While the Academy should win the game it will not be the same kind of a walk-over as was the game against the Carlisle soldiers last Saturday. Owing to the expense attached \$1.00 admission will have to be charged to this game.

BELLEFONTE MOOSE FINED ONE THOUSAND DOLLARS. Many Cases Disposed of at Regular Court Session This Week.

The regular September session of court convened on Monday morning with Judge Miles I. Potter, of the Snyder-Union county judicial district, presiding in place of Judge Dale. Judge Potter is no stranger in Bellefonte as he was on the bench during the second week of court last February. In order to facilitate court business he had the grand jury polled the first thing after convening. Squire E. H. Auman, of Pine Grove Mills, was appointed foreman and after charging the jury as to its duties it retired to deliberate on the presentments prepared by the district attorney.

The court then disposed of various petitions presented and the list of traverse jurors was called and excuses noted. The court then announced that he would hear and dispose of all pleas of guilty.

Henry Nevel plead guilty to being the father of an illegitimate child and was sentenced to pay a fine of \$25, costs and \$3 a week for the support of the child.

I. G. Hall, of Snow Shoe, plead guilty to operating gambling devices and was fined \$50 and costs.

Frank Tomazak, of Benner township, plead guilty to the charge of illegal possession and selling intoxicating liquors, and was sentenced to pay a fine of \$100 and undergo imprisonment in the county jail for a period of two months.

Martin Rachau, of Clarence, plead guilty to illegal manufacture and possession of liquor. When arrested state police found in his possession a thirty gallon still, two gallons and a half of moonshine and two barrels of mash. He was fined \$200 and sent to jail for six months.

Andy Kosko, of Rush township, plead guilty to illegal possession and was fined \$50 and sent to jail for thirty days.

Charles Rogers, of Snow Shoe Inter-section, plead guilty to manufacturing and illegal possession and was fined \$200 and sent to jail for six months. Judge Potter stated that he is going to do his part to break up the nefarious practice of manufacturing moonshine. If it was good liquor it might not be so bad, but the stuff that is made and sold is poison and unfit to drink.

The case against the Bellefonte lodge of Moose was disposed of by the court imposing a fine of \$1,000 and costs and giving the lodge thirty days in which to settle. This case had been hanging fire since the Moose was raided by state police on the 7th of last January. At that time a large quantity of home-made brew was confiscated which analyzed a much higher per cent. of alcohol than permitted by law. When the case was called up before Judge Potter that gentleman asked the lodge's attorney how many members it had. On being told five hundred he said \$1,000 fine, which will be but two dollars apiece, and they likely had that much fun out of it.

The first jury trial was that of the Commonwealth vs. Daniel Kittrell, of State College, Bessie Cheyne prosecutor. The jury returned a verdict of not guilty and divided the costs. The next case was that of Margaret Ellen Baumgardner vs. Collins C. Baumgardner, administrator, et al, being a civil action to revive a judgment. The jury returned a verdict for the plaintiff in the sum of \$119, with interest from April 3, 1899.

On Friday morning Teresa Yulock plead guilty to violating the liquor laws and was fined \$200, costs of prosecution and sent to jail for six months. The grand jury ignored the bill in the case against C. M. Smith, of Millheim, charged with forgery, and put the costs on the prosecutor, James Fromm.

Commonwealth vs. Harry Finberg, of Phillipsburg, charged with rape. Prosecutor Mary Drop. The jury returned a verdict of not guilty. Commonwealth vs. George Walk, of Hannah Furnace, charged with the larceny of some tools from the Bell Telephone company. The jury returned a verdict of guilty. Mr. Finklestine's attorneys later made a motion for a new trial, which will naturally delay judgment on the verdict.

Commonwealth vs. David Finklestine, of Bellefonte, indicted for operating gambling devices and illegal possession of liquor. Mr. Finklestine plead guilty to the first charge and stood trial on the second. After hearing the evidence the jury returned a verdict of guilty. Mary Kormanik, of Snow Shoe township, plead guilty to manufacturing and illegal possession of liquor and was fined \$200, costs of prosecution and given six months in the county jail.

Charles A. Isenberg plead guilty to illegal possession and was sentenced to pay a fine of \$50, costs of prosecution and imprisonment in the county jail for a period of thirty days. Late Wednesday afternoon the case of the Commonwealth vs. Nick Garbinski, of Osceola Mills, was taken up. The prosecutor was Harry McConigal and Nick was charged with assault and battery and inciting to riot. Mr. Garbinski is an organizer for the United Mine Workers and the case grew out of trouble at Moshannon mine No. 10, on May 15th, 1925, during a miner's strike. The case for the Commonwealth was conducted by district attorney Ivan Walker and N. B. Spangler, while attorney Chase, of Clearfield, represented the defendant. Testimony in the case was taken at a night session Wednesday evening and

the case went to the jury yesterday morning.

The grand jury was still in session when the "Watchman" went to press yesterday. For several years past grand juries in Centre county have completed their work in two or three days, but it must not be construed that the jury this week is farming the job. Far from it. They have been presented so many indictments to consider that they have been kept busy as nailers sifting them out.

Petty Cases Disposed of at Saturday Session of Court.

A session of court was held by Judge Dale, last Saturday, to clear as many cases as possible from the docket so as to relieve the work at the regular court session this week.

W. D. Zerby, attorney for James Morrison, sentenced on Tuesday of last week to pay a fine of \$100 and costs for operating an automobile after his license had been revoked, petitioned the court to permit his client to pay his fine and costs in installments of \$29.70 per month instead of spending the time in jail. The court signed the petition but informed Mr. Morrison that if he defaults on any of the payments he will be returned to jail.

The district attorney asked that nolle prosses be granted in the cases against Forrest F. Homan and Frank Mazzi because of insufficient evidence to convict, and the same was granted.

He also asked that the cases against Earl Horner and Glenn Corman be nolle prossed. These are the two young men arrested with Russell Stamm on the charge of attempting to pass a forged check, but inasmuch as Stamm has assumed all the blame a nolle pross was granted.

The case of Max Herr, a State College student, charged with operating a motor car without a certificate of ownership, was also nolle prossed, because it was shown that the car in question had been purchased as junk, rebuilt and the young man has secured a certificate of ownership for a rebuilt car.

Clyde Jackson, of State College, plead guilty to willfully, maliciously and fraudulently altering and publishing a check in connection with a transaction with John Haugh & Son, of State College, and was sentenced to pay a fine of one dollar, costs of prosecution and undergo imprisonment in the western penitentiary for not less than one nor more than two years.

Mrs. Florence Shay was brought before the court on the charge of the larceny of a coat, traveling bag, pink dress and hat from Hazel Carver. She plead guilty but because of the plea of her attorney to give her one more chance, and her promise to reform, sentence was suspended for a period of three years upon the payment of costs.

C. L. Hall, of Snow Shoe, plead guilty to operating gambling devices and was sentenced to pay a fine of \$50 and costs.

Robert A. Patton, of Port Matilda, plead guilty to the charge of assault and battery preferred by Mrs. Maude Lykens, of Port Matilda. Mr. Patton, who is probably seventy years old, essayed the role of peacemaker in the Lykens family and got into trouble himself. He was sentenced to pay a fine of \$25 and costs.

Results of Saturday's Football Games.

Only a fair crowd went out to Hughes field, on Saturday afternoon, to see the opening game of the Bellefonte Academy football season, and it was some game. The Academy's opponents were the soldiers from the Carlisle barracks, and they may be good soldiers but they didn't show up very strong on the football field, especially against the kind of a team turned out by coach Snavely. The very fact that the Academy rolled up a score of 95 points while the soldiers failed to make one down, is evidence of the relative strength of the teams. Capt. Hood's forward passing for the Academy was one of the spectacular features of the game, but brilliant work was also done by Whitmore, Hinkle and Thompson. The first team scored 53 points in the first half then the second line men were put in and they ran the score up 42 points more. Up at State College the State team had to work hard to defeat Lebanon Valley college 14 to 0. During the first half of the game the visitors held State scoreless, the two touchdowns being made in the third and fourth quarters. State has lots of material to draw from but their offensive was weak in Saturday's game.

The Bellefonte High school eleven played Snow Shoe, on Beaver field on Saturday morning, defeating them by the score of 19 to 0.

Residents of Bellefonte pretty generally complain of high taxes. The millage here is 57, but over in South Phillipsburg it is 88. And many people of that burg would like to go back into Rush township where the millage is 63. Of course the property valuation has a lot to do with high taxes and we are not informed regarding the valuation either in South Phillipsburg or Rush township, but we do know it is enough in Bellefonte to make taxes seem pretty high.

FORMER BELLEFONTE BOY KILLED IN LEWISTOWN.

Kenneth Bowersox, little son of Mr. and Mrs. Harry Bowersox, of Lewistown, but formerly residents of Bellefonte, lost his life as the result of an automobile accident on Monday night while helping to welcome home a newly married couple. The boy, who would have been six years old next week, with his brother John, was among a crowd of fifty or more youngsters who went to the depot to greet C. N. Doerr and his bride of a week who were returning from their honeymoon.

When the young couple stepped from the train they were hustled into the car of W. E. Black, which hurriedly left the depot. After driving almost a block the driver's attention was attracted by the screams of a child and he stopped his car. An investigation revealed the boy caught in the wheel of the car and terribly crushed and maimed. It was thought that he had climbed on the side of the car to ride home with the bride and groom, slipped and got caught in the wheel. He was taken to Dr. Black's private hospital but died within an hour.

The Bowersox family moved to Lewistown from Bellefonte last April, where Mr. Bowersox is employed as a mechanic at the plant of the Viscose company. The family came to Bellefonte from Juniata and while here Mr. Bowersox had an interest in the bakery in the Bush Arcade. His two sisters, Mrs. William Witmyer and Mrs. Howard W. Stover, live in Bellefonte.

The boy who met such a tragic death on Monday evening is survived by his parents, two brothers and two sisters, namely: Rebecca M., Mary, John and William. In trying to save his little brother, on Monday evening, John was also slightly injured.

The remains were brought to Bellefonte on the 9:40 train yesterday morning and taken to the Witmyer home, where funeral services were held at 10:30 o'clock, burial being made in the Union cemetery.

Joseph Grassmire, of Milesburg, was arrested last Friday evening by state policeman S. G. Wellar on the charge of bootlegging and gave bail for his appearance at court. Officers of the law having been laying for him for some time and last week, it is claimed, he sold a quart of liquor to Joseph Naralail and L. Moore, two state policemen in plain clothes. When arrested a quart of moonshine was found in his possession and officer Wellar claims that he threw a quart bottle from the car before he could stop him. Mr. Grassmire's car was also confiscated.

A Big Catfish Story.

Because the big dam near Warriors-mark, Huntingdon county, had gone almost dry members of the Blair county Game, Fish and Forestry association on Monday removed the catfish from the pools of water in the dam and transplanted them in the Juniata river. Although no effort was made to count the fish the number is estimated at from eight to ten thousand, ranging in size from one to fourteen inches. The fish were caught in tight mesh seines and transported in milk cans.

As a matter of fact, he said: "Everything is going nearly normal over there except the Standard Steel works and it is not wholly at a standstill." When one recalls that the Viscose Co. alone employs about three thousand operatives, and is going full time it can be seen that Lewistown would not be "flat," even if it were the only one of her many industries in operation.
