

Democrat Watchman

Bellefonte, Pa., January 9, 1925.

NEWS ABOUT TOWN AND COUNTY.

The chart for the Green and White Revue will open at 9 o'clock next Tuesday morning, at Mott's drug store.

The ladies bible class of the Lutheran church will hold a bake sale in Schaeffer's hardware store Saturday, January 10th.

The Hale farm out near Nigh bank, for a number of years occupied by Homer Decker, has been purchased by Frank Donovan.

Mrs. Mary Toner has purchased from the Sebring heirs the brick house on Bishop street now occupied by Dr. R. L. Capers and family.

Be sure to attend the Green and White Revue next Wednesday night and see if your name has been used in some of the many local stunts and quips.

Mrs. M. A. Landsy was hostess Tuesday night, at a card party of six tables, given at the Brockhoff house, her second of a series of social entertainments.

The Pennsylvania railroad company's new station at Eagleville was completed last week and agent David Barlett moved into it from his box car at Beech Creek.

Students in the Household Arts department of the Bellefonte High school will give a dance at the school building this (Friday) evening. Music will be furnished by the Penn-Centre Eight. Dancing from 8:15 until 11 o'clock. Admission to High school students, 35 cents, all others 50 cents.

Members of the Bear Meadows camp, No. 416, Knights of Malta, of Boalsburg, held their annual banquet on Wednesday evening. Over two hundred covers were laid and all taken. State officers of the organization were present and music was furnished by the Garbrick orchestra, of Coleville.

The Charles Wetzel family have been moving their furniture from the farm to their new home on south Thomas street, expecting to go there shortly themselves. Mr. and Mrs. Wetzel and their daughter, Miss Mary, have been staying with Mr. Wetzel's sister, Mrs. Jared Harper, for a year or more and are now preparing to occupy their own home.

The marriage of Miss Helen Valentine to Mr. Bruce Burlingame, of Syracuse, N. Y., will take place on Tuesday, January 20th, 1925, at the home of Miss Valentine's mother, Mrs. H. C. Valentine, on Curtin street, Bellefonte. Mr. and Mrs. Burlingame expect to sail on January 24th for a three month's tour to Europe, and upon their return will make their home in Cazenovia, N. Y.

W. S. Williams, of Bellefonte, was awarded a Ford touring car by turning in the second largest number of credits in the Clinton county Times subscription contest which closed the day before Christmas. Mr. Williams is a contractor and came to Bellefonte less than six months ago, at the present time living in the old J. V. Thomas property on the corner of Allegheny and Curtin streets.

The new year is now in full swing and the scenic is doing business at the old stand, showing the best motion pictures manufactured in the country's largest studios. The regular attendant is the one who sees all the good ones and that's an argument in favor of not missing an evening. Every program includes a worthwhile feature as well as other interesting pictures. Get the habit and see them all.

Jacob Knisely took exception to an item published in last week's "Watchman" in which it was stated that "W. H. Brown had leased the Garman house and would take possession February 1st." Mr. Knisely avers that his agreement and lease holds good until October first next, and that Mr. Brown had made no offers to him to take it over and he intends to continue in charge until that time, at least.

One of the questions which will confront the Legislature when it gets down to real work will be the consideration of a number of bills reappropriating many thousands of dollars which have been tied up because of differences over the Governor's administrative code. Among the many tied up is the appropriation for new buildings at the western penitentiary at Rockview, and if the Legislature succeeds in getting the appropriation through in a shape to meet all the requirements of the various officials at Harrisburg, it will doubtless increase the building activity at Rockview the coming summer.

The Tyrone Times, last week, published a lengthy article by Lieut. P. V. Doyle, a member of the officers reserve corps, boasting that town as a site for a landing field for the air mail in the event the Bellefonte field is not adequate for night flying. In fact he hands it to Bellefonte pretty stiff by declaring that the field ought never have been located here. While the editor of the "Watchman" does not know Lieut. Doyle, or on what authority he undertakes to set himself up as an authority on landing fields, we do know Tyrone. It is virtually located in a hole in the mountains and is the one place in central Pennsylvania that airmail officials would never consider as a suitable site for a landing field.

BOROUGH COUNCIL PAYS MANY BILLS.

Miscellaneous Business Transacted at Monday Night's Meeting. Report of Fire Marshall.

Six members were present at the regular meeting of borough council on Monday evening, and the session was devoted chiefly to cleaning up old business from last year.

Daniel Snyder submitted a written communication in which he claimed discrimination in being charged water tax for bath rooms in two houses which did contain them. Another complaint was received from Miss Hoy and both referred to the Water committee for investigation.

The secretary reported that a check for \$50 had been received from the borough of State College as an offering to the Logan Fire company for responding to a call for assistance on the occasion of the Allen street fire, but owing to the fact that the company will not get into service the Fire and Police committee recommended that the check be returned, and it was so ordered.

The Street committee had nothing special to report, but the Water committee reported that the borough manager had collected \$1787.19 on that portion of the 1923 water duplicate turned over to him by the Keystone Power corporation. Also, that the G. F. Musser company had paid \$18.00 as its portion of the new chimney erected at the office of the Phoenix mill plant. Water meter bills totaling \$3453.42 were reported ready to turn over to the collector and the 1924 duplicate will be ready before the first of February.

The Finance committee asked for the renewal of three notes totalling \$6,500, and recommended that the annual appropriation of \$2,000 to the sinking fund be made, which was authorized. The committee also presented the treasurer's statement which showed that \$21,500 worth of notes had been paid off since October 1st, but there are still \$29,500 worth of notes being carried by the Bellefonte Trust company. The balance on hand January 5th was \$8,988.30.

The Fire and Police committee recommended that the annual appropriations be paid to the fire companies, and it was so ordered.

The Nuisance committee presented a bill of John G. Love, secretary of the board of health, for \$31.26 for transporting Mrs. Lyons to the Home of the Good Shepherd, at Reading. Some objections were raised to the payment of the bill for the reason that Mrs. Lyons was not legally a resident of Bellefonte but of Spring township, but inasmuch as the case was one demanding prompt action it was decided to pay the bill and look to Spring township for reimbursement.

Chairman Brouse, of the Street committee, inquired as to the street lighting contract and was informed that the old contract had expired but no proposition for renewal had yet been made.

The question of the efficiency of the new beacon traffic lights was discussed and most of the councilmen bore evidence to the fact that motorists are not paying any more attention to them than they did to the old-style silent policemen. The Fire and Police committee suggested that hand bills be printed and distributed in automobiles, while several members favored the arrest of any and all persons disregarding the signs on the new lights. Especial attention was called to the danger of disregarding the sign at the south Water street crossing, where there have been several narrow escapes recently. From the temper of every member of council it will be well for every driver of a car to observe due caution in the future as regards the new signs.

Bills were approved to the amount of \$5955.18, which practically cleans up all the last year's accounts with the exception of the beacon lights, the bill for which is not due and payable until the first of March.

Before adjournment the Fire and Police committee submitted the annual report of fire marshal Robert Kline, which was as follows:

To the Citizens, Fire and Police committee and Borough Council: In submitting the following report of the fire department of the borough of Bellefonte I am not making excuses, but merely stating facts which should not be lost sight of.

During 1924 the department responded to fifty-two calls, which was thirty per cent. more than in 1923, divided as follows: Number of alarms in borough, 39; (one of which was a false alarm, and at four of which our services were not required). Fires extinguished by chemicals, 28; by water, 6. Total value of property involved, \$186,500. Total amount of damage, \$41,710. Number of alarms outside of the borough, 13.

The figures for losses and total property involved were arrived at by estimating only calls in which we actually got into service and does not include calls out of the borough.

The losses of \$41,710 are almost four times as great as those of last year, and represents approximately 22 1-3 per cent. of the total value of the property involved, but it must be remembered that almost every section of the United States reports much greater losses in 1924 than in 1923. Also the fact that we had thirty per cent. more fires during 1924 than in 1923, which would naturally force the percentage of losses up. We also wish to advise that such buildings as the Bush house, Bellefonte Academy and the Abramsen Engineering company, which alone represent a valuation of at least \$150,000, are not included in

this report, as we actually did not get into service but simply stood by and investigated the premises. I also remind you that we had four disastrous fires during 1924, and were fortunate in 1923 in not having a single large loss. The big fires the past year were Decker Bros. garage, John McCoy's residence, the Masonic Temple and the Gross Bros. building, the loss at any one of the above being greater than the total loss during 1923. That the losses were not greater is due to our chemical apparatus.

Each of the fire companies now have 1400 feet of good hose, a total of 2800 feet. There is also about 350 feet of old hose in short sections which can be pressed into service, if necessary, but it is not dependable. The apparatus is in excellent condition and well taken care of.

I have nothing but praise for the personnel of our fire department. Their efficiency and promptness is second to no volunteer department in the State.

Bellefonte is indeed fortunate in having such a body of loyal, courageous and self-sacrificing men, who for no personal gain respond to the citizens' call for assistance and help protect their lives and property. It may be zero weather, day or night, rain or shine, it makes no difference to them. They respond with a willingness and promptness that is remarkable.

In conclusion I wish to thank the members of borough council for the support of the department.

ROBERT KLINE, Fire Marshall.

Watch Your Label.

Tomorrow the "Watchman" mailing list will be corrected. We have not sent receipts to many who have remitted by check during the Holiday period and fearful lest we might have failed to credit some of you will you please check up on us by glancing at your label this week and next.

The label on your paper this week will be just as it has appeared for some time. Next week it should move up in the figures for exactly the amount you have recently remitted; figured at the rate of \$1.50 per year.

If you have paid and there is no change in your label advise us at once with the date and amount of your remittance.

Those receiving papers in single wrappers will find their label on the wrapper and not on the top of the front page as is the case with those sent in bundles.

Remember, that those who have remitted since January 7th, especially if they live at distant points, may find no change in their labels for the reason that their remittance might not have reached us in time for the change tomorrow.

No New Developments in Blanchard Moshannon Coal Co.

Nothing new has developed during the past week in the matter of the application for an appointment of a receiver for the Blanchard-Moshannon Coal company, an organization in which residents of Bellefonte and Centre county are interested to the extent of approximately \$175,000. The application for the appointment of a receiver was made by Nelson E. Robb and Robert F. Hunter, two Bellefonte members of the board of directors. As stated exclusively in the "Watchman" last week, the application was made to Judge Eugene C. Baird, of the Clinton county court, and he issued a rule upon the officers of the company to show cause why the appointment should not be made.

William G. Blanchard, of Pittsburgh, is president of the company and the head offices are in the Fulton building, that city. In a statement given out on Monday he says that "the company owns more than 5,000 acres of coal land in Clinton county, and that the development was started eighteen months ago by placing two enormous stripping shovels on the property."

"During the first year of operation the company produced more than 100,000 tons of coal, but due to the serious price recession in the bituminous industry some financial difficulties have been encountered," his statement said. "It is felt, however, that as the upturn in the market has already appeared that the company will enjoy a prosperous period throughout the next year and be able thereby to place itself in a satisfactory financial position."

Bellefonte and Centre county stockholders in the company will no doubt rejoice if Mr. Blanchard's predictions come true, but they are also desirous of seeing the company under new management.

Penitentiary Laundry Damaged by Fire.

Excessive heat in the drying room of the laundry at the Rockview penitentiary caused a fire, about ten o'clock on Sunday morning, which destroyed a quantity of clothing and ruined the leather belting which hung on pulleys attached to the ceiling, as well as doing other damage estimated at about \$3,000. The loss was practically covered by insurance. New belting was secured and repairs made so that the laundry could be put in operation on Monday morning.

For Sale.—A large frame house and 2-story stable, with all other side buildings.—W. H. Miller. 2-3t

BELLEFONTE MOOSE LODGE RAIDED BY STATE POLICE.

One Hundred and Thirty Cases of Home Brew Found and Confiscated.

One hundred and seventy cases of home brew, averaging from three to four per cent. alcohol, and five fifty gallon stone crocks one of them filled with mash in course of fermentation, were found and confiscated in a raid on the Bellefonte Lodge of Moose made on Tuesday evening by state police under command of Sergt. Buckley. The raid was pulled off at seven o'clock in the evening, and although the hour was quite early, quite a number of members were in the lodge cafe with Jesse Dunlap in charge of the liquid refreshments. Frank P. Bartley is the regular steward of the club but he happened to be out of town that night and Mr. Dunlap was working for him, but as he was the man in charge at the time the raid was made he has been held in \$1000 bail pending a hearing at two o'clock this (Friday) afternoon before justice of the peace S. Kline Woodring.

MISS RHOADS SUPPLIES INFORMATION, DISTRICT ATTORNEY ACTS.

The raid was the result of information furnished the new district attorney, Ivan Walker, by Miss Rebecca Rhoads. From supposedly reliable sources it has been learned that a young man by the name of Mike Rice became peeved at something ten days or two weeks ago and to get even went to Miss Rhoads and gave her a detailed statement of the inside workings of the Moose lodge. The latter took it all down in writing and later took the statement to district attorney Walker. That official communicated with the squad of state police located at the T. E. Jodon home, at Pleasant Gap, Sergt. Buckley being the officer in charge.

In order to get direct evidence, it is said, one or more of the officials, dressed as civilians, secured admission to the Moose lodge last week and not only saw sales of the home brew being made but purchased and paid for some of it. Early this week Sergt. Buckley, accompanied by the district attorney, went before justice of the peace Woodring, made information against the Moose and secured a search warrant.

Following the raid on Tuesday evening the officers were a little uncertain as to what to do with the stuff seized. Being a home brew there was some uncertainty as to its alcoholic content. According to report the officers "sniffed" it and decided it was not entirely Valsteadic. So they left two men on guard all night and on Wednesday samples of the brew were turned over to David Washburn, chemist at the American Lime & Stone company, for analysis. He made several tests and the home brew registered from three to four per cent. alcoholic content. Late on Wednesday afternoon the entire stock was removed to the county jail and stored in the cellar of the sheriff's residence. No liquor other than the home brew was found.

On information furnished the district attorney and Sergt. Buckley also secured warrants on which the Garman house was raided but failed to find anything in the shape of intoxicating liquor.

The raiding of the Moose was probably the initial step in making Bellefonte a teetotaler, but the chances are that any raids that may be pulled off in the future will be barren of results, as all clubs where liquor of any kind has been on the daily bill of fare will probably clean house, if they have not already done so. The one thing of interest now is the final outcome of the raid upon the Moose when the case finally comes before Judge Arthur C. Dale.

Mill Hall Milk Condensary Shut Down Indefinitely.

The milk condensary at Mill Hall, which has been in almost continuous operation for many years, was shut down indefinitely last week, because the company could not afford to pay the price for milk being paid by the Sheffield Farms company, which has milk stations in Bellefonte, Howard and Jersey Shore. The price paid by the condensary was \$1.75 and \$1.90 per hundred pounds according to the quality of the milk, while the Sheffield Farms company pays \$2.50 and \$2.90, the latter for four per cent. milk, and practically all the milk received at the Bellefonte station now averages four per cent.

In this connection it might be said that when the Sheffield Farms company bought out the Western Maryland Dairy they promptly gave notice to all customers that they would have to build milk houses and fix up their dairy barns to conform with the requirements of the city of New York. The farmers recognized the justice in the requirements and with possibly two or three exceptions they all complied. In fact on December first the Bellefonte plant began the shipment of milk into New York city and the entire supply will henceforth go there regularly. At the present time the supply furnished the station here is one-third greater than a year ago, showing that the farmers realize that the milk business means a monthly pay check such as they could derive from no other source.

Two hours of fun and hearty laughs at the Green and White Revue, in Moose Temple theatre, next Wednesday and Thursday nights. Tickets, \$1.00. On sale at Mott's, Blair's and Zeller's drug store.

NEWS PURELY PERSONAL.

Mr. and Mrs. J. M. Decker left Monday morning for Lancaster, where they will be at the "Wheatland Hotel" until May.

Miss Grace Cook is contemplating a trip to Macon, Ga., where she will be a guest of Miss Elizabeth Morris during her visit south.

Mrs. Charles E. Dorworth and her two children returned late last week from a visit east, with Mrs. Rath and her family in New York, and in Philadelphia.

Mrs. L. H. Gettig and Mrs. W. O. Breuer went over to Danville, Wednesday, to enter the Gelsinger hospital, where they both will be under the observation of specialists for several days.

Mr. and Mrs. Allen S. Garman are preparing to leave the Bush house this week, intending to return to Tyrone for a visit, before going south to spend the remainder of the winter in Florida.

M. C. Haines, the John Wanamaker of Rebersburg, was a business visitor in town Tuesday. Mr. Haines doesn't get to Bellefonte often, his visits being all too few to gratify the many friends he has here.

Editor Thomas H. Harter went down to Harrisburg on Monday to attend a meeting of the board of fish commissioners, and incidentally kept his ear to the wire on the organization of the Legislature.

Mrs. Frank Warfield, of Bellefonte, and her brother, J. Lynn Harris, of Lock Haven, went to Pittsburgh Tuesday, to attend the funeral of their brother, A. Scott Harris, who died at his home in that place Monday morning.

Mr. and Mrs. David A. Boozer, of Centre Hall, returned Sunday from a two week's visit with their daughter, Mrs. Kline, at Youngstown, Ohio, and with their son and family in Chicago, having gone out before Christmas.

Mrs. Hiram M. Hiller has been a house guest of Mrs. W. F. Reynolds since Tuesday, expecting to be in Bellefonte until tomorrow. Mrs. Hiller came here from Williamsport, where she and her two daughters had been for the Holiday season.

Miss Rachel Marshall and her niece, Miss Elizabeth Longwell, closed their house and left yesterday for Washington, D. C., expecting to visit there until spring. While away Miss Marshall and Miss Longwell will be guests of Mrs. George Bos.

Mrs. L. H. Musser is expected in Bellefonte Saturday, following a Holiday visit to Canton, Ohio, and Pittsburgh. At the former place Mrs. Musser was a guest of her niece, Mrs. Paul Irvin Jr., while in Pittsburgh she visited with her nephew, Bruce Barnhart.

Mrs. Bertha Moerschbacher Austin went out to Meadville last week to visit with her sister, Mrs. William Houser, and to see her new niece, who recently came to the Houser home. Mrs. Austin's visit at this time, however, was made on account of the serious condition of Mrs. Houser.

H. J. Rhinesmith, the new proprietor of the Bush house, with Mrs. Rhinesmith, arrived here from Wellsburg, W. Va., last week. Mr. and Mrs. James G. Stewart leaving Saturday to return to their former home in Tyrone. Mr. Rhinesmith's brother, A. D. Rhinesmith, who will have charge of the hotel, arrived in Bellefonte Wednesday.

Chester McCormick, son of the late C. B. McCormick, of College township, was a Bellefonte visitor Tuesday afternoon, having driven down with his wife's parents, Mr. and Mrs. E. C. Musser. Mr. McCormick is farming the old homestead. He reports that water is very scarce up there, but has been fortunate enough himself to have a supply that will hold out a bit longer.

Included among the Holiday guests entertained by Mr. and Mrs. Charles Lockington at their home on east High street, were Mrs. Lockington's sister, Mrs. William Russell and her son Robert, of West Virginia, and Miss Bettie Lockington, an instructor in the Wellsboro High school. Mrs. Russell, a former resident of Bellefonte, will be remembered by many as Miss Sallie Morgan.

Guy Ertley, of Jacksonville, was a business visitor in Bellefonte on Saturday and dropped into the "Watchman" office to make sure that the family paper will reach them regularly during 1925. He is a son of Mr. and Mrs. George Ertley, who have read the "Watchman" continuously for forty-six years so that it is looked upon almost as a member of the family. The young man is in the butchering business at Jacksonville and is meeting with the success he so richly deserves.

O. D. Eberts, of Martha Furnace, spent Wednesday looking after some end-of-the-year business in Bellefonte. Mr. Eberts has been in the general merchandising business ever since he retired as deputy treasurer of the county. He reports that the farmers of the upper Bald Eagle are very seriously affected by the depression in the mining industry in the Phillipsburg and Ocoee region. There being little or no market for produce, grain and hay, where the farmers formerly found ready sale for such commodities, the supply of cash is running low and the entire community is slowing up in activities.

Miss Edith Dunlap, a teacher in the Ben Franklin Jr. high school, of New Castle, who had been home for the Christmas vacation with her mother, Mrs. S. A. Dunlap, at Pine Grove Mills, left New Year's day, accompanied by her sister, Miss Katherine, to return to the western part of the State. The two sisters went direct to Cherry Tree, for a visit with their brother Randall and his family, Miss Katherine intending to go from there to Expendit, to spend some time with another brother, John and his family. Miss Edith returned to New Castle from Cherry Tree to resume her work Monday.

There was an Angell in Bellefonte Tuesday. He didn't come from the celestial realms either, but from a section of Centre county where, like Bellefonte, one would think last of going on a search for them. He appeared here in the person of the assessor of Rush township, Mr. H. C. Angell, and was accompanied by R. J. Barnett, of Sandy Ridge, who is the township tax collector. They came over to settle with the County Commissioners and having gotten through with that promptly had a little time to make a few calls. Both of the gentlemen stated that business is almost at a standstill on the other side of the mountain because of the depression in the coal industry. Mr. Barnett, who is in the mercantile business at Sandy Ridge, hasn't felt it as much, however, for the big back plant at that place has been running at capacity for some time.

Mr. and Mrs. G. Murray Andrews left yesterday for a visit of several weeks in Philadelphia.

Included among Mr. and Mrs. Forrest Ocker's holiday guests was E. C. Neatwood, of Pittsburgh.

Mr. and Mrs. Leopold Levi went south this week, expecting to make their home at Birmingham, Ala., where Mr. Levi has secured a position.

Mrs. D. I. Willard returned this week from Lake Wood, N. J., where she had been with her daughter during the late fall and early winter.

Girls All Set for "Green and White Revue."

The girls who will present the "Green and White Revue," at the Moose Temple theatre next Wednesday and Thursday nights, are all set for the big event. Those who saw the Black and White minstrels last year have a lingering memory of how lovely they were in that home production, and from the advance information that has oozed out of the practice room the people of Bellefonte have an even greater treat in store in the Green and White Revue.

The costumes will be most attractive and bewildering, the stage settings brilliant, the music catchy and the end ladies funnier than any ends ever seen or heard. The numerous stunts will have many laughable local applications, all harmless but sure to bring down the house. Two solid hours of splendid enjoyment is assured all who attend.

If for any reason you cannot be there buy a ticket and make glad the heart of some child who otherwise will be left out in the cold. Proceeds for the community nurse fund.

Bellefonte Chapter D. A. R.

The Misses Anna and Emily Parker, and the chapter's regent, Miss Helen E. C. Overton, entertained the regular monthly meeting of the Daughters of the American Revolution of Bellefonte, State College and adjacent towns on the evening of January first. At 7:30 o'clock the members convened in the Presbyterian chapel, which had been decorated very beautifully and appropriately for the occasion with flags, candles and evergreens. A reproduction of a Paul Revere lantern, loaned by the Misses Parker, burned from the top of a pulpit pedestal, arousing interest and stirring imagination, but causing no alarm from that elevation.

The entertainment feature of the meeting was a musicale. Mrs. Louis Schadt, violinist, and Mrs. Robert Walker, vocal soloist, accompanied by Mrs. Russell Blair, delighted their audience and generously responded to encore after encore, as did Miss Gay, piano soloist, of State College. The latter's rendition of a selection from Chopin was especially beautiful.

With the Sick.

Louis Grauer, who has been ill this week, the result of a severe heart attack, at the Lyon & Co. store, Tuesday afternoon, has now recovered, but not sufficiently to resume business.

Edward Doll is critically ill at his home in Altoona, with little hope of his recovery.

The condition of Frank McFarlane, of Boalsburg, whom reports said last week was markedly worse, is normal. Mr. McFarlane has not been in good health for several years.

Mrs. Frank Derstine, of Juniata, well known to many persons in Bellefonte, fell on the ice while out skating last week, fracturing her shoulder.

Wanted.—A small house or an apartment, to be occupied by one person. Call this office. 70-2tf

Woman Hurt in Auto Accident.

Mrs. Albrechtsen, of Marathon, N. Y., is in the Centre County hospital with a fractured hip as the result of an auto accident near Wolf's school house, west of Hubersburg, on Monday. Her son is a student at State College, and she was accompanying him upon his return to the College following the holiday vacation. Coming up the state road he attempted to turn out to pass a Ford car and ran into a concrete culvert. His car was badly damaged and his mother seriously injured. The young man escaped with a few slight scratches.

I just received another shipment of Sunbeam heaters. Call and see them. They heat 15,000 cubic feet.—W. H. Miller, Bellefonte. 2-3t

Attention, Income Tax Payers.

Section 227 A of the Revenue act of 1924 does not allow collectors of internal revenue to grant extension of thirty days, as has been the practice in the past. Authority to grant such extension now rests entirely with the Commissioner of Internal Revenue, at Washington, and applications for such extension must be made to the Commissioner direct.

TONER A. HUGG, Dep. Coll. Int. Rev.

Just received another lot of weather stripping. It saves coal bills. Call and see it.—W. H. Miller, Bellefonte. 2-3t
