Miss Hannah M. Gates, who has been a patient in the Centre county hospital almost a year as the result of a stroke of paralysis, was removed last week to the comfortable home of Mrs. Mary Kane, at Reopersburg, where she is sure to receive the very best care and attention.

The young people from this county who are students at The Pennsylvania State College will go home for the Christmas vacation on December 19 and 20. The vacation will last until January 6. Every Pennsylvania county is represented in the Penn State student body this year.

William Baker, of Mifflin county, made his escape from Rockview penitentiary some time between six and eight o'clock last Thursday evening and at this writing has not been recaptured. He was serving a sentence of three years and a half to seven years for larceny and jail breaking.

Mr. and Mrs. Harrison Kline, who sustained a loss of two thousand dollars in the fire at the Gross block last week, are deeply grateful to the Academy students and the people of the town generally who worked so valiantly in saving a portion of their household goods from the burning building.

The First National bank is opening its Christmas savings fund account for 1925 and invites depositors to take advantage of the same. Weekly deposits from fifty cents up can be made and it approximates a tidy sum during the year. The bank officials will cheerfully furnish any information desired.

Joseph Bertram is just completing a modern cow barn on his Spring creek dairy farm. It has concrete floors and troughs, metal stanchions and litter carriers and right up to the last requirement in ventilation and light. It will cost Joe something over \$4000, but he doesn't care for that. He wanted a good barn and is going to have it.

Last Friday Henry Gross drove D. Wagner Geiss's horse and wagon up on Bunker Hill, delivering parcel post matter. He stopped the horse and got out of the wagon to deliver a package and as he stepped onto the wheel to get into the wagon some pigs in a nearby pen began to squeal, the horse jumped and Henry was thrown into a wire fence, sustaining several bad cuts on his hands and face.

Mr. W. F. Rishel was the only Centre county farmer who participated in the showing of the carload of Berkshire barrows that won first prize money and the blue ribbon at the recent Chicago live stock exhibition. Competing in an exhibit of fifteen carloads of all breeds the Pennsylvania farmers who contributed barrows to the Pennsylvania State College for preparation for the show have won a notable victory.

FARM BUREAU HOLDS ANNUAL MEETING. Name Changed to Centre County Agricultural Extension Association.

A representative crowd of Centre county farmers attended the annual meeting of the Farm Bureau at the High school building last Saturday. In the absence of the president, Mr. J. M. Campbell, Mr. John G. Miller was chosen as chairman of the meeting. Following the reading and adoption of the minutes of the last meeting, treasurer W. C. Smeltzer read his report which showed the finances of the Bureau to be in a satisfactory condition. County agent R. C. Blaney submitted a very comprehensive report of his work during the past year, which covered every line of farming activity, and which met with the approval of all present.

For some time past considerable confusion has been caused throughout the several counties in the State between the Farm Bureau as representing the extension department of State College and the Farm Bureau Federation. The extension department has taken a neutral stand in the matter and decided to change the name to the Agricultural Extension Association. In order to conform with the other counties in the State the matter was brought up at Saturday's meeting and by a strong majority vote the name was changed from the Centre County Farm Bureau to the Centre County Agricultural Extension Association. No other change was made.

The organization will continue the same as under the old name, with an executive committee of thirteen representative farmers from different parts of the county, the president, vice-president, secretary and treasurer to be elected at the annual meetings, and the other members of the executive committee to be selected by these officers. Any farmer or person interested in agriculture is eligible and considered a member of the association, without dues, and should show his interest in the agricultural development of the county by taking an active part in helping to formulate the policies to be carried out by the county agent.

It is the duty of the executive committee to take care of all financial arrangements for the extension representative, such as an office, office equipment, secretarial service, transportation, etc. They also assist the county agent in planning his program of activities and act as leaders in their respective communities. The following officers were elected for the ensuing year:

President, N. I. Wilson, Stormstown.
Vice President, J. M. Campbell, Pennsylvania Furnace.
Secretary, J. Will Mayes, Howard.
Treasurer, W. C. Smeltzer, Bellefonte.

At the afternoon session brief talks were made by M. S. McDowell and E. B. Fitts, of State College. The latter talked on dairy improvement and stated that Centre county has one cow testing association with twenty-six members. There are 12,568 cows in the county, and if all of them were as good as the 6,500 belonging to the members of the cow testing association it would mean big money to all cow owners.

THE FARM PRODUCTS SHOW.

The farm products show held in the armory in connection with the annual meeting of the farm bureau was the biggest and best held since the show was inaugurated four years ago. Apples, poultry, eggs, corn, wheat, oats and potatoes were included in the exhibits, and there were enough of them to make a really wonderful showing by Centre county farmers, notwithstanding the fact that the past season was none of the best for fruits or farm produce of any kind. J. C. Bullock Injured at Hollywood.

Mrs. W. P. Ard this week received word that her brother, J. C. Bullock, was badly injured in an auto accident at Hollywood, Cal., the day after Thanksgiving. The young man was piloting a car in the auto races at the big bowl at Hollywood and in making a preliminary tryout early in the morning ran into a wire that workmen had unthinkingly left hang across the track. It caught him on the neck and cut a gash that required forty-two stitches to close. While his condition has been serious, it is believed that he is now on the way to recovery.

Coming to the Moose Temple theatre this Friday and Saturday, "The Covered Wagon," at popular prices. Adults 50 cents, children 25 cents. 49-1t

Rev. Maynard Tenders Resignation.
Rev. M. DePui Maynard has tendered his resignation as rector of St. John's Episcopal church in this place, for the purpose of accepting a call from the Episcopal church at Ridgway. While the vestrymen or congregation of the local church have not yet taken any action we feel assured that they will be loath to grant the request.

Everybody knows that Hollywood is located near Los Angeles, Cal., and the best pictures coming out of the motion picture studios located there are shown at the Scenic. All movie fans should be regular patrons of this popular place of amusement, as that is the only way to see them all. Something big on every night's program is the motto of manager T. Clayton Brown, which accounts for the Scenic's large patronage.

It is Now Judge Dale.

In what is regarded as a purely personal appointment Governor Pinchot commissioned Arthur Dale Esq., yesterday morning, to serve as President Judge of the courts of Centre county until January 1st, 1926, when whoever may be chosen at the polls next November will take the bench for the full term of ten years.

Judge Dale is the only son of the late Clement Dale Esq. After having read law in his father's office and completed his studies at a law school, he was admitted to the bar in 1917. He had just started his practice when he entered the service for the world war and remained in the army until the fall of 1918 when he returned home, not having been overseas. He was associated with his father in practice until he was elected to the office of District Attorney, last fall, on the Democratic ticket, with the Prohibition endorsement. He is thirty-five years old, the youngest man who has ever presided over a Centre county court.

As we have said the appointment is evidently purely a personal one on the part of the Governor. He knew Mr. Dale well and commissioned him notwithstanding a petition from the Centre county bar urging the appointment of Harry Keller Esq. All of the leaders in the Republican party in Centre county favored Mr. Keller and the only known political worker in the county who is said to have urged Mr. Dale's appointment was Miss Rebecca Rhoads, president of the W. C. T. U.

However this may be he has come into a very great honor and opportunity. He is a pleasing young gentleman, a hard worker and doubtless will bend every effort to administer the laws to the very best of his ability. We certainly wish him success.

No idea as to whom Mr. Dale will appoint his District Attorney is had at this writing.

MR. KELLER'S STATEMENT.

When interviewed after the appointment was announced, Mr. Keller had the following to say in reference to it:

"Following the very sad and regrettable death of Judge Quigley, many of my friends strongly urged that my name be proposed to the Governor for the temporary appointment to the vacancy. While I at no time filed any application with the Governor, I am frank to say that I esteemed it a great honor that so many friends should, entirely of their own volition, suggest that I be named to serve until the people of Centre county might have an opportunity to express a preference at the polls. It was the privilege of the Governor to appoint the one of his choice and he has exercised that privilege. Mr. Dale having been appointed as our Judge in Centre county, should, in the discharge of his official duties, be accorded the fullest co-operation of the several members of the bar, and he certainly will have mine."

"I desire at this time to make public announcement of my candidacy for the Republican nomination for Judge at the primaries to be held in 1925, thus placing my cause in the hands of the people of Centre county."

Heating Plant at Hospital to be Installed at Once.

The boilers for the improved heating plant at the Centre County hospital have arrived in Bellefonte and will be put in place as soon as possible. They will be erected in the laundry building which, when built, was designed as a combination laundry and boiler room. When the new boilers are installed and connections made the old boilers in the basement of the hospital will be removed.

The board of trustees have decided now to continue building operations on the new wing during the winter. The foundation walls, which have been up for some time, will be covered to protect them from the weather and work on the building will not be started before next spring.

The Green and White Revue.

The dates for the Green and White Revue have been set for January 6 and 7. You all remember the many hearty laughs the audience had over the entertainment provided by the town's fairer sex last year.

This year there will be eighty-five girls in the Revue. They promise better minstrelsy, more attractive dancing and daintier costumes. Keep the dates in mind and remember that the proceeds will be given toward the support of the community nurse, a cause certainly worthy enough to command the patronage of all.

M. A. Landsy Presents Beautiful Picture to High School.

Bellefonte Chapter, D. A. R.

The place of meeting of the Bellefonte Chapter, D. A. R. this month was the University Club, State College. Six State College members were hostesses, and the evening's subject for discussion, "Schools Assisted by D. A. R.," was presented by Mrs. Edward M. Frear, wife of the Rev. Edward M. Frear, rector of the Episcopal church of State College.

Through the witness of both ear and eye the "raison d'être" of the several southern schools was fully attested and their assistance amply justified. Hearing what Mrs. Frear told of the schools one could not be surprised at seeing the excellence in work exhibited, some from Crossnore, N. C., and some from Berea, Ky., beautiful bedspreads, pillowcases, many useful articles.

Besides the work from the schools there were, too, knitted scarfs, made by disabled veterans of the world war, many of them one-armed men.

Two of the schools discussed—Pan-Assee Industrial school, S. C., and the Kate Duncan Smith school, of Grant, Ala.—were founded by the D. A. R. and are wholly supported by them. Berea College, Ky., the Berry School, Ga., and Crossnore, N. C., receive assistance from the D. A. R.

The local Chapter proved itself truly interested in the educational enterprise by voting, at this December 4th meeting, \$25.00 to the Berry School; \$25.00 to the Industrial school at Washington, Pa.; \$10.00 to Crossnore, N. C. (where Miss Margaret Humes, of Jersey Shore, is a teacher) and, then, \$5.00 for the purchase of the "original Penn charter of Liberties."

American Legion Buys Sebring Home.

Announcement was made this week that the Brooks-Doll post of the American Legion had closed negotiations for the purchase of the property on east Howard street, recently the home of the late John Sebring, as a permanent home for the post. The building is of stone and contains fourteen rooms. By remodeling the interior it can be made into a very comfortable and adequate home for the world war veterans, who for several years past have been quartered on the second floor of the Centre County bank building.

The price paid for the Sebring home is given as \$6,000. Several years ago the post put on a drive to raise funds for the purchase of a home and as a result of that drive has in the neighborhood of \$3,000 on deposit in the Bellefonte Trust company which can be used toward the payment of the property purchased.
