AGRICULTURAL EXTENSION MEETING IN BELLEFONTE.

To be Held December 23rd, and Farmers and Farmers Wives are Urged to Attend.

An innovation in the average farmer's gathering will be made this year on the occasion of the annual meeting of the Centre county Agricultural Extension Association in Bellefonte, in that the farmer's wives are also invited and a meeting is being especially arranged for their benefit. The meetings will be held on December 23rd, and the association will gather in the Moose Temple theatre. The morning session, which will convene promptly at 10 o'clock will be devoted to hearing the report of the treasurer and that of county agent R. C. Blaney on the work done last year. Then will follow the election of officers for the ensuing year. As a part of the extension report there will be a discussion of the more important projects in several communities in the county, such as the sweet clover pasture demonstration, 500 bushels of potatoes an acre, soybeans as an emergency hay crop, how a ton litter is produced, forestry planting, cow testing association, three year's results and presentation of National Dairy diplomas to 300 per cent. herds, boys and girls potato clubs, etc. Following these reports R. H. Bell, of the Extension Department of State College, will discuss an extension pro-

At the same time the Association meeting is being held in the Moose Temple theatre a meeting will be held for the ladies in the grand jury room in the court house. This meeting will be under the direction of Miss Mary be under the direction of Miss Mary

ance Fund Conference.

Only six counties were represented out of the seventeen connected with the central region in the mothers' assistant conference held in the grand jury room in the court house, last Friday, this being the sixth of a series of intercounty meetings held this year throughout the State.

Miss Mary F. Bogue, State supervisor of the mothers' assistance fund, presided, and the object of the meeting was to create sentiment in favor of a larger appropriation. In fact they have already decided on asking for \$4,000,000 for 1927-'28. Miss Bogue reviewed the policies and aims of the mothers' assistance fund and stated that 3500 dependent mothers with children under the working age are being given assistance, but there are 2400 other mothers, equally eligithey lived until Mr. Satterfield's death and foundry department at the engi- ble, who cannot be helped because there are no funds to do it. IN FAR OFF CHINA LAND. Mrs. North Tells Some of the Summer's Diversions in the Flowery Kingdom.

Chungking, China, Sept. 20. Dear Home Folks:

I know you must be especially concerned about us now, if accounts of recent events here have appeared in the home papers. Life in China is certainly anything but monotonous. We never know one day what may happen the next. In fact, only last Saturday most of our women folks in the city were all packed up and ready to get on a steamer and go down the river that afternoon.

Out here in the country, however, we were so ignorant of conditions in the city and across the river that we didn't have time to pack when the message came saying the city folks were getting ready to leave. Ignorance is certainly a bliss here in China, many times.

But I must go back to the beginning. Ever since the shooting affair at Shanghai, which resulted in most of Facts and figures supporting Miss the British having to go down the Chungking and they operate steamers

Just at present, General Yang Sen, who was Governor of Szechwan when we were in Chengtu, and to whose home we were invited when we were centre, as it is at the entrance to the gorge as you go down the river. Well several weeks ago one of the British steamers, the Wan Lin, sank a boatload of soldiers, so the Chinese say. According to the captain of the Wan Lin, the soldiers tried to stop the steamer in order to get on for a free passage up the river, which is a common stunt of Chinese soldiers. When the captain refused to give them passage the soldiers, of course, fired upon the steamer, and the captain put on full steam ahead and probably did sink the junk. Anyway, that's the beginning of the rumpus.

General Yang Sen then proceeded to fire upon and hold up all British steamers at Wanhsien. The British gunboat demanded the release of the steamers under penalty of firing on the city. The Chinese soldiers on shore At a meeting of the executive commit- then began firing on the gunboat and that seventy or more Chinese were

After consideration of several subjects of interest to the health of the which is noted as an anti-foreign and which is noted as an anti-foreign and cussion. It still remains to be seen a Standard Oil steamer-an American will be present, and in addition there whether they will get past Yang Sen will be moving pictures showing prop- and Wanhsien. Fortunately, they had guess most of them took what bag-

gage they wanted with them.

The British council is in Wanhsien and the American consul has been responsible for the British in Chung-king. Saturday morning he received word that a riot had broken out in the that the American gunboat would

have to interfere in defense of the British that the Americans would become involved also. Consequently he sent word to the folks in the city to be prepared to leave at four o'clock that afternoon.

A meeting of the mission folks was held at which it was decided that the women and children should go and the men follow later, if necessary. Mr. Peat sent a man out to us with the news but Mrs. Rape and I decided we'd trust to the Lord and our Chinese teachers to see us through safely and we'd stay with our husbands. We didn't make any preparations to leave and Bill and I went down to Rape's for a Chinese dinner. While there another note came from Mr. Peat saying that the consul had been misinformed concerning conditions across the river and we shouldn't prepare to leave right away. Of course we all felt relieved, as we wouldn't have had an exactly easy feeling if all the folks in

the city had gone off.
Our Chinese teachers say that there is nothing for us to worry about, that there is no ill-feeling at all against Americans. Certainly everything out here in the country is calm and peaceful enough and our students seem to have a very fine spirit. But enough for this time.

Mrs. W. R. NORTH.

Bellefonte Borough Council Holds Brief Meeting.

Only five members were present at the regular meeting of borough council, on Monday evening. In the absence of president John S. Walker, who was confined to his home with illness J. M. Cunningham was chosen to preside.

A petition, signed by five residents of east Logan street, was presented in which they agreed to pay \$150 toward the expense of putting down the frequently asked for sewer extension in that locality. The petition stated that the total length of the extension will be 640 feet, whereas borough manager Seibert stated it will be 800 feet or over. No action was taken.

The Street committee reported cleaning up streets and hauling away leaves, also the collection of \$230.23 from State Highway Department for the use of the road roller and other collections of \$36.25, or a total of \$266.50.

The Water committee reported repairs to water pipes and the collection of \$30.50 on the 1923 water duplicate, \$5.00 on the 1924, \$914.00 on the 1925 and \$50.50 on the Bishop street water line, a total of \$1000. The committee also reported that the meter bills for the quarter ending October 1st. totaling \$4168.09, are ready for collection. And further that \$6000 insurance had been placed on the new pump building, which with \$3000 on the equipment, makes a total of \$9000.

The Fire and Police committee reported the fire at the Johnson home. on Saturday, and also that the fire paired.

The Finance committee reported that the borough treasurer had paid a note of \$7000 and had a balance on hand December 1st of \$10,774.67. The committee also asked for the renewal of notes aggregating \$8,500.

Bills were approved to the amount of \$4500 after which council took in a motion picture demonstration, given in the council chamber by representatives of the Ford Auto company, of a Fordson tractor and snow plow as well as a tractor and road scraper in operation.
