STATE RIGHTS AND FEDERAL UNION.

BELLEFONTE'S FOURTH A QUIET CELEBRATION. Several Bad Accidents Mar Pleasure of the Day.

One hundred and fifty years ago on Monday our forefathers signed the Declaration of Independence. In Philadelphia President Coolidge was the big attraction at the Sesqui-Centennial in celebration of the event, while the small boy with his toy pistol was about the only noisemaker in Bellefonte who persisted in having a good time. Otherwise the day was as quiet as the hallowed Sabbath.

Of course, most Bellefonters went to Hecla park to spend the day with the Logan fire company, at their annual picnic, which was spoiled to a great extent by the rain which fell during the day, and which descended in torrents during the evening. The wet weather prevented the playing of the league ball game between Bellefonte and Williamsport P. R. R., and of course put an end to all the outdoor sports.

Fortunately the company had taken out the usual amount of rain insurance, and as sufficient rain fell to make the insurance good it helped out a lot with what the company lost otherwise, so that they anticipated making a few hundred dollars when all the bills are paid.

A few motor accidents were reported but the only person injured so far as could be learned was Walter Miller, 21 year old son of Alfred Miller, of Marsh Creek, whose car skidded on the highway near Howard and smashed into a telephone pole. The young man was badly cut about the face and head and was at first believed to be injured internally. He was brought to the Centre County hospital and his condition yesterday was enough improved to warrant the belief that his injuries are not as serious as it was first thought they were.

Charles Bachman, nine year old son of Mr. and Mrs. Wilbur J. Bachman, who live down at Pleasant View, was a victim of the Fourth's celebration. He in some way got hold of a quantity of powder which he was burning when his clothing caught fire and he was terribly burned from his feet to his head before the flames could be extinguished. He was rushed to the Centre County hospital where everything is being done for him. While his burns were not quite so painful yesterday he is still regarded in a serious condition.

Curtis Barnhart, 29 years old, of Greensburg, may lose the sight of his right eye as the result of celebrating the Fourth. He was visiting relatives at Colyer, Centre county, and with others was engaged in placing large firecrackers under a stone then putting them off. An explosion of one of the crackers threw a good sized stone which struck Barnhart on the right eye. He was brought to the Centre County hospital but after his eye was dressed was taken on the next train to an eye specialist in Pittsburgh.

Bellefonte Players Out of Luck.

The Bellefonte ball club has been playing out of luck during the past week. Last Thursday they had a double-header with the Kew-Bees, losing the first game by the score of 7 to 8 and winning the second 8 to 1. On Saturday they lost to Renovo 1 to 4, while the game scheduled with the Williamsport P. R. R. for Monday had to be postponed on account of rain. Jersey Shore continues its winning streak and still leads the league, with Mill Hall in second place.

American Lime & Stone Co. Store House Destroyed by Fire.

One of the most spectacular fires that has occurred in Bellefonte in a year took place on Sunday night, or to be more exact at 2:30 o'clock on Monday morning, when the store house of the American Lime & Stone Co., down at Sunnyside, was entirely destroyed with all its contents. The building was the old office and warehouse and was entirely of frame construction. Since the erection of the new office building it had been used entirely as a store house and in it were stored all the supplies of the company.

The fire originated on the ground floor in the northwest corner of the building, and while some of the firemen inclined to the belief that the place was set on fire officials of the company do not concur in this theory of the fire. When first discovered the flames were still confined to the corner of the building and a call was sent to the firemen for assistance. But the fire spread so rapidly that a general alarm was sounded. Included in the contents of the building was considerable inflammable material and the flames spread so rapidly that it was only a question of minutes until the entire structure was on fire.

While the firemen worked valiantly they could not combat the flames and the building and its contents were reduced to ashes. Fortunately there were no other buildings nearby so that there was no danger of the fire spreading. Officials of the company place the loss at from \$15,000 to \$18,000, which is only partially covered by insurance.

Fresh Air Children Want to Come to Bellefonte Again.

An appeal is again being made in Bellefonte in behalf of the tenement children of New York city, asking hospitality for any number of boys and girls from six to sixteen years of age. Academy Football Team Might Play in Texas Next Winter.

James R. Hughes, headmaster of the Bellefonte Academy, is away on a trip to Dallas, Texas, and on the way spent a day in Sherman visiting friends. While there he was approached on the question of again taking the Academy football team to Dallas for a game during the 1926 Christmas holidays. Naturally Mr. Hughes fell in with the suggestion, and with many pleasant memories of the trip last winter when the Academy defeated the Sherman Bearcats, champion prep school eleven of Texas, he is not only willing but anxious to take his team back for another game.

During his stay in Dallas he will confer with members of the Chamber of Commerce, who sponsored last year's game, and is optimistic over the outlook for another trip south. Most of the old players on last year's Academy team are expected back in the fall and all of them will without doubt enjoy another trip south.

Altoona Motorcycle Races Postponed Until Saturday.
