—On November 14th, 1925, Florence D. Smith, of Spring Mills, was granted a divorce from her husband, Boyd E. Smith, after five years of wedded life. Both evidently regretted the separation and last week they went to Huntingdon, secured a marriage license and were remarried.

—Within four days after the big fire which partly destroyed the Methodist home for the aged in Tyrone, on Monday of last week, the immense building had been dried out and sufficient repairs made that most of the guests were taken back, none the worse for their thrilling experience.

—Talking about snow Wednesday's had every appearance of being one. It was the third heavy fall of the winter. The first fell Friday night, January 8, to a depth of 8½ inches, the second was one of 4 inches and Wednesday's reached 18 inches in depth, the deepest snowfall in some years.

Mrs. Harold Kirk, who has been on the Republican staff the past six months, will go to the Centre Democrat on Monday.

—The heavy snowfall of this week will make it next to impossible for the birds in the woods, and other wild life, to find anything to eat, and this will be a good time for enthusiastic sportsmen living adjacent to the mountains to put out feed for the birds. If the snow is cleared away from a sheltered spot in the woods and the feed put on the ground the birds will find it.

—Bellefonte and Centre county had the coldest weather of the winter, last Friday morning, following the extremely high wind of Thursday. Thermometers in Bellefonte ranged from four to ten degrees below zero. The low point recorded at Milesburg was fourteen below while Runville, Snow Shoe and several other places reported twenty below. Friday it began to moderate and Sunday it rained most all day and night.

COUNCIL DISCUSSES

FIREMEN'S COMPENSATION.

Oath of Office Administered to Councilman John P. Eckel.

John P. Eckel, the new member of borough council from the West ward, made his first appearance in the council chamber at the regular meeting on Monday evening and was sworn into office by burgess Hard P. Harris. It might also be mentioned that the meeting was noteworthy in at least one feature and that was that it was the first time in a year at which every member was present.

Secretary Kelly read a communication from the Aetna Life Insurance company stating that under a law passed in 1915 borough councils were required to carry compensation insurance for volunteer firemen. As no particulars were given as to rates, liabilities, etc., no action could be taken and the matter was referred to the Fire and Police committee to consult with the borough solicitor relative to the matter and report at next meeting.

A communication was received from borough engineer H. B. Shattuck stating that he had forwarded to the State Board of Health blue prints of the Bishop street sewer and the new pipe-lines at the big spring.

Borough manager J. D. Seibert presented his bond in the sum of \$500 for the current year which was approved.

The Bell Telephone company of Pennsylvania presented an agreement relative to the installation of the fire alarm system and the operation of same; said agreement providing that all expenses be paid by the borough and that the company be exempt from all financial liability in operation of same. Council authorized execution of the agreement.

The Street committee reported the removal of snow from the streets and cleaning pavements.

The Water committee reported the collection of \$22.00 on the 1924 water duplicate. Also, that a six inch meter had been ordered for installation on the new electric pump, as the department did not have a meter on hand of sufficient capacity to record the capacity of the pump. The committee also reported that an examination had been made of the elevator in the Phoenix pumping station building and the repairs needed will be made at once. And further, that the G. F. Musser Co. has accepted council's action for another year's lease on the building at \$750 per year, and the committee was instructed to have a lease drawn up and executed.

The Fire and Police committee reported that the Bell Telephone company intended installing private telephone lines to each fire company building with a call bell in each engine room, which will ring until shut off. The question of a more satisfactory fire alarm system was discussed and the Fire and Police committee was instructed to make inquiry as to the latest electric alarm system.

On motion of Mr. Emerick N. B. Spangler was re-elected borough solicitor. Bills amounting to \$1914.99 were approved for payment after which council adjourned.

Hoffman Divorce Testimony Made a Matter of Secrecy.

The strictest secrecy guarded the taking of testimony, in Bellefonte last Wednesday and Thursday, in the divorce proceedings of Lieutenant Commander Joseph F. Hoffman against his wife, Frances G. Turner Hoffman. All the evidence was heard behind locked doors in the law library in the court house. It took until Thursday afternoon to hear all the witnesses, six for the plaintiff including the Commander himself, and for the defense Mrs. Hoffman and three witnesses. Additional testimony is to be taken in Washington at some future date while there is said to be an important witness in New Orleans whose testimony will likely be taken by commission.

While no definite facts in connection with the testimony could be learned it is understood that considerable of it would not look well in print and the master in the case, John J. Bower intimated that when all the testimony is in and he has formulated his report it will be accompanied by a recommendation that the testimony be sealed and impounded in the office of the clerk of courts.

C. D. Casebeer Buys W. S. Katz Property.

C. D. Casebeer on Monday purchased through the Robert F. Hunter agency the W. S. Katz property, adjoining Petrikin hall. Some months ago James Caldwell, proprietor of the Bon Mot, took an option on the building which held good until Monday evening. Since taking the option he decided to remain where he is and, as his option was good until Monday evening, turned the property over to Robert F. Hunter for sale. Mr. Hunter had several prospective customers but none of them coming to the front on Monday the property was sold to Mr. Casebeer at the face value of Mr. Caldwell's option.

In purchasing the property Mr. Casebeer has several things in view, one of which is to open an optical parlor on the first floor and occupying the second floor as an apartment for himself and family. This, however, is only prospective, as something else may develop before he reaches a definite conclusion.

Enrollment in Red Cross and Public Health Nursing Service Most Creditable.

There was a generous response to the canvass last November for enrollment of members in the Red Cross and Public Health Nursing Service as is shown by the report of Russell Blair, chairman, and the sum obtained certainly reflects credit upon him and his efficient and enthusiastic helpers, most of whom were women, as usual. Two years ago a survey was started to find how many towns-people were in favor of continuing the nursing service and would contribute to its maintenance. This was interrupted by the drive for the Centre County Hospital and the nursing service was discontinued for lack of funds until the Elks gave \$519.00 from their Halloween celebration and Mrs. Russell Blair and the cast of the "Green and White Revue" contributed their proceeds amounting to \$1,000. A nurse trained for public health work was secured as soon as possible and the nursing service resumed last September under Miss Anna McCauley.

When the time came for the annual enrollment of members in the Red Cross, it was thought advisable to give at the same time an opportunity for contributing to the local nursing service and the results pleased even the most sanguine, as Mr. Blair announces the amount of cash in hand, \$1483.70 and \$16 for collection. Those desirous of enrolling in the Red Cross numbered 348, distributed as follows:

315 "Annual" whose membership is \$1.

26 "Contributing" whose membership is \$5.

5 "Sustaining" whose membership is \$10.

2 "Supporting" whose membership is \$25.

Fifty cents of each of these memberships or \$174 goes to the National Red Cross work, while the remainder is kept for local work and will be added to the fund for nursing service.

Jiggs and Maggie Are Coming.

To those patrons of the theatre who have been led to believe that the well of real fun, screams, hilarity, mirth and general all around entertainment has run dry, the latest of the "Bringing up Father" series, "Bringing up Father in Gay New York," should quickly refute such a delusion. In fact, if anything, it is bound to prove a source of infinite joy to those who are always in search of genuine laughter, the kind that means renewed hope and lease on life. The brand new comedy, of course, is based on the well-known George McManus cartoons published in the leading dailies throughout the country. Not to be acquainted with the beloved Jiggs, Maggie, his better, or we might say, worst half; Dinty Moore and others of the Mahoney clan is like being at distant relationship with the Declaration of Independence or the history of these United States.

If you want to see them all, in the flesh you will have your chance by hearing to the Moose theatre Wednesday, February 10. Naturally, a "Father" show would not be complete without pretty girls, liting music, novelties, scenic embellishment and all those unique ingredients that go in the making of an up-to-the-second entertainment. The patrons of the Moose theatre are sure to spend a highly enjoyable time. At least fifteen song hits, jazzy interludes, ensembles and other infectious melodies will be disclosed during the development of the merry proceedings. The original cast and production, direct from the Lyric theatre, New York, will be offered.

Harrisburg Man Gets Verdict Against W. J. Emerick, of Bellefonte.

In court at Harrisburg, last week, a resident of Dauphin county by the name of Witmer was awarded a verdict of \$1400 against W. J. Emerick, of Bellefonte, for alleged injuries sustained in an auto accident over two years ago. But Mr. Emerick will not have to pay the money out of his own pocket, as he carried indemnity insurance to the extent of five thousand dollars, so that the insurance company will have to make good the verdict.

The alleged accident happened in a collision on one of the roads near Harrisburg when the plaintiff in the case was a passenger in his employer's car. He was injured on the face and one hand but since then has developed an incurable affection in one of his hips and he brought action to recover for that as a permanent injury. He brought suit for twenty-five thousand dollars.

Every person who flocked to the Scenic last week to see "The Merry Widow," and hundreds of people were there, could not fail but be impressed with the high class of pictures being shown at that popular place of amusement. Manager T. Clayton Brown has the best pictures made booked for the Scenic and they cannot be seen anywhere else in Bellefonte. Good pictures combined with the splendid music produced on that big pipe organ by Miss Crouse make a combination the people of Bellefonte can't resist.

We don't recall the date, but it was the day "The Four Horsemen" was shown at the Moose theatre, that we had a snowfall approaching in depth that of Wednesday,

Lloyd A. Stover, Coleville, Died as Result of Coasting Accident.

Lloyd Allen Stover, fourteen year old son of Recorder and Mrs. Lloyd A. Stover, of Coleville, died at the Centre county hospital at seven o'clock on Monday morning as the result of head injuries sustained in a coasting accident about 7:30 o'clock on Saturday evening. He had been out on the main street coasting with his younger sisters, and when Mrs. Stover called the little girls in he decided to take another ride. Coasting down from the top of the hill he saw an automobile approaching and decided to turn into the school house grounds. The lights of the car blinded him and he ran into a telephone pole. The right side of his head struck the pole with considerable force, cutting a gash on the side of his face and inflicting a deep bruise on his right temple.

The family physician was summoned who made a thorough examination but was unable to locate any serious injury. On Sunday the boy suffered no pain and felt so good that he got up an ate a little ice cream. In fact it was not until early Monday morning that unfavorable symptoms began to develop. A physician was hastily summoned and he advised prompt removal to the hospital. He was taken there at six o'clock but passed away an hour later. Whether his death was the result of a fracture or a blood clot on the brain is uncertain.

A son of Lloyd A. and Jessie Poorman Stover he was born at Coleville Aug. 25, 1911, hence was in his fifteenth year. He was a member of the Sophomore class of the Bellefonte High school and a bright and well liked boy. In addition to his parents he is survived by the following brothers and sisters: Mrs. Raymond Brooks, of Lake Worth, Fla.; Madeline, Donald, Ralph, Grace, Jean, Pauline, Eunice and Hilda, at home.

Rev. Homer C. Knox, of the Methodist church, had charge of the funeral services, held at the home at two o'clock yesterday afternoon, burial being made in the Union cemetery.

The grand council of the Acacia fraternity, composed of the national officers of the society, held their winter meeting at State College on Saturday and Sunday, guests at the handsome new fraternity house of the Penn State chapter at the corner of Foster avenue and Miles street. The national fraternity includes thirty-three chapters located at various colleges and universities in the United States as well as ten alumni fraternities in large cities. Only members of the Masonic order are eligible to membership in the Acacia fraternity.

At the meeting on Saturday the following officers of the grand council were installed: Grand president, Dr. William S. Dye, of State College; grand vice-president, Wesley Pogue, of the University of Nebraska; grand secretary, E. G. Eckblaw, of Worcester, Mass.; grand treasurer, William Hockenberry, of the University of Pennsylvania, Philadelphia; grand editor, F. Hawley Tapping, of Ann Arbor, Mich.

A banquet and smoker was held on Saturday evening which was characterized by a number of snappy speeches. Chief Justice Taft is a member of the Acacia fraternity, and the late William J. Bryan was also a member.

Annual Meeting of Bellefonte Board of Trade.

The annual meeting of the Bellefonte Board of Trade was held in the council chamber last Friday evening with enough members present to constitute a quorum for the transaction of business.

President W. Frederick Reynolds Jr., presided and after a resume of the work of the Board during the year by secretary Kelly, officers for the new year were elected as recommended by the nominating committee. Consideration of the rather voluminous correspondence in the secretary's files revealed that while the Board hasn't been making much ado over what it has or is doing it has been functioning well and with an eye single to following up any inquiries that might lead to larger industrial development in our community.

Winter Meet of Knight Templars in Bellefonte February 12.

A winter meet of Knight Templars will be held in Bellefonte on Friday of next week (Lincoln's birthday) when about seventy-five Knights are expected present from Division No. 10, which includes the commanderies of Lewistown, Huntingdon, Philipsburg and Bellefonte. It will also mean a visitation by Grand Commander Thomas Shipley, of York, with some of the members of his staff, and Division Commander Charles T. Derick, of Bellwood. The sessions, which will be held in the Masonic Temple, will begin at three o'clock in the afternoon and continue until the degree work is completed.

If milady is interested in the latest modes she will do well to see Corinne Griffith in "Infatuation," at the Scenic next Tuesday and Wednesday. In that film, which is an adaptation of W. Parlor Dining Car to be Located on Cohen Lot.

The mystery surrounding the purchase of the Walter C. Cohen lot, on High street, last week by a New York syndicate is a mystery no longer. At a woman's bridge party last Thursday night the cat was let out of the bag and it has been jumping around Bellefonte at a lively rate ever since.

The property was purchased as a location for a parlor dining car. While no definite information is at hand as to the size of the car or the character of the eating service the syndicate expects to give, it may be inferred that it will be of an extra good quality from the price paid for a location for the car. Robert F. Hunter, who negotiated the sale of the Bellefonte and State College properties last week, has also secured the syndicate a property in Lewistown and has a commission to secure locations in Bloomsburg, Berwick, Sunbury and one or two other places. In the meantime we'll all have to wait and see just what the parlor dining car will be like when it finally reaches Bellefonte.

Willar-Gehret.—A wedding of interest to Bellefonte people was that on Monday evening of Miss Emma V. Gehret, daughter of Mr. and Mrs. W. F. Gehret, of Bellefonte, and Sydney G. Arnold, only the necessary witnesses being in attendance. During the past two or three years Miss Gehret has been employed in the Potter-Hoy hardware store and proved most efficient and courteous. Mr. Willar was formerly located in Bellefonte and it was during his stay here that the romance had its inception which culminated in Monday evening's wedding. Definite plans for going to house-keeping have not yet been formulated by Mr. and Mrs. Willar.

For several years past the bride has been one of Ferguson township's most successful school teachers, having only recently resigned her position. The bridegroom is a graduate of State College, class of 1916, and is now one of the successful business men of Barto. Mr. and Mrs. Fluke left for their new home in the eastern part of the State on Friday.
