Condemned Murderer Granted Another Respite by Governor.

Paul Orlakowski, the one man convicted of first degree murder in connection with the riot in the western penitentiary at Pittsburgh, in February, 1924, was granted another respite by Governor Pinchot on Saturday Nov. 27th. The original date for Orlakowski's electrocution was October 25th. On the Saturday previous, while Orlakowski was being brought to Rockview, the Governor granted him a respite until November 22nd, and he was taken off the train at Tyrone and taken back to Pittsburgh. Owing to the fact that the board of pardons did not meet at its regular time in November Orlakowski was given another week's lease of life until Monday of this week. At the meeting of the board of pardons last Wednesday the condemned man's appeal was denied.

On Saturday, Nov. 27th, sheriff Robt. Braun, with three deputies, started on the trip to Bellefonte with their prisoner. As they took him out of the Allegheny county jail he was met by his cousin, Nellie Kilp, who threw her arms around his neck and kissed him good-bye. Before the train reached Bellefonte, however, Governor Pinchot, at the intercession of the Polish Consul and others interested in Orlakowski's case, granted him another respite until December 27th. When the train reached Bellefonte the Allegheny county sheriff and his prisoner were met at the depot by deputy warden McFarland with the prison van and four guards, who acted as a guard on the trip to Rockview. On their arrival there they received word of the respite and when Orlakowski was informed that it had been granted he merely smiled and shrugged his shoulders.

When the train came into Bellefonte a young woman jumped off and hailing a taxi followed the prison van to Rockview and it was the general opinion that she was the mysterious woman in the case, but such was not a fact. She was merely going to the penitentiary on some affair relative to another prisoner in whom she is interested.
