Rewarded.

Bellefonte people generally remember Miss Marie White, sister of Miss Josephine White and a niece of Miss Powell, but who is now Mrs. William Hoopes, of West Chester, and will be interested in the story of a "golden rainbow" that proved a surprising episode in her life recently.

Some three years ago her husband, William Hoopes, had quite a spell of illness and was a patient in the West Chester hospital for several weeks, where he was visited almost daily by Mrs. Hoopes. In the same room with him was an aged bachelor, Baldwin Breckenridge, a farmer of West Caln, Pa. On her visits to her husband Mrs. Hoopes also took occasion to say a word of cheer to Mr. Breckenridge and frequently divided with him the home-cooked dainties, fruits, etc., she took to the hospital for her husband. The result was the aged man not only showed appreciation for the little acts of kindness but grew quite fond of Mrs. Hoopes and her little daughter Charlotte.

Several weeks ago Mr. Breckenridge disappeared and a fortnight ago where he had evidently been stricken by the hand of death. When his will

was probated it was found that he had left \$1,000 to Mrs. Hoopes as a reward for her acts of kindness to him while in the hospital at West Chester.

The aged farmer left an estate estimated at from \$35,000 to \$40,000, all of which except bequests of \$2,500 went to the Fairview church.

The Finance committee requested the renewal of two notes for \$2,000 each, which was authorized.

The Fire and Police committee recommended the painting and testing of the fireplugs, suggesting that instead of painting them white, the color be either red or yellow. The matter was referred to the committee with power.

The Sanitary committee reported that Mr. Kerstetter had granted the borough permission to fill up the big hole near the Fishing Creek school house with ashes and refuse, the only proviso being that no garbage be dumped there that might create an offensive odor. The borough manager was requested to keep close tab on the dump to see that the stipulation is strictly observed.

The theatre and show license ordinance, which has been on the table most of the summer, was finally taken up and passed finally by a vote of every member present.

Bills to the amount of \$2326.04 were approved for payment after which council adjourned.

During the summer vacation season quite a number of college students have been employed by the State Highway Department in its Bellefonte office and in connection with the various road building contracts in this district. While this is not official we have it on pretty good authority that twenty or more college men will be compelled to relinquish their jobs within the next two weeks for the purpose of resuming their college work, and the jobs will be open to the right kind of young men.

With Farmers' week and the summer session following close on the heels of commencement in June, there was no lull in college activity at that time; and following the close of the summer session the annual vocational conference and superintendents' gathering kept things moving last week.
