## Brief Meeting of Borough Council.

Dr. C. M. Parrish again appeared before borough council, at its regular meeting on Monday evening, and reported that he had concreted the cellar of his store to keep out the sewer water from Pike alley, but stated that if the leak continues it is likely to undermine his foundation. The matter was referred to the Street committee and borough manager with instructions to work out some plan to stop the leaks in the sewer.

Mr. Dunlap, of the Deitrick-Dunlap Cadillac company, but representing the automobile dealers association, appeared before council with a petition protesting against travelers parking their cars on the streets for the night instead of storing them in garages. The matter was referred to the Street committee.

The Street committee reported various repairs having been made on the streets.

The Water committee reported necessary repairs, two new connections and the collection of \$65.71 from the Richelieu theatre people. The committee also reported the reading of the water meters for the quarter ending October 1st and that the uncollected portion of the water duplicate for 1924, amounting to \$4,658.55, had been turned over by the Keystone Power corporation to the borough manager for collection. Just as soon as this can be partially cleaned up the 1925 duplicate will be given to the Power corporation.

Mr. Cunningham reported that he had made a personal investigation into the complaint of Edward Decker about lack of water at his new home on Logan street and found that the trouble is with the supply and not the pressure. A half dozen or more families in that section are drawing from an inch pipe, and Mr. Decker being the last on the line gets water only when the others are not using it. He suggested as a remedy the laying of a two inch pipe, which will cost approximately \$227.50. He also reported that lot owners on Halfmoon hill who are starting to build have applied for water and to accommodate them will require the laying of 665 feet of two inch pipe. The owners have agreed to pay one-third the cost and Haupt & Brown one-third, which will leave but one-third for the borough. Council authorized the committee to go ahead.

The Finance committee requested the renewal of old notes totaling \$5,500, and a new note was authorized, if needed, to meet current expenses.

The Fire and Police committee reported that the seventy-two firetrucks in the town have all been painted and tested and are in good condition.

Bills to the amount of \$4379.35 were approved for payment, after which council adjourned.

## Millheim High School to Play Here Tomorrow.

The High school football team will entertain the pig skin chasers from Millheim High school tomorrow at Hughes field. Although beaten last year, the boys from over the mountain could never be counted out of the game and managed to cross the goal line twice. It is an acknowledged fact that the longer a school plays football, the better teams it will develop. Starting two years ago, Millheim has been making rapid strides in the game and now has an aggregation that would do credit to a school of far greater enrollment. They are well coached and full of fight. A win over B. H. S. would put them on the top of their athletic world so they will spare no energy to make their dream come true. Coach Riden hopes the going will be easy enough for him to send in some of the scrubs and give them the experience they lack. The boys have been working hard all week rectifying mistakes and perfecting their offense. While the first team and several of the substitutes are fairly well grounded the rest of the squad is green and needs time and work to develop. The game will be called at 2:30 o'clock.

The bankrupt sale at the Yeager shoe store is still on. See advertisement elsewhere.

**RAY.**—Sylvester David Ray, for almost half a century a well known resident of Belleville, died very suddenly at his home on east Curtin street, Belleville, about one o'clock on Tuesday. For some months past he had been suffering from the effects of a stroke of paralysis but was up and around and able to look after his business affairs. He ate a fairly hearty luncheon at noon on Tuesday then sat down in his favorite chair to read the paper. His daughter, Mrs. Harriet Ray Smith, asked him if he wanted to go down town and he replied that as it was not very nice out he would stay at home and read. The next minute his head fell back and he died instantly. A stroke of apoplexy was assigned as the cause.

Mr. Ray was a son of Robert and Elizabeth Ray and was born in College township on November 9th, 1849, hence was not quite seventy-six years of age. After attending the public schools in his boyhood days he entered The Pennsylvania State College where he graduated in 1877. He was a member of the Presbyterian church of Belleville, the Knights of the Golden Eagle and during the many years of its existence one of the most active members of Gregg Post No. 95, G. A. R., of Belleville. He was the kind of citizen who is a credit to any community, and though he lived past the four score years allotted to man his death is deeply regretted by a wide circle of friends.

Mr. Taylor married Miss Isabel Young, of Clarion county, who survives with four children, Charles, at Huntingdon; Samuel S., of Bridgeport, Conn.; I. Reynolds, of Akron, Ohio, and Miss May, at home.

Funeral services were held at his late home on Spring street, at ten o'clock on Monday morning by his pastor, Rev. William C. Thompson, after which burial was made in the Union cemetery.

He is survived by his wife, who prior to her marriage was Miss Sue Burd, but no children. He leaves, however, two half-sisters and one half-brother, Mrs. Carrie Stover and Mrs. James Dawson, of DuBois, and George Glenn, of Belleville. ## Retired Railroad Workman Honored.

Members of the supervisory force and foremen on the Tyrone division of the Pennsylvania railroad held a meeting at the Triangle at Bald Eagle, on Saturday afternoon, where they banqueted James L. DeHaas, who on October 1st was retired as track foreman at Eagleville after forty years of continuous service. H. S. Meily, division engineer, officially notified Mr. DeHaas of his retirement, and after brief speeches by a number of other gentlemen Samuel L. Lucas, now the oldest foreman on the Tyrone division, presented him with a purse of fifty dollars in gold. In his response Mr. DeHaas gave an interesting little talk on his work for the company, comparing present-day methods of track up-keep with those of years ago.

Railroad men at the gathering included H. S. Meily, division engineer; F. W. L. Schneider, supervisor; W. A. Trimble, assistant supervisor; A. R. Flenner, clerk, and foremen Salvatore Cannistraci, V. O. Ethers, W. J. Benford and Vincent Palermo, of Tyrone; J. H. Fisher, of Bald Eagle; H. M. Crain, of Port Matilda; H. R. Newman, of Julian; I. M. Robinson, of Unionville; P. G. Murray, of Wingate; F. T. Walker, of Milesburg; C. L. McKinley, of Howard; J. I. DeHaas, of Eagleville; W. H. Copenhaver, of Mill Hill; L. J. Hipple, of Snow Shoe; S. L. Lucas, of Warriorsmark; W. P. Gates, of Pennsylvania Furnace; R. S. Malone, of Snow Shoe Intersection, and E. T. Rupert, of Beech Creek.

## Renovo Easy for B. H. S.

The Belleville High lions devoured the lambs from Renovo Catholic High school with considerable ease and relish at Hughes field last Saturday. The lambs were swallowed without a bleat by a final score of 60 to 0. The game was never in doubt, the outcome being merely a matter of conjecture as to the number of points the local steam roller would amass. While the Renovo team turned out to be material for practice, the lighter eleven put up enough stubborn opposition to strengthen the conviction that Belleville has a team that will make any team in this part of the State hustle to beat it. The marches of the Belleville team were almost without interruption until the fourth quarter, when coach Riden sent the third team in to some extra exercise. Renovo never stopped fighting, despite the fact that their defense resembled a sieve and their carrying the ball usually resulted in a loss. What they lacked in weight, co-ordination and a general knowledge of fundamentals they tried to neutralize by determination and the never-say-die spirit. The weakness of their opponents make the B. H. S. eleven, individually and collectively, show to excellent advantage. Every man on the squad was in the game at some time. Several of the youngsters show great promise and may be counted on to fill in the ranks that will be thinned in June.

The week of October 19th to 23rd at The Pennsylvania State College will be known as "Portable Sawmill Week." Lectures and demonstrations by experts in farm forestry will be the order of events.

## GERBINSKI FOUND GUILTY OF INCITING TO RIOT.

Application made for New Trial and Man Held in \$8,000 Bail.

When the "Watchman" went to press last week the case of the Commonwealth against Nick Gerbinski, a United Mine Workers organizer of Osceola Mills, charged with assault and battery and inciting to riot, was still on trial. The jury in the case returned a verdict of not guilty but paid the costs on the first charge and found him guilty on the second. His attorney, J. Mitchell Chase, of Clearfield, promptly made an application for a new trial, and in granting the application Judge Miles I. Potter increased the bail bond from \$5,000 to \$8,000.

The next case taken up was that against Dewey Kuhn, charged with arson. This case grew out of a fire on the lumbering job of George Holt & Son, north of Unionville, on April 8th, 1925, the defendant being charged with carelessness in starting the fire. The jury returned a verdict of not guilty but pay the costs.

W. W. Rutherford, a traveling salesman, of Lock Haven, was convicted of operating a car while under the influence of liquor and was fined \$400, costs of prosecution and sent to jail for eighteen months.

In the case of the Commonwealth against Frank Reish, of State College, charged with assault and battery, prosecutor Jerry Sowers, the jury returned a verdict of guilty. Mr. Reish is past sixty years of age, and taking this into consideration Judge Potter imposed a fine of \$25 and costs. Mr. Reish told his Honor that he might as well send him up as he had no money to pay either the fine or costs, so the court added "and stand committed until the sentence is complied with." Mr. Reish spent Thursday night in jail and on Friday morning the judge ordered him brought into court and told him that he felt that he had been a little hard on him so he would remit the fine and give him six months in which to pay the costs.

The case against George Mothersbaugh, charged with larceny, was continued.

The involuntary manslaughter case against LeRoy Fox, of Lock Haven, took up most of Friday's session of court. The defendant was charged with having caused the death of William Henderson, of Lock Haven, through a collision near the Nitany tea room, last March, because of fast and reckless driving. The jury returned a verdict of not guilty.

Charles Isenberg, who earlier in the week plead guilty to the illegal possession of liquor and was fined \$50 and given thirty days in jail, was placed on trial on the charge of operating a motor vehicle while intoxicated, was convicted and sentenced to pay the costs and serve eleven months in jail.

## CIVIL COURT THIS WEEK.

Judge Eugene H. Baird, of the Clinton-Elk county judicial district, has been presiding in court this week, but so far only two cases have gone to trial. The first was an action brought by William A. Carson against Hulda S. Meyer, of Potter township, to test the validity of a lease given by the plaintiff to the defendant in the spring of 1923 for her farm, but which was not delivered to him because the other tenant on the farm refused to leave as his lease had not expired. The jury returned a verdict in favor of the defendant.

The case was concluded on Tuesday afternoon and that of T. R. Hamilton vs. A. E. Schad taken up. This is an action to recover on a disputed book account and the case was still on trial yesterday.

Several cases which were scheduled to come to trial this week have been continued.

## Hughesville Fair; October 13-16.

Twenty-five acres added to the parking field. The entire fair ground covers sixty acres.

An additional gateway has been made at Fifth street and Broadway; the familiar entrance at the southwest end of the grounds has been improved. When reaching any of the auto entrances, vehicles will be stopped just long enough for the driver to purchase a ticket for his car, which then proceeds at once to the improved parking field, where the passengers can unload at their leisure. Admission to the parking field 50c. The parking field is entirely fenced off from the rest of the fair grounds; a fine new gateway leads from there into the exhibition grounds, bringing visitors right into the heart of the fair.

Wednesday will be school day, when all pupils of the county will be admitted free.

As has been the case for several years a sale of Holstein cattle will be held on Friday morning.

The free attractions before the grand stand are high class. The funny Ford which travels "on its own" will give the crowd a new idea of motoring.

This fair has always been noted for its interesting races, and the purses offered this year insure some speedy horses.

An aeroplane has become an established part of the fair, and there will be one on hand all week to haul passengers.

The annual rummage sale for the benefit of the hospital will be held in the vacant room in the Heverly block, on Tuesday, October 20. Those having any articles to contribute will please take them to the room on the day before the sale or notify Mrs. W. J. Emerick and she will call for them.

## Two Fine Theatrical Attractions Coming.

Armand Robi wrot it, Vincent Valentini added words and music to it and Walter Brooks staged it. Those who know their things theatrical will at once recall that the show is "Flossie" which created a furore in New York and which comes to the Moose Temple theatre for one night only, Wednesday, October 14. "Flossie" is a sophisticated musical comedy. There's just enough sex in it to make it hilariously funny, and not a bit too much as to make it revolting. It's humor is rib-ticking and its fourteen song hits, chief of which are "Walla Walla," "First is Last" and "When Things go Wrong," are the sort of tunes that linger long in the memory and are a bit more than whistleable. The title role is played by a beautiful young woman named Inez Johnson, who is well supported by a clever and capable cast.

Chock Hartsworth's jazz band is the last word in the production of harmonics and a chorus of the Great White Way's most charming young women, complete what it is believed will be the cleverest and most entertaining piece of theatrical fare to be offered to local playgoers this season. Prices 50c., \$1.00, \$1.50, and \$2.00 plus tax. Seat sale opens at Mott Drug Co., Saturday morning.

## THE GINGHAM GIRL.

"The Gingham Girl," a sensational musical comedy hit, will be seen at the Moose Temple theatre, Wednesday night, only, October 21st. It is one of the greatest musical comedies of its kind ever produced. In fact every one who keeps in touch with the doings of stagemod will have no difficulty in recalling its tremendous success.

"The Gingham Girl" tells a simple, straightforward story that will amuse you immensely. The producers have mounted it lavishly, the cast and chorus of beautiful girls are possessed of extraordinary ability, and the beautiful gowns will be a delight to the eye. Mail orders accompanied by check or money order and self addressed stamped envelope will be filled in the order of their receipt and seats will be placed on sale at Mott Drug Co., Saturday, September 16th. Prices, first floor, \$2.00, \$1.50, plus tax. Balcony, \$1.50, \$1.00 and 50c., plus tax.

## THE IRON HORSE.

"The Iron Horse" is a motion picture, of the William Fox production, which will be shown at the Moose Temple theatre October 15th, 16th and 17th. It tells the story of the union of the railroads completing the link which bound the east and west in 1869. Scenes show the Union and Central Pacific engines meeting at Promontory Point, Utah, and others depict life of road builders on the prairies. Don't fail to see this picture.
