—The Millheim charge of the Evangelical church had an interesting visitor, last Sunday, in the person of Dr. A. W. Winter, superintendent of homes, of Lewisburg. During his visit he preached four able sermons and incidentally presented the needs and interest of the homes.

—The engagement of Miss Pauline Wegley Noll, daughter of Mrs. James B. Noll, of Pleasant Gap, to Mr. Henry Gruber, of Lansdowne, Pa., was announced recently at a party given in her honor. Miss Noll is a student at Miss Illman's school for kindergartners in Philadelphia and will be graduated in June.

—The Syracuse freshmen will be the Bellefonte Academy's opponents on Hughes field this "Friday" afternoon at 3 o'clock. Last Saturday the Academy defeated the Yeagertown Athletic association nine by the score of 3 to 0.

—If people looking for a lawn sprinkler were to ask us for a suggestion we would tell them to buy the "Rain King." It is the best thing of its kind we have ever seen. It is easily adjusted for a coarse or fine spray, a large or small circle and best of all, works perfectly under low pressure. It can be bought at Olewine's hardware for \$3.50.

—At a meeting of Tyronne Canton No. 42, held in Tyronne last week, officers for the ensuing year were installed, among them being three Bellefonte men, namely: S. D. Gettiff Esq., captain; Lloyd A. Stover, lieutenant, and Willis E. Wion, standard bearer. Owing to the fact that quite a number of Bellefonte and Centre county people are members of Canton No. 42, it was decided to alternate the meetings between Tyronne and Bellefonte.

—The Watchman was just a little premature last week in announcing that all indications were for a circusless summer in Bellefonte. The ink on the paper was hardly dry when the advance man for Christy Bros. show made his appearance and made arrangements for the appearance of the show here on Friday, May 28th. And there is going to be a big street parade, too. Of course Christy's isn't as big as Ringling Bros. but the kiddies won't know the difference.

—About noon last Monday a frame dwelling and garage, owned by H. E. Snyder, were burned to the ground at State College. The fire was of unknown origin. The property was occupied by Roy Ellenberger and family. There was no insurance on either house or its contents so the property is a total loss, probably aggregating \$4000. The main cable of the Bell Co., was burned off by the flames and State College was without phone service until it could be repaired.

—The belligerent primary campaign is now over and the candidates named beyond recall. With politics out of the way for the present everybody will have more time for recreation and no better place can be found in Bellefonte than at the Scenic watching the motion pictures. Every picture shown there is strictly new and up-to-date, and the product of the best film producers in America. The real movie fan always chooses the Scenic because he knows he will see something worthwhile. Get in line and be a regular.

INTERESTING MEETING OF CENTRE COUNTY BANKERS.

President McCurdy Gave Talk on Federal Reserve System.

A meeting of the Centre county Bankers Association was held in the Grand jury room in the court house on Saturday afternoon, May 15th, at two thirty o'clock. Representatives from all but two of the banks in the county were in attendance.

Charles M. McCurdy, president of the association, presided and after the reading of the minutes of the organization meeting by the secretary L. W. Stover, of the Farmers National bank, of Millheim, made a brief address, his subject being "The Federal Reserve Bank."

Mr. McCurdy reviewed the conditions that obtained prior to the establishment of the federal reserve system. He said that the United States, alone among the great nations of the earth, had neglected to provide for two of the essential requisites of sound banking—a great central depository institution and an elastic currency. Both these were furnished by the inauguration of the system in 1913. The following years the immense power for good that the system possessed was illustrated in the financing that followed the war in Europe and in successive sales of the several Liberty Loan issues.

The admirable service since given, the feeling of confidence inspired is appreciated by all the banking fraternity, and he said he felt sure that within it there was but one opinion as to the great benefit to the business world that the system conferred.

He predicted that, henceforth, the country would not be affected with recurring panics, for the provisions of the act which he defined makes it possible to obtain quick relief when needed. He urged the bankers present to exert their influence in maintaining the integrity of the system. Already an insidious propaganda is at work seeking to impair its conservative usefulness, and as the charter will expire in 1933 it is not too early to begin the education that will acquaint the public with the necessity for defeating certain proposed changes which, if effected, would in part destroy the integrity of the system.

Mr. Robb, of the Bellefonte Trust company, offered a resolution which was adopted, pledging the association to pay the expenses of two boys at State College for June 14-19 to be instructed in farm and community leadership.

Mr. Albright, of the First National bank of Centre Hall, read a letter from the chairman of the Pennsylvania Bankers' Association committee on agriculture, asking the members of the association to join them in the tour of the county on August 19.

Mr. Jackson, of the Moshannon National bank of Philipsburg, told of his experience at a conference held with the Governor and other officers of the Federal Reserve Bank, Philadelphia, in December last, and gave valuable suggestions on matters of moment to bankers present.

The president was authorized to appoint an executive committee of three members, and to add four names to the council of administration in addition to the ex-officio members.

Reformed Class at Centre Hall.

The West Susquehanna Classis of the Reformed church met in the Trinity Reformed church, at Centre Hall, May 10th to 12th, inclusive. The sixty-three congregations constituting the Classis were well represented by delegate pastors and elders. Substantial progress in contributions and numerical strength was indicated by the various reports. Among the speakers were Rev. W. F. Moore D., of the Bethany orphans' home, Womelsdorf; Rev. C. A. Hauser D., editor of the Sunday school periodicals, Philadelphia; Rev. C. E. Schaefer D., general secretary of the board of home missions, Philadelphia, and Dr. T. F. Herman, professor of systematic theology, Lancaster.

Officers elected for the ensuing year were as follows: President, Rev. E. H. Zechman, Beaver Springs; vice president, Dr. H. F. Bittner, Lewisburg; corresponding secretary, Rev. Robert Thoma, Bellefonte; stated clerk, Rev. H. H. Rupp, Lewisburg, and treasurer, David K. Keller, Centre Hall.

Sunday School Institute at Millheim.

A Sunday school institute of the Evangelical church, embracing Centre Hall, Millheim, Rebersburg and Spring Mills charges, will be held at Millheim today under the supervision of the presiding elder, Rev. W. J. Campbell and Rev. H. C. Kleffel, the pastor in charge. There will be two sessions, this afternoon and this evening.

The devotions this afternoon will be conducted by Rev. D. A. Ertle and Rev. M. M. Dayton. Mrs. E. R. Schreckengast will make the address of welcome and Rev. C. C. Carris the response. The principal address will be made by Rev. A. Ward Campbell, who will talk on building an adequate teaching staff. Rev. E. M. Praetorius will conduct a conference on Sunday school work.

"Spiritual Farming," will be the subject of the principal talk at this evening's session by Rev. Praetorius. The Coburn orchestra will furnish the music. The public is invited to attend.

Commonwealth vs. Amos Trammel, charged with larceny, prosecutor, R. C. Witmer. This defendant is the person who sold battery lead to Edward Kline, and he pleaded guilty and was sentenced to pay the costs and further sentence suspended.

Commonwealth vs. William Curry, indicted for assault and battery, prosecutor, James L. Bailly. When the case was called the defendant pleaded guilty and the Court sentenced him to pay the costs of prosecution and enter into a bond to keep the peace, especially towards the prosecutor, for a period of one year in the sum of \$500 and further sentence was suspended, after which Court adjourned until Wednesday morning at nine o'clock.

All day Wednesday was taken up with a case involving a dog, estimated to be valued at \$5. Louis Masullo, of Bellefonte, charged Joseph Thal and Henry Walters with stealing his dog, while Thal attempted to prove that the dog originally was owned by him.

The case was on until yesterday morning at 10 o'clock when it was given to the jury and as that body had not arrived at a verdict by noon it must have had a dog-gone time deciding whose dog it was.

At 1 o'clock the jury came in with a verdict of not guilty and the county to pay costs.

All day yesterday the case of the Commonwealth vs. W. J. Parker, of this place was on trial. He was indicted on two counts. One for running into Waite's Ford with his truck. The other for operating a motor vehicle under the influence of liquor. The first case was on trial when we went to press yesterday afternoon.

—"The Untamed Lady," with Gloria Swanson and Lawrence Gray, at the Scenic next Tuesday and Wednesday. Don't miss it. 21-11

—Take it from us Christy Bros. circus, which is scheduled for Bellefonte next Friday will be a good one. It has nineteen cars, which means twice as much circus paraphernalia as the Main show carried on its appearance here last year and more than any other circus that has visited Bellefonte except Forepaugh, Barnum and Bailey, Ringling Bros., Hagenbach and Wallace and the John Robinson shows in its palmy days. The circus is mostly trained animals, but it is going to be good, just the same and it is a big show of its kind.

—A laugh epidemic is spreading all over this country, and Harold Lloyd in "For Heaven's Sake," is the cause of it all. At Moose theatre this Friday and Saturday. 21-11

Miscellaneous Business Transacted by Borough Council.

In the absence of president John S. Walker, J. M. Cunningham presided at the regular meeting of borough council on Monday evening. Albert Schadt, Harry Alters and Mr. Leitzel were present and requested council to construct a sewer on Beaver street. They claimed that their present cesspools are filled to overflowing and its a question of digging new cesspools or a sewer. The matter was referred to the Street committee for investigation and report.

Thad Hamilton made complaint about a charge being made against him for putting the water to the curb at his property on Logan street. The matter was referred to the Water committee for adjustment.

The secretary read a communication from the secretary of the Pennsylvania Association of Boroughs stating that the annual convention this year will be held in the court house at Stroudsburg June 22-24.

A notice was received from C. M. and L. E. Tice that they had filed an application with the Public Service Commission for a renewal of their certificate of public convenience to operate a motor bus line between Bellefonte and Lock Haven, by way of Bald Eagle valley.

The Street committee reported a new flooring being put on the Willowbank street bridge. In undertaking to repair the old flooring they discovered that it was dangerously weakened by dry rot and the only thing to do was put on new material. The committee also reported having inspected Logan street and recommended a new pavement at the Bickett property and that the pavements along the Catholic church property and the Bower house are badly in need of repairs. Also, that the pavement along Pine street should be repaired at once. The committee presented \$10 for one sewer permit.

The Water committee reported the sale of old junk to a value of \$431.33, though the cash has not yet been received. The borough manager returned collections of \$78.57 on the 1924 water duplicate.

The Fire and Police committee reported that the streets are being painted for parking space.

The Finance committee requested the renewal of notes for \$3,500 and that a new note be negotiated for \$5,000 to meet current expenses, both of which were authorized.

The Special committee reported that Burgess Harris had placed a sign, "Material for Sale," at the old steam heating plant, but so far as known there had been no inquiries.

Mr. Emerick called attention to the parking on east Bishop street, which if allowed at all, should be parallel with the curb and not at an angle, as the street is too narrow. Mr. Reynolds also called attention to the fact that there is entirely too much congestion at the Big Spring garage, on south Water street. Both matters were referred to the Street and Fire and Police committees.

Mr. Eckel reported that residents of Willowbank street have made complaint about the unsightly conditions on the Phoenix mill property, where there is a conglomeration of all kinds of old material. The Water committee volunteered to work out a plan to improve the conditions.

Postmaster John M. Knisely made his appearance just as council was almost on the point of adjournment and requested council to take some action regarding the proper numbering of houses and business places. The matter was referred to the Village Improvement committee.

Bills were approved to the amount of \$1218.78 after which council adjourned.

Buy a Poppy.

In the spring of 1919, amidst complete devastation, the poppies bloomed in abundance on the battle fields of France where so many of our men had fallen in battle, and because of this the poppy has become the memorial flower of the American Legion and the American Legion Auxiliary. With this in view the ladies of the Brooks-Doll Post of the American Legion will today start their sale of poppies for the approaching Memorial day. By purchasing one of these little flowers you will enable one cent to be earned by a disheartened service man tucked away from the world in a veteran's hospital suffering from the after effects of the great war. For those boys the war is not yet over. Their battles today are ones of life and death. Therefore it is the desire of the local auxiliary and the members of the Post here that every citizen buy a poppy and display his spirit in this manner on the lapel of his coat—an insignia representing the sacrificial blood spilled on Flanders fields.

You see Charles knew everybody in town, they all liked him, and as about everybody is curious about Florida his arms are nearly worn out shaking hands and his voice goes husky answering questions. He has fallen for "the Land of Flowers," completely, says the summer climate is just as enjoyable as the winter and expects to return when his leave is up. Penn State's New Golf Course Open for Playing.

Penn State's newly completed 18-hole championship golf course was thrown open to the students this week. Work on the new part of the course was completed last fall, but no playing was allowed until the new greens were firmly established. The entire course is laid out on a part of the college campus, and Penn State is one of the few colleges in the country to offer such golfing facilities to its student body.

An original nine-hole course was laid out six years ago. Popularity of the game increased so rapidly that this layout became inadequate and the additional nine holes were planned on adjoining land donated to the college by the Athletic Association. Still more land is available for the extension of the course to twenty-seven holes when the need arises and when funds become available.
