fact that the Pitt eleven had not been defeated or scored against made the game one of intense interest, and as evidence of the equal strength of the two teams neither one was able to score.

The Academy team will leave on the 1:20 p. m. train today for Easton where tomorrow they will play the Lafayette Freshmen. Coach Snavely has his boys in good shape and as this will be the first time for these teams to meet on the gridiron, local fans will be watching for the outcome.

The last game the Academy will play on Hughes field this year will be on Saturday, November 15th, when the West Virginia Freshmen will be here. Game will be called promptly at 2:30 o'clock.

Mr. and Mrs. Henry W. Brinmeier, who shipped their household goods from Rockview to Pittsburgh on Tuesday, will leave today with their two children, Paul and Betty, to motor to the Smoky city. Mr. Brinmeier is one of the men who lost his position as head gardener in the reorganization under way at the western penitentiary at Rockview, although he has been there ten years and always produced bumper crops of everything until this year, when lack of co-operation and unseasonable weather were against him. He has in view, however, three positions tendered him but will not decide which one he will accept until he reaches Pittsburgh.

## Charley Zettle Had Miraculous Escape.

Charley Zettle, who farms the Geo. Dale farm, near Dale's Summit, must have had a rabbit's foot in his pocket on Monday afternoon. No man could have gone safely through with the accident that befell him without serious injury or loss of life unless some omen of good luck had been hovering over him.

Driving alone in his Cleveland touring car, and evidently at a good speed, he was unable to make the sharp curve on the highway, about one-half mile this side of Lemont, and went through the guard rail, rolled over a barbed wire fence and landed right-side up on the brink of Spring creek, ten feet below the level of the roadway.

Charley was cut and scratched a bit, but not seriously hurt. The top of the car was torn off, the left front wheel smashed to splinters and the body badly dented. Three panels of fence were among the wreckage.

The accident occurred just where the road to Houserville cuts off from the highway.

The "Watchman's" Pine Grove Mills correspondent mentions the shooting of a man in the Archie Laird woodlot, near that place, on Monday, and since his letter was written it has been discovered that the man in question is Ross H. Rushler, of Altoona. He was taken to the Altoona hospital where it was at first feared that one eye had been destroyed, but later information is to the effect that the doctors hope to save the eye. The man who fired the shot that hit Rushler escaped in the woods without being identified.

The new \$300,000 State hospital at Philipsburg was completed last week and on Friday thrown open for inspection. On Monday all the patients were removed to the new institution from the old Cottage State hospital. The new plant was not built entirely by State funds as Philipsburg residents contributed liberally toward the fund, and foremost among the men interested in securing the new building was Hon. Harry B. Scott.

On Monday evening the men employees of the Bellefonte postoffice entertained the members of the Woman's Auxiliary at a chicken and waffle supper at the hotel at Unionville, and we'll wager a mess of venison that Mine Host Holt filled them with satisfaction as well as chicken and waffles.

Falling from a scaffold while at work at the Rockview penitentiary on Tuesday afternoon James Bent sustained a broken elbow and a fracture of the collar bone. He was treated at the Rockview infirmary and later sent home.

## CENTRE HALL.

The funeral of Mrs. Mary J. Goodhart, on Monday, was very largely attended.

The new eight cylinder Packard driven by the Kerlins is a beauty, and admired by all who see it.

William D. Shop, of Bellefonte, and C. F. Deininger, of Harrisburg, were visitors to our burg on election day.

On Sunday Mr. and Mrs. John and mother, Mrs. Belle Whiteman, motored to Berwick, where Mrs. Belle Whiteman will visit her sister, Mrs. W. M. Grove. Later on she will spend

considerable time with her daughter, Mrs. Charles Geary, at Newport.

Mr. and Mrs. J. H. Lohr, of Rutledge, near Philadelphia, expect to reach Centre Hall on Saturday for a short visit.

Mr. Dornblazer, of Nittany valley, was in town tuning pianos one day this week. He expects to be here soon again, as some other instruments need his practiced hand.

The Bartholomew family, including Mrs. H. W. Kreamer, enjoyed the kindly hospitality of the S. S. Kreamer family in their beautiful new home in Lewistown, on Sunday.

After spending several weeks in her home on the farm west of Centre Hall, Miss Mary Kennedy returned to Altoona on Tuesday where she will spend the winter with her sister, Mrs. E. L. Bartholomew, at 1018, 22nd Ave.

Hallow-teen parties were popular last week and the party of the High school classes minus the "Freshies," was enjoyed by all present. Another party at the Reformed parsonage was greatly enjoyed by all who were present.

## Squads will Wage Scientists Wars.

Science is man's greatest servant and his worst enemy according to professor Harvey B. Lemon, of the physics department of the University of Chicago, in speaking of the branch of learning to which he has devoted his life.

Professor Lemon has painted a picture of the next war, in a lecture to a class at the University.

"Perhaps in twenty years armies will be unnecessary, and a small group of men equipped with deadly devices, will destroy great centres of population at a single stroke, as they are ordered by their commanders," Dr. Lemon told his classes.

The lecturer stated that men, women and children would perish at the will of scientists, and entire centers of population will be annihilated in a few moments by the simple pulling of a lever or pushing of a button, which may control the devices of the scientists that will wage the wars.

"Scientists," the professor concluded, "will absolutely control the wars, and a mere 'corporal's guard' will wage them."

An engineer on the railroad, by the name of Bill Blue, ran engine two, and one day, when out on a run, the flue of his engine burst. Being a man of few words, he sent the following telegram to the superintendent: "Flue blew through on engine two. Bill Blue." The superintendent, also a man of few words and very much to the point sent the following instructions: "Bill Blue on engine two. Fix that flue that blew through, and get out of the way of twenty-two, which is soon due."
