TWO FATAL ACCIDENTS

IN THE COUNTY.

Linn Ertley, Young Marion Township Farmer, Accidentally Killed Potter Township Child Who Had Wandered onto the Railroad Track Cut in Twain.

Lynn M. Ertley, a young farmer residing near Jacksonville in little Nittany valley, was killed by the accidental discharge of his own gun shortly after nine o'clock on Sunday morning. For some time past hawks have been preying upon the Ertley chickens and on Saturday Mr. Ertley was successful in shooting one. On Sunday morning the family made preparations to go to church, as was their usual custom, and Mr. Ertley had driven the car around in front of the house when he espied a big hawk circling over his flock of chickens.

Going into the house he secured his shot gun and telling his wife he was going to try and shoot the hawk left the house, going up around the barn. Mrs. Ertley continued her prepara- nell, et al, appeared for the petitiontentiary, is off on his vacation this tions for going to church and some minutes after her husband left heard supposed he had shot at a hawk. Fail--Ten days ago a three year old ing to return to the house within a reasonable time Mrs. Ertley natur-Bloom, of Tylersville, stumbled and ally supposed her husband was watching for more hawks and felt no concern over his absence.

But when the noon hour approached and he did not come back she and her little girls started out to see if they could locate him and not far from the death. From all indications Mr. Ertley had attempted to crawl over a wire fence, had slipped and fallen and the gun in some way was accidentally discharged, the shot striking him in the left side close to the heart, causing instant death. The gun was lying on the opposite side of the fence from the barn with the muzzle pointtoward his body, which ing would indicate that when the man realized he was falling he threw the gun and the hammer may have struck a stone which caused the discharge.

Mr. Ertley was a son of George and Annie Ertley and was born at Jacksonville. Had he lived until November he would have been 33 years old. He married Miss Martha Vonada who Isabel, Violet and Rosella. He also leaves his parents, three brothers and a sister, Guyer, Paul and Deemer Ertley, all at home and Mrs. Walter

DEAN BARGER KILLED ON RAILROAD

Dean William Barger, young son of Mr. and Mrs. Hobart Barger, who live sult was a fire which resulted in call- on a farm near the Penn Cave station on the Lewisburg branch of the Pennsylvania railroad, wandered away from the house, last Saturday afternoon, and got onto the railroad track with the tragical result that it was run down and killed by the passenger train east, the child's body being completely severed.

The Bargers live about a quarter of a mile from the railroad and the child had traveled that distance without its absence being discovered by the mother. There is a slight curve where the accident took place and the road runs through a shallow cut. Engineer William McCollum was at the throttle and he could just see the top of a moving object in the cut but because of the curve in the road was not able to tell what it was or whether it was on the track or alongside of it. As he rounded the curve into the cut he was was a little boy standing on the track facing the oncoming train. The engineer threw on the air and blew the whistle in the hope that the child would be frightened from the track, but he never moved, and as it was impossible to stop the train the lad was knocked down and crushed to death.

This is the second child of Mr. and railroad and almost at the same spot. On November 13th, 1923, Eugene Howandered onto the track and was killed by a west-bound train.

Dean William Barger was 3 years, 3 months and 3 days old and in addition to the parents a young sister and brother survives. Funeral services were held at the home on Tuesday afternoon by Rev. S. F. Greenhoe, burial being made in the Georges Valley cemetery.

PINE GLEN NATIVE KILLED IN HIS OWN GARAGE IN BALTIMORE.

William C. Hipple, formerly a well known resident of Pine Glenn, this county, met a tragic death in his garage in Baltimore, Md., about nine walking in the dark on the third floor open shaft; falling to the basement and sustained a broken neck.

The Centre County Bank Case Argued BOROUGH COUNCIL at Harrisburg Tuesday.

litigation instituted in the Centre County bank case was made before Judge Albert W. Johnson in Harrisburg, on Tuesday.

The proceeding was on the motion to dismiss the petition of Geo. A., Beezer, Geo. H. Yarnell and Josephine Grenoble. The latter had petitioned the Federal court to adjudge the Centre County Baking Co., and its partners, individually, bankrupts. The object apparently is to take the settlement of the bank's affairs out of the control of the Centre county courts, where it now is, and put it back into the hands of the Federal court. The petition prayed that Florence F. Dale, Andrew Breese and Geo. R. Meek, alleged partners, be individually adjudicated bankrupts. In defense of themselves they moved that it be dismissed.

The argument, Tuesday, was only Orvis appeared for the three defendants. Mr. Hull, a Harrisburg attorney, associated with John G. Love

After discussing the questions of the report of his gun and naturally law involved for an hour and a half the Court directed both attorneys to present their argument in writing and volunteered sufficient time for it which itor. was fixed at four weeks, there being no objection on either side.

This will be done at a later date. Then Judge Johnson will review the case and make his ruling. If he decides not to grant the petition to dismiss the present proceeding he will barn they found him lying cold in direct that Mrs. Dale, Andrew Breese and Geo. R. Meek file an answer to it showing couse why they should not be adjudicated bankrupts, which would necessarily result in more tedious litigation.

If he should decide to dismiss the petition then the present receivers can go ahead, untrammeled, with their work of winding up the bank's affairs.

HAD LONG SESSION. The postponed argument on the new State Highway Presents Proposition for Wider Streets.

Just six members were present at the regular meeting of borough council, on Monday evening, and they had a busy time of it. District engineer N. A. Staples and William J. Carroll, of the State Highway department, were present and made a proposition for the widening of Bishop street, south Spring and Pine streets. Mr. Staples stated that with the constant increase in automobile traffic the Department had started planning for the future when wider highways will be an absolute necessity. To this end the Department will hereafter file with all municipalities and counties through which roads are built a claim for a right of way eighty feet in width. And the same kind of a claim will be filed in connection with highways on this motion. The Hon. Ellis L. already built and maintained by the State. In Bellefonte the streets that should be widened are Bishop, south Spring and Pine streets. Of Esq., counsel for Messrs.
