MANY HUNTERS COME OUT OF THE WOODS.

Warm Weather of Saturday and Sunday Drives Deer Slayers Home.

The warm weather of last Saturday and Sunday probably saved many a buck's life, as a large number of hunters from the western part of the State became discouraged with the sultry and foggy condition in the woods, broke camp and left for their homes. Upward of fifty hunters passed through Bellefonte on Saturday on their way westward, and only three deer were in evidence as the result of their five days in the mountains. While reports received the first two at a dinner Saturday night, given for indicated a record kill this year, un- tag in its ear. less conditions change for the better between now and the close of the sea--Send the "Watchman" to that son next Tuesday the kill this year friend to whom you are at a loss to will be considerably below that of last

The Pleasant Gap Rod and Gun club came home from the Seven mountains last Thursday evening with their limit of six deer, and it was only the second party to get the limit, the oth-

er being the Decker party. The Bradford party, of Centre Hall, hunted all of last week without getting a hair, but on Monday of this week were successful in bagging four bucks.

The Union hunting club, located near the old school house in the Seven mountains, have four deer to their credit.

Rev. Homer C. Knox, pastor of the Methodist church of Bellefonte, spent last week with the Roaring Run club, across the mountain from Pine Grove Mills, and was successful in shooting a four pronged buck. The party got two during the week.

The Hecla hunters located over in Little Sugar valley, had two deer up to Monday. One of them was a ten pronged buck, but while it had a fine spread of antlers it was the smallest buck of the two killed.

The number of illegally killed deer that the Centre County hospital could not absorb them all and on Friday four were shipped to the Ashland State hospital. On Saturday five of the illegal kills were sent to the Rockview penitentiary on order of game protector Thomas A. Mosier and the result was the 677 inmates there feasted on venison on Sunday.

The carcass was sent out to his home in Snow Shoe.

On Wednesday morning a party of hunters from Mercer and Butler counties passed through Bellefonte in autos with two nice bucks and a bear, killed near the northern county line of Clinton and Lycoming counties. One of the bucks weighed 180 pounds and the bear 130.

DEER KNOCKS SIDING OFF A HOUSE. Our Boalsburg correspondent writes that on Monday night Mr. and Mrs. Dernar, who reside opposite the Lutheran church of that town, were awakened by a crashing noise on their front porch. Mr. Dernar jumped out of bed and rushed to the window in time to see a big and badly frightened deer jump from the porch and run up the company, with headquarters at street toward the mountain. The animal just missed plunging into one of the front windows but hit the house with force enough to knock off a piece of siding. How the deer came to be frightened off the mountain in the dead of night is a mystery.

FIFTEEN ILLEGAL DEER KILLED, \$1300 IN FINES COLLECTED.

Up to Wednesday evening of this week game protector Thomas G. Motake up most of the time. This will sier had knowledge of fifteen illegal deer killed. Of course there may have pearance upon the bench at regular been others that he has no knowledge of. So far he has collected fines for thirteen deer at one hundred per, or \$1300. Mr. Mosier has spent practically all of his time in the woods since the opening of the hunting season, and is "Johnny on the spot" when it comes to collecting fines for illegal deer killed. Out of the sixty-seven counties in the State there are probably twenty, at least, in which deer abound in sufficient numbers to make hunting attractive and if every such county vields anyways near the amount of illegal kills it will mean a tidy revenue to the Game Commission.

Not Nearly Enough.

Last week we made a halting appeal for funds. We say halting, because if there is one thing we dislike to do it is to ask people for money.

We need it, however, and badly. There are a lot of bills that must be paid before January 1st and January 1st will be on us before we are ready, unless there is a general response to this notice.

A number of readers have paid up during the week, but not nearly enough. Won't you please look at your label and see the date you are paid to. If it is back of '25 send us something. If it doesn't suit to send all send a part of it. Five hundred readers sending only \$1.50 each would help out a lot. But if you are paid up to the middle of 1926 don't send any. What we want is to have those readers for whom we have gone in debt for paper, ink and wages to help us out of the hole.
