IS THERE OIL AND GAS IN CENTRE COUNTY.

American Natural Gas Co. to Drill Test Wells in Snow Shoe Region.

The American Natural Gas Co., of Pittsburgh, has leased twenty thousand acres of land in Snow Shoe and Burnside townships, Centre county, and within the next week or ten days will begin the work of drilling test wells for oil and natural gas. The first well will be put down on the lands of the Cato Coal company, near the club house at Cato. The driller will be W. H. Haupt, of Hawthorne, Pa., an experienced man, who is now getting his equipment on the ground in preparation for putting down the first well.

According to geologists the Speechley sand lies at a depth of two thousand feet in the Allegheny mountain section, and Mr. Haupt estimates that it will take him forty days from the day he begins drilling to reach the sand, which will be an average of fifty feet a day. The Speechley sand is the upper strata of oil and gas bearing sand, and only when it is reached will the driller know whether there is any likelihood of oil and gas being found in that section. In the event that oil or gas are not found in the Speechley sand, the hole will then be drilled down to the Bradford sand, which is estimated to lie three thousand feet beneath the surface.

Of course the first hole drilled may prove to be a "dry," but this will not end the prospecting work by any means. As stated above, the company has leased twenty thousand acres of land, in Snow Shoe and Burnside townships, from the Cato Coal Co., the Kelly Bros. and Lawrence Redding, of Snow Shoe, and Col. H. S. Taylor, of Bellefonte. Should the first well be barren of results drilling will be continued at different places until oil and gas are struck or the entire tract is tested out.

As to the possibilities of finding either oil or gas, or both in that section, officers of the American Gas Co. believe the chances are favorable. When the Clinton Oil and Gas Co. began drilling in Clinton county everybody considered the project nothing less than a wild goose chase, but they found gas in paying quantities, and such being the case in that section of the Alleghenies there is a possibility that success may attend the prospecting in the Snow Shoe region and in due course of time Bellefonte people will be burning natural gas as fuel.

—Fifty per cent. of the people in Bellefonte go to movie shows at one time or another, many of them being classed as regulars, and they are all patrons of the Scenic. They go there because they are sure of seeing good pictures and the place is always decently conducted and comfortable. The Scenic was the first movie show in Bellefonte and the fact that it has held its patronage through a score of years is a test of its high character.

Bellefonte Team Leads Centre County Baseball League.

While the season has not yet swung into an exciting baseball stride the Bellefonte team is leading the league and gives promise of developing into a strong fighting unit in due course of time. This does not mean, however, that they will have everything their own way during the entire season, because such will hardly be the case. Millheim and State College have strong teams and Hecla Park has splendid players, and all they need is a little more seasoning and team work to make them an aggregation to be reckoned with as pennant contenders.

In last Thursday's games Bellefonte won from Millheim but it was by the close score of 3 to 2, while State College defeated Hecla Park 11 to 2. Saturday games, played in torrid heat, were a test of the stamina of all the players. State College played Bellefonte on Hughes field and in the ninth inning, with the score standing 10 to 10, Bellefonte made a run which was not credited because of a peculiar circumstance. The only thing to do was file a protest and continue the game, which they did and it ran twelve innings, the final score being State College 13, Bellefonte 12. The protested run will be decided by the president of the league and should it be awarded to Bellefonte will materially change the percentage as given below. Hecla got into the swim on Saturday by defeating Millheim 8 to 7 in an eleven inning game.

On Saturday Hecla will play at Millheim while the game scheduled between State College and Bellefonte has been postponed on account of commencement at the College and the auto races in Altoona, but it will be played on Hughes field next Tuesday evening, June 18th. On Thursday evening of next week Bellefonte will play at Hecla Park and State College at Millheim.

Table showing the standing of the clubs to date: Bellefonte 3 1 .750, Millheim 2 2 .500, State College 2 2 .500, Hecla Park 1 3 .250

Bellefonte School Board Elects Teachers for Ensuing Year.

At the recent meeting of the Bellefonte school board teachers were elected for the ensuing year. All former teachers in the High school were re-elected with the exception of Miss Sebring, who was not an applicant. Grade teachers who were not applicants for re-election were Misses Edith Ash, Helen Parsons and Henrietta Quigley. Their places, however, have all been filled and the complete roster of teachers for the next school year is as follows:

- MILESBURG TROPHY GUN FOUND IN DITCH. Following close upon the heels of the world war the patriotic citizens of Milesburg bestirred themselves, raised a sum of money and erected a monument on one of the principal streets of the town in honor of the men from that section who went forth to fight for their country. The monument was dedicated on October 20th, 1922, and it was the biggest day the town has ever had.

Two gating guns obtained from the War Department, were placed on concrete bases, about a block apart on the same street, as a fitting background to the monument. On Memorial day, when a detachment of Troop B, of Bellefonte, went to Milesburg to assist in the memorial services they found one of the guns in the ditch at the side of the street and the concrete base broken.

While there is no definite information that the gun was thrown from its pedestal by some person maliciously inclined, citizens of the town are aroused over what they deem an unpatriotic act, whether wilful or otherwise. The gun was replaced by the members of the Bellefonte troop and later decorated with all due solemnity. Should it again be removed from its resting place and thrown into the ditch an effort will be made to discover the perpetrators.

Centre County Sunday School Convention Proved Interesting Gathering.

The fifty-sixth annual convention of the Sunday School association of Centre county, held in the Methodist church, Bellefonte, Tuesday and Wednesday, proved an interesting gathering. At six o'clock the ladies of the Methodist church served a supper to the visiting delegates in the Sunday school room of the church, about one hundred covers being taken.

Rev. William C. Thompson led the devotions at the evening session and the music was furnished by a quartette of ladies. Interesting talks were made by Miss Esther Williams, Revs. Homer C. Knox and M. H. Fisher.

The Wednesday morning session was opened with prayer by Rev. Reed O. Steely, after which the nominating committee made its report, recommending the re-election of all the old officers, and the report was accepted and adopted.

An appeal was made in the interests of Near East relief, which it is hoped will bring forth good results.

The balance of the morning session was taken up with an address on "The Young People at Work," by Miss Williams; a solo by Mrs. Krader; an address on "Our Association at Work," by Rev. Fisher; and another on "Religion and Politics," by the Hon. J. Laird Holmes.

A delegation of Camp Fire girls presented the needs of Camp Kenesatake, the training camp for young people at Spruce Creek, following which a brief talk was given by Rev. J. Max Kirkpatrick, of Centre Hall.

The committee on resolutions presented its report and the re-elected officers were installed by Rev. Fisher.

At noon a tray lunch was served in the church which proved a delightful affair.
