Pledge to the Public on Used Car Sales

All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

> The public can deal in confidence and safety only with the dealer whose policy is "one price only-the same price to all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.

Every purchaser of a used car may drive it for five days, -then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock, new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the mean-

e stay in business and succeed because it is our policy to make every sale make a friend-on used cars as on new. That is why we offer a five days trial on every used car that leaves our floor. Investigate these values:
