## MANY BUCKS KILLED

### ON OPENING DAY

#### A Tracking Snow in Mountains Assisted Hunters in Trailing the Deer.

True to the prediction made in the "Watchman" last week an army of hunters were on the grounds for the opening of the deer hunting season on Monday morning. These included the upwards of two hundred hunting parties made up in Centre county as well as the hundreds of hunters who came into this section from most every part of the State.

Every train last Friday and Saturday was crowded with brown-coated and red-capped men, most of them going over into the Seven mountain district. The train on the Lewisburg branch on Saturday evening carried over two hundred hunters, all of them bound for the Seven mountains. Even Snow Shoe hunters, who have always been partial to the Alleghenies, went to the Seven mountains for the opening day, and while we have no record of any of the latter killing their buck on Monday they saw quite a number of deer, but they were mostly does.

The first report reaching this office of deer killed was from Potters Mills, where Boyd Smith, of Spring Mills, out with a party of day hunters bagged a fine buck on the first drive made shortly after daylight.

**A WOMAN SHOT A FINE DOE.**  
The next report also came from Potters Mills, and it pertained to the killing of a large three point buck by Mrs. W. M. Woodring, of Juniata. According to the report Mrs. Woodring is a member of a party of Juniata hunters who are staying at the home of Mr. and Mrs. M. N. Miller, at Potters Mills. They were out bright and early Monday morning and while standing watch about ten o'clock eight deer came out within gunshot of Mrs. Woodring. She took a shot at one buck and missed but not dismayed she left drive at another and brought it to earth.

John H. Mogle, of Howard, hunting with the Modoc hunting club, shot a four pointer on the opening day. The Union Hunting club made up of the hunters from Colyer and Red Lion, York county, got five bucks on Monday, probably the biggest bag for the day.

The Bradford party, of Centre Hall, got two.  
The Black Rock party two.  
The McKees Rocks hunters two.  
The Pleasant Gap crowd one.  
The Coatesville party one.  
The Heaton party one.  
Thomas Meyer, of Colyer, one.  
The Witherite party, hunting in the Alleghenies above Runville, got a big buck shortly after daybreak, the deer having been shot by a Mr. Confer.

Latest reports yesterday morning show a total of fifty or more bucks having been killed in the mountains in the Potters Mills section. The Lakemont hunting club has the best kill so far, 5 bucks.

The Williams party, of Nittany, have three.  
The Regulars of Potters Mills, two.  
Georges Valley crowd two.  
The Sweetwood party four.  
The Slack party one deer and a bear.  
The Bradfords of Centre Hall, four.  
The Walter Gherrity crowd two.  
The Yeagertown crowd four.  
The Pennington party four.  
Johnstown hunters at Potters Mills, three.

Up in the western end of the county most every man able to carry a gun is out with a hunting party on Old Tussey mountain. All of the clubs have their regular camps where they hang up year after year, and of course every man was on the ground bright and early Monday morning. A number of deer were killed on the opening day, but reports up to yesterday morning are as follows:  
The Pine Hall crowd two.  
The Dreiblebis party two.  
The Rossman—Sunday party two.  
The Ben Everhart crowd two.  
The Franklinville gang two.

Harry Gearhart and Bert Lyle each got one. Fred Gearhart shot a nice buck and took it home and hung it up, expecting to cut it up the next morning, but during the night some person stole it, hide, hair and all.  
J. D. Neidigh got a fine specimen, and Fred Gearhart Sr. got one.  
Thomas Redding, of Snow Shoe, a buck back on the Alleghenies, on Tuesday, which it is claimed tipped the scales at 250 pounds.

**PHILIPSBURG HUNTER IN LUCK.**  
Bert Baumgardner, residing at New Liberty, was the first hunter to take a deer into Philipsburg the opening of the season.  
It was taken to Gill's sporting goods store, Front street, and the slayer received the prize offered by the store for the first deer brought in—of Marble's best hunting knives.  
The deer, which weighs about 135 pounds, is a young one, but having, of course, the legal growth of horns, Mr. Baumgardner left his home for the deer country east of Philipsburg at 8:45 Monday morning. He was back to town with the buck's carcass at 10:30. He got his shot near the Simcox farm on the Port Matilda road.

On Wednesday of last week Jack Witherite and Walter Miller, of Runville, killed a cub bear on the mountain above that place, which is probably another of the cubs that had been robbing the Dim Lantern apple orchard a few weeks ago.  
On the same day two Unionville hunters killed a big bear in the foothills of the Alleghenies near the Fox Run district.

On Thanksgiving day Earl Orr and

Fred Witmer went down on the ridge between Zion and Jacksonville to hunt for small game. They had three dogs with them and during the afternoon the dogs picked up a hot trail which the hunters naturally supposed to be a rabbit. But to their surprise a big bobcat came out of cover within nine steps of Mr. Orr. One shot brought it down. The animal measured three feet from tip to tip. Two rabbits, one pheasant and a squirrel were also bagged by the hunters.

Anent the scarcity of small game during the season just closed Howard Holzworth, of Unionville, lays claim to having brought in ten pheasants during the season, but avers that it is the first time in twenty years that he has fallen below the season limit, and he claims that the birds are not in the woods.

**TWO HUNTING ACCIDENTS.**  
The first hunting accident of the season in Centre county occurred on Monday afternoon while J. W. Benner and Mark Fetterolf, of Madisonburg, were trailing a deer on Brush mountain. Fetterolf was walking some eight or ten feet behind Benner and in going through some thick underbrush his gun was accidentally discharged, the ball entering the sole of Benner's foot just as he was making a step, coming out near the toes. While not a dangerous wound he will have a pretty sore foot for some time to come.

While hunting on Panther run, above Beech Creek, on Monday afternoon, Andy Gonack, of Munson, used his revolver to call in his comrades on the hunt. One cartridge failed to explode when he pulled the trigger but went off while he was examining the gun to see what was wrong. The bullet hit him in the left shoulder and he was taken to the Lock Haven hospital for treatment.

**No Court Next Week.**

The regular session of December term of court, scheduled to be held next week, has been cancelled owing to the sudden death of the late Judge Henry C. Quigley. Notices to this effect have been sent to all jurors and witnesses summoned for said term of court.

**The Sarcophagus for Woodrow Wilson**

The body of former President Wilson will be removed from the crypt where it now lies in the Washington Cathedral and placed in a marble sarcophagus, in the Bethlehem chapel, beneath the floor where it now is. Mrs. Wilson has instructed the architects for certain designs, and the sarcophagus is being made in Boston. The fact that the Washington Cathedral contains the body of so eminent a world citizen will in itself make the building a shrine to which Americans and others will go in great numbers. No changes in politics or racial contentions will ever eliminate from the minds of men the history and ideals of our great War President.

**Coatesville Banker Takes Own Life.**

A dispatch from Coatesville, on Sunday, announced that Wallace S. Harlan, a prominent banker and attorney of that place had committed suicide by shooting himself in the head. His dead body was found lying on the floor of his office.

Local interest attaches to the case from the fact that Mr. Harlan was a close personal friend of Ira D. Garman, of Philadelphia, and for some years past had been his guest for two weeks or longer at Edgemoor, at Axe Mann. Mr. Harlan was reputed to be a millionaire and his suicide is ascribed to a nervous breakdown which he suffered several months ago. He was sixty-five years old and is survived by his wife, one daughter and a brother.

**Fourteen Men Held for Trial in Centre County Court.**

Fourteen foreigners arrested in Rush township last week for rioting and interfering with workmen in the Morann region were held for trial before the Centre county court at a hearing before justice of the peace Thomas Bryan, in Philipsburg, on Wednesday last week. Nick Gerbinski, Jim Le Corre, Paul Ribinichak, Leonard Germerick, Tony Sterniski, Frank Le Corre and Leo Germerick were each held in \$1,000 bail for alleged aggravated assault and battery and \$500 additional on the charge of unlawful assembly and inciting to riot.

Mike Miscovitch, John Miscovitch, John Helva, Frank Emala, Valentine Morosky, William Le Corre and Frank Sterniski were each held in \$500 bail on the charge of aggravated assault and battery. ## Gross Building Badly Damaged by Fire Wednesday Night.

The Gross building, on Spring street, Bellefonte, was badly damaged by fire on Wednesday night and only the good work of the local firemen saved it from complete destruction. It was one of the old-time frame structures and the fire, which originated in the cellar of the residential end occupied by William Reed, and at one time the home of the Bellefonte club, burned into the partition and up between the walls of the room before it was discovered. The lower floor of the building was occupied by Gross Bros. grocery and James Schofield's saddlery, while the apartments over these business places were occupied by Mrs. M. Levi, her son and his wife, and Mr. and Mrs. Harrison Kline.

When the firemen arrived on the scene they undertook to extinguish the blaze with chemicals and would probably have succeeded in doing so had it not been for the progress the fire had already made within the walls and partitions, but the flames breaking out in the rear of the structure they were compelled to resort to water. The flames were eventually extinguished but the building is badly damaged, probably as much by water as by fire.

The Gross Bros., naturally, are the heaviest losers, as in addition to the damage to the building their store and stock were almost ruined. The flames did not reach the Schofield saddlery and only the rear end of the room occupied by it was damaged by water. As most of his stock was removed to the front of the room his loss is nominal.

Very little of the furnishings were removed from the Reed residence but Mrs. Levi and Mrs. Kline got most of their furniture out. For the present the Klines will be at the home of Mr. and Mrs. J. T. Storch.

The total loss will approximate \$25,000, which is only partially covered with insurance. How the fire originated is unknown.

Mr. Auerbach is in Bellefonte for an over Sunday visit extending his stay to the middle of the week.

When H. A. Bickel, of Bellefonte, went to work at the Whiterock quarries, at Pleasant Gap, on Wednesday morning, he told the superintendent that that would be his last day, as he intended taking employment elsewhere. **They Have no Winter Where These Folks Are.**

After having struggled with a frozen trench to uncover a few heads of celery, then swept the snow from the sidewalk and stoked the furnace a bit we came down to the desk, Monday morning, to find two notes. Each from a friend who is basking in a land of perpetual sunshine, where winters are unknown.

Frank Hess, formerly of Philipsburg, writes from his home in Los Angeles, Cal., that on Saturday, November 22nd, he watched the University of Southern California and Idaho play their annual football game and all the while the thermometer stood at 90 degrees and the spectators were in their shirt sleeves and demanding iced drinks.

The tone of Frank's letter indicates that they are happy in their new home and concludes with a request that we convey his best wishes to all Centre county friends.

The other note was from the Carl Weaver party who started for Florida early in November. They have reached Haines City, in the central portion of the State and seem so much pleased with the hills and lakes surrounding, as well as the fine roads, that they purpose tarrying there some time.

**Thousands Paid to Bellefonters in Christmas Savings.**

Three years ago the Bellefonte Trust company inaugurated its Christmas savings department and invited its customers to take advantage of the same. Quite a number did so and at the end of the first year they paid out in Christmas savings checks to the amount of \$8,000. The raising about of this fact evidently carried its appeal to the public generally as last year they paid out \$18,000 and this year checks either have been or soon will be mailed to over four hundred depositors for a total of between \$22,000 and \$23,000. The greater part of this money will probably be spent in Bellefonte in Christmas shopping.
