

NEWS ABOUT TOWN AND COUNTY.

The Penn State baseball team will open the season tomorrow with a game with Juniata College, at State College.

If April showers bring May flowers there ought to be an abundant crop, as it has rained about every other day this week.

The Ladies Aid society of the Bellefonte Evangelical church will hold a bake sale at the "Variety Shop," tomorrow, Saturday, April 10.

Remember that the ladies of the auxiliary of the Centre county hospital will conduct their food sale at the Mott Drug Co's store tomorrow.

The women of the Reformed church will hold a "thimble bee" Thursday afternoon, April 15th, at the home of the Rev. Thoma, at the church parsonage on Spring street.

A fire in the storage department of The Federal Match Co., plant in this place yesterday afternoon looked rather threatening for awhile, but was finally subdued with only a slight loss.

A play entitled "Sewing for the Heavens" will be given in the Sunday school room of the Evangelical church, in this place, this evening, at 7:45. Admission 35 and 25 cts. Refreshments will be served.

Mr. and Mrs. Thomas Beaver are arranging to move from their farm just east of town, into the Beaver family home on Allegheny and Curtin streets. The house at present is occupied by Mr. and Mrs. Gilbert A. Beaver, who expect to return to New York, within a few days.

The Curtin Sand Co., with mines, crusher and washing plant at Curtin, reports a very promising outlook for a busy season. Manager Gregg Curtin has added materially to development and machinery during the winter so that he is prepared to ship sand in much greater volume than heretofore.

The Treasury Department has authorized an issue of two million new one dollar bills which are to be printed on a new kind of paper so they will last longer. We hope that some of them will come floating around our way pretty soon, as we have never been able to make the old kind last long at all.

The epidemic of grippe and pneumonia in Lock Haven has been very general and quite serious. Many of the church choirs were so depleted that elaborate Easter musical programs had to be abandoned and the monthly bridge tournament of the Lock Haven and Bellefonte Clubs has been postponed on account of it.

Get the movie habit and be a regular at the Scenic if you want to see all the good motion pictures shown there every night in the week except Sunday. Not a picture is shown that isn't worth seeing. They are all late and up-to-date, some of them first releases, and not an old, worn-out picture is ever presented. The Scenic is the best place in Bellefonte for an evening of delightful entertainment.

Bellefonte firemen were called out again between ten and eleven o'clock on Saturday night by a fire on the Jacob Barlet house, on Valentine street. Their services, however, were not needed, as the fire burned out without doing any damage. Owing to the cold weather and high winds of last week the firemen were kept on the jump, responding to four calls on Thursday, one on Friday and one on Saturday, but none of the fires did any great amount of damage.

The old toll gate in the Brush valley narrows, on the road leading from Millheim into Brush valley, has been torn down and the old turnpike is no longer a toll road. This leaves as the only remaining toll road in Centre county the turnpike between Millheim and Coburn. The Turnpike company refused to accept the verdict of the jury of \$4,250 in condemnation proceedings and have applied for a new trial, and until the case is finally disposed of the company will continue to collect toll.

Next Tuesday will be the day for the meeting of the school directors in Bellefonte for the election of a county superintendent to succeed Prof. David O. Etters. The six candidates have been quite active for some weeks and will have only a few days more in which to present their claims to the school directors. At this writing there is no predicting who the successful man will be, and inasmuch as each one of the candidates will have a certain following it is likely to be a long drawn out contest.

Some thermometers in Bellefonte registered as low as eighteen degrees above zero on Sunday morning, which was rather chilly for Easter, but it warmed up considerably during the day and the weather was ideal for displaying new dresses, hats, etc. The cold weather of the morning was no record for Easter, by any means. Just three years ago Easter fell on April 1st and thermometers in Bellefonte that morning registered at zero. Of course it warmed up some during the day but not as much as it did on Sunday. That was the day of the burning of the Gamill Rice home, on Pine street.

LESS SPEED, MORE SAFETY FOR BELLEFONTE FIREMEN.

Many Miscellaneous Matters Discussed by Borough Council.

Burgess Hard P. Harris was present at Monday evening's meeting of borough council and called attention to the fact that there should be a speed limit of not over twenty-five miles an hour on clear streets for firemen going to a fire and not over fifteen miles around corners and on congested streets. The suggestion was made purely for "safety first" reasons, as there is too much danger connected with speeding to fires at the rate of 35 or 40 miles an hour. Less than two weeks ago two volunteer firemen were killed in the eastern part of the State by being thrown from the fire truck on rounding a corner and Bellefonte should not run the risk of killing or injuring any of its firemen. The matter was referred to the Fire and Police committee and Burgess to take up with the officials of each fire company.

Dr. J. L. Seibert was present and stated to council that from the constant noise in the water pipes in his residence he is convinced there is quite a leak in the service pipe underground. Also that both his home and that of Dr. Irwin are connected on the same service pipe and every time a spigot is opened in one house it can be heard in the other, and the noise is rather distracting, and to overcome it he asked for a separate connection with the water main. He also called attention to the bad condition of the crossing over the alley between his property and that of Dr. Irwin. The water trouble was referred to the Water committee and the crossing to the Street committee.

A communication was received from W. R. Shope calling attention to the bad condition of south Potter street. A communication was received from the State Highway Department calling attention to the fact that they are making up their estimates of repairs needed this spring on highway routes through boroughs, specifying the probable cost in Bellefonte. As the borough pays only ten per cent. of the cost a resolution was passed authorizing the payment of the borough's share as soon as the work is done.

A communication was received from division engineer Barrett, of the State Board of Health, setting forth in detail what the department would like to have in connection with a map of the town showing the complete water system and the sewer system. President Walker authorized the Water and Street committees to get in touch with the borough engineer for the purpose of having the plans executed.

The Street committee reported a few minor repairs and general clean-up of the streets.

The Water committee reported various repairs made and the collection of \$31.50 on the 1924 water duplicate.

Mr. Flack, of the Fire and Police committee, recommended that the Undine squad wagon be equipped with chemical apparatus—two tanks at a cost of \$55.00. Council authorized the equipment.

The Finance committee asked for the renewal of notes totaling \$8,700, which was authorized.

Mr. Reynolds reported that he had interviewed landlord Rhinesmith, of the Bush house, regarding the broken china in Spring creek, and he said it was there when he took charge. He stated, however, that if the stream is cleaned out he will see that nothing is thrown in while he is in charge. The borough manager was instructed to make a cleanup.

Regarding the request of Charles Schad for the opening of east Beaver street and his offer to sell the borough land for that purpose, the Street committee reported that the borough engineer recommended against the purchase of land for street purposes. It is the general custom in all towns in the State where property owners want a street opened to donate the land for that purpose. The committee therefore recommended that no action be taken toward opening the street unless the land is donated.

The Street committee further reported that the borough engineer had made an inspection of south Thomas street and gave it as his opinion that the building of a wall along there and filling up the street would simply make a bad condition worse, and the committee presented a negative recommendation to the request of citizens of that street that a wall be built and the street filled up.

Referring to Mr. Shope's request for the fixing up of south Potter street Mr. Cunningham stated that the street is badly in need of repair but it will be simply a waste of money to put crushed stone on it without an oil binder. This opened up a general discussion as to the street repairs needed this spring and the Street committee was requested to prepare an estimate of the work to be done and the quantity of ugit which will be needed and report at next meeting of council. It is the intention to get this work done as early this spring as possible and not wait until the summer season is half over.

Mr. Brouse stated that residents of south Spring street would like a stronger light at the alley at Schofield's store. The matter was referred to the Street committee.

Bills amounting to almost \$4200 were approved for payment after which council adjourned.

State Highway News.

The State Highway Department last Thursday awarded the Edwards-Dunn company, of Greensburg, the contract for grading and draining 42,019 feet of roadway between Snow Shoe and Kylertown, at their bid of \$116,747. The work is to be started as soon as possible and when the contract is completed the road will be macadamized by the department employees. This will give a practically complete improved highway between Bellefonte and Philipsburg and Clearfield by way of Snow Shoe.

The Lod Construction company, which was awarded the contract for building the highway from Milroy to the Centre-Mifflin county line, are getting their equipment along the roadway with the expectation of beginning work in the near future. During the building of the road that stretch will be closed to traffic but a detour will be opened by way of Siglerville, Havice valley, across the big flat on the old stage road, thence by the old tram road to the Foust place on top of the Seven mountains. The sum of \$10,000 has been appropriated to put the detour in shape for automobile travel and state highway employees are already at work on the roadway.

Valuable Lincoln Letter Owned by Curtin Family Sold at Auction.

Any of the letters of the late Abraham Lincoln are of great value to museums and private collectors of historic documents. Several of unusual value have been in possession of members of the Curtin family for a long time. Andrew Gregg Curtin was the "War Governor" of Pennsylvania and President Lincoln leaned heavily on him during the Civil war, both for men and money. It is natural that there should have been considerable correspondence between them.

At the Anderson galleries in New York, on Monday, one of these letters was sold at public auction. It was in the martyred Presidents' own hand writing and was written to Governor Curtin just four days before Ft. Sumter was fired on. The letter indicates that Lincoln regarded the war as inevitable. It is dated at the Executive Mansion, April 8, 1861, and says:

"I think the necessity of being ready increases—look to it." The word "ready" is underscored. The letter has been in the possession of the Curtin family since its receipt.

Trout Fishing Season Will Open Next Thursday.

Winter has lingered so long in the lap of spring that it hardly seems possible that the opening of the trout fishing season is less than a week away, but such is the fact. Next Thursday will be the fifteenth and if the weather is at all auspicious there is sure to be a general exodus of Bellefonte fishermen to their favorite trout streams. Fishing creek will, of course, be the Mecca of many piscatorialists who pin their faith on that fishing rendezvous, while the men who stay nearer home and angle for the wily trout on Logan's Branch or Spring creek generally bring home the largest baskets. Of course there is no predicting the success of the first day's catch. While the winter weather was severe none of the streams were frozen dry so that the trout were killed, and there is every likelihood that there are plenty of them in the streams if the fishermen can entice them out.

Nine Sisters Gather About a Quilting Frame.

Ten sisters is rather an unusual occurrence in any family, but when they have survived to grow up, marry and have homes of their own it is more than a passing progenial incident.

Last week nine of this family of ten girls, who were born and raised at Lamar, gathered at the home of one of them, Mrs. C. B. Grieb, in that place, and surrounding a quilting frame completed the bed-spread in one afternoon.

They were Mrs. Lula Burnell, Mrs. Nettie Pennington, Mrs. Ida Berry, of Lock Haven, Mrs. S. C. Markle, Mrs. George Moore, Mill Hall; Mrs. J. F. Moore, Flemington; Mrs. D. H. Nihart, Castanea, and Mrs. W. D. Kunes, Altoona. The other sister, Mrs. M. C. Reeder, of Lock Haven, was the only absentee having been detained by illness.

Penn State Jersey Cow Joins Select Class.

Susquehanna County Golden, 552-793, a senior two-year-old Jersey cow, owned by The Pennsylvania State College, has completed an official 365 day test in which she produced 572.30 pounds of fat and 10655 pounds of milk. Her milk averaged 5.37% butterfat for the test. With this record she qualified for the register of merit of the American Jersey Cattle Club.

April Eggs are the Best for Packing.

The April egg is usually the lowest in price and also the best for preserving in waterglass. Eggs produced the first part of spring are better than those produced late in the season when the weather is hot. Many housewives of Centre county preserve similarly low-priced eggs in waterglass (sodium silicate) every year.

MAGNIFICENT NEW THEATRE AT STATE COLLEGE OPENED LAST NIGHT.

"The Cathaum," certainly the handsomest theatre building in Centre county and probably without a superior in beauty and perfection of appointments in Central Pennsylvania, was dedicated to the entertainment of the people of State College and vicinity last evening at 6 o'clock.

The dedicatory was rather an impressive ceremony and preceded the first cinema showing in the theatre. Gathered on the stage with Maurice Baum, managing director and owner of the new enterprise, were: Hon. J. Laird Holmes, who made the speech of presentation. Following him Dean R. L. Watts made acceptance on the part of the College; G. L. Setman, of the class of 1927, responded for the student body and Burgess Wm. P. Rothrock accepted for the borough.

Of course the great audience demonstrated its approval and appreciation of the beautiful new play house so genuinely that the cloak of modesty, which is Mr. Baum's habitual investiture, was rent so far that it was impossible for him to evade recognition of the splendid ovation and in a graceful little speech he assured his friends that the Theatre was born of his gratitude to them for their support in the past and his earnest purpose to merit their continued good will and co-operation.

Immediately after the dedicatory the first showing in Pennsylvania or New York was made of "Beverly of Graustark."

We reveal more or less of a secret and answer many inquiries that have come to us when we state that "The Cathaum" got its name from an accidental combination of letters in the names of Mr. Baum's immediate family. It has been the cause of much conjecture as to its origin and in the light of the high plane to which he has brought amusement enterprises at State College it is fitting that the name be a memorial to his efforts.

Mr. Baum located at the College in 1912 and was engaged in haberdashery. In 1914 he leased the Nittany theatre from James P. Aikens. It proved a success from the start and in 1916 he took over the Dunn and Wood franchise in the Pastime theatre, later buying this property, and continuing the operation of both. He retired from the mercantile business in 1921 to devote all of his time to his theatres. The purchase of the Anna Mary Hunter property on College avenue followed and the magnificent show place sprang up on it as realization of his dream to give State College something of the best.

A MODEL OF COMFORT AND BEAUTY. The Cathaum occupies a lot 70x135 feet fronting on College avenue and running through to an alley at the rear. Ground was purchased February 10th, 1920, from Anna Hunter and the contract let on June 1st, 1925, to F. D. Beyer and Co., general contractors of Tyrone. The excavation was completed on August 1st and last night's dedication celebrated the completion of the building.

The building is of red brick with Indiana limestone trimmings, three stories high and almost entirely devoted to the purpose for which it was designed. With the exception of two small store rooms on the first floor, three suites of offices on the front of the second and Mr. Baum's office and the projection room on the third it is all theatre, but the basement which provides room for a spacious billiard saloon. There are 1089 comfortably cushioned seats on the first floor and balcony and while the stage has been built purely for cinema productions it is designed so that it can be given sufficient depth to accommodate the largest traveling legitimate productions without seriously interfering with its continued use for movies.

It is of steel frame construction throughout, with 880 tons of reinforced concrete. The ventilating system is concealed and capable of blowing five tons of filtered, freshly heated air into the auditorium every hour in the winter time and two hundred tons of cooled air every hour in the summer. The lighting is as perfect so far as blending of color effects are concerned as is known to the art. The exit space is four times as great as the building codes require, even though the building is fire proof throughout.

Air channels and grilles are all in place for an organ though one will not be installed at this time. Also the steel is on hand for the marquee that is to extend over the sidewalk at the entrance to the lobby.

The interior and lobby wood-work is all in solid walnut with white marble base. The decorations and lighting fixtures were designed especially for the Cathaum. The balcony is in coliseum style, as will be seen by illustration on page 2, so designed as to afford a perfect view of the stage from every seat.

CATHAUM WILL CLOSE PASTIME. The opening of the Cathaum marked the closing of the Pastime theatre on Allen St. The new building seats more than the Pastime and Nittany theatres combined. Mr. Baum will retain the Nittany for second night showings, but the Pastime will be remodeled and converted into store rooms.

See page 2 for illustrations of "The Cathaum."

Don't miss the big thrill drama of 1926, "The Johnstown Flood," at the Moose theatre next Tuesday, Wednesday, Thursday. 15-1t

NEWS PURELY PERSONAL.

Mrs. David Dale and her daughter, Miss Ann Dodd Dale, spent Monday in Altoona.

John Alexander Knox, eldest son of the Rev. and Mrs. Homer C. Knox, was here from Harrisburg, for an Easter visit with the family at the parsonage.

J. A. Dunkle was here from Altoona to spend the week-end with Mrs. Dunkle, who has been with her brother, James R. Hughes, at the Academy for the winter.

Mrs. F. K. Stevens, of Conneville, is spending two weeks in Bellefonte, a guest of her two sons, Dr. R. L. Stevens, of Curtin street, and Vincent, of north Thomas street.

Mrs. James McClain, came over from Spangler, Wednesday, for one of her frequent visits with her mother, Mrs. J. L. Spangler, and Col. Spangler at their home on Allegheny street.

W. R. Brackbill made one of his frequent over Sunday visits with his daughter, Mrs. N. F. Wagner, at Watsonstown, during the week, having gone down to be her guest for Easter.

Mark Hunter, son of Mr. and Mrs. J. D. Hunter, and a senior at Penn State, spent a part of his Easter vacation in Pittsburgh, looking over the possibilities of locating there permanently.

Carroll Chipley, who is here with her mother, Mrs. Gregg Curtin, during the school year, went to Philadelphia last week, to spend the Easter vacation with her aunt, with whom she lives when out of school.

Miss Margaret Brockerhoff, of Philadelphia, spent Sunday in Bellefonte, with her uncle, Dr. Joseph Brockerhoff. The visit being made as a farewell one, prior to her sailing Saturday, on a four months trip to Europe.

Capt. John W. Weeks brought his family to Bellefonte Monday, following a months visit they had made at Mrs. Weeks' girlhood home in Selinsgrove. Capt. and Mrs. Weeks are occupying the H. C. Valentine home on west Curtin street.

Virginia Hughes, the elder daughter of Mr. and Mrs. Charles Hughes, was among the missionary delegates from the Presbyterian church of Bellefonte, who attended the general meeting held at Hollidaysburg, Tuesday and Wednesday of this week.

Mr. and Mrs. Samuel Reynolds, will come to Bellefonte next week, to make their first visit with their daughter, Mrs. Hugh M. Quigley, since their return from Honolulu. During their stay, they will be house guests of Col. and Mrs. W. F. Reynolds.

Mrs. George Hazel, of Greensburg, better known here as Mrs. Mattie Evey, came to Bellefonte a week ago, for a visit with some of her relatives in this locality. Mrs. Hazel, who was but recently married, is at present a guest of her sister, Mrs. Ayers, of Bush Addition.

Dr. William S. Glenn, his wife Dr. Nannie Glenn and Miss Emma Glenn will return to State College, next week from West Palm Beach, where they have been for five months. Wintering in Florida has been the custom followed by Dr. W. S. and Dr. Nannie Glenn, for a number of years.

Mrs. John McCoy, who is now with her sister, Mrs. John VanPelt, in Johnstown, is expected in Bellefonte next week. Mrs. McCoy is on her way home from a two months stay in Detroit, where she had been a surgical patient in one of the city's hospitals, having gone there to be with her brother, Joseph and his family, while convalescing.

Mr. and Mrs. L. L. Lambert, of Johnstown, with Mr. Lambert's son, Charles, stopped in Bellefonte several hours, Friday, on a drive to Millinburg, to spend Easter with Mr. Lambert's daughter, Miss Alice, who is there at school. While in Millinburg the party were guests of Mrs. Lambert's father, Mr. Shontz, at the Shontz family home.

Mr. and Mrs. Myron M. Cobb's Easter guests included their two sons, Arnold of Conneaut, Ohio, and Warren, a student at the University of Pennsylvania. The former of the class of '24, mechanical engineering, Penn State, is now with the Nickel Plate R. R., while his younger brother, is a Sophomore in the Wharton School of Finance, U. P.

Mrs. Morris Furey, of Bellefonte; Mrs. G. K. King, of Centre Hall; Mr. and Mrs. Hiram Lee, of State College and Mr. and Mrs. W. W. Kerstetter, of Curwensville, were among those from this section of the State, who attended the funeral of the late H. D. W. English, in Pittsburgh Tuesday of last week. Mrs. Furey and Mrs. King, were sisters of Mr. English.

Mr. and Mrs. Gail Chaney with their small son and Mrs. Chaney's mother, Dr. Edith Schad, left East Orange, N. J. Wednesday, to make their home in Toledo, Ohio. The move being another step in Mr. Chaney's rapid advancement, which has been a continuous one for him, since leaving Bellefonte several years ago for Pittsburgh. Mr. Chaney goes to Toledo with the General Outdoor Advertising Co.

Miss Roberta Noll will return to Cheltenham this week, following a months visit in Bellefonte, during which time she sold her household goods and rented the Noll home on Bishop street; Miss Noll's plans for the future are indefinite for the present. However she will be with her sister, Mrs. George VanDyke, at Cheltenham, until going to Columbia, N. C., to spend some time with Mrs. VanDyke's daughter.

Mr. and Mrs. Charles E. Garbrick and their small son, who are leaving this week for Pittsburgh, are going out in anticipation of making their home there. Mr. Garbrick had been superintendent of construction on the new buildings recently completed at Rockview and will now continue his work with the same contracting firm on a big contract to be begun at once in Pittsburgh. Mr. and Mrs. Garbrick have bought a new home in the city's suburb, into which they will move immediately upon going there.

Among the school set home for the Easter vacation were: Elizabeth Hunter, from Syracuse; Isabelle Ward, from Dickinson; Louise Barnhart, from Oberlin; Marion Kane and Evelyn Troup, from Harrisburg; Mary Katz from the Sergeant school, Boston; Hugh and Phil Johnston, from Dickinson Law school; Charles E. Dorworth, Jr., from Roxbury; Mahlon Robb, from U. P.; John Emel and Basil Martin, Susquehanna University, Selinsgrove, and Marion Harm, from Philadelphia, who was with her parents, Mr. and Mrs. O. J. Harm at Snow Shoe.

Mrs. John Porter Lyon was in Altoona, on Tuesday attending the mid-state assembly of the Dolphian society, being the representative from the Bellefonte chapter.

John McCoy was one of the deeply interested of the delegation of the Bellefonte Presbyterians who attended the missionary meeting of the Huntingdon Presbytery on Wednesday.

Both Mr. and Mrs. Edward Cook were called to Washington, D. C., this week, by the serious illness of their daughter, Miss Jeannette, who is suffering from an attack of pleuro-pneumonia.

Mr. and Mrs. Stanley Valentine and their son Richard, were here from Lancaster, for a week-end Easter visit with Mr. Valentine's mother and aunt, Mrs. Harry C. and Miss Mary Valentine, at their home on west Curtin street.

Miss Grace Downing Mitchell is home for the week, spending the Easter vacation with her sister, Mrs. John P. Lyon, and incidentally, completing her arrangements for going abroad this summer. Miss Mitchell expects to spend two months travelling in Europe.

George M. Glenn, a member of the faculty of the Harrisburg academy, spent his Easter vacation with his aunt and brother, Miss Ester Gray and Randolph F. Glenn, on their farms up Buffalo Run, having brought his mother up, when she returned to the Valley for the summer.

Mr. and Mrs. Hassel Montgomery and their youngest child, spent a few days recently at Mrs. Montgomery's girlhood home, at New Brighton, Mass. The visit at this time being made, that Mrs. Montgomery might consult her family physician, concerning a slight indisposition from which she is now slowly recovering.

"The Johnstown Flood," a thrilling, epic drama, at the Moose theatre next Tuesday, Wednesday, Thursday. 15-1t

Premier of "Minstrel Chuckles" Was a Hit.

"Minstrel Chuckles," a melange of music, comedy and dancing, staged by the John B. Rodgers Producing Co., for the Brooks-Doll Post, American Legion, and acted by amateurs, had its premier at the Richelieu, Wednesday evening, and scored.

A splendid house greeted the local Thespians and from rise to final fall of the curtain it was delightfully entertained.

The show opened with a minstrel "first part" setting in which there were nineteen mixed voices. Roy Wilkinson, Nevin Noll, Clarence Williams, John Smith, Harry Keeler and James Morrison were the ends and as black-face comedians fairly bubbled with fresh patter and sparkling songs. The ballads were all effectively sung and the choruses were strong in volume and close in harmony.

The olio comprised two playlets in which there was clever action, a lot of the "Charleston" and pleasing stage pictures.

The show was repeated last night to another appreciative house.

Who wouldn't give a quarter to see the Johnstown Flood at the Moose theatre next Tuesday, Wednesday and Thursday. 15-1t

"Pickles"

Not only does the High school play, "Pickles," a musical version of "Just Out of College" by the noted author and humorist, George Ade, to be given at the Richelieu, Thursday evening, April 15, promise to be an excellent entertainment, but the new scenery, the equipment of Bellefonte's new theatre, the Richelieu, will be shown to the public for the first time. Beautiful lighting effects, such as the house is equipped with, will add to the beauty of the costumes and settings of the performance.

The Heinz Company has supplied one of the booths to be used in the food exposition setting of the second act with wonderfully attractive material and the chorus, "57 Varieties" will be dressed in material furnished by the Heinz Company.

Rehearsals are pointing toward one of the nicest, most entertaining shows the High school glee club has ever given.

The price is 75c to everyone, any where in the house. Do not forget the date, Thursday, 8:15, at the Richelieu.

Word of the death on April first, of Mrs. L. Norman Brounell, of Germantown, wife of Dr. Brounell, dean of the Russell Conwell dental school, was received in Bellefonte with great regret. Mrs. Brounell, being well known here through her frequent visits at Edgefonte, as a guest of the Ira D. Garman family.

W. C. McClintic \$22.50 Suit Man.

Representing Richman Brothers, Cleveland, O., at Garman house, Bellefonte, April 16, afternoon and evening. Lots of new samples. 71-15-2t

Public Sale.—Household goods of Miss Ella A. Gates, at No. 112 N. Spring St., Saturday, April 17, at 1 p. m. See bills. 15-2t

Coming to the Moose theatre next Tuesday, Wednesday, Thursday, "The Johnstown Flood," and only 25c. to see it. 15-1t
