—When we greet you, Mr. Burgess Harris, after the first Monday of next January, we hope you will consider it your bounden duty to enforce the ordinance regarding the cleaning of snow and ice from the pavements, an ordinance that has been allowed to lie as a dead letter in the dust of the borough vault, lo, these many years.

—Now that December is here most everybody will turn to Christmas shopping but this need not interfere with you spending your evenings at the scenic. That is the place to see real up-to-date motion pictures. The best and latest productions of the leading film manufacturers in the country. When you see them at the scenic you can feel assured that they have never before been shown in Bellefonte. Be a regular and see them all.

—Edwin F. Garman, of this place, was notified yesterday by the Graves Registration Service 758 P., that the remains of Sergt. Raymond P. Lingle, No. 1259879, Company M, 10th infantry, killed in France during the world war in 1918, will arrive in Brooklyn about December 6th (tomorrow). The fact will be recalled that the grave of Sergt. Lingle was only recently discovered which accounts of the delay in sending the body home. The remains will be sent direct from Brooklyn to Bellefonte but just when they will arrive is not yet definitely known. The young soldier's mother, Mrs. J. Howard Lingle, and his sister, Mrs. Stacey Hay, both of DuBois, as well as his brother, Harold B. Lingle, of Syracuse, will come to Bellefonte for the funeral services which will be held in St. John's Episcopal church by the Episcopal rector of DuBois. Burial in the Lingle plot in the Union cemetery will likely be made with the honors of war.

—Longevity evidently runs in the Eberhart family as Mr. Daniel W. Eberhart, the dean of the cult in this section of the State, was just ninety-two years old on Sunday, within eight years of one hundred years. Not wishing to celebrate the event on the Sabbath day his children and others gave him a delightful surprise on Saturday. Those who contributed to the delightful event were his three daughters, Mrs. Harry Badger, Mrs. Joseph Abt, and Miss Mary Eberhart, of Bellefonte; a brother, James Eberhart, of Lewisburg, and his three children, Mrs. Frank Barber, Mrs. Samuel Reamer, and Calvin Eberhart; his sister, Mrs. S. D. Burris, of Centre Hall, and her son, L. J. Burris, and Mrs. William Walker, also of Centre Hall. They all came laden with an abundance of good things to eat which furnished one of the delightful features of the gathering. Of course Mr. Eberhart received many very useful and worthwhile presents and all the good wishes possible to bestow. Mr. Eberhart, by the way, is one of the few really aged men in Bellefonte, and still enjoys remarkably good health.

**MANY DEER SLAIN
 IN SEVEN MOUNTAINS.**

Decker Rod and Gun Club Gets Limit in Two Days.

The "Watchman" told you last week that every indication pointed to a good kill of deer during the opening days of the hunting season, and early returns show that our prediction was justified. In fact from reports received it seems as if the hunters must have been making a slaughter house out of the Seven mountain district. The prize-taking hunting party heard of up to date was the Decker Rod and Gun club, hunting in Decker valley. They got five bucks on Tuesday, the first day of the season and another on Wednesday. As this was their limit they broke camp and returned home on Wednesday afternoon. One of their bucks had a rack of four prongs, two of them had three prongs and three of them two prongs.

A Johnstown hunting party quartered at the Old Potters Mills hotel got a four pronged buck for their first day's hunt.

Another party from further west in the State bagged a six pronged buck deeper in the mountains above Potters Mills.

Motoring parties coming over the Seven mountains from Lewistown reported the main highway lined with hunters, but only a few bucks were strung up within sight of the road.

But other hunters who did not go to the Seven mountains fared fairly well on the opening day. Pleasant Gap hunters bagged a nice buck in Greenvalley on Tuesday morning.

Reubin and Jim Hilliard, of Coleville; J. A. Harter and Wayne Hile, of Bellefonte, went up into the Barrens, near Scotia, bagged a nice four point buck and were home by the middle of the afternoon.

Up in the western end of the county there are a dozen or more hunting parties from State College, Pine Grove Mills and vicinity, all of whom are out in their regular camps on Old Tussey, but so far no detailed reports have been received from them.

Of course, with several thousand hunters in the woods, and all anxious to get a deer, there is sure to be a number of illegal kills, hence it is nothing extraordinary that four of this kind of deer were brought to forester McKinney's home in the Seven mountains up to three o'clock on Tuesday afternoon.

Whether the hunters who shot them were apprehended or not, could not be learned. A nice two pronged buck was shot by some hunter on the mountain above Boalsburg late Saturday or early Sunday morning. It was found by a game warden and sent to Bellefonte on Sunday afternoon by Toner Aikey, and later turned over to the hospital.

All his life John L. Nighthart, of Bellefonte, has had dreams of killing a deer, or at least being a member of a party lucky enough to bag one, and in the latter respect his dream was realized on Tuesday. Early that morning he and Hugh Daley, of Philadelphia, motored over to Potters Mills where they met several other Bellefonte hunters and with a native of that section as a guide went up on the mountain and killed a fine three point buck. The animal was brought to earth by Mr. Daley. They returned home on Wednesday morning.

D. B. Mattern, of Altoona, came to Centre county for the opening of the season and went out in the Barrens in Halfmoon valley, killing a four prong buck before noon.

Down at Aaronsburg William Bower and son-in-law, Harold Hazel, went out onto Big mountain, got a four prong and was back home by nine o'clock. The E. L. Stover hunting party, of that place, also got a four pronged buck.

Over in the Seven mountain section the Lamar hunting club have two deer at last reports.

The Brown party hunting at Kraders have one.

The Williams party one.

A hunting party on the old Dippery place two.

The Gentzel party of Shamokin one.

The Charles B. Neff party one.

The Detwiler crew one.

Frank Cobler, of Linden Hall, killed his deer on Nittany mountain on the opening day.

The Heala hunters got a two point buck the first day.

Down in the Colyer section the Union hunting club have four bucks.

The Schuykill party got four but one of them was a spike buck not of legal age.

The Pleasant Gap hunters have four.

The Meiss hunting party one.

Frank Lingle and William Nevel, day hunters, each shot one.

Day hunters working in that section can account for twelve deer and two bears.

Down in the Paddy mountain section eighteen deer have been reported killed so far, while out on the Alleghenies eight is the total up to this time. All told probably one hundred and fifty bucks have been slain in the first three days of the season.

Bell Telephone Company Working on Consolidation.

The Bell Telephone company of Pennsylvania has quite a force of men at work taking over the rural lines and small exchanges of the Penn State Telephone company, and they expect to complete this work by the first of the year when the consolidation of the two companies will become effective. The next step will be the consolidation of the two exchanges at State College and last of all will be the installation of additional equipment in the Bellefonte exchange to enable the Bell people to handle the additional subscribers which will come to them in taking over the Penn State company.

Of course in the consolidation of the Bell company will not have to provide facilities to handle the entire list of Penn State subscribers, as many business places and some private residences now have both phones, but when the consolidation takes place only the one phone will be needed. One additional section of switchboard and probably two additional operators will take care of the increased service that will accrue to the Bell company by reason of the consolidation. Bell officials figure that it will be six months, at least, before the work of consolidating the two Bellefonte exchanges is completed but it will be done without loss of service to any of the subscribers of either company.

The present equipment of the Penn State company will all be discarded and Bell equipment and instruments will be substituted for all instruments of the Penn State company now in use in business places or residences.

Of late numerous rumors have been afloat regarding a proposed increase in rates and limitation of service as soon as the consolidation becomes effective. Manager F. L. Richards, of the Bellefonte district, stated on Monday that the only change to become effective will be a charge of ten cents per call to State College, Boalsburg and Howard. There will be a charge of 15 cents for calls to Beech Creek. Toll charges to other exchanges will remain as at present. There will be no extra charge for calls from Bellefonte to the Zion or Centre Hall exchanges as they are within a short distance of Bellefonte. Those charges will become effective January first, and will apply to both Penn State and Bell subscribers. There will not be any increase in the monthly rates now established for either business places or private residences, and the rumor that subscribers will be limited to a certain number of calls per day is also unfounded. The service will be as unlimited as it is at present and will be governed by the same rules and regulations now in force.

A Rare Investment Opportunity at State College.

The First National Bank at State College recently authorized an increase of its capital stock so as to bring the amount up to \$200,000.00. This made it possible for the institution to offer to investors in the community which it serves an opportunity to buy into one of the soundest and most rapidly growing financial institutions in Central Pennsylvania.

Sale of the new stock was begun only on Tuesday and up to yesterday morning over half of it had already been subscribed for. It is being offered at \$230.00 a share, the price being fixed by the fact that when the issue is disposed of the bank will have a fully paid capital of \$200,000.00, surplus of \$200,000.00 and undivided profits of \$50,000.00.

Opportunity to buy the stock is limited to persons in the territory served by the bank and for those looking for an investment that is certain to yield handsome profits it is a rare one.

**JUDGE DALE APPOINTS
 THREE BANK RECEIVERS.**

Who will Proceed at Once to Liquidate Affairs of Centre County Banking Company.

Judge Arthur C. Dale on Monday appointed John S. Ginter, of Tyrone; John S. Dale, of State College, and Rev. Reed O. Steely, of Bellefonte, receivers for the Centre County Banking company, and Daniel A. Grove and Lewis Schad, of Bellefonte, appraisers. Bond for the receivers was fixed at \$250,000.

On November 11th a petition was presented to the court by N. B. Spangler, attorney for the creditors' committee, and James C. Furst, attorney of record in the equity proceedings, asking for the immediate appointment of a single receiver, and recommending the appointment of Ivan Walker, who has been acting as temporary receiver ever since his appointment by the late federal judge Charles B. Witmer shortly after the bank closed in 1922. At the same time a petition signed by the names of twenty-six depositors was presented asking for the appointment of three receivers; one of the reasons given being that Mr. Walker is already the trustee of the bankrupt estates of John M. Shugert and Mrs. Mary A. Harris, and his appointment as sole receiver would be placing him in a dual position.

Judge Dale's appointments on Monday were made without comment of any kind. As soon as the new receivers file their bond they will be in a position to take over all of the bank's affairs and the first thing that will be done will be an appraisal of the property, which will consist of all the assets of the bank, cash, bonds, notes or anything in hand, real estate and the property of confessed voluntary bankrupts. Mr. Walker, temporary receiver, will file with the court a complete statement of everything in his possession which he will in due time turn over to the new receivers and they in turn will probably arrange to convert everything possible into cash and make a percentage distribution among the depositors as early as a date as can be without sacrificing any of the bank's assets.

Lewis Schad having declined to accept the appointment as an appraiser the court on Monday named Mr. Claude Cook for the vacancy.

The bond for the three receivers will be just the same and cost the same as it would have for one. We understand that their compensation will be no more than one would have been legally entitled to charge and that even that is subject to revision by the court should it seem excessive.

We also understand that the receivers expect to follow an "open-door" policy. It is rumored that they will conduct their business from the old banking rooms and announce certain times when creditors will be welcomed and given every opportunity to know how the settlement of their affairs is progressing.

How Tuberculosis Christmas Seal Sale Money is Used.

In Pennsylvania, twenty persons succumb every day to tuberculosis. Among the average hundred citizens 75 to 90 per cent have tuberculous infection or the seed of the disease. Dr. Devitt, of Devitt camp, says every case of tuberculosis can be cured if diagnosed in time; therefore, in Bellefonte, the money derived from the sale of Christmas seals is used to pay rent of room and janitor service for State chest clinic held every Tuesday afternoon, in Petrikin hall, with Dr. David Dale in charge, assisted by Miss Ethel Campbell, State nurse, where any one in this county may go and have a free chest examination. In the past year there were 78 observation cases, 12 active cases, 10 cases sent to Cresson for sanatorium care.

In Milesburg, the money from the last Seal sale was used to employ our former Red Cross nurse, Mrs. Merrill Hagan, to do follow-up work from the medical inspection records in the schools of Milesburg and Central City. As the latter is a centralized township school, the follow-up work covered the entire township of Boggs.

In Howard, the money was used to employ the dental hygienist for one week in the schools.

In Snow Shoe, the money was used to employ the dental hygienist for two weeks in the schools.

Bellefonte Academy Won Two Games Last Week.

The Bellefonte Academy football team closed the season by winning two games last week. On Thanksgiving day they defeated the St. Thomas Academy at Scranton by the score of 40 to 0. Returning home on Friday morning they left the same afternoon for Monaca, Beaver county, where they played a picked team of players from Thiel college and other schools, winning by the score of 34 to 0. Monaca is Hood's home town and the trip there was made for the sole purpose of giving his home town friends an opportunity to see him and other western Pennsylvania players in action, and every member of the team gave a good demonstration of their playing abilities. Hood's passing was one of the features.
