Safety First Picture to be Shown at Moose Theatre.

The motion picture is being utilized more and more every day to illustrate and demonstrate various facts in business and every day life. For some time past the industries in and around Bellefonte have been waging a campaign to make their plants accident proof as well as fool-proof. Safety committees have been formed whose duties are to see that all machines are properly guarded and posted with warning signs. The most important thing, however, is to educate the employees along the lines of safe prac-

As a means of so doing a safety motion picture entitled, "Help Yourself," will be shown in the Moose ber 14th, under the direction of A. C. Hewitt, secretary of the quarry secand with that they bagged their limit this showing by the State Department of Highways and will be presented conjointly by the American Lime & Stone Co., the Chemical Lime Co.,

M. R. JOHNSON HOME.

Exploding Water Heater Cause of Most Destructive Blaze.

The very comfortable home of Milton R. Johnson and family, on north Spring street, Bellefonte, was so badly damaged by fire, late Saturday afternoon, that it will cost thousands of dollars to repair it. The fire originated from an explosion of a kerosene water heater used for the bath room. The heater was located in the kitchen and after lighting it Mrs. Johnson went upstairs to take a few minutes rest. She had been lying down and almost asleep when something impellparty 4, Decker gun club 4, Cambria ed her to get up and go down stairs. As she did so she saw flames of fire eating through at the bottom of the kitchen door. On opening the door she was horrified to find the interior of the kitchen a mass of seething fire. Calling Miss Hazel, who was un-

stairs lying down, she ran to the telephone and gave a call for the fire companies, but in her excitement forgot to say where the fire was. This naturally occasioned some delay and by the time the companies arrived on the scene the entire rear portion of the building was in flames and the fire on Nittany mountain, two of the lucky was eating under the roof of the main part of the house. With such a start ing Christmas and the Holidays there with it looked as if the entire building Horner, who shot a four-pronged buck would be destroyed but the firemen worked hard and confined the blaze to the upper part of the house though the kitchen annex was damaged be-

yond repair. All the parlor and living room furniture was removed and some from the second floor but a portion of it was burned or so badly damaged by water that it is beyond repair. The Misses Johnson had most of their things stored on the third floor and they were all burned. While Mr. Johnson has not had time to figure up his loss, it is estimated that it will be from ten to twelve thousand dollars, with an insurance of approximately six thousand. Of course the home will be rebuilt but the kind of weather we are now having will delay starting the work. In the meantime the Johnson family is scattered among friends.

They have requested us to make this public acknowledgement of their gratitude for the assistance friends and neighbors so cheerfully gave during the fire and since.

Christmas Cards.

We have three very fine lines of Christmas Cards which we would be pleased to have you call and

They can be had in lots from 25 up, either engraved, embossed, printed or blank, so that you can write your own greeting and give

it a bit more of the personal touch. Two of the lines are from the most exclusive makers of Christmas Cards in America. The other includes cards less expensive but just as useful in carrying your greeting-for, after all-its the fact that you thought of your friend at the Christmas Season that counts-not the price of the card that carries your thought. Come in and see our Cards They are all attractive. We will not sell them, however, in assorted lots or accept orders for less than

Academy Football Team Making Ready for Texas Trip.

Ten inches of snow and zero weather is not conducive to football practice but the Bellefonte Academy eleven is using other means of keeping in trim for their interesectional game with Randolph College, at Cisco, Texas, on Christmas day. The team, with coach Carl G. Snavely and headmaster James R. Hughes, will leave Bellefonte, twenty or more strong, on Friday or Saturday of next week and travel by easy stages for their desti-

nation in the Lone Star State. The men will go primed to the minute to give a good account of themselves, but ardent supporters of the team must not feel cock-sure they will win, just because they cleaned up the Sherman High school with ease last year. Their Christmas game will be with the first team of Randolph college, and it will be no disgrace to them if they are beaten. But they are going down with the determination to win, if possible, and whatever the result the Texans will know that they were in a football battle.

Airmail Flare Burns Farmer's Barn.

On his way from Cleveland to Bellefonte with the night airmail early last Saturday morning, pilot Bernard ran into a freezing mist of rain and snow north of Mercer in the western part of the State and was compelled to make a forced landing. He knew he was near an emergency landing field so lighted a flare and threw it overboard. The wind blew the flare against the barn on the farm of S. F. Tait, setting it on fire and the light from the burning barn enabled the pilot to make a perfect landing.

Bernard then aroused the Tait family and assisted them in rescuing the \$5,000.

The west-bound plane in charge of pilot Chandler was forced down about fifteen miles from Mercer and in making a landing the plane was somewhat damaged but the pilot escaped injury.

Births

Dr. and Mrs. LeRoy Locke are receiving congratulations on the birth of their first son, who was born on Monday of last week at their apartgheny street.

A little girl, their second daughter, was born Wednesday of last week to Mr. and Mrs. W. R. Cliff. Mr. Cliff is superintendent of construction at the Bellefonte American Lime and Stone plant.

A daughter, who has been named Charlotte Ophelia, was born to the Rev. and Mrs. Robert Thena, Monday of last week, at the Centre County hospital. Rev. and Mrs. Thena have now three children, the little Miss however, is their first daughter.

Spangler - Winkleman .- Mr. and Mrs. Louis Winkleman, of Lindenhurst, Long Island, announce the marriage of their daughter, Mary Antoinette, to Jackson Joseph Spangler, youngest son of Mr. and Mrs. Howard Spangler, on November 6th. 1926, at the church of Good Shepherd, 207th Street and Broadway, New York city. The Rev. Father David A. Kennedy officiated. The Spanglers were former residents of Bellefonte but for some years past have lived in New York city.
