WITH THE HUNTERS

AND THE HUNTED.

Ferguson Township Hunters Get Big Bear. Deer Hunters will Soon Invade Mountains.

On the opening day of the bear hunting season a party of hunters from College and Ferguson townships went out on the Allegheny mountains, above Runville, and killed a 240 pound bear and returned home by four o'clock. Not to be outdone some two dozen or more of the best shots from Ferguson township went out back of Yarnell, last Thursday morning, being joined by several residents of Yarnell, and succeeded in bagging the daddy of all bears, one which tipped the beam at the 354 pound notch. The animal was brought to earth by a Mr. Miller, of Yarnell.

On the same afternoon a few Bellefonters went up into the woods back of the old peach orchard on the penitentiary lands to hunt small game. They took along several rabbit dogs and the latter started up what looked to one of the party who saw it like a very large bear. The animal was too far away for a shot and instead of keeping within the woods it made for the Buffalo Run valley as d crossed to the Bald Eagle mountain, where it evidently holed up as the dogs gave up the chase and returned to the rabbit

On Sunday evening an automobile party of young men returning to do it. Bellefonte from a run to Snow Shoe, saw a fair sized bear cross the road on the hill above the railroad crossing on the top of the mountain. The animal was only a short distance away and was not particularly frightened by the automobile.

The small game season, with the exception of rabbits, will close next Monday and it has been a disappointing season to the hunters. Comparatively few wild turkeys have been killed in the county and pheasants have also been very scarce. The kill purchased the McFarlane farm just of squirrels has also been small, and east of Boalsburg. It is one of the the only kind of game that has affine places in upper Pennsvalley, with forded any real sport is rabbits. They are quite plentiful and a large number of them have been bagged.

But all hunters are now looking forward to the opening of the deer hunting season, next Tuesday, as the days of real sport. No kind of hunting is quite as exciting as going on the trail for deer. These animals are probably more plentiful in Centre county than any other kind of game. The Seven in the woods on the opening day. Sentences Doled Out at Special Session of Court on Tuesday.

At a special session of court, on Tuesday, attorney W. Groh Runkle asked for the discharge from jail of Frank Tomzak, of Benner township, who in September was sentenced to serve two months and pay a fine of \$100 for selling a pint of liquor. Tomzak's time was not up until Wednesday but his discharge was asked because the man who was running his farm left on Monday and one of his cows choked to death Tuesday morning. The court granted the discharge and gave Tomzak thirty days in which to pay the fine and costs.

E. C. Estright, of Snow Shoe Intersection, was before the court on the charge of operating a motor car while under the influence of liquor. His attorney, S. D. Gettig Esq., stated that while technically guilty he had not endangered the lives of any one. That while in Bellefonte he had imbibed too freely and going to his car in front of the Garman house had started the motor but had not gotten down to Allegheny street when stopped. Mr. Gettig also stated that the young man was the sole support of his widowed mother and eight sisters and brothers. He is employed as a section hand on the Pennsylvania railroad. The court told him that his act would result in the loss of his license and sentenced him to pay a fine of \$200 and costs and gave him four months in which to

The next man called up was James Jackson, colored, charged with robbing the Tallhelm store and Nason garage, at Julian, early last week. On the witness stand Jackson said he is eighteen years old but steadfastly refused to tell the name of the man who was with him. He said he was a white man and lived in Centre county and the only name he knew was "Whitey." When asked if he had ever been in trouble before Jackson said once in Philadelphia. He got into a fight and stabbed another colored man. He was not convicted for the offence, however. When asked why, he said that he had a good lawyer. The court sent him to the Huntingdon reformatory.

Arlington Jodon, of Howard township, was called up for shooting at a man in mistake for game. Jodon was out hunting and saw something on a tree which he took to be a coon. He fired two shots then a man called to know what he was shooting at. The man proved to be Lot Neff, who had shot a squirrel which lodged in a tree mountains offer the best field for the and he had climbed up to get it. The sport, and it is safe to say that up- court informed Jodon that his act wards of two thousand hunters will be would result in the revocation of his larger number will go into camp for years, and in addition sentenced him it, but there will also be many day him sixty days in which to make payment.

The final case was that against C. mountains that it is an ordinary sight E. Worrell, a sub-contractor on the to see them pasturing in the fields at state highway through Bald Eagle bought the home of the late Emily U. the foot of the mountains. Of course valley, being an appeal from a sum-Valentine on Curtin street, this place, the majority of them are doubtless mary conviction before a justice of the last Saturday. There were quite a does, but quite a number of bucks peace who had fined him ten dollars number of bidders for the property have also been seen. Reports from and costs for trespass. The court and Mrs. Craig got it for \$6,550.00. the Allegheny mountains indicate found him guilty as charged, thus

Like the late or three years, and hunting parties the night of October first, was killed have gone out expressly to capture in a crash on the Nittany mountain, it, but the wily animal has so far in Centre county, Kauffman evidently --- The collection of Thanksgiving evaded being a mark for the hunter's misjudged his height and flew into the tree tops. One wing was torn away and in a twinkling the other wing hit a tree and it, too, was knocked off and the plane fell to the ground.

Kauffman was somewhat dazed by mailplane was sent out from Cleveland, the mail taken aboard and sent on its way to Chicago.

H. C. Yeager to Again Embark in Shoe Business.

Mrs. H. C. Yeager last week purchased the small building on the Benner property, on High street, where the late John Halderman conducted a hot weinie and cigar stand, and Mr. Yeager will again embark in the shoe business at that stand. The building will be remodeled and possibly slightly enlarged. Mr. Yeager contemplates starting in on a small scale, carrying only two standard lines of shoes, and selling them at a price which should generally.

JOHN McCOY BUILDING

HYDRO-ELECTRIC PLANT. Keystone Power Corporation Contracted to Take Electric Output.

Since early last spring John Mc-Coy has had a force of men at work the guest of Mrs. Clevan Dinges over Sunconstructing a big concrete dam on his day. property near Milesburg, and while there has all along been considerable speculation as to the ultimate devel- day, being a guest of friends during her opment the project is a secret no longer. He is well along the road towards the installation of a big hydro-electric Gamma Delta fraternity men are spendplant, and during the past week executed a contract with the Keystone Power corporation to take all the elec-

tric fluid he can produce. The breast of the main concrete dam is twenty feet high over all, and in addition there is a succession of small dams along the old tail race in order to secure the maximum amount of water power from the flow in Spring creek. The bed of the stream below the dams has been dredged out a short visit with his mother, Mrs. John A. for a considerable distance in order | Woodcock, of Howard street. that the discharge water from his plant will flow away freely. The magnitute of the work done can only be appreciated by an inspection of the

Mr. McCoy has all his equipment ordered and expects to have the plant installed and ready for operation by March 1st, 1926. The equipment will consist of one 350 horse power vertical water wheel which will be connected direct with a 250 k. w. generator. All the highly technical electrical equipment necessary for the complete operation of the plant will also be installed, and connection will be made direct with the lines of the Key- Yale. stone Power corporation, which are strung through his property.

From officials of the Keystone Power corporation it is learned that the power from this hydro plant will be fed into the line which carries the electricity from the company's water wheel at Milesburg into Bellefonte. During ordinary times both of these water plants will feed energy into the company's system for general distribution, and will provide about onetwentieth of the company's requirements. In emergencies, when the Power company's main source of supply may fail, provision has been made from the two water power sources can be utilized to continue the operation of such important equipment as fire pumps and other essential utilities until the Milesburg steam plant can be put into operation or the power serv-

This new development on the Mc-Coy property calls to mind the fact of the oldest iron works in the coun- burg. try. Originally started as a charcoal -Mr. and Mrs. Samuel Reynolds, who time furnace property to blow out in Centre county. In fact the old McCoy & Linn furnace and its product was known over many eastern States. At various times a nail mill, rolling mill among the important industries to be and their families. established there was the Titan metal in that vicinity and were followed by their sons and grand-sons. Some of the machinery which has been removtion is of very ancient vintage. The installation of the new hydro plant will mean the utilization of the biggest water power source in Centre cial use.

Hopped off a Freight to Steal a Motor Car.

through Howard.

A number of people saw the stranthe fall but quickly recovered and station and supposed they were going guest last week, stopping in Bellefonte on traveled almost a mile to a telephone, there, as many strangers do, just to sent word to the field at Clarion then get warm. Instead of entering the returned to his wrecked plane. A plant they climbed into Cecil Herr's comparatively new Franklin car and drove off.

The theft was not discovered until two hours later when Mr. Herr left his ing and had previously been at State Colwork in the plant and went to get his lege, his mission here being to look over car. It had seven gallons of gas in the work of Miss Helen MacDonald, denthe tank so that the thieves might tal hygenist in Bellefonte and State Conhave gotten pretty far away before lege. having to refill, but with a bent axle and a flat tire they abandoned it in ley College, and William from Penn State, Lock Haven, where it was recovered for their Thanksgiving vacation with their on Tuesday.

Have You Heard "Somebody Said?"

The lilting waltz song "Somebody Said" will be sung at the Richelieu, next Wednesday evening by Mr. Cecil Walker. The song has special loprove very attractive to the public cal interest because its music was visiting for two weeks with her sister-incomposed by Mrs. May Croyle Budinger and the words written by Miss Ellie M. Quirk, both of Snow Shoe. Though it has just been published and is on sale at music stores it was sung from the manuscript at Atlantic City last summer and made quite a hit. Mrs. Budinger has published several songs, the most successful up to the
