Bellefonte, Pa., August 14, 1925.

## NEWS ABOUT TOWN AND COUNTY.

A fire at the Cupp home, in Bush's Addition on Tuesday afternoon, called out the entire fire department but their services were not needed.

Troop B and the headquarters troop of the 52nd machine gun battalion, left Bellefonte at twelve o'clock last Friday night, for their two weeks summer encampment at Mt. Gretna.

The automobile license of Clyde Z. Long, of Howard, has been revoked. Mr. Long, it will be recalled, figured in an accident several weeks ago, due to driving while in an alleged intoxicated condition.

Last year Centre county farmers had 21,638 acres of corn planted for the grain and 1420 acres for silage. There were 995 acres in buckwheat, 2608 in potatoes, 35,335 in grass, and 692 in alfalfa. There were 80,277 apple trees and 16,032 peach trees in the county.

A festival will be held at the Weaver church, three miles west of Bellefonte on the Jacksonville road, Saturday evening, August 15th. Every good thing in season will be on sale. The proceeds will be applied to the purchase of a heater for the church, and the public is invited to attend and help in the good cause.

Between nine and ten o'clock on Wednesday evening a box car of lime standing on one of the tracks in the Pennsylvania railroad yard suddenly burst into flames. The shifting crew ran the car down to the bridge near the old fair grounds and the Undine fire company went down with their pumper and extinguished the burning car.

When the laborers employed at the new Richelieu theatre were paid off on Saturday they were informed that a new scale of wages would go into effect on Monday morning, a reduction of five cents an hour. The men all reported on Monday morning but refused to go to work. Just before dinner time they were informed that the old scale would be continued and that they all went to work in the afternoon.

District attorney Ivan Walker has requested that we assure our readers that the communication signed by E. L. McClintock, of Hubersburg, and published in this paper last week, had no reference to his conduct of the office of District Attorney. The incident Mr. McClintock complained of occurred before Mr. Walker was appointed to office and, of course, was not intended as a reflection on any of his official acts.

The shoemaker sticks to his last and most every other man to the business he knows best, and that is the reason why manager T. Clayton Brown is meeting with success in his management of the scenic motion picture theatre. He has made a study of pictures and his bookings are made with a knowledge of what the people of Bellefonte and vicinity want and appreciate. Every evening's program is one with an appeal and nobody goes away disappointed.

Bellefonte school children will have only two more weeks of summer vacation, as the public schools will open for the 1925-26 school year on Monday, August 31st. While the total enrollment in the high school has not yet been completed the indications are that it will be as large, if not larger than last year. The corps of teachers is complete and with the completion of the new primary building everything will be in readiness for the opening of the schools.

On Sunday afternoon Edward Gill, of Julian, went to the Centre county jail in an intoxicated condition at the time when religious services were being held, and asked to be locked up. The sheriff accommodated him but before doing so searched his pockets and extracted from one of them a half-pint bottle about three-fourths full of liquor. The liquor was confiscated and on Monday morning a warrant was sworn out for Gill's arrest, he was given a hearing and returned to jail, but was released under \$1,000 bail on Monday evening.

A brief item in last week's "Watchman" mentioned the large number of applicants for automobile drivers' licenses who appeared before the State highway patrolmen on Wednesday of last week. The total number was 94, which was the largest number ever to appear at one time, 83 being the high number up to last Wednesday. Of the 94 who were given a tryout, only 62 passed and were given license cards, 32 being refused. Most of the number refused were because of the fact that they killed their motor in critical emergencies. All will be given another tryout whenever they apply.

A freight wreck at Martha, on Saturday evening, blocked the tracks of the Bald Eagle Valley railroad so that it was necessary to transfer the passengers and mail at that point. A train was made up in Bellefonte of the Lewisburg road cars and the shifting engine and crew and sent to Martha to make the transfer, but it was about eleven o'clock when they reached Bellefonte. The run was made through to Lock Haven. The track was cleared and the regular train went through about three o'clock on Sunday morning and later jumped the Y at Lock Haven and was two hours late on the return trip on Sunday morning.

## ONE DEAD, TWO HURT IN BAD AUTO ACCIDENT. Wet Roadway, Car Skidded, Entire Party Somersaulted Into Cornfield.

One young lady dead, a woman and child injured so seriously that they are now patients in the Centre County hospital, is the result of an automobile accident which overtook a party from Coal Fork, West Virginia, between five and six o'clock on Monday evening, while on their way to Jersey Shore to visit relatives. The party consisted of E. M. Crider, driver of the car, an Oakland; Mrs. Richard Carr and three children, Palmer Carr, Marjorie Carr and Audrey Carr; Mrs. William Garrett, Miss Nellie Webb, Mrs. Beulah Hall and son Cyril. The party passed through Bellefonte about five o'clock going down Nittany valley. At the William Harshbarger farm between Hecla and Hubersburg they ran up behind a slow moving Ford car. The driver, Mr. Crider, applied the brakes to slow down, the roadway was wet and slippery from a recent hard shower of rain, the car skidded, ran into the fence, knocked down five new posts recently planted then turned a double somersault down into Mr. Harshbarger's cornfield.

Passing automobilists witnessed the accident and quickly went to the rescue of the unfortunate automobilists. Most of them were imprisoned in the wreckage of the car but they were hastily released and while every one in the party was more or less injured the condition of three of them was regarded as serious. Charles R. Beatty, who was among the party who released the victims from their wrecked car, brought Audrey Carr, four years old, to the Centre County hospital, while a telephone message to Bellefonte summoned the ambulance which was sent down and brought up Mrs. Garrett and Miss Webb.

Miss Webb was so badly hurt that she died within an hour after being admitted to the hospital. She was 25 years of age.

Mrs. Garrett is still in the hospital. While she has no bones broken she is badly cut and bruised, is suffering from shock and possible internal injuries.

The four year old child, Audrey Carr, suffered a broken leg and numerous cuts and bruises, but both are expected to recover. All the other members of the party were able to leave the hospital after having their injuries dressed and spent the night at the Garman house.

The party were enroute to Jersey Shore to visit Mrs. Carr's sister, Mrs. R. L. Merritt and family. The body of Miss Webb was taken to Jersey Shore on Tuesday, where burial was made yesterday.

## James Williams, of Millbrook, Badly Hurt in Auto Accident.

James Williams, of Millbrook, midway between Lemont and State College, is in the Centre County hospital with the bones of both legs broken as a result of an automobile accident on Saturday afternoon. Mr. Williams and his son Carl were on their way home from State College following the first hard rain storm and naturally took the new road over the hill at the Thompson farm.

Now it just happened that a service truck from State College, towing a wrecked car had stopped along the highway. Going in the same direction was a Buick car but the driver stopped before he reached the service truck towing the wrecked car. Chasing the Buick from Lemont was an unknown man in a Ford. Coming from State College was John Stover in his car and Mr. Williams and son Carl in their car, the son being at the wheel. When the Buick car stopped to allow Stover and Williams to pass the Ford car shot around it, but the truck and wrecked car were in the driver's way and he attempted to pass between them and Stover's car. In doing so he tore the left rear fender off the Stover car and rammed the Williams car almost on the side knocking it over the steep bank down into the Thompson meadow.

The Ford car was evidently little damaged as the driver never stopped but stepped on the gas and made a get-away before any one thought to get his license number. In the meantime Mr. Stover stopped his car and with the driver of the Buick and the men with the service truck hurried to the aid of Mr. Williams and his son. Both were pinned under the wreck of their car but they were released as quickly as possible. It was then ascertained that both of Mr. Williams' legs were broken and he was at once brought to the Centre County hospital. Strange as it may seem Carl Williams, who was found lying underneath his father, suffered only a slight bruise on his head.

At the hospital it was discovered that Mr. Williams' left leg was broken above the knee and the right leg at the knee, the latter fracture being quite serious. So far there has been no indication of internal injuries. Mr. Williams is a man past fifty years of age and a plasterer by occupation. So far no trace has been found of the man responsible for the accident.

On Saturday afternoon Mr. and Mrs. Al. Grove were coming down the Branch road and at a point near the Centre Hills Country club Mr. Grove turned out to pass another car when his car skidded and turned over on its side. Mrs. Grove sustained a slightly bruised shoulder and hip but no serious injuries.

## Philipsburg Boys Sent to Huntingdon Reformatory.

Following a series of robberies in Philipsburg officers on Friday arrested three young men, Luther Ward Wise, aged 20 years; Max Nelson 17, and Robert Courson 15. Two of the boys, Wise and Nelson, confessed to having taken part in a number of robberies and were committed to the Centre county jail on Saturday last. Courson took part in only one of the burglaries and he was placed under five hundred dollars bail for his appearance at court, bond being furnished.

At a special session of court on Tuesday morning Wise and Nelson pleaded guilty to four indictments of breaking and entering, larceny and robbery and both were sentenced to indeterminate terms in the Huntingdon reformatory. Robert Courson, who was with the above boys on only one occasion, was paroled in the custody of the probation officer for a period of three years and to whom he is to report once a month.

Edward Brown and Albert Boob entered pleas of guilty to stealing a motorometer from the car of J. T. McCool, of Georges valley, while it was parked near the school house at Spring Mills. Brown's home is in Clearfield county but he had been staying at the home of his brother-in-law, at Spring Mills. Boob's home is at Woodward, but he had been working at Spring Mills. Having recovered his property Mr. McCool stated that he was willing the boys be given another chance to make good, as this was their first offense, and the court suspended sentence for a period of three years upon the payment of the costs of the case.

Thomas Gerosc, a Russian, was brought before the court on the charge of having stabbed Lewis Bellinatz, during a drinking bout and card game at Martha Furnace on July 26th. Both men were members of the labor gang employed on state road construction in Bald Eagle valley. Bellinatz has practically recovered from his knife thrusts. Gerosc pleaded guilty to aggravated assault and battery and was sentenced to imprisonment in the western penitentiary for from one to two years.

## Taxi Driver John Davy Runs Over Policeman to Avoid Hitting Children.

Making a turn on an uptown crossing, on Monday morning, taxi driver John Davy ran over a policeman to avoid hitting several small children who ran out onto the crossing, but the policeman was one of the dummies at the triangle in the Diamond and aside from being bent a little to one side it was not seriously damaged. But Mr. Davy did not get off so easily, as the impact with the policeman broke the front spring in his car.

Mr. Davy had driven up town from the 9:40 a. m. train intending to turn north on Allegheny street. Just as he reached the crossing running from the postoffice to the First National bank three small children ran out onto the crossing from the postoffice corner. With his eyes on them Mr. Davy failed to notice that he was headed straight for the dummy policeman until he crashed into it. He promptly reported to Burgess Walker.

## Wm. McGowan at One Job Fifty-five Years.

In announcing the proposed retirement of Longer H. Wion, last week, the "Watchman" stated that he had held but two jobs in forty-six years, and now along comes our good friend, William McGowan, of Roopsburg, who maintains that he has had but one job in fifty-five years. As a boy he learned the trade of a moulder with William P. Duncan & Co., when they were located down where the Bellefonte silk mill now stands. When Jenkins & Lingle took over the foundry Mr. McGowan went with it, literally speaking, and when the foundry was moved from its old location into the old car works plant he trailed along. In fact he has been with the foundry ever since he started as a boy to learn his trade, and though the management has changed five times in the past three score years Mr. McGowan is still there doing his work as a moulder and putting out just as good work as he did in his palmy days.

## Two Prisoners Caught in Attempted Getaway.

John Duane, doing from four to ten years for robbery, and Dick Richards, doing from three to ten for the same offense, both of Lackawanna county, were frustrated in an attempted getaway from the new western penitentiary Monday afternoon.

The men cut through the stockade and dodged into an adjoining corn field. Officer Alabran, who had a gang at work on another part of the farm noticed the fleeing prisoners and notified officers who immediately surrounded the field, but it was an hour or so before they were located hiding in a fence row.

They will be brought here and sentenced for attempted breaking prison and sent back to the eastern penitentiary, whence they came.

The First National bank is distributing an interesting map of the new transcontinental day and night aeroplane service, showing the route with complete schedule and containing much valuable postal information. The map has a peculiar local interest as Bellefonte is the first stop west of New York.

## BOROUGH TO BUY LAND NEAR SPRING. Wedge-shaped Plot at South Side to be Added to Spring Grounds.

A special meeting of Bellefonte borough council was held on Wednesday evening to consider the proposition of the Bellefonte Lumber company to sell to the borough the wedge-shaped plot of ground lying south of the spring for the price of \$3,000. The plot in question is the ground on which two old buildings now stand and which for years has been an eye-sore to the surroundings of the source of the town's water supply. The piece offered to the borough has a frontage on south Water street of approximately ninety feet, running from the present line of the spring grounds around to and including about eight feet of the present driveway alongside of the office. In the rear the plot will be anywhere from ten to twenty feet in width.

Seven members of council were present at the meeting and they were unanimously agreed that the purchase should be made, hence passed a resolution authorizing the Water committee to get the offer in writing and present the same at next Monday night's meeting of borough council when final action will be taken and the purchase of the land ratified. Of course the old buildings will be torn away and the wall along the street will be extended the full length of the property thus to be acquired, with a concrete wall running back on the southwest side to join the present wall in the rear of the spring. The new plot of ground will be leveled and sodded, and beautified by the installation of a neat fountain and next summer adorned with flower beds.

The improvement in the surroundings of the big spring is only one reason why the borough councilmen are unanimously in favor of purchasing the plot of ground in question. The Bellefonte Lumber company has cleared off a large part of its yard—in fact all of it abutting on south Water street between its present office building and the house on the west now occupied by Harry Dukeman and family. It is the intention of the company to make building lots out of this piece of ground, and will shortly begin the work of erecting thereon three modern houses for sale or rent.

Eventually they plan to move their present office building and use all the ground, up to the line of the plot offered to the borough, for building purposes. Had the borough not decided to purchase the plot of ground described in the beginning of this article it, also, would eventually have been used in the same way.

While it is not generally known, yet it is a fact that quite a number of the feeders for the big spring come into it from the front portion of the south side, and it ought to be an easy matter to figure out what might happen to the spring should some individual get hold of that piece of ground, start to build thereon and dig right into one of the main sources of the spring's water supply. Not only that, but the refuse from a house located so close to the spring would naturally go down into the ground, be carried by the feeders into the spring and eventually contaminate the water.

To obviate any and all danger of such eventualities was the influencing argument in favor of purchasing the ground in question when the present opportunity arose.

## Montgomery & Co's Lewisburg Store Burglarized.

The Lewisburg store of Montgomery & Co. was burglarized, on Saturday night, by three Shamokin youths, who hauled away clothing, etc., to the value of approximately five hundred dollars, but fortunately the youthful robbers were caught five hours later with their loot intact and practically all the goods were recovered.

The young men who pulled the trick are Sidney Elsingham, John Tyson and John Dushon, all about eighteen years of age, and members of the gang who recently stole the car of a New York traveling salesman and abandoned it at Herndon, escaping punishment for that crime by settling with the owner of the car.

The youths broke into the Montgomery store along about midnight, Saturday night and selecting suits, overcoats and various articles of clothing, such as appealed to their fancy, piled up the loot near the door. They were seen at work by a resident of Lewisburg, who notified the police but before the officer could reach the building the young men had taken out their plunder, dumped it into a stolen car and made a get-away. Five hours later they were caught as they were driving into Shamokin.

## Judge Dale Draws Head, Also Tail.

At the drawing held in Harrisburg on Thursday of last week to determine the position of judicial candidates on the primary ballot Judge Arthur C. Dale, of Bellefonte, drew first place on the Republican ballot and tail-end on the Democratic. Harry Keller Esq., will be second man on the Republican ballot and the relative positions of the four candidates on the Democratic ballot will be J. Kennedy Johnston, W. Harrison Walker, N. B. Spangler and Arthur C. Dale.

The Linden Hall literary society will hold its next meeting at 8 o'clock this (Friday) evening. A special program has been prepared and the public is cordially invited to attend.

—Mrs. Norman McPherson and her three children stopped in Bellefonte yesterday, for her two boys, who have been here with their aunt, Mrs. David Dale, during the past week. Mrs. McPherson was on the drive home to Short Hills, N. J., from a visit with her mother at Hollidaysburg.

—James T. Markle, of Chester, and his family, who have been spending the past two weeks with Mrs. Earl T. Stavelly, at State College, and with Mrs. James Seibert in Bellefonte, will leave Sunday on the drive back home. Mrs. Stavelly is a daughter of Mr. and Mrs. Markle, while Mrs. Seibert is Mr. Markle's sister.

—Mrs. Jack Barnes, of Jamaica, L. I., and Mrs. Vaughn, of Sag Harbor, have been in Bellefonte for a part of the past week, guests of Mrs. Barnes' aunts, Mrs. William Chambers and Mrs. Calvin Troup. During their stay they visited a number of Mrs. Barnes' relatives over the county, her father being a member of the late William Bell family.

—Ira Ewing, who is now east from San Francisco, visiting with relatives and friends in Central Pennsylvania, spent Monday at State College, having gone over from Tyrone with his sister, Mrs. John Bell and her husband, with whom he is now staying. A part of the day while at State College was given to Mrs. O. M. Bowser and her family, friends of long standing.

—Mr. and Mrs. W. F. Entrikey Jr., and their two children, who have been with Mrs. Entrikey's parents, Mr. and Mrs. Forrest Bullock, for a week, left Tuesday for the return drive to their home at Bellefonte, N. J. On the drive to Bellefonte Mr. and Mrs. Entrikey were accompanied by the latter's sister, Miss Katherine Bullock, who had been visiting with her sister, Mrs. Birkhead Rouse, in Baltimore, since the closing of school.

—Mr. and Mrs. Edward Harper, Mrs. Bontley, her daughter, Miss Josephine, and Miss Runkle, who had been at the Nittany Country club since the first of August, left yesterday morning for the drive to Ohio, the party all being guests of the Misses Daise and Anne Keichline for a five-thirty breakfast. The Misses Keichline were hostesses at a picnic supper given Monday night at Meadowbrook park, it being in compliment to this party from Ohio, and Mrs. Charles Smith's house guests.

—Frank D. Lee, of Centre Hall, was in Bellefonte for a short time on Wednesday. Mr. Lee rather shattered our idea that the road over the mountain won't be completed this fall. He says that the grading is completed to the top of the mountain and a good strip down this side, the mixer is in position and that the moment the forms arrive pouring will be started. As a matter of fact the concrete pouring is the quickest part of the operation and when they once get started at it the job will be put through quickly.

—Commander Frank L. Watrouf, of the U. S. navy, and now stationed at Washington, D. C., spent the fore part of the week in Bellefonte, a guest of Mr. and Mrs. Robert S. Walker. Commander Watrouf, whose visit was a stop over on his way east from Ohio, was in command of the department at League Island and of that in Wales, in which Robert served during the war, a close friendship between them having existed since that time. Mr. Watrouf and their child were with Commander Watrouf on the drive.

—Mrs. Frank McFarlane, of Boalsburg, and her two house guests, Miss Mary I. Cox, of Evanston, Ill., and Mrs. Henrietta Gilliland Busch, of Washington, D. C., have been spending this week in Bellefonte with Mrs. McFarlane's sister, Mrs. Hastings. Miss Cox, who has been with Mrs. McFarlane since the recent death of Mr. McFarlane, will return to Illinois, Monday, while Mrs. Busch came to Centre county the third of August to be with Mrs. McFarlane until September. The three women are cousins, Mrs. Busch being a native of Bellefonte, a daughter of the late James Gilliland, of Moshannon, who built and occupied the stone house now owned by Dr. M. J. Locke.
