Two Attempts at Suicide Fail.

Mrs. Jennie M. Irvin, whose home is in the country two miles from Julian, is in the Philipsburg hospital, with fair chances of recovery from self inflicted gun shot wounds in the breast.

The woman had been unwell and brooding over the recent death of her mother. Several days ago she slashed her wrist with a razor and would have bled to death had it not been for prompt surgical attention.

Last Saturday, while others of the family were out of the house, she secured a loaded shot gun and discharged its contents into her body.

American Lime and Stone Co. Entertains at the Country Club.

The annual dinner given by the American Lime and Stone company to its local officers, superintendents, foremen and general office employees was served at the Nittany Country club last Thursday evening.

The guests, numbering sixty or more, were able to get to the club only after a truck load of employees had devoted the afternoon to shoveling a road through the snow for them. Once from Buffalo, N. Y., for an extended visit there the affair resolved itself into a merry family party that made every moment of the five hours they tarried

Stephen S. Aplin, who the past three years has filled the position of general sccretary of the Bellefonte Y. M. C. A Lost Triumvirate.

In the field of christian endeavor this community has been fortunate, in years, where Vince was in charge of the the past few years, in having three general store of the Greer Supply Co., of men of unusual ability in their chosen work. All of them young, full of enthusiasm and leaders in every local undertaking with eyes single to the harvest that might be brought to the granary of the Master.

One of them left Bellefonte last week. Another departed on Wednesday. Before many more weeks are gone the third will have transferred his talents to other fields.

Of course there is passing regret among the intimate friends of each of these men, but does the community at large realize the public loss. As rector of St. John's Episcopal church, Malcolm DePui Maynard; as pastor of will set over 300,000 eggs at one time in its St. John's Lutheran, Wilson P. Ard, as general secretary of the Y. M. C. All with personalities that appealed specially to youth, with enthusiasms that knew no bounds in the work they would do and gifts of expression so fine as to make them commanding before any audience they are, indeed, types, possibly thoughtlessly lost, only to be seriously regretted.

No more convincing proof to us is needed than was the sight of that fine group of coming men of the town who followed Rev. Maynard to the train when he left on Wednesday. Who will cultivate the seeds he had undoubtedly sown in the rich soil they afforded.
