

NEWS ABOUT TOWN AND COUNTY.

Ralph C. English, of Port Matilda, was appointed a justice of the peace by Governor Pinchot last Thursday.

The annual convention of the Knights of Columbus will be held at Gettysburg next week, beginning on Wednesday, May 13th.

The ladies bible class of the Bellefonte Lutheran church will hold a bake sale at Schaeffer's hardware store on Saturday, May 9th.

The Bellefonte Lutheran church will be open for regular services on Sunday next, Mother's day. Rev. C. E. Arnold, of York, will preach, morning and evening, and there will be special music.

The Falk concert next Thursday night should have a better house than Geo. Wintz's Models drew last week. Falk will give you something to remember and the froth of "the Models" is forgotten already.

Edward L. Keichline has resigned his position with the Sutton-Abramsen Engineering company and accepted the agency of the Travelers' Insurance company, intending to go into the business with his father, John M. Keichline Esq.

Among the claims against the State disallowed by the Auditor General last week was one from the "State Centre Electric company, Centre Hall, for \$2,111.99 damages claimed in relocating the state highway between Bellefonte and Centre Hall."

The women of Bellefonte will be interested in the announcement that the room in the Decker building, Bellefonte, formerly occupied by Jacob Knisely, has been leased by the New York beauty parlors and will be opened about May 15th as a ladies beauty parlor.

Harry E. Casper, of Bellefonte, a Pennsylvania railroad employee arrested in Harrisburg last week on the charge of shooting James Houser, was released from the Dauphin county jail under \$2,500 bail on Friday and came to his home in this place. Houser's condition is not considered serious.

The applications of the Fullington Auto Bus company, of Clearfield, and William R. Graziop, of Tyrone, for certificates of public convenience, to operate motor bus lines between Bellefonte and Tyrone were withdrawn at Harrisburg last Thursday and did not come to a hearing before the Public Service Commission.

The Allegheny mountain section had a three inch fall of snow on Thursday of last week and residents of that locality proclaimed it as a wonder for the last day of April. But the records show that only two years ago, on May 9th, there was a fall of snow which not only covered the mountain tops but the valleys and buildings in Bellefonte.

Regular patrons of the scenic do not need to be told of the big programs of motion pictures shown there every evening; it is because of that that they are regulars. The largest and best pictures made at the leading studios in the United States are included in the programs presented by manager T. Clayton Brown. Only the every nighters see them all. Are you one of them? If not, why not?

Mrs. Roberta Bucher has disposed of her sulphur vapor baths in the Decker building, corner of High and Spring streets, Bellefonte, to Miss Virginia Robb, of State College, who has already taken charge. Miss Robb is a graduate nurse and will remain as her assistant John S. Seagert, formerly of Mt. Clemens, Mich. Ill health compelled the retirement of Mrs. Bucher from the ownership of the baths.

There were thirty-six babies brought to the Well Baby clinic last month. That was good, of course, but where are the others? Give your baby and pre-school age child the benefit of being looked over and learn how to keep them well. Dr. Seibert was at the clinic Wednesday afternoon and gave the mothers a helpful talk. Miss Ethel Campbell, State Health Department nurse, will have a baby clinic in Milesburg May 18, and in Centre Hall May 25.

The Carnegie Freshmen baseball team will cross bats with the Bellefonte Academy nine, on Hughes field, tomorrow afternoon. Game will be called at 2.30 o'clock. Every Bellefonte fan should go out and see the contest as it is sure to be worth watching. The battery will be Harshberger and Wood. The former is the young man who pitched such good ball for the Bellefonte team last summer, and Hood was the star passer on the Academy football team last fall.

Last week the Keystone Power corporation sent out a call to parents to caution their children of the danger of flying kites in close proximity to the company's high tension lines. Kites entangled in the wires not only disrupt service but are liable to prove very dangerous to the holder of the kite string. A peculiar coincidence with the above caution was the fact that on Saturday the Electric Supply company gave free to children a large number of paper kites of various sizes, probably without any knowledge that the Keystone Power was cautioning children against the danger of flying kites in the vicinity of electric light wires.

ELECTRIC PUMP DECIDED UPON.

At a Brief Meeting of Borough Council Held Monday Evening.

Just five members were present at the regular meeting of borough council on Monday evening. Charles Schad, who has begun the erection of a new house on north Allegheny street, and contemplates the building of a row of some five or six houses, was present and inquired regarding sewer connections. He also asked if council had taken any action relative to the opening of Beaver street extension through his property. Both matters were referred to the Street committee.

Edward Decker, who is building a new house on east Burnside street, complained to council about the extremely low water pressure at that point, which is not sufficient to carry the water to his bathroom on the second floor. Mr. Cunningham, chairman of the Water committee, explained that Mr. Decker's property is about on a level with the reservoir and the second story will be above that level and the only possible way to give him water will be to raise the reservoir, which will not only be quite an expensive undertaking but will also increase the cost of pumping water, because of the increased back pressure. The matter was referred to the Water committee to see what can be done.

The secretary presented the report of the borough auditors for the year 1924, and the same was ordered filed and published.

The secretary also reported that burgess W. Harrison Walker had returned the licensing ordinance without his approval and accompanied by a lengthy statement of reasons therefore, his principal objections being against Section 4, which provides for the issuing of licenses to patent medicine vendors; Section 5, the issuance of licenses to street carnivals, and Section 8, requiring circuses to pay a license for giving a parade through the streets of the town. The burgess declared that he has always been opposed to permitting vendors of patent medicines of any and every nature selling their decoctions and pills to the public, as a large percentage of them are fakes and the public has no guarantee that the medicines offered do not contain poison and are not injurious to health. As to carnivals, he has also been opposed to them for the reason that they are mostly a conglomeration of gambling devices and methods and take a lot of money out of the town without giving any adequate return. Regarding the licensing of circuses, he is of the opinion that circuses should be encouraged to come to town as their appearance is always a red-letter day in the lives of children, and it is only through the circus that the average child obtains any first hand knowledge of wild animals. The ordinance was referred back to the Fire and Police committee for consultation with the borough solicitor.

The Street committee reported various repairs and the collection of \$30 from the Miller Construction company for the use of the road roller. The water committee reported the collection of \$41 on the 1923 water duplicate, and that the meter bills from October 1st, 1924, to April 1st, 1925, totalling \$3499.64, had been turned over to the Keystone Power corporation for collection. Progress was reported in the matter of the remodeling of the pumping station. Bills to the amount of \$2653.10 were approved for payment, after which council went into a committee of the whole to discuss various pumps, prices and plans for the proposed new equipment at the big spring pumping station. After a thorough investigation of all styles and kinds of pumps manufactured, with the prices for same and the possible cost of operation, council decided to leave the matter in the hands of the Water committee. That committee held a meeting later and decided on the purchase of a centrifugal pump of one thousand gallons a minute capacity, to be operated by a seventy-five horse power electric motor. This will be the main pumping equipment in addition to the two hydraulic pumps constantly in operation, one at the big spring plant and one at the Phoenix mill. The present electric pump and motor will become the property of the borough on the expiration of the present ten year contract of the Keystone Power corporation in 1926, and they will be held as an auxiliary equipment to be used in case of emergency or necessity.

In deciding to purchase the centrifugal pump and motor borough manager Seibert said that the committee had considered every kind of pump made and taken into consideration first cost and maintenance and believed the one decided upon to be the very best that could be had. The decision to install an electric pumping equipment will enable the Water committee to greatly reduce the size of the pumping station building, which is now being remodeled. The old smokestack has been torn down, the two big boilers sold and removed and the contractor will be able to go ahead with the erection of the front part of the building. As it will be considerably curtailed in size the ground in front will be leveled, sodded and ornamented with flower beds.

The O. E. S. will hold a bake sale at the Variety shop Saturday, May 9th.

New Radio Business Launched.

Mr. Raymond J. Green has opened a radio sale and service business in Bellefonte with the thought of extending it to all parts of Centre county. His office and sales department is on South Water street, just opposite the Big Spring garage.

Having specialized in wireless work for years Mr. Green should be able to bring very superior experience to the work of solving the many problems of satisfactory radio installation. It will be recalled that he came here as wireless operator at the aviation field in 1920. He was a licensed operator in 1912 and left here to do pioneering work on broadcasting station WEAJ, later becoming second assistant operator on the Leviathan when she made her notable maiden voyage under the American flag.

At present he is handling the "Radiola" and working in co-operation with the Radio Corporation of America. If you are not getting the service you ought to Mr. Green will be able to help you find the cause of your trouble.

Will You Help a Struggling Congregation.

The members of St. Paul's A. M. E. church in this place are facing a \$500 deficit in their budget for the year. The congregation is small but very earnest in its effort to keep the church going. Of the \$1,200 needed to pay the current expenses they have been able to raise \$700 among themselves and at the suggestion of the Bellefonte ministerium are about to ask the public for help.

Shortly you will be visited by one of the solicitors. Give what you can to our colored friends. They are carrying on a very meritorious work and surely must be doing it very economically when they manage so as to get through on \$1,200 a year.

The solicitors who are authorized to collect for the deficit are the pastor, Rev. M. J. Ingraham, Arthur Foreman, Thomas Trammel, Carrie Thomas and James Sommers.

Mr. Richelieu Exercises Option on Cohen Property.

Charles H. Richelieu, of the Richelieu Theatres corporation, was in Bellefonte last Friday and exercised his option on the purchase of the Cohen property, (the old Wilson homestead), on High street. He also rented the house on east High street vacated last week by James P. Seig and will move his family here this week. As soon as he gets settled, he let it be known, he will start work on tearing down the old brick house, which has been a Bellefonte landmark for many years, in contemplation of building his proposed new theatre.

Sour Cherries and Apples Still Safe.

R. H. Merritt, of Martha Furnace, was in Bellefonte Wednesday and expressed the opinion that peaches, sweet cherries and plums will be a failure this season. His opinion ought to command respect for he has one of the largest orchards in Centre county and devotes his time almost exclusively to fruit growing. Mr. Merritt ascribes the peach failure to the dry weather of last fall and not to the frosts and freezing of this spring. He says sour cherries and apples are all right thus far and promise a good crop, though sweet cherries and plums will be very few and far between.

Don't Pick Wild Flowers on Another's Land.

Governor Pinchot, on Saturday, signed the Norton bill which makes it a misdemeanor punishable by a fine not exceeding \$500, or imprisonment not exceeding three years to carry away any property growing on the land of another, such as picking fruit from trees, cutting trees or shrubs, picking wild flowers, etc. The bill was especially designed to prevent passing motorists from picking fruit from orchards or fruit trees along the highway.

Date Set for Rummage Sale.

The annual rummage sale will be held in the Undine engine house, on Bishop street, on Thursday, May 14th. All persons having clothing or other articles to contribute are requested to send them to the engine house on Wednesday, May 13th.

The building of state highways up Bald Eagle valley, from Runville to Snow Shoe and over Nittany mountain is creating considerable unexpected trouble and work for the Keystone Power corporation. Up Bald Eagle valley and across the Allegheny mountains a number of changes are being made in the location of the road which necessitates the changing of the pole line of the Keystone corporation. Construction gangs have been at work up Bald Eagle the past three weeks resetting poles, and the end is not yet. The company will have ten poles to change on Nittany mountain, but that is a mere bagatelle to what the Bell Telephone company is up against, as sixty-five poles of it's lines between the watering trough and Centre Hall will have to be re-located.

Next Tuesday evening is the date for the graduation of the nurses at the Centre County hospital training school. The exercises will be held in the court house.

MOOSE LODGE FINED \$3,000.

Philipsburg Organization Draws Heavy Penalty for Manufacturing Home Brew.

At a special session of court, on Friday morning, Judge Arthur C. Dale imposed a fine of \$3,000 on the Philipsburg Lodge of Moose, a corporation, for manufacturing, possessing and selling home brew of an alcoholic content in excess of five per cent. He also imposed a fine of \$100 each and costs on Charles W. Erb, Joshua Price, Grant Nolan and Joseph Black, four men found in the lodge rooms and placed under arrest at the time the place was raided by state police on or about the middle of February. At the time of the raid the police captured 90 gallons of mash, 25 gallons of syrup, a quart bottle partially filled with whiskey and a small quantity of the home brew. At the hearing on Friday the defendants were represented by S. D. Gettig, of Bellefonte, and George W. Zeigler, of Philipsburg. The attorneys plead for leniency for the four men under arrest, as they were not a party to the manufacture of the beer but opposed to it. It was because of this fact that the court imposed a fine of only \$100 and costs, and the heavy fine was imposed on the lodge, no doubt, in order to deter the members from any future operations along the same line. The men promptly paid their fines and costs, paid their attorneys \$500 and \$1000 on the fine imposed on the lodge, promising to pay the other \$2,000 in the near future.

William H. Hindle, a former hotel keeper of Philipsburg, was before the court on the charge of possession. On raiding Mr. Hindle's private home under authority of a search warrant, state police found him with a partially filled quart bottle of whiskey in one hand and a glass in the other, in the act of pouring out a drink. They confiscated the whiskey and placed Mr. Hindle under arrest. That gentleman entered a plea of nolle contendere and filed an affidavit that the whiskey was the last of a stock purchased prior to 1919 and that he had it for his own personal use and not for sale. The court suspended sentence upon the payment of costs.

Thomas Laughrey, a Bellefonte Academy student, was charged with operating an automobile on the streets of Bellefonte while under the influence of liquor. He was sentenced to pay a fine of \$300 and costs.

Chester Pringle, for operating a gambling device at Port Matilda, was fined \$50 and costs.

James Hawkins, Donald R. Bailey and W. H. Dunbar, three State College students, were brought before the court on three charges preferred by Mrs. Lulu Johnstonbaugh. Only one charge, that of assault, was sustained by the evidence, and that against only two of the defendants, Hawkins and Bailey. They were each fined \$100 and costs and given three months in which to settle. The case against Dunbar was nolle pressed upon payment of the costs.

John Saffo, Sophia Puholla and John Swartz, who had served about half the sentence imposed upon them for liquor law violations, were released from the county jail on parole, while petitions presented for the release of Theodore Taylor and Mary Planko were held for further consideration.

Bellefonte Academy Minstrels Due May 21 and 22.

In just two weeks the Bellefonte Academy minstrels will hold the spotlight at the Moose Temple theatre. Those who have seen the boys in practice aver that the overture this year will be the strongest of any similar performance given by the Academy students. The music is new and catchy, the jokes and quips will be funnier than ever and not of the stale fruit variety.

The second part will totally eclipse all former efforts. Among the stars who will take part are eight year old Huberta May Bernhard, the prodigy danseuse; Miss Margaret Meckel, of Pittsburgh, a fourteen year old girl who has won the plaudits of audiences at the Davis and Nixon theatres, in Pittsburgh, and the Kennedy brothers, students at State College, who have starred in The Thespians and other collegiate performances. These are only the high lights of the minstrel aggregation, as there will be other stellar attractions. Remember the dates and keep them open for the minstrels.

Two Children Hit by Automobile.

On Sunday afternoon James Bryant, eight year old son of Mr. and Mrs. William Bryant, of Prossertown, was hit by an automobile driven by a Mr. Kennedy, of Altoona, knocked down and badly injured. He was taken to the Centre County hospital by the driver of the car and it has developed that the lad sustained a fractured skull, but just how serious his condition is has not developed at this writing.

Shortly after noon, on Sunday, seven year old Margaret Harter, daughter of Mr. and Mrs. Earl Harter, who live near the Jewish cemetery, was hit and knocked down by an automobile driven by a colored chauffeur. The driver stopped to see if the child was badly hurt but she jumped up, declared she wasn't hurt, and ran home. Her only injuries are body bruises. Both children were playing on the road and ran in front of the machines, it is said, so that the drivers could hardly be at fault.

NEWS PURELY PERSONAL.

Mrs. Harry Garbrick and her daughter, Miss Alice, of Coleville, have been in Pittsburgh for the week.

Mr. and Mrs. C. A. Renner were over from Altoona Saturday, for an afternoon visit with some of their many friends in Bellefonte.

Mrs. Thomas W. Cairns was an over Sunday visitor of her sister, Mrs. Bond Musser, at Millheim, having gone over Saturday.

Mrs. T. A. Shoemaker, who with her daughter, Miss Mary, went over to Altoona Saturday, spent the day there doing some shopping.

Mrs. Amanda Houser is with her daughter, Mrs. Luther K. Dale, at Oak Hall, where she expects to spend much of the month of May.

Mrs. James R. Hughes and Miss Mary Wistar Green were in Williamsport for several days of the week, having gone down to see their oculist and to do some shopping.

Edith, daughter of Mrs. and Mrs. D. K. Tate, of Lock Haven, came up to Bellefonte Friday, visiting here over the week-end as a guest of Mr. and Mrs. Clyde Love, at their apartment in the Lane building on west High street.

Mrs. Murdock Clancy and her two children drove up from Narberth Wednesday of last week, with plans for spending a month in Bellefonte with Mrs. Clancy's mother, Mrs. William McClure, at her home on Bishop street.

Mrs. Oscar Wetzel and her son Merle returned from New Castle, by train, Saturday. The trip out early in April was made to take Mrs. McCoy's car to her, both then remaining for a visit. Mrs. McCoy is better known here as Miss Ethel Wetzel.

Mr. and Mrs. John Paclik, of Lewisport; James Paclik, of Johnstown, and Mr. and Mrs. John Love, of Altoona, were among those from a distance here Saturday, for the funeral of Sara Love, the five year old daughter of Mr. and Mrs. Win Love.

Mrs. Elizabeth B. Callaway is expected to land about the 20th of the month from her third cruise around the world, and will at once begin her preparation for leaving next month on the three month's Clark summer tour, to Norway and Sweden. Mrs. Callaway sailed in January from New York, the cruise leaving by way of the Canal.

Anno, the daughter of Mr. and Mrs. LeRoy Plumb, of Newton, Kansas, came east two weeks ago with George Smith, on his drive home from a business trip west. The child will be the guest of her aunts, the Misses Anne and Alice Fox for the summer, her mother expecting to join her here in the fall, and will then take her back to Kansas.

Mr. and Mrs. H. J. Hartranft, with their son Horace, were at Turbotville, Monday, to attend the funeral of Mr. Hartranft's only sister, Mrs. George McKee. Mrs. McKee died suddenly, last Friday morning, from the effects of a stroke of apoplexy and funeral services were held at her late home, interment having been made in Watsonstown.

Mr. and Mrs. Samuel Shallcross returned from Wilmington, Del., yesterday, where they had been called by the death of Mrs. Shallcross' niece, Mrs. E. M. Kenworthy. Mrs. Kenworthy was the only daughter of Charles Warner, president of the American Lime and Stone Co., and Mrs. Warner, and died in Wilmington, Monday, shortly following the birth of her third child.

Miss Esther Gray was in Bellefonte Tuesday for several hours on her way to her home in Halfmoon valley, following a visit to Kingston, where she had been to attend the wedding of her niece, the daughter of the Rev. and Mrs. Frank Hartsock. The Hartsock family, who have lived in Scranton and its vicinity for fifteen years or more, left this week to make their home in Binghamton, N. Y.

That erstwhile philosopher of Pleasant Gap, Levi A. Miller, was a "Watchman" office visitor on Monday and regaled us with considerable ancient history as well as modern tales of life at the Gap. Levi is a booster for his home town and is doing his part to keep that thriving village at the foot of Nittany mountain before the public and give it a more prominent place on all future maps of Centre county.

William McFarlane, of Boston, the older son of the late J. Kyle and Mrs. McFarlane, of Lock Haven, and Edward Rankin, of Philadelphia, Mrs. McFarlane's only brother, were both at Boalsburg last week for the funeral of the late Frank McFarlane. Both men were born and lived all their early life here, consequently, a part of the time while in Centre county, last week, was given to their Bellefonte friends.

A message from the hotel Swella Biltmore, of Havana, was sent us last week by Mrs. Adaline Lyon Maginnis, who with Mr. Maginnis had been over to Cuba on a vacation trip of several weeks. Mr. and Mrs. Maginnis and their three sons have been residents of Atlanta, Ga., ever since going south a number of years ago. Mrs. Maginnis was born in Bellefonte, spent all her girlhood life here and is well known to many of our people.

Mrs. Emma Jones and daughter Evelyn went to Pittsburgh on Monday to attend the graduation exercises on Tuesday, of the 1925 class of nurses at the Mercy hospital. Forty-five young ladies have completed their four years' course, among them being Miss Margaret Elizabeth Jones, a daughter of Mrs. Jones, who entered the nurses training school at the Mercy hospital shortly after her graduation at the Bellefonte High school.

The rain last Thursday afternoon probably accounted for the visit of Charles Strouse and his family, of Pine Hall, to Bellefonte. Charley was raised in a way that taught the prudence of taking off only such days as are unfit for doing anything else and Thursday, having been too wet for outside work, he brought Mrs. Strouse, his daughter Mary and Mrs. Calvin Struble down here to spend a few hours with their cousin, Mrs. Strunk. While the ladies were calling Charley looked after a few business matters and wound up with one of his rare calls at the office. Naturally he harked back to the 90's when we knew the Strouse family so well at State College, when they were farming the Foster place every inch of which has since become part of State College borough and instead of the placid pastoral picture it then presented is now covered with modern buildings and no trace left of the furrows that Frank and John and Charley and Tom and Luther plowed across what is now the west end of that rapidly growing place.

White carnations for Mother's day will be on sale at Miller's hardware store all day tomorrow (Saturday).

Bellefonte Grain Markets.

Table with 2 columns: Grain type and Price per bushel. Includes Wheat, Corn, Rye, Oats, Barley, and Buckwheat.

Miss Lida E. Morris is home from a visit of several weeks in Macon, Ga.

Harold Lavan is visiting with relatives of his mother, the Edward Houser family, in Bellefonte, and the Harter family at Hecla.

Mrs. Spengler, a former business woman of Bellefonte and State College, was in town this week, a guest at the Brockert-hoff house.

Marshall Cook has been here from Pittsburgh within the past week, a guest of his father and sister, Charles F. and Miss Anna Cook.

Charles P. Hewes Esq., of Erie, was a brief visitor in Bellefonte this week, coming here on Wednesday and returning home yesterday afternoon.

Relatives of the McFarlane family from a distance who were at Boalsburg last week for the funeral of the late Frank McFarlane included, Mrs. J. Kyle McFarlane, of Lock Haven, and her two sons, Brock and William; Mr. and Mrs. Ross A. Hickok and Mrs. D. H. Hastings, of Harrisburg; Edward Rankin, of Philadelphia; Miss Mary I. Cox, of Evanston, Ill.; Mrs. Kate Shillingford, of Osceola Mills; Mrs. Nora Thompson, Martha Furnace; Mr. and Mrs. James Taylor and son Charles, the Misses Janet and Edith Kyle, Mr. and Mrs. Frank Kyle, Mrs. Walter Mann and her mother, Mrs. Mary Kyle, Miss Bessie Gardner, Mr. and Mrs. William McFarlane, Miss Rhoda Reed, Mrs. Harry Reed, Miss Sarah Kyle, Mrs. Rhoda McKittrick and Mrs. Esther Hunter, of Reedsville; Mr. and Mrs. J. Reed Thompson, Mrs. George Thompson, Mr. and Mrs. Ralph Taylor, of Milroy.

Pleasant Gap Streets to be Electrically Lighted.

Ninety-four per cent. of the residents along the state highway through Pleasant Gap having signified their desire in an official manner the main thoroughfare is to be made a "great white way" through the installation of electric lights. Next thing we'll be hearing the residents of that bubbling village will be making application for incorporation as a borough, then they will want their own bank, and if Harry Breen eventually strikes coal on his property on Nittany mountain there will be no end to the aspirations of W. H. Noll Jr., Levi A. Miller, John Mulfinger and a host of others who have always believed there was a future for their home town.

While exact data as to the lighting system to be installed at the Gap is not yet available, it is rumored that 250 c. p. Tungsten lamps will be used and there will be enough of them to thoroughly light the main streets.

Titan Metal Co. to Install an Electric Furnace.

The Titan Metal company is now at work on the installation of an electric furnace to take the place of the one now in use in smelting the various scrap and metals used in the manufacture of the metal for which it has established a good trade. Electric furnaces are not an experiment, by any means, as they are being used in many places but whether it will be a success in smelting the kinds of metal used by the Titan is yet to be determined.

The furnace was received in February but the work of installation was started only recently. When completed and tried out, if it proves satisfactory the old furnace will be scrapped.

Jackson-Hockenbury.

Thursday of last week Walter S. Jackson and Margaret E. Hockenbury, both of State College, journeyed to Williamsport where they were united in marriage by Rev. David DeForest Burrell, pastor of the First Presbyterian church of that city. The bride is a daughter of Mrs. George Hockenbury and until a few years ago resided here in Bellefonte. She is a graduate of State College High school and a very charming and accomplished young woman. The bride-groom is a graduate of Penn State and now holds a responsible position with the Department of Highways in the district engineer's office here in Bellefonte. For the time being they will reside in State College, but expect to move to Bellefonte in the near future. Their many friends here and at State College wish them many happy years of married life.

Maurice Baum, president of the Nittany Theatre Co., controlling the Pastime and Nittany theatres at State College, has purchased the realty in which the Pastime is located. He is also engaged in a very extensive building project on College avenue in that place.

W. C. McCLINTIC \$22.50 Suit Man

At Garman House—Friday afternoon and evening this week. Lot of new patterns a fine line. This season Palm Beach and Mohair Suits \$12 and \$15. 70-19-1t

Furniture at Private Sale.

Two bedroom suits, dining room furniture, chairs, rugs, tables, refrigerator, kitchen utensils, victrola, Radiola II, parlor grand piano, etc. Articles can be seen at residence of C. D. Casebeer, on Curtin street. 70-19-1t

White carnations for Mother's day will be on sale at Miller's hardware store all day tomorrow (Saturday).

Bellefonte Grain Markets.

Table with 2 columns: Grain type and Price per bushel. Includes Wheat, Corn, Rye, Oats, Barley, and Buckwheat.
