TELEPHONE CONSOLIDATION TO BE COMPLETED MARCH 1st.

Bell Company to Take Over Penn State by Above Named Date.

Officials of the Bell Telephone company have announced that the date for the physical unification of the Penn State and Bell Telephone properties at Bellefonte exchange will be advanced from September 1st to March 1st, 1926. This action has been taken as a result of the requests made by representatives of the Bellefonte Business Men's association and the Kiwanis club, representatives of which pointed out that the continuance of maintaining two telephones under two systems by the merchants of Bellefonte would be uneconomical.

The advancing of the date of physical unification unquestionably means an added expense to the Bell company and will require the rapid completion of a tremendous schedule of work. vs. Hugh B.
